NEW MAP OF ROCHESTER FOR 1896. The Drew Allen Company, Directory Office, Powers Bldg.

Rochester Athenæum and Mechanics Institute.

38 South Washington Street.

THE ROCHESTER ATHENÆUM INCORPORATED 1890; MECHANICS INSTITUTE FOUNDED 1885; CONSOLIDATED 1891.

It is one of the primary objects of the Rochester Athenæum and Mechanics Institute to give to the young people who are employed in earning a livelihood, an opportunity to acquire a technical knowledge in the arts, during their evening hours, which will enable them to become more efficient in their several employments, or to enter others for which they may be better qualified, or which may be more to their taste.

The school was opened first with instruction in Drawing only, but other branches have been added which cultivate the esthetic as well as the practical side of life, as demand has arisen for them and opportunity occurred, until now there are classes in Architectural, Mechanical, Pen and Ink and Freehand Drawing, Designing, Clay Modeling, Manual Training, China Decorating, Water-color and Oil Painting, and Mathematics.

In 1892 a favorable opportunity occurred of securing the property now occupied for a permanent home for the Institute, and a beginning was made in Domestic Science by opening a cooking school. This was continued through the years 1893-4, with the addition of Plain Sewing, Dressmaking, Laundry Work, Home Nursing, and Millinery.

The classes are open to all, without distinction of nationality, sex, creed, or color; 1,354 pupils have attended the Institute during the year ending June 1, 1896; 588 of these were in the Department of Domestic Science; 816 in Department of Industrial and Fine Arts.

The expense of conducting the Rochester Athenæum and Mechanics Institute is met chiefly by voluntary contributions from the citizens of Rochester. The receipts for tuition amount to about one-half of the expense. Like similar institutions not yet endowed, it depends for support upon the generosity of those who are interested in providing the best possible opportunities for those who are anxious to acquire a practical education.

THE CIVIL SERVICE.

For State Board of Commissioners, see page 932.

By enactment of the legislature, all positions in the public service of Rochester (excepting those filled by public election, the heads of departments, and positions under the city treasurer, or the Board of Education), must be filled from applicants who have successfully passed an examination by a board of civil service examiners.

Two Boards, consisting of three members each, are appointed by the mayor, and not more than two members can be of the same political party.

Whenever a position is to be filled, the examining board will notify the applicants on record, or such number of them as can be conveniently examined, to appear for examination, and appointments must be made by the appointing power from the three on the list of the highest standing. Soldiers or sailors serving in the war of the rebellion, having any standing on the list, and otherwise equally competent, have the preference. The civil service does not affect removals from office. The civil service is classified as follows:

Schedule B, Part 1. Includes all officers and members of the Police and Fire Departments.

Schedule B, Part 2. Includes subordinate officers, clerks, and assistants not included in Part 1. Laborers and day workmen are not subject to examination.

Local Boards of Municipal Examiners. (For City Appointments).

Schedule B, Part 1.—J. Stuart Page, *Chairman*; Roy C. Webster, F. S. Hutchinson, A. Benedict.

Schedule B, Part 2.—Samuel P. Moulthrop, *Chairman*; Elbridge L. Adams, Alfred Elwood, A. Benedict.

Secretary of both Boards.—A. Benedict.
