Rochester Athenæum and Mechanics Institute.

38 South Washington Street.

THE ROCHESTER ATHENÆUM INCORPORATED 1830; MECHANICS INSTITUTE FOUNDED 1865;
CONSOLIDATED 1891.

It is one of the primary objects of the Rochester Athenæum and Mechanics Institute to give to the young people who are employed in earning a livelihood, an opportunity to acquire, during their evening hours, a technical knowledge in the arts, which will enable them to become more efficient in their several employments, or to enter others for which they may be better qualified, or which may be more to their taste.

The school was opened first with instruction in Drawing only, but other branches have been added which cultivate the æsthetic as well as the practical side of life, as demand has arisen and opportunity occurred for them, until now in the Industrial and Fine Arts Department there are classes in Architectural, Mechanical, Pen and Ink and Freehand Drawing, Designing, Clay Modeling, Manual Training, China Decorating, Water-color and Oil Painting, Mathematics and Electricity.

In 1892 a favorable opportunity for securing the property now occupied for a permanent home for the Institute occurred, and a beginning was made in Domestic Science by opening a Cooking School. This was continued through the years 1893-4, with the addition of Sewing, Dressmaking, Millinery, Laundry Work, and Home Science.

The classes are open to all, without distinction of nationality, sex, creed, or color; 1,700 pupils have attended the Institute during the year ending June 1, 1897; 830 of these were in the Department of Domestic Science; 870 in the Department of Industrial and Fine Arts.

The expense of conducting the Rochester Athenæum and Mechanics Institute is met chiefly by voluntary contributions from the citizens of Rochester. The receipts for tuition amount to about one-half of the expense. Like similar institutions not yet endowed, it depends for support upon the generosity of those who, with us, are interested in providing the best possible opportunities for those who are anxious to acquire an industrial and practical education.

THE CIVIL SERVICE.

For State Board of Commissioners, see page 971.

By enactment of the legislature, all positions in the public service of Rochester (excepting those filled by public election, the heads of departments and confidential subordinates), must be filled from applicants who have successfully passed an examination by a board of civil service examiners.

Two Boards, consisting of four members each, are appointed by the mayor, and not more than two members can be of the same political party.

Whenever a position is to be filled, the examining board will notify the applicants on record, or such number of them as can be conveniently examined, to appear for examination, and appointments must be made by the appointing power from the three on the list of the highest standing. Soldiers or sailors serving in the war of the rebellion, having any standing on the list, and otherwise equally competent, have the preference. The civil service does not affect removals from office. The civil service is classified as follows:
