ROCHESTER STREET DIRECTORY.

COPYRIGHT 1896, BY THE DAWKINS COMPANY, ROCHESTER, N. Y.

The Street Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of State street No. 501 comes: look at State street and you find that Jay street runs from 473 left side, and Smith street from 559, showing that No. 501 comes on the left side of State street between Jay and Smith streets.

Or, going up West avenue, suppose it is wished to take a cross street so as to call at 312 Troup street; on examination (see Troop), you find that 306 Troup is at the corner of Reynolds street; hence, by passing from West avenue through Reynolds street to Troup, you are near the desired number 312. When streets are not numbered, dashes are used to indicate whether the street runs from the right, the left, or crosses.

Street numbers begin at the end of the street nearest the centre of the city. Even numbers are upon the north or east side of streets. Odd numbers are upon the south or west side of streets.

Number of streets in city, 1078; length, 331 miles; number of alleys, 86; length, 16 miles.

ABBREVIATIONS.—al. alley; av. avenue; Br. Brighton; ct. court; e. east; fr. from; n. north; pl. place; pk. park; rd. road; s. south; sq. square; ter. terrace; w. west; wd. ward.

Aab, from 60 Ots, north, to 11 Bauer; ward 10
Aberdeen, from 545 Genesee, west, to Wellington avenue; ward 19
Achilles, from 52 North, southeast, to 21 Stillson; ward 6
Ackerman, fr. 311 Webster avenue, north, to 643 Bay; ward 18
Adair Alley, from 233 Frank, southwest, to 118 Saratoga av.; ward 9

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

FIRST. The Advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

SECOND. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of the business.

THIRD. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

FOURTH. For the mutual protection and advancement of the established and prospective interests of all who may become members by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

A Board consisting of three members is appointed by the mayor, who also appoints the secretary and chief examiner.

Whenever a position is to be filled, the examining Board will notify the applicants on record, to appear for examination, and appointments must be made by the appointing power from the list prepared by the commission.

Soldiers or sailors who served in the war of the rebellion, having any standing on the list, have the preference. Soldiers and sailors of Spanish-American war have no preference in appointment.

ELECTRIC VEHICLES

WE make a specialty of taking care of Electric Vehicles, and solicit your patronage on the promise of exemplary service in not only keeping machines clean, but by paying special attention to caring for and charging the batteries. The only argument against electric machines is battery trouble, and nine-tenths of this is due to improper care and careless charging, which can be entirely eliminated. This department in both of our stations is under the supervision of experts on storage batteries and electric motors.

Telephone Your Troubles

For the convenience of those who have trouble while out with their machines anywhere within the county, we hold a grip full of tools, all sizes of tires, a tow rope and a wrecking car in readiness. Almost every farm house has a telephone. You can save time by using it. We will come to your rescue at any hour day or night, and if your troubles are two great for quick road repair, the tow rope will get you home.

Repair Department

In this department we take special pride, and have spent thousands of dollars to install the finest machinery obtainable, and we are prepared to make in our own shop any part of a gasoline engine, no matter what kind, thus avoiding the great loss of time usually experienced in ordering parts from a factory.

We employ skilled workmen and experienced machinists, and with the advantages of the latest and most accurate machinery we are able to manufacture any part that is needed, from an axle or crankshaft to the most intricate part, just as good and in many cases better than the original. If you cannot get what you want elsewhere come to us. If we haven’t it in stock we can make it on short notice.

"PERFORMANCE, NOT PROMISES," Our Motto

Mr. F. A. Partenheimer, associated with large national advertising campaigns for years, will tell you frankly the best possible means of enlarging your business throughout the whole country or specific territory. There's nothing for you to lose in such consultation, but everything to gain, provided your goods have advertising merit. The combined experience on trade promotion of this Agency aggregates forty years of actual practice, and you have the privilege of profiting by the ripe experience of one "fresh from behind the guns" of modern business building. The service is free unless our ideas prove practical for adoption.
"LIKLY"
Baggage

represents the highest advancement in the art of manufacturing traveling equipment. Through more than sixty years of development the "LIKLY" line has come to embody all desirable baggage characteristics in a superior degree. Every piece is handsome and artistic in design. The work is all performed by skilled and experienced mechanics who have received their training in the "LIKLY" factories. The best of material is used. The great aim in all departments is to attain

High Quality

Every mechanical method that makes for strength, toughness and durability in the finished product is a regular manufacturing process through which every article must pass. No makeshifts are adopted, even though it might be possible to conceal all bad and bungling jobs with showy coverings and ostentatious ornamentation and trimmings. In short, "LIKLY" construction is

Honest Construction

Every piece is trade-marked and the makers guarantee satisfaction. In addition to this, "LIKLY" prices, quality considered, are the lowest to be found anywhere

A visit to our store at No. 155 Main Street East will convince anyone that our line of trunks, traveling bags, suit cases and other traveling accessories is complete and sufficiently varied to meet the requirements of all travelers
