A Board consisting of three members is appointed by the mayor, who also appoints the secretary and chief examiner.

Whenever a position is to be filled, the examining Board will notify the applicants on record, to appear for examination, and appointments must be made by the appointing power from the list prepared by the commission.

Soldiers or sailors who served in the war of the rebellion, having any standing on the list, have the preference. Soldiers and sailors of Spanish-American war have no preference in appointment.

CHIEF JUSTICE R. B. TANEY

OUR entire establishment is located in the Aqueduct Bldg., foot of Graves and Aqueduct Streets, just a step from the Four-Corners. Take the elevator to the fifth floor, our business offices, or to the sixth, our editorial library. Our facilities are at your disposal.

We carry a full line of all law books, new and second-hand, and have a specially attractive proposition in the form of Annotated New York Reports.—Chancery, Common Law and Court of Appeals, to date.

We are pleased to give any lawyer who calls a souvenir in the shape of a copy of the above picture of Taney.

WE GIVE PERSONAL SERVICE

Our idea of the way to make advertising successful is to co-operate with a manufacturer—work with him to learn about his business and the conditions which surround it—then bring to his assistance our own special experience in formulating his advertising plan, and all our ability in preparing his advertising matter.

Any business man who believes that this is the kind of advertising service which will be of value, we should be pleased to call upon.

THE PICTORIAL COVER

on the opposite page is probably receiving as much publicity as any recent advertising design. Our discriminating client has shown his confidence in its story-telling qualities by giving it world-wide circulation in the form of Catalogue Covers and Window Cards, and from this one design all those used in the periodicals have been made.

This and the Seven Covers shown here in miniature half-tone were ORIGINATED by us and first reproduced Lithographically by us.

THOSE TO WHOM YOU SEND ADVERTISING BOOKLETS

are as much influenced by their form, color and text as you are by the manner, dress and talk of a business caller.

Properly constructed advertising matter can do more good however, than the well-dressed caller, for the former reaches thousands, while the circulation of the latter is limited.

We enjoy the confidence and patronage of many of the largest booklet users in the country, because of our sympathy with their purpose and our constant study of their needs. Our working materials are adapted to their special requirements.

In form, color, and text, the result is invariably effective and attractive.

WE ARE AGENTS FOR

and usually have a few bargains in second-hand machines

ELECTRIC VEHICLES

WE make a specialty of taking care of Electric Vehicles, and solicit your patronage on the promise of exemplary service in not only keeping machines clean, but by paying special attention to caring for and charging the batteries. The only argument against electric machines is battery trouble, and nine-tenths of this is due to improper care and careless charging, which can be entirely eliminated. This department in both of our stations is under the supervision of experts on storage batteries and electric motors.

Telephone Your Troubles

FOR the convenience of those who have trouble while out with their machines anywhere within the county, we hold a grip full of tools, all sizes of tires, a tow rope and a wrecking car in readiness. Almost every farm house has a telephone. You can save time by using it. We will come to your rescue at any hour day or night, and if your troubles are too great for quick road repair, the tow rope will get you home.

Repair Department

IN this department we take special pride, and have spent thousands of dollars to install the finest machinery obtainable, and we are prepared to make in our own shop any part of a gasoline engine, no matter what kind, thus avoiding the great loss of time usually experienced in ordering parts from a factory.

We employ skilled workmen and experienced machinists, and with the advantages of the latest and most accurate machinery we are able to manufacture any part that is needed, from an axle or crankshaft to the most intricate part, just as good and in many cases better than the original. If you cannot get what you want elsewhere come to us. If we haven't it in stock we can make it on short notice.

ROCHESTER, N. Y. July 1, 1906.

Mr. Business Man,

City.

Dear Sir:-

Are you interested enough in your business to wish to extend it without materially adding to the expense?

Do you know that "Imitation" Letters are now a necessity to further progress?

They are the silent salesmen--the ones who work all the time, if they are the right kind.

The "Rogan" Imitation Letters are the kind that produce results We have made a careful study of the subject and have demonstrated that our letters are business getters in our own line; surely they will do as well for you.

There are, of course, many so-called imitation letters on the market. If you want real imitations--the kind that will sell goods--then you must use "Rogan's" Imitation Letters.

Call up Home Phone 5116 and we will call with samples and prices.

Don't forget it.

Do it now.

Very truly yours,

JOHN ROGAN

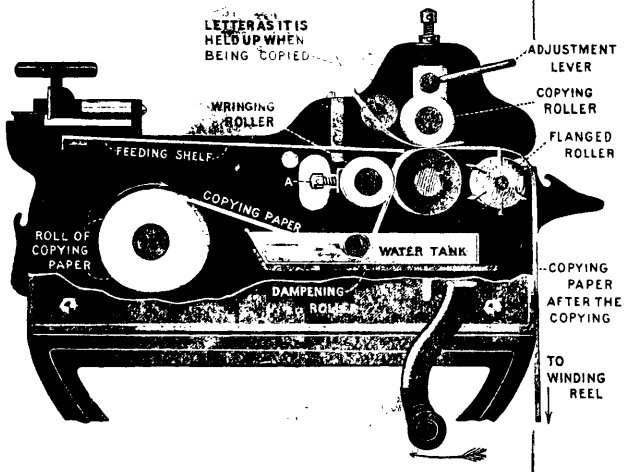
Letters Copied Without Effort



The Rapid Roller Letter Copier is far superior to the old-style letter press or carbon method. A letter may be copied as soon as written with a turn of the crank. Six to eight nice clear copies can be made from any letter written with copying ink, indelible pencil or copying typewriter ribbon.

No preparation necessary. Water-pan is kept filled with water, and the copies are made from a continuous roll of paper. Every morning the previous day's copies are unwound from the paper reel, cut off, and filed in order of date with the letters they reply to. (See Shannon System of Letter Filing on other side).

Sixty per cent. cheaper than either the carbon system or the letter press method. We will cheerfully prove this to you.

Write for particulars concerning our free trial offer, sample of work, and Copier Catalog No. 327.

Both 'phones 527.

As paper from roll passes up from the water-pan, all superfluous moisture is squeezed out by wringing roller, leaving in just proper moisture to copy letter. Copying-roller presses letter against moist paper. After copy is made the copying paper is wound around paper reel in the base. Simple, rapid and never-failing.

Quick Reference to Filed Letters

No method of filing letters, orders, bills, or like papers, is so accurate or reliable as the Genuine Shannon System. The file-drawer is light and easy to handle. The letters are held securely in position by the arches, and cannot be disarranged if file is overthrown or dropped. The index makes reference very easy as it cannot become covered up, and the drawer may be held in one hand as shown in the illustration, while the other hand is free. Any letter can be examined without removing it from the drawer, which greatly lessens chances of misfiling it through frequent removal. Can be instantly removed when necessary. Letters and replies are filed together in order of date, the latest on top. (See Rapid Roller Letter Copier on other side for copying outgoing correspondence).

Handsome Cabinets in both Solid and Sectional construction, containing any number of drawers, carried in stock. Made of selected quartered oak or choicest mahogany. Provide maximum filing capacity at minimum space. Saves time, saves work and saves money.

Prices on application.

Write us how many letters you have to care for and let us suggest a Shannon Filing System.

Send for catalog No. 408.

"CODOL"
IT BURNS WATER, NOT COAL

THIS BURNER MADE TO FIT ANY RANGE OR COOK STOVE.

READ THIS CAREFULLY — BURNING WATER

The illustration shows the burner ready to put into any ordinary cook stove. This burner is composed of metal pipes and a metal drum into one side of which water is admitted, crude oil being admitted into the other side. The heat of the burning flame decomposes the water into its elements and combines it with the oil, which is generated by the heat, thus forming a very powerful mixture, which burns with an intense flame at the perforations in the lower tubes. The tremendous heat generated by these flames is sufficient to produce the gas which the apparatus consumes, and at the same time to heat any cook stove sufficiently hot so that one could boil clothes on the front of the stove, fry meat on the back of the stove and bake in the oven at the same time. The intensity of the heat can be easily regulated by increasing or decreasing the amount of water and crude oil that is fed into the burner. A stove can be run at baking heat for a period of ten hours continuously **AT A COST OF ABOUT FIVE CENTS.** This is due to the fact that the water, which forms the principal part of the fuel, costs nothing.

Stop a moment. Think what a wonderful revolution in heating methods this burner means. Water is composed of oxygen and hydrogen, the basis of all heat-giving compounds. The decomposition of the water in this burner and the combination of the hydrogen with the elements of the oil, forms a new combustible mixture of the greatest heating power at a cost which has never before been equaled for cheapness.

is always highest quality in every respect. When you are buying traveling equipment you cannot afford to buy anything but the best and the best is "Likly's." Every "Likly" trunk, bag and suit case is trade-marked for your identification and protection. Wherever the "Likly" trade-mark is found, there are found style and fashion in design, selected high grade materials, skilled workmanship, strength, serviceability, durability—in brief, all desirable characteristics that make up real quality and value. For sixty odd years we have developed the science and art of baggage making until our product, with its honest, sterling character, is distinguished as the standard type of baggage construction. Our goods are always reliable because they are well built through and through. Knowing their essential superiority we guarantee absolute satisfaction to every buyer.

You will find a complete stock of all sorts of "Likly" baggage and traveling equipment in our store at No. 155 Main Street East. Our product is sold in almost every city in the United States so that you can find it wherever you travel; but be sure always to buy baggage that bears our trade-mark.
