In offices where EDISON DICTATING MACHINES are used two operators produce more letters than three operators where they are not used.

This is because the two or three hours a day spent by the average stenographer taking dictation is saved and also because she will produce 50 per cent more work transcribing from the E. D. M. than from shorthand notes.

Why not investigate?

COLOR PLATE ENGRAVING AND COLOR PRINTING

When commercial subjects are to be reproduced for advertising purposes it is not only essential that correct form and texture be shown, but that the greatest accuracy in color be obtained. To sell goods they must be presented in the ACTUAL COLORS of the ORIGINAL. The most successful catalogues — the ones that bring trade — are printed in colors. Our methods enable us to produce plates direct from the objects or from color drawings. No color problem is too difficult for us.

We have given you under the various headings in this Directory some idea of the general lines we carry.

Because Rochester has grown so rapidly and the demand for houses, factories, new streets, sidewalks and sewers is likely to continue, we have united several factories and distributing plants with warehouse facilities for the purpose of meeting the demand for approved materials of every description and we have not the space to list the many articles here.

We have inaugurated a service bureau and we can attend to your inquiries promptly by telephone, letter or personal call.

Our salesmen have motor cars enabling them to make calls upon the busy contractor quickly.

No contractor can afford to start his work without a bid or estimate from this corporation.

Motor trucks distribute materials quickly from three widely separated plants.

Factories in Rochester

Nearly seventy years of fair dealing lie behind the name. And a man may know that the stuff is there—if it’s "Likly" made.

A round-the-world quest for material, an organization of master mechanics, and "a system with a thousand eyes"—that is what conquers the bumps for "Likly" users.

The next time you go Luggage hunting don’t stop just at looks,—look deeper.
Let us show you.
