POWER of ADVERTISING

The ***City Directory*** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

has added to our knowledge of advertising. You can reap the benefit of the time we have spent

LEARNING WHAT TO DO

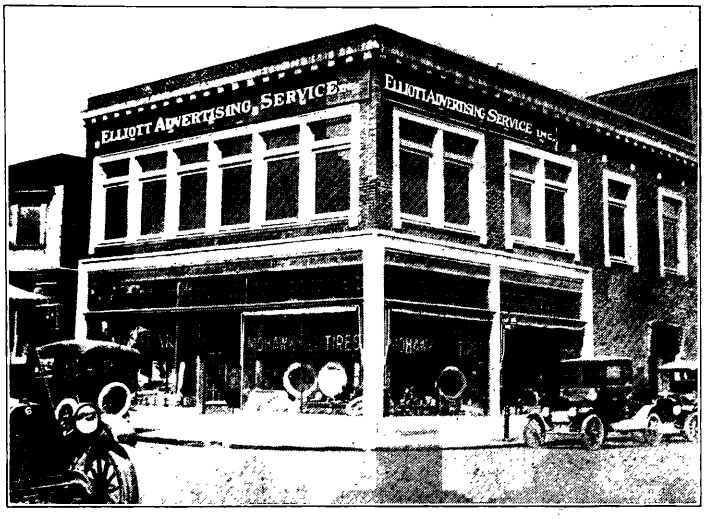
and

WHAT NOT TO DO

We plan, write and place advertising in Newspapers, Magazines and Trade Journals throughout the U. S. Carefully compiled data covering rates, circulation and class of readers enables us to select for you the medium best suited to your purpose. We check your advertising for correct insertion and position.

We supply Art Work and Engravings.

For Direct Mail Advertising we plan and produce Booklets, Folders, Broadsides and Circulars.



Our Service Department does Multigraphing, Mimeographing, Duplicating and Addressing. In all that pertains to advertising we offer

POWER of ADVERTISING

The ***City Directory*** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

GLOBE TIRES

You can't tell what a tire costs when you buy it. You learn when it wears out. The buying price of hand-made Globe Tires (fabric or cord) is a little higher, because that is the only way to make the cost much less.

The price of Globe Tires averages about 10% more than ordinary tires, but they give 50% more miles. And they give you those miles in greater comfort with less trouble on the road.

That is why we say that, figured on a mileage basis, Globe Tires are the most economical you can buy.

Globe Fabric Tires are guaranteed for 6,000 miles, while the Cord Tires carry a guarantee of 8,000 miles.

Your Purchasing Department is in possession of full information as to the quality of Globe Tires, the prices, discounts, etc.

Let your next tire be a GLOBE.

Should be strong, conservative and progressive, accommodating and accessible.

More than a *Million Five Hundred Thousand Dollars*, capital and surplus with Depositors of *Thirteen Million Dollars* and Resources of *Sixteen Million Dollars*, indicate the strength of this institution; the position it occupies in the financial world indicates its conservatism, while its accessibility—in the center of the Financial District—is apparent.

A. B., D. C., M. C.

Chiropractor

Specialist in removing the cause of disease

First President Rochester Branch New York State Chiropractic Association, Inc. A graduate of Cornell University (4-year course) before taking up the study of Chiropractic.

Goiters, Stomach Disorders, Nervous Diseases a specialty. BLOOD PRESSURE tested at the office. URINAL ANALYSIS made at office or by mail.

If you can't brace up, fight disease, make good in home and in business, your nerve power is curtailed.

If any of the vital organs of the body are not fulfilling their mission, you can trace the trouble to the lack of nerve energy—a compression of the supply cables. If you relieve this compression you relieve the trouble.

If you come to consult me, I will find the "cause"—give you the reasons—tell you how the trouble can be eliminated without drugs—without knives. The method is natural—it has to make good because only good can come from it. The cause of the disease is removed and health follows as a natural result.

Offices equipped with electrical apparatus including Therapeutic Lamp, Vibrator and Violet Ray.

References furnished from hundreds of satisfied patients.

Any of the following booklets will be gladly given to you, or sent by mail to any of your friends upon application; They are free.

"THERE IS ONLY ONE CLASS WE CANNOT REACH—THOSE WHO WILL NOT INVESTIGATE"

Chiropractic is the Science of locating the cause of disease and the Art of removing it by adjusting the subluxated vertebra and allowing the nerve energy to flow freely to and from the brain. Subluxations are partial displacements of vertebrae which decrease the size of the openings through which the spinal nerves pass and impinge them, hence shutting off a portion of nerve supply to the organs. The result is disease.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by puting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

Department Store

MAC ALPINE-BULLOCK CO.

You Cannot Buy Poor Merchandise Here—For Poor Merchandise Is Not For Sale

Many people would like to know the reason "why" of this store's unusual success. The explanation is very simple—very simple indeed. It has to do with the old adage, "Honesty is the Best Policy."

We don't want to make capital out of honesty. Neither do we want to advertise the fact that we are honest. We just want to tell others how very profitable we have found it to conduct a business on the good old fashioned plan of truth telling and plain dealing.

Honesty pays in the broadest sense of the word, and this big, successful, and constantly growing business is incontrovertible evidence, conspicuous evidence of the fact.

OUR MAIL ORDER DEPARTMENT

is maintained for the convenience of out-of-town customers, and those who for one reason or another cannot visit the store. Write us your wants—or telephone them—you'll get prompt and efficient service.

HOW TO MAKE THIS BOOK SERVE YOU!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. **Put—"We are listed in the directory"** in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

EXCLUSIVE STYLES

Every Store should be in the Directory and the Directory in every store.

Besides its use to the keeper of the store, it is a convenience customers look for.

The store that offers an old, or no city directory, does not show its patrons a courtesy they will find elsewhere.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising **suggests** wants and **creates** desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased, and gives information that the buyer wants **when he wants to buy.**

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying, and where is so logical a place to look as **in this book.**

A Help to You

In your buying, use the lists in this book. If you see a name in **heavy type** it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page ——," you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to you as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you **now** how little it costs to be **protected.**

KUMFY KRIB

is popular with women who have small babies, for it takes the place of a nursemaid and relieves the mother of paying constant attention to baby during the waking hours. An exclusive feature enables the position of bed to be raised to bassinet position or lowered to play-pen position without disturbing baby. Finished in heavy white enamel. Natural wood wheels.

THE UAJUSTIT CAR

"The car that grows with the child"

Can be easily adjusted to fit any child between 18 months and 8 years of age. An ideal play-fellow for it cannot be outgrown. Absolutely safe, cannot tip over backwards. Simple adjustment keeps car level on any grade while coasting.

DUCKYDOO

Appeals to the smaller baby from the moment imagination first begins to develop and is a splendid exerciser as soon as the little one begins to creep. Absolutely safe, baby cannot fall off or tip it over. Only four inches from the floor it can be easily mounted. Two finishes—white or natural wood with red or yellow bill.

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

An Advertisement in this Section

Helps you—as all legitimate publicity helps, by keeping your name and business before the public. It shows that you are a live, enterprising factor in the city's life, sure of yourself and confident of your business ability and permanence and with such persons, people like to trade.

Helps your neighbor—for in the long run the success of one is the prosperity of all.

Helps your City.—As this book is on file in the centers of trade all over the U. S., it will be consulted by business men everywhere and the city's enterprise largely estimated by the volume of advertising done by its citizens.

Surely, the "acid test" which we apply to each of our vast range of *Tycos* Temperature Instruments is reason sufficient for their immense popularity. When you see our name on a Directory you may be sure of these four things

1st—Every effort has been made to secure accurate information.
(*We employ men of experience and ability and insist on accuracy*)

2nd—The price of the book is as low as the cost of production and a reasonable profit will allow.
(*Compare prices with those of other directories from all over the country*)

3rd—The Advertising Department is a fair representation of the best business houses of the city.
(*A glance over the advertising section will prove this statement*)

4th—The Advertiser gets more for his money than from nearly any other publication.

The Mortality of Advertising

The waste basket is the grave of millions of dollars worth of advertising every year. Keep *your* advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

About Rochester

"Know Your City"

Rochester, with a population of 280,000 persons, is distinguished in many ways. It is a city of real beauty; it excels in many points of industrial production; it is prosperous and its living conditions are attractive.

The city covers 20,900 acres, an increase of more than 5000 acres in the last two years. Its assessed valuation is $286,455,240. The death rate in 1918 was 17.34 per thousand population. The birth rate in 1918 was 25.64 per thousand population. The tax levy in 1919 was $6,886,165.95, giving a rate of $24.06 per thousand.

The city boasts 1700 manufacturing establishments producing over 325 separate commodities. The investment in manufactures is $150,000,000 and the annual wages paid approximate $50,000,000. Rochester is the world's headquarters for photographic goods and supplies. It ranks third in the production of shoes and has the same rank in the production of clothing. The production of shoes each year is valued at $25,000,000 and the clothing output is valued at the same amount.

In Rochester are the largest manufacturers of enameled steel tanks in the world; the largest manufacturers of filing devices and office systems; the largest thermometer plant in the world; the largest optical works in the world; the largest manufacturers of check protectors; the largest film factory in the world; the largest camera factory in the world; the largest photographic plate factory in the world; the largest manufacturers of soda fountain fruits and syrups. It is a leader in telephone apparatus, paper box manufacture and many other lines. More high-class ivory buttons are made here than in any city in the United States. It is the headquarters of the nursery business of the United States.

The park system includes five large and twenty-six small parks, containing 1649 acres. Genesee Valley Park contains 589.83 acres; Durand-Eastman Park along the Lake Ontario Shore contains 474 acres; Exposition Park has an area of 42 acres, contains eight large practical and beautiful buildings; the property is valued at $449,424.

The city is known as one of homes. More than 42% of Rochester's dwellings are owned by those who live in them, a distinction unequalled in any city of its size east of the Rockies.

The location of the city is in the heart of the richest agricultural country in New York State and second richest in the United States in point of productiveness. The seven counties that have Rochester as a center have a population of more than 700,000, representing a prosperous buying public which does its trading in Rochester.

Monroe County in which Rochester is located ranks among New York State counties according to the latest available statistics: first in total value of all farm crops, nursery stock, wheat and value of horses; second in apples and peaches; third in value of farm property, swine and poultry, and in the production of orchard fruits, pears, cherries, miscellaneous vegetables, oats, corn, potatoes, and beans; fifth in small fruits; seventh in alfalfa; twenty-eighth in area.

In the matter of inventions, Rochester has always been in the forefront and the patent attorneys and inventors of Rochester secure more patents in proportion to population than those of other cities of its size, owing to the variety of industrial pursuits.

Rochester's location is but one night's ride from New York, Washington, St. Louis, Cincinnati, Toronto, Detroit, Cleveland, Boston, Montreal and Chicago. Within a radius of 90 miles of Rochester is found a population of more than 2,000,000. Within a radius of 750 miles is found a population of 75,000,000 or about 70% of the total population of the United States in addition to 5,000,000 Canadians.

Rochester's slogan is "Rochester Made Means Quality." Its products are sold everywhere in the civilized world.
