About Rochester

"Know Your City"

Rochester, with a population of 295,750 persons, is distinguished in many ways. It is a city of real beauty; it excels in many points of industrial production; it is prosperous and its living conditions are attractive.

The city covers 21,009.5 acres, an increase of more than 5,000 acres in the last two years. Its assessed valuation is $297,534,141.00. The death rate in 1919 was 12.45 per thousand population. The birth rate in 1919 was 22.97 per thousand population. The tax levy in 1920 was $6,907,678.08, giving a rate of $23.24 per thousand.

The city boasts 1700 manufacturing establishments producing over 325 separate commodities. The investment in manufactures is $200,000,000 and the annual wages paid approximate $70,000,000. Rochester is the world's headquarters for photographic goods and supplies. It ranks fourth in the production of shoes and has the same rank in the production of clothing. The production of shoes each year is valued at $40,000,000 and the clothing output is valued at $80,000,000.

In Rochester are the largest manufacturers of enameled steel tanks in the world: the largest manufacturers of filing devices and office systems; the largest thermometer plant in the world; the largest optical works in the world; the largest manufacturers of check protectors; the largest film factory in the world; the largest camera factory in the world; the largest photographic plate factory in the world; the largest manufacturers of soda fountain fruits and syrups. It is a leader in telephone apparatus, paper box manufacture and many other lines. More high-class ivory buttons are made here than in any city in the United States. It is the headquarters of the nursery business of the United States.

The park system includes five large and twenty-six small parks, containing 1649 acres. Genesee Valley Park contains 589.83 acres; Durand-Eastman Park along the Lake Ontario Shore contains 474 acres; Exposition Park has an area of 42 acres, contains eight large practical and beautiful buildings; the property is valued at $449,424.

The city is known as one of homes. More than 42% of Rochester's dwellings are owned by those who live in them, a distinction unequalled in any city of its size east of the Rockies.

The location of the city is in the heart of the richest agricultural country in New York State and second richest in the United States in point of productiveness. The seven counties that have Rochester as a center have a population of more than 700,000, representing a prosperous buying public which does its trading in Rochester.

Monroe County in which Rochester is located ranks among New York State counties according to the latest available statistics: first in total value of all farm crops, nursery stock, wheat and value of horses; second in apples and peaches; third in value of farm property, swine and poultry, and in the production of orchard fruits, pears, cherries, miscellaneous vegetables, oats, corn, potatoes, and beans; fifth in small fruits; seventh in alfalfa; twenty-eighth in area.

In the matter of inventions, Rochester has always been in the forefront and the patent attorneys and inventors of Rochester secure more patents in proportion to population than those of other cities of its size, owing to the variety of industrial pursuits.

Rochester's location is but one night's ride from New York, Washington, St. Louis, Cincinnati, Toronto, Detroit, Cleveland, Boston, Montreal and Chicago.

Within a radius of 90 miles of Rochester is found a population of more than 2,000,000. Within a radius of 750 miles is found a population of 75,000,000 or about 70% of the total population of the United States in addition to 5,000,000 Canadians.

Rochester's slogan is "Rochester Made Means Quality." Its products are sold everywhere in the civilized world.

For efficient handling of the multitudinous details connected with any advertising campaign, we have a well rounded organization, the result of much careful selection and training.

Our business is departmentalized, each department composed of people skilled in their particular line, in charge of a competent head.

As supplementing such an organization, our offices are equipped with every facility that lends itself to effective production.

We welcome visits from our patrons—actual and prospective. If you have an advertising (selling) problem for solution, do not hesitate to call on us. We make no charge for consultation.

The quarters begin with the first days of March, June, September and December. Deposits may be withdrawn on the last three business days of a quarterly period without loss of interest.

THE RATE OF INTEREST is determined at the close of each six months from the actual earnings for that period and at the highest rate which such earnings will in the best judgment of the Board of Trustees allow.

DIVIDENDS have been paid at the rate of four per cent. per annum since Dec. 1st, 1907.

INTEREST IS CREDITED to accounts December 1st and June 1st, and if not withdrawn will bear interest as a deposit.

THE PASS BOOK must be presented for depositing or withdrawing.

"THERE IS ONLY ONE CLASS WE CANNOT REACH—THOSE WHO WILL NOT INVESTIGATE"

Chiropractic is the Science of locating the cause of disease and the Art of removing it by adjusting the subluxated vertebra and allowing the nerve energy to flow freely to and from the brain. Subluxations are partial displacements of vertebrae which decrease the size of the openings through which the spinal nerves pass and impinge them, hence shutting off a portion of nerve supply to the organs. The result is disease.

When you see our name on a Directory you may be sure of these four things

1st—Every effort has been made to secure accurate information.

2nd—The price of the book is as low as the cost of production and a reasonable profit will allow.

3rd—The Advertising Department is a fair representation of the best business houses of the city.

4th—The Advertiser gets more for his money than from nearly any other publication.

HOW TO MAKE THIS BOOK SERVE YOU!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. **Put—"We are listed in the directory"** in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

A Liberal Policy Liberalized

Old and New Policyholders Share Mutually

All 1920 policies provide that Paid-up and Extended Insurance values shall share in profits.

The above profit-sharing features are made "retroactive." Old patrons holding participating policies will receive the added benefits regardless of any contrary provisions in their policies.

Union Central patrons always assured the maximum of present and future service and benefits.

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

WE USE YOUR WASTE FOR COMMUNITY WELFARE

We co-operate with local charitable organizations in supplying clothing, furniture, shoes, etc. to needy people of Rochester. Also, at our Industrial Store, we allow middle class families to buy life's necessities at a very nominal figure.

From the sale of papers, magazines, rags or anything we can salvage, we are supporting a Home for Young Girls in Rochester, also helping deserving young people to obtain educations at University of Rochester, Mechanics Institute and the Hochstein School of Music.

Call us when you have anything to discard, and get in the habit of putting your waste papers, magazines, clothing, etc. in one of our large sanitary bags which we will gladly leave at your home or office at your request.

TEMPERATURE INSTRUMENTS

Surely, the "acid test" which we apply to each of our vast range of *Tycos* Temperature Instruments is reason sufficient for their immense popularity. We face to-day in every field a discriminating public, a scrupulous, investigating public—and the extensive use of *Tycos* Instruments is a reliable guarantee of their service value.

Remember the fact that we are to-day producing more temperature instruments than any other concern on earth and then specify *Tycos* Instruments.

Only a few varieties of some 8,000 types and styles we make are listed below. We have an abundant supply of serviceable literature. Write for some to-day.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by puting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

Considerable profit which might be secured through the proper classification of your business in the City Directory.

Intelligent Directory advertising describes desirable merchandise and directs to the door of the man who has it for sale. It supplements and complements all other forms of mercantile publicity.

Tie up all your advertising to the Directory, "The Perpetual Medium," by use in all your copy of the phrase—"We Are Listed in the Directory." Thus will interest aroused by your display advertising be extended and preserved for your benefit.

To be properly registered costs less than to be left out.
