About Rochester

"Know Your City"

Rochester, with a population of 295,750 persons, is distinguished in many ways. It is a city of real beauty; it excels in many points of industrial production; it is prosperous and its living conditions are attractive.

The city covers 21,009.5 acres, an increase of more than 5,000 acres in the last two years. Its assessed valuation is $297,534,141.00. The death rate in 1920 was 12.24 per thousand population. The birth rate in 1920 was 22.77 per thousand population. The tax levy in 1920 was $6,907,678.08, giving a rate of $23.24 per thousand.

The city boasts 1700 manufacturing establishments producing over 325 separate commodities. The investment in manufactures is $200,000,000 and the annual wages paid approximate $70,000,000. Rochester is the world's headquarters for photographic goods and supplies. It ranks fourth in the production of shoes and has the same rank in the production of clothing. The production of shoes each year is valued at $40,000,000 and the clothing output is valued at $80,000,000.

In Rochester are the largest manufacturers of enameled steel tanks in the world; the largest manufacturers of filing devices and office systems; the largest thermometer plant in the world; the largest optical works in the world; the largest manufacturers of check protectors; the largest film factory in the world; the largest camera factory in the world; the largest photographic plate factory in the world; the largest manufacturers of soda fountain fruits and syrups. It is a leader in telephone apparatus, paper box manufacture and many other lines. More high-class ivory buttons are made here than in any city in the United States. It is the headquarters of the nursery business of the United States.

The park system includes five large and twenty-six small parks, containing 1649 acres. Genesee Valley Park contains 589.83 acres; Durand-Eastman Park along the Lake Ontario Shore contains 474 acres; Exposition Park has an area of 42 acres, contains eight large practical and beautiful buildings; the property is valued at $449,424.

The city is known as one of homes. More than 42% of Rochester's dwellings are owned by those who live in them, a distinction unequalled in any city of its size east of the Rockies.

The location of the city is in the heart of the richest agricultural country in New York State and second richest in the United States in point of productiveness. The seven counties that have Rochester as a center have a population of more than 700,000, representing a prosperous buying public which does its trading in Rochester.

Monroe County in which Rochester is located ranks among New York State counties according to the latest available statistics: first in total value of all farm crops, nursery stock, wheat and value of horses; second in apples and peaches; third in value of farm property, swine and poultry, and in the production of orchard fruits, pears, cherries, miscellaneous vegetables, oats, corn, potatoes, and beans; fifth in small fruits; seventh in alfalfa; twenty-eighth in area.

In the matter of inventions, Rochester has always been in the forefront and the patent attorneys and inventors of Rochester secure more patents in proportion to population than those of other cities of its size, owing to the variety of industrial pursuits.

Rochester's location is but one night's ride from New York, Washington, St. Louis, Cincinnati, Toronto, Detroit, Cleveland, Boston, Montreal and Chicago.

Within a radius of 90 miles of Rochester is found a population of more than 2,000,000. Within a radius of 750 miles is found a population of 75,000,000 or about 70% of the total population of the United States in addition to 5,000,000 Canadians.

Rochester's slogan is "Rochester Made Means Quality." Its products are sold everywhere in the civilized world.

MONEY DEPOSITED during the first three business days of any month will draw interest from the first of that month if left until the end of the quarter. The quarters begin with the first days of March, June, September and December. Deposits may be withdrawn on the last three business days of a quarterly period without loss of interest.

THE RATE OF INTEREST is determined at the close of each six months from the actual earnings for that period and at the highest rate which such earnings will in the best judgment of the Board of Trustees allow.

DIVIDENDS have been paid at the rate of four per cent. per annum since Dec. 1st, 1907.

INTEREST IS CREDITED to accounts December 1st and June 1st, and if not withdrawn will bear interest as a deposit.

THE PASS BOOK must be presented for depositing or withdrawing.

The Itta

More than a restaurant: A *Show Place* noted for its elegance and artistic quality. A *Club* with the quiet and unostentatious service of exclusiveness. A *Rendezvous* for persons of culture and good taste. An *Institution* that is part of Rochester's civic pride.

The Itta is equipped to serve you in every social function, whether it be an elaborate *reception, musicale, club meeting, wedding, banquet, dance* or merely a *private dinner* served intimately in a cosy, fire-lit room.

The Itta service will extend to your home through a *catering* department that will bring the same good taste and elegance to your dinner party or reception.

IT is a subtle compliment to your guests to bring them to The Itta.

In New York It's The Ritz—
In Rochester It's The Itta

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

HOW TO MAKE THIS BOOK SERVE YOU !

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. **Put—"We are listed in the directory"** in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

A Liberal Policy Liberalized

Old and New Policyholders Share Mutually

All 1920 policies provide that Paid-up and Extended Insurance values shall share in profits.

The above profit-sharing features are made "retroactive." Old patrons holding participating policies will receive the added benefits regardless of any contrary provisions in their policies.

Union Central patrons always assured the maximum of present and future service and benefits.

Every Wasted Minute Costs You Money

¶ Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

¶ In the course of a year the time wasted usually costs far more than the price of a new directory.

¶ Misdirected parcels or messages cause expense and annoyance.

¶ Cut out this leak. Order a new directory at once. It will pay you bigger dividends for the money invested than you realize.

Rochester has a German-speaking population of

69,682

and all of the surrounding towns are thickly populated with Germans.

In the face of such a large German-speaking population the necessity of German newspaper advertising becomes apparent.

THE DAILY ABENDPOST

affords advertisers the opportunity of securing the desirable trade coming from this large part of Rochester's population.

A Fair Salesman

can do better with an advertised line than a good salesman can do with an unadvertised line. Why? Because Advertising alone and in itself, is a positive selling force.

BUYERS' GUIDE

CITY DIRECTORY

CONSULT IT BEFORE BUYING

Leading Houses in Every Line

Consult the list of all those who sell—the modern way of buying goods.

The man who buys without looking at the list of those who sell does himself a gross injustice.

Using the classified directory of the whole City is like going to the market place; it brings to view each and every individual in any and all lines of trade and here the intelligent buyer may select the best of everything at the lowest price.

The habit of using the classified directory will save large sums of money and will always secure the best in any line. It is the modern, up-to-date method of getting what you want.

To the advertiser the City Directory is the most economical and effective method of saying what he has to say to the entire population.

We mend Moth Holes, Cigarette Burns, Tears, Mill and Tailor Damages in Woolen and Worsted garments.

Not by any darning process do we restore the original weave, but by taking threads from the seams and actually reweaving every thread back to its proper place. Damages rewoven this way are absolutely perfect and not noticeable.

We attend to mail orders and pay return postage to any part of the United States.

The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Company
about the City Directory, the book of many uses.

Good Business Insurance

Your advertisement in the City Directory with proper business listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active, 365 days every year. Let it serve you as it does others.
