PIGGLY WIGGLY

All Over the World

The Piggly Wiggly method of retail merchandising was originated in Memphis, Tennessee, in September, 1916. It was based on the principle that the public would *like* to buy their household supplies at a store where they might select from a large stock of standard goods without the necessity of waiting to be waited on, and where they would be free to serve themselves and get exactly what they wanted. The successful record of Piggly Wiggly has proven this to be correct. Piggly Wiggly sells only standard advertised merchandise. This is a cardinal principle of the Piggly Wiggly System, and the wisdom of handling only those items which give uniform good satisfaction and live up to their reputation has been thoroughly demonstrated.

More customers can be accommodated in a Piggly Wiggly store, and as they serve themselves, less help is needed. This added volume and lowered expense is reflected in every Piggly Wiggly price.

Having decided on the methods, invented and patented the turnstiles, special shelving and special store equipment, individual to Piggly Wiggly, it was determined to launch the enterprise under a distinctive name. The name "Piggly Wiggly" was coined. Some have said it is a variation of "higgledy-piggledy," an old English idiom expressing great confusion. Well, if it is derived from that source, the name Piggly Wiggly has nothing in common with its root. The first law of every Piggly Wiggly store is, "a place for everything and everything in its place." Neatness and cleanliness of packages and fixtures are assured by a constant battle against dirt and disorder.

With self-service, cash-and-carry, quantity buying, and only standard merchandise on the shelves as the basis, the first Piggly Wiggly opened in Memphis, nearly six years ago. Memphis has 161,000 population. Now 44 Piggly Wiggly stores grace that city. The idea spread through the South, where Piggly Wiggly is now a household word. Today stores from coast to coast and in Canada tell the story of a new era in retail merchandising.

Piggly Wiggly came east in January and the eastern district is now being served by a large number of our stores. As rapidly as locations can be obtained a great number of stores will be opened in Rochester, and 1,000 in New York State.

Remember, standard food products, the names and labels of which are perfectly familiar to you, at less-than-usual prices; prompt, courteous service without waiting to be waited on and guaranteed satisfaction await you at Piggly Wiggly.

A visit to the store nearest you will demonstrate why the public has given this innovation such an enthusiastic reception and why the New York people believe that "Piggly Wiggly helps those who help themselves."

A Liberal Policy Liberalized

Old and New Policyholders Share Mutually

All 1920 policies provide that Paid-up and Extended Insurance values shall share in profits.

The above profit-sharing features are made "retroactive." Old patrons holding participating policies will receive the added benefits regardless of any contrary provisions in their policies.

Union Central patrons always assured the maximum of present and future service and benefits.

The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Company
about the City Directory, the book of many uses.

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

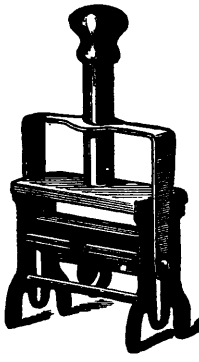
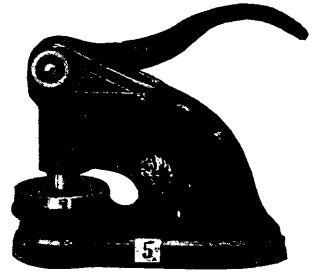
Every Wasted Minute Costs You Money



¶ Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

¶ In the course of a year the time wasted usually costs far more than the price of a new directory.

¶ Misdirected parcels or messages cause expense and annoyance.



¶ Cut out this leak. Order a new directory at once. It will pay you bigger dividends for the money invested than you realize.

TEMPERATURE INSTRUMENTS

Surely, the "acid test" which we apply to each of our vast range of *Tycos* Temperature Instruments is reason sufficient for their immense popularity. We face to-day in every field a discriminating public, a scrupulous, investigating public—and the extensive use of *Tycos* Instruments is a reliable guarantee of their service value.

Remember the fact that we are to-day producing more temperature instruments than any other concern on earth and then specify *Tycos* Instruments.

Only a few varieties of some 8,000 types and styles we make are listed below. We have an abundant supply of serviceable literature. Write for some to-day.

HOW TO MAKE THIS BOOK SERVE YOU!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. **Put—"We are listed in the directory"** in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrases will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing busines swithout it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

POWER of ADVERTISING

The ***City Directory*** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
