POWER of ADVERTISING

The ***City Directory*** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

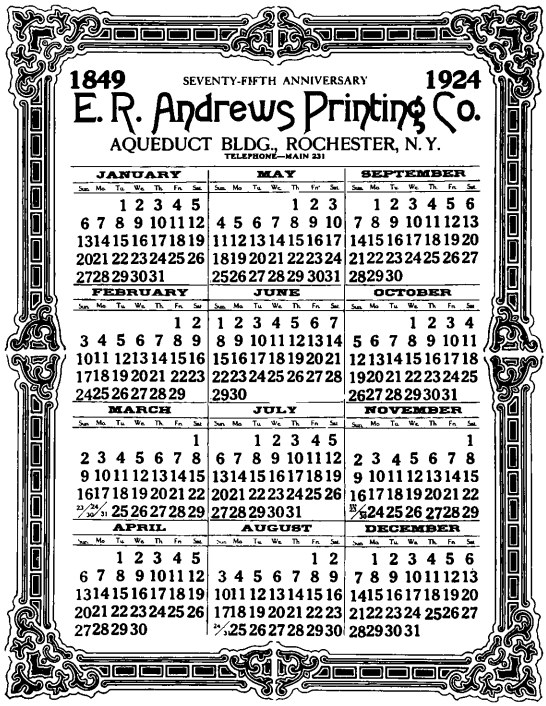
Rochester Lawyers Have an Advantage

THE Bench and Bar of this city have available, within a short walk from the Courthouse, an organization with a nation-wide reputation as lawyer-editors and publishers of The Annotated Reports System (including Ruling Case Law) which is working at all times in the interests of the legal profession generally.

A Rochester lawyer seeking information in law books or about law books can step over to the Aqueduct Building, corner of the Genesee River and the new Subway Boulevard, and there be assisted in getting such information by lawyers who have made "Briefing Service" their life work.



Law books, both local and national, can be had from the "Co-ops."

HOW TO MAKE THIS BOOK SERVE YOU !

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

Life Insurance Service

The true function of a life insurance representative is not that of a salesman, but of a trusted counselor. Specialized knowledge of insurance is required and the ability to study problems from the viewpoint of the insured.
This is the attitude toward life insurance in which representatives of the Phoenix Mutual are steeped.
Your life insurance deserves skilled and trustworthy counsel, which we are equipped to give.

Your advertisement in the City Directory with proper business listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active, 365 days every year. Let it serve you as it does others.

Our representative will be pleased to call and explain in detail the value of reference advertising.

The Return Circuit in Advertising

Creative Advertising,—in newspapers, magazines, billboards, etc. tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have You Made It Easy for Buyers to Find You?

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

POWER of ADVERTISING

The ***City Directory*** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Company
about the City Directory, the book of many uses.

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

TEMPERATURE INSTRUMENTS

Surely, the "acid test" which we apply to each of our vast range of *Tycos* Temperature Instruments is reason sufficient for their immense popularity. We face to-day in every field a discriminating public, a scrupulous, investigating public—and the extensive use of *Tycos* Instruments is a reliable guarantee of their service value.

Remember the fact that we are to-day producing more temperature instruments than any other concern on earth and, then specify *Tycos* Instruments.

Only a few varieties of some 8,000 types and styles we make are listed below. We have an abundant supply of serviceable literature. Write for some to-day.

HOW TO MAKE THIS BOOK SERVE YOU!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. **Put—"We are listed in the directory"** in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out
