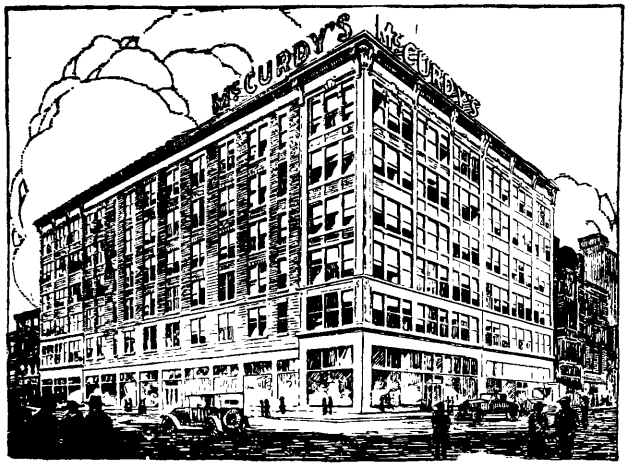
The Home Store **H.B. GRAVES CO. INC.** 78 State Street

Everything for the Home from the ***Cheapest that is Good*** to the ***Finest Art Creations*** of Master Designers and Craftsmen.



Here are 9 Good Reasons for Visiting Graves Store When Buying Your Home Furnishings

1. ***Wide Variety of Assortments:***
   This store devotes more floor space to the showing of sample pieces of furniture and home furnishings than any other in this section of the country.
2. ***Carefully Selected Merchandise.***
   We have earned the reputation of being "fussy" with some manufacturers. This "fussiness" however, is all in the interest of our customers.
3. ***Courteous Treatment.***
4. ***Errors, if Any, Cheerfully Righted.***
5. ***All Home Furnishings Under One Roof.***
6. ***A Square Deal, One Price Basis for All.***
7. ***Our 18 Furnished Rooms Give Helpful Suggestions.***
8. ***An Ideal Location:***
   Both from the standpoint of convenience to the buying public, and the economical and efficient conduct of a business of this character, in which large area on an economical rental basis is necessary.
9. ***Increased Customers' Satisfaction as Features of Style, Comfort and Durability Are Tested by Time.***

"ROCHESTER'S FRIENDLY STORE"

TO be a *"friendly store"* is our constant aim—and to be such a store by proving worthy of the friendship of our customers.

If you will test the service of this friendly store—examine the quality of each article of merchandise and the fairness of our prices—you will readily understand why we continue to make more friends with each succeeding year.

THE ROCHESTER DIRECTORY

For the year ending October 1

1927

Containing

Alphabetical Section (Page 501) Gives names, occupations and addresses of all men twenty years old or over, women who carry on business, widows, and all business houses. Dates of deaths during the previous year are given, and, where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department, with much other information that cannot be found elsewhere.

Business Directory (Page 1949) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section"

Reference Department (Page 161) Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

House Directory (Blue Section) All business houses, individuals in business, and householders listed in numerical order upon their respective streets. The streets are arranged in alphabetical order, as in the street directory with description. A feature of great value and convenience.

Map (inside back cover) The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily.

Street Directory (Page 95) A complete list of streets, giving numbers at intersections, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there.

An alphabetical list of Halls, Blocks and Buildings from which street and number may be found for addresses which only give name of a certain building.

Miscellaneous Information (Page 10) Organization of City Departments, giving officers and salaries,—Cemeteries,—Railway stations,—Churches and ministers,—Societies, Institutions, etc., with officers,—State officers and departments,—U. S. officers and departments,—Courts holding sessions in the city, with terms, officers and salaries,—Population tables, etc.

GOOD BUSINESS INSURANCE

YOUR advertisement in the City Directory with proper business listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active, 365 days every year. Let it serve you as it does others.

Our representative will be pleased to call and explain in detail the value of reference advertising.

WATER RATES.

$1.35 per 1,000 cu. ft. for each service taking less than 20,000 cu. ft. per month. For each service taking more than 20,000 cu. ft. per month, $1.35 per 1,000 cu. ft. for the first 20,000 cu. ft. per month, $1.20 per 1,000 cu. ft. for the next 80,000 cu. ft. per month, and $1.05 per 1,000 cu. ft. for all in excess of 100,000 cu. ft. per month.

When more than one water service enters one and the same piece of property and the consumption of water thereon exceeds 100,000 cu. ft. per month, and all such water is used for one and the same business or commercial purpose, then the charge for water may be based upon the combined usage from all the services instead of each service separately.

The minimun charge for water under these rates shall be $1.50 per quarter of three months.

A charge of $10.00 per quarter of three months shall be made for each city owned Fire Service meter which is or may be installed on any premises.

Metered Water Bills—Payable quarterly. $1.35 per 1,000 cub feet. Minimum $6.00 per year.

All employees of this Bureau are appointed by the Superintendent of Water Works.

The original **Water Works** were begun in July, 1873, and completed in February, 1876. They embrace three distinct systems of water distribution from two separate sources. The first or principal one is the **gravity system from Hemlock Lake** as source, which now includes three conduits and 472 miles of distributing pipe; the second is the **Holly System** which derives its supply from the Genesee River and serves essentially in affording a more efficient fire protection in the central and manufacturing districts of the city, the extent of distributing pipe connected therewith being about 25 miles. The third is the **Charlotte System**, which derives its supply from Lake Ontario with about ten miles of distributing pipes. Total length of distributing pipes, in city, of three systems, about 507 miles.

Conduit I consists of 9.8 miles of 36-inch, and 3 miles of 24-inch wrought-iron riveted pipe, and 15.5 miles of 24-inch cast-iron pipe; total length of conduit 1 is 28.3 miles.

Conduit II consists of 2.252 miles of brick conduit 6 feet in diameter, .29 of 60-inch steel intake pipe and 25.94 miles of 38-inch riveted steel pipe, with 2 miles of 36-inch cast-iron pipe; total length of conduit II, 30.4 miles.

Conduit III was constructed in 1914 to 1918 from the foot of the brick tunnel to Rochester and consists of 7.8 miles of 37-inch cast-iron pipe and 17.7 miles of 37-inch lock-bar steel pipe. Total length of conduits and distributing pipes, January 1, 1919, 542.2 miles.

Miles from City Hall to Mt.Hope Reservoir, 1.6; to Rush Reservoir, 10.4; to Hemlock Lake, 29.7.

This is not intended to take the place of the branch libraries, though it contains practically all titles of adult books to be found in the branches. It also has many books that can not be obtained in any branch. It has no room and no books for children.

It contains an open shelf room, similar to a branch; a reference room, which is for more extensive and convenient study than is possible at the branches; a periodical room with a list of current magazines four times as large as that at the branches.

The branch libraries contain chiefly popular books for home use, but also works for use in the library only, such as dictionaries, cyclopedias, and other frequently needed reference books carefully selected for their merit and suitability. Each of the branch libraries is open every day in the year from 2 to 9 P.M. for reference and circulation.

W. C. A. Girl Reserve.

Deposit stations are small collections of books placed for a time wherever they can be of service to a number of people.

Class Room Libraries—The Library has charge of the 614 grade libraries in the public schools, 18,480 volumes. These libraries consist of about 35 volumes each of general children's literature. Under the care and direction of the teachers they are circulated among the children in the schools for home use.

Playground Libraries—The playground libraries established by the Park authorities are also under the supervision of the Public Library. This collection numbers 1145 volumes, which are circulated from eleven playgrounds.

During 1925 there were issued for home use 1,610,097 volumes from ten branches, twelve sub-branches eighty-seven stations, 614 class rooms and eleven playgrounds.

The City appropriation for library purposes in 1926 is $253,162.88.

THE CIVIL SERVICE.

For State Board of Commissioners, see page 61.

By enactment of the legislature, all positions in the public service of Rochester (excepting those filled by public election, the heads of departments and confidential subordinates), must be filled from applicants who have successfully passed an examination by a Board of civil service examiners, or from registered list of laborers.

A Board consisting of three members is appointed by the Mayor, who also appoints the secretary and chief examiner.

Whenever a position is to be filled, the examining Board will notify the applicants on record, to appear for examination, and appointments must be made by the appointing power from the list prepared by the commission.

Soldiers or sailors who served in the war of the rebellion, having any standing on the list, have the preference. Soldiers and sailors of Spanish-American war have no preference in appointment.

ROCHESTER

Many special advantages are offered by Rochester to the homeseeker and to the business man. It is a city with picturesque surroundings, set in the heart of the fertile Genesee Valley at the point where the river takes a drop of more than 300 feet in a series of three falls, and thus presents an ideal combination of industry and agriculture. The city occupies a strategic position from the standpoint of transportation, so that raw materials are easily and cheaply obtained and finished products promptly distributed. The city owes its location to the power generated in the Genesee River. The development of this power, originally used to cut logs and grind corn, has made Rochester an industrial city of note whose products are known in all parts of the world.

In its growth the city has lost few of its original charms and has taken on all the advantages of a large city. Rochester is located in the largest agricultural county in New York State, a county which ranks well up in point of productiveness with any in the country. Monroe County, with its five surrounding counties, total a population of about 500,000, and a circle drawn with a radius of 90 miles from Rochester embraces a population of nearly two million.

Known first as the Flour City because of its extensive milling interests, the city's cognomen was later changed to the Flower City because of the extensive horticultural interests which were developed. With the growth of industry on a large scale, the city became known as the city of varied industries and took as its slogan "Rochester Made Means Quality." Rochester boasts many famous industrial organizations and leads the world in the production of a number of products.

In Rochester are the largest manufacturers of enameled steel tanks in the world; the largest manufacturers of filing devices and office systems; the largest thermometer plant in the world; the largest optical works in the world; the largest manufacturers of check protectors; the largest film factory in the world; the largest camera factory in the world; the largest photographic plate factory in the world; the largest manufacturers of soda fountain fruits and syrups. It is a leader in telephone apparatus, paper box manufacture and many other lines. More high-class ivory buttons are made here than in any city in the United States. It is the headquarters of the nursery business of the United States.

The city boasts 1700 manufacturing establishments producing over 325 separate commodities. The investment in manufacturers is $200,000,000 and the annual wages paid approximate $110,000,000. Rochester is the world's headquarters for photographic goods and supplies. It ranks fourth in the production of women's shoes and has the same rank in the production of men's clothing. The production of shoes each year is valued at $40,000,000 and the clothing output is valued at $80,000,000.

The city covers 21,009.5 acres. Its assessed valuation is $499,688,617. The death rate in 1925 was 11.05 per thousand population. The birth rate in 1925 was 19.83 per thousand population. The tax levy in 1926 was $12,964,639.88, giving a rate of $25.96 per thousand.

One of the outstanding features of the city is its park system which includes five large and twenty-six small parks containing 1,649 acres. Genesee Valley Park contains 589.83 acres; Durand-Eastman Park along the Lake Ontario Shore contains 474 acres; Edgerton (Exposition) Park has an area of 42 acres, contains eight large practical and beautiful buildings.

Because of the high grade of workmanship demanded in most of Rochester's industrial organizations, Rochester boasts an unusually large percentage of skilled mechanics. This means that wages are good, a situation which is reflected in the large proportion of home-owners found in this city. More than 42% of Rochester's dwelling are owned by those who live in them, which puts Rochester among the first ten cities of the country in this respect

From a transportation point of view the city enjoys many advantages. Many of the articles manufactured in Rochester are of a specialty and technical nature. The out-bound freight business from Rochester, therefore, is largely made up of less than carload shipments. As a result of this immense tonnage, the city undoubtedly has the best distributive service of any city this side of the sea board. Rochester is served by five steam roads and as many interurban trolleys. It is also located on the New York State Barge Canal and has an excellent harbor at the mouth of the Genesee where a great tonnage of in-bound and out-bound freight is handled, as well as a great volume of passenger traffic.

The city has recently established a Municipal Dock in the harbor and is taking other steps for the development of this natural resource. With the exception of the firms located on one single track line, all industries of Rochester are located in what is known as the Rochester switching district. Cars in-bound by any route, with the one exception named, can be spotted on the sidings of industries within the switching territory free of any additional expense. In other words, cars are spotted in the industries or forwarded therefrom on the basis of no greater cost than the flat Rochester rate. In the harvesting season hundreds of carloads of peaches, pears, grapes, apples and other fruits are shipped out of Rochester and surrounding territory.

Rochester is but an over-night's ride from New York, Washington, St. Louis, Cincinnati, Cleveland, Detroit, Toronto, Boston, Montreal and Chicago. This gives fast service in obtaining coal and other raw materials and in the distribution of finished products. One of the latest improvements in the city's transportation facilities is the new belt line railroad through the heart of the city in the bed of the old Erie Canal. This connects up all the railroads serving Rochester, both steam and electric, and provides rapid transit service for residents of the city as well as a fast freight movement.

The Barge Canal harbor, three miles long, extending from the heart of the city to the crossing of the Barge Canal on the South, has just been completed, together with extensive terminal facilities.

National advertising of many of the large industrial organizations has helped to keep Rochester and its products before the world. Goods from Rochester factories are found on the counters of merchants in all the states of the union and in many foreign countries.

About 40,000 horse power of electricity is developed from the Genesee River and plans have been made for the development of many times this amount by the damming of the Genesee at Portage.

Rochester enjoys excellent educational opportunities, especially of a technical and artistic nature, including schools of music, of art, and of medicine. The latter is just being organized along plans which will make it one of the leading institutions of its kind in the country, under the administration of the University of Rochester.

ROCHESTER STREET DIRECTORY

Copyright 1926 by Sampson & Murdock Company, Inc., Rochester, N. Y.

The Street Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of State street No. 501 comes: look at State street and you find that Jay street runs from 473 left side, and Smith street from 559, showing that No. 501 comes on the left side of State street between Jay and Smith streets.

Or, going up Main street West, suppose it is wished to take a cross street so as to call at 314 Troup street; on examination (see Troup), you find that 306 Troup is at the corner of Reynolds street; hence, by passing from Main street West through Reynolds street to Troup, you are near the desired number 314. When streets are not numbered, dashes are used to indicate whether the street runs from the right, the left, or crosses.

Street numbers begin at the end of the street nearest the centre of the city. **Even numbers** are upon the north or east side of streets. **Odd numbers** are upon the south or west side of streets.

● Indicates street car lines. When placed after the name of a street it shows that the car line runs through that street. When placed after a street beginning, ending or intersecting, it denotes cars on such intersecting street. For example, the ● connected with Adams street shows cars on Exchange street and Caledonia avenue but not on Adams street or Jefferson avenue. At Allen street cars run through the street also on connecting streets, State and Plymouth avenue North.

Total area of the city is about 21,000 acres.

INFORMATION

in the mass seems like a dull proposition but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

REFERENCE DEPARTMENT

Where more information than is possible to give under the headings is placed on file for buyers reference. The value of this department is inestimable. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you.

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

MONEY DEPOSITED during the first three business days of any month will draw interest from the first of that month if left until the end of the quarter. The quarters begin with the first days of March, June, September and December. Deposits may be withdrawn on the last three business days of a quarterly period without loss of interest.

THE RATE OF INTEREST is determined at the close of each six months from the actual earnings for that period and at the highest rate which such earnings will in the best judgment of the Board of Trustees allow.

INTEREST IS CREDITED to accounts December 1st and June 1st, and if not withdrawn will bear interest as a deposit.

THE PASS BOOK must be presented for depositing or withdrawing.

MONEY TO LOAN on bond and mortgage.

THE BANK is open daily, holidays excepted, from 9 A.M. to 3 P.M. except Saturdays, from 9 A.M. to 12 o'clock noon. Open Monday evenings from 7.00 to 9.00 and Saturday evenings from 5.00 to 9.00 to receive deposits.

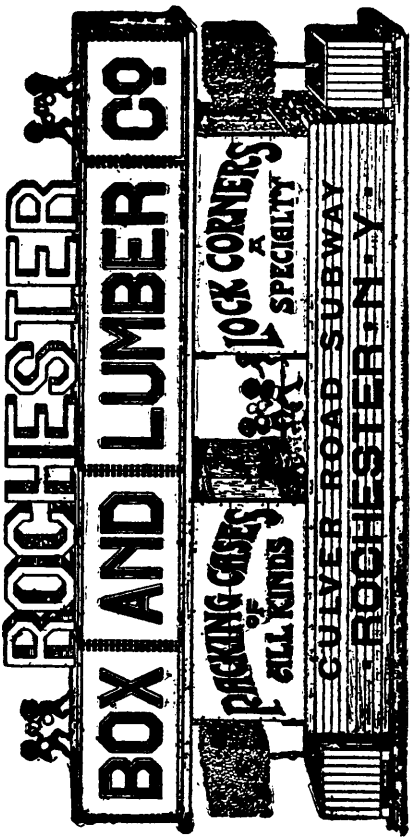
Too Late For This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Rochester Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.



Put "We are listed in the directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product, is wise

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Rochester Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product, is wise.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But is only seen by those who pass your way

If you could put a sign where everyone could see it would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

Advertising Insures Your Business

against the fluctuations due to economic conditions. It tends to equalize and stabilize the flow of orders.

The Directory as an advertising medium is economical in price, liberal in its provisions, broad in scope and stands high in the confidence and esteem of the public.

Do You Know That——

from the day that the Democrat and Chronicle ***"want"*** ad department was established in November, 1878 — there has never been any personal solicitation of advertising for that department?

And the significant thing is that the voluntary ***"want"*** ad patronage carried in this section has grown to such great proportions that it has no parallel.

The accomplishments of the Democrat and and Chronicle ***"want"*** ads indicate a marvelously wide range of service, from the return of a lost article advertised only after the lapse of a year, to the sale of real estate in London, England.

The Amazing Results Frequently Reported Are the Basic Reasons for Its Unprecedented Success

Telling the Truth in Your Printed Publicity

is not a matter of merely stating facts in cold, inanimate type. Displaying your Product in its natural color, in faithful reproduction, is getting face to face with the truth in a manner which is at once attention arresting and interesting.

THE USE OF COLOR in your advertising puts the stamp of PROGRESSIVENESS on your business.

OUR REPUTATION FOR QUALITY WORKMANSHIP —engraving and printing, has been built up through thirty years of practical application. We have learned how to avoid the pitfalls, and your problems may be but a simple phase of our business.

WE MAKE A BUSINESS OF DOING BETTER WHAT OTHERS DO WELL, and our complete creative printing service, from planning to mailing, is at your disposal. Put our staff of business doctors to work for you free of any obligation.

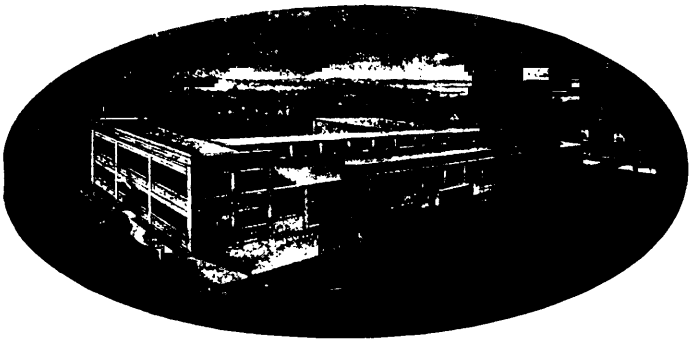
HOW TO MAKE THIS BOOK SERVE YOU!



The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

Thermometers

Surely, the "acid test" which we apply to each of our vast range of *Tycos* Temperature Instruments is reason sufficient for their immense popularity. We face to-day in every field a discriminating public, a scrupulous, investigating public—and the extensive use of *Tycos* Instruments is a reliable guarantee of their service value.

Remember the fact that we are to-day producing more temperature instruments than any other concern on earth and then specify *Tycos* Instruments.

Only a few varieties of some 8,000 types and styles we make are listed below. We have an abundant supply of serviceable literature. Write for some today.

Tycos Mercurial, Recording and Index Thermometers for all industrial and laboratory applications.

Electric Contact Thermometers.

Temperature, Pressure and Time Regulators.

Mercury Column Vacuum, Pressure and U Gauges.

Tycos Base Metal, Rare Metal and Radiation Pyrometers (Indicating and Recording), Fery Radiation Pyrometers.

REMOVALS—Against names showing removals from the city, the post office address is given; if into another State, both the post office and State are given.

DEATHS—The date of death of citizens whose names appeared in the Directory dying during the past twelve months, is recorded against the name in the present book. The same has been done each year since 1876, so that the several volumes of the Directory contain a mortuary list for that period, of great reference value.
