The Home Store **H.B. GRAVES CO. INC.** 78 State Street

Everything for the Home from the *Cheapest that is Good* to the *Finest Art Creations* of Master Designers and Craftsmen.

Here are 9 Good Reasons for Visiting The Graves Store When Buying Your Home Furnishings

1. ***Wide Variety of Assortments:***
   This store devotes more floor space to the showing of sample pieces of furniture and home furnishings than any other in this section of the country.
2. ***Carefully Selected Merchandise.***
   We have earned the reputation of being "fussy" with some manufacturers. This "fussiness" however is all in the interest of our customers.
3. ***Courteous Treatment.***
4. ***Errors, if Any, Cheerfully Righted.***
5. ***All Home Furnishings Under One Roof.***
6. ***A Square Deal, One Price Basis for All.***
7. ***Our 18 Furnished Rooms Give Helpful Suggestions.***
8. ***An Ideal Location:***
   Both from the standpoint of convenience to the buying public, and the economical and efficient conduct of a business of this character, in which large area on an economical rental basis is necessary.
9. ***Increased Customers' Satisfaction as Features of Style, Comfort and Durability Are Tested by Time.***

WARNING!

"He Was a Stranger and He Took Me In"

Unknown solicitors representing various questionable publications take at least $100,000.00 from Rochester business and professional men annually.

These publications include many one time directories and business indexes which are unauthorized by organizations which the solicitor claims to represent. They are of no value to anyone except the promoter.

Included in a list of over one hundred on file in this office, are the following classifications:

Travel and Hotel Directories
Railroad Employees' Journals
Buyers Commercial Register
Sellers Reference Guides
Buyers Classified Guides
Trade Indexes
Business Guides
National Reference Guides
N. Y State Business Directories
Industrial Directory

Before paying for advertising in out-of-town directories represented by strangers, verify your signature and check the source of the order. BEFORE YOU SIGN, Phone this office for a report on the publication. Our information costs you nothing and may save you much — if you

THE ROCHESTER DIRECTORY

For the year ending October 1

1930

Containing

Alphabetical Section (Page 449) Gives names, occupations and addresses of all men twenty years old or over, women who carry on business or are employed, widows, and all business houses. Dates of deaths during the previous year are given, and, where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department, with much other information that cannot be found elsewhere.

Business Directory (Page 1965) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Reference Department (Page 161) Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

House and Street Directory (Blue Section, Page 1549) A complete list of streets, giving numbers at intersections, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All business houses, individuals in business. and householders are listed in numerical order upon their respective streets. A feature of great value and convenience.

Map (inside back cover) The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily.

Miscellaneous Information (Page 22) Organization of City Departments, giving officers and salaries,—Cemeteries,—Railway stations,—Churches and ministers,—Societies, Institutions, etc., with officers,—State officers and departments,—U. S. officers and departments,—Courts holding sessions in the city, with terms, officers and salaries,—Population tables, etc.

An alphabetical list of Halls, Blocks and Buildings from which street and number may be found for addresses which only give name of a certain building.

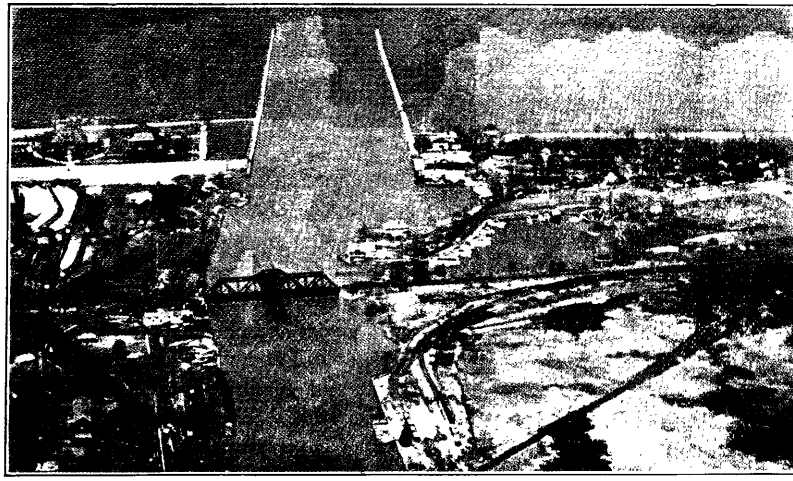
ROCHESTER



"Where Quality Dominates."

Rochester's history is in part the chronicle of the famous Genesee Country of Western New York. The settlement of the city, its remarkable growth from a little community of 100 acres into the third largest city in the Empire State in a little more than a century, is due almost as much to the natural advantages of this section of the state as it is to the enterprise of the hardy pioneers, who, in the early years of the nineteenth century, started the little village of Rochester upon the path of progress.

This village was incorporated as Rochesterville in 1817, changed its name to Rochester in 1822, and became a city in 1834. The city had grown from a settlement of 100 acres in 1811 to a thriving community in 1834, comprising some 4,000 acres, with a population of more than 14,000 persons.

The Erie canal, opened at Rochester in 1823, and completed two years later, played a conspicuous part in building up the commerce of Rochester and in developing the resources of the Genesee Country. In 1827 there were listed more than 100 manufacturing concerns, and even at that early date there was a constantly increasing demand for Rochester-made products, large shipments going east and west via the canal each week.

In the ninety-five years since its incorporation as a city in 1834, Rochester has enjoyed a remarkably uninterrupted growth. When the opening of the west resulted in the removal of the milling interests from the city, the enterprise of its citizens resulted in the establishment of other lines of industry.

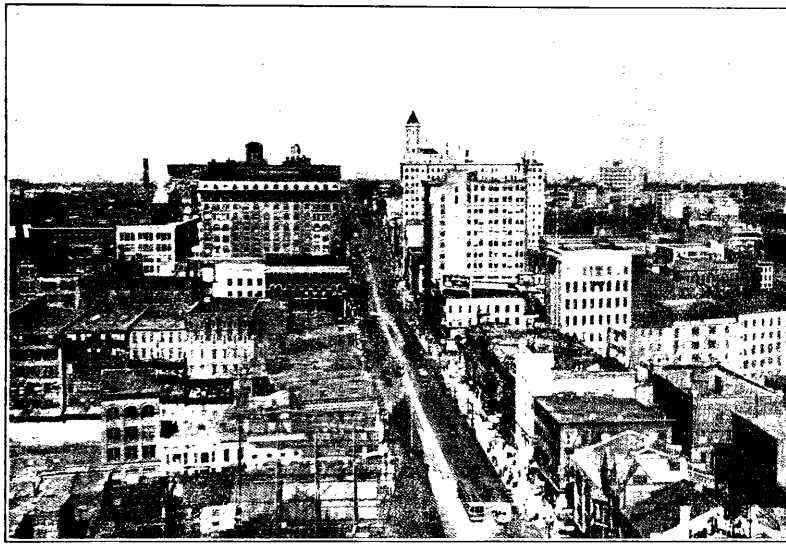
Many special advantages are offered by Rochester to the homeseeker and to the business man. It is a city with picturesque surroundings, set in the heart of the fertile Genesee Valley at the point where the river takes a drop of more than 300 feet in a series of three falls, and thus presents an ideal combination of industry and agriculture. The city occupies a strategic position from the standpoint of transportation, so that raw materials are easily and cheaply obtained and finished products promptly distributed. The city owes its location to the power generated in the Genesee River. The development of this power, originally used to cut logs and grind corn, has made Rochester an industrial city of note whose products are known in all parts of the world.

In its growth the city has lost few of its original charms and has taken on all the advantages of a large city. Rochester is located in the largest agricultural county in New York State, a county which ranks well up in point of productiveness with any in the country. Monroe County, with its five surrounding counties, total a population of about 500,000, and a circle drawn with a radius of 90 miles from Rochester embraces a population of nearly two million.



PART OF INDUSTRIAL ROCHESTER

Known first as the Flour City because of its extensive milling interests, the city's cognomen was later changed to the Flower City because of the extensive horticultural interests which were developed. With the growth of industry on a large scale, the city became known as the city of varied industries and took as its slogan "Rochester Made Means Quality." Rochester boasts many famous industrial organizations and leads the world in the production of a number of products.

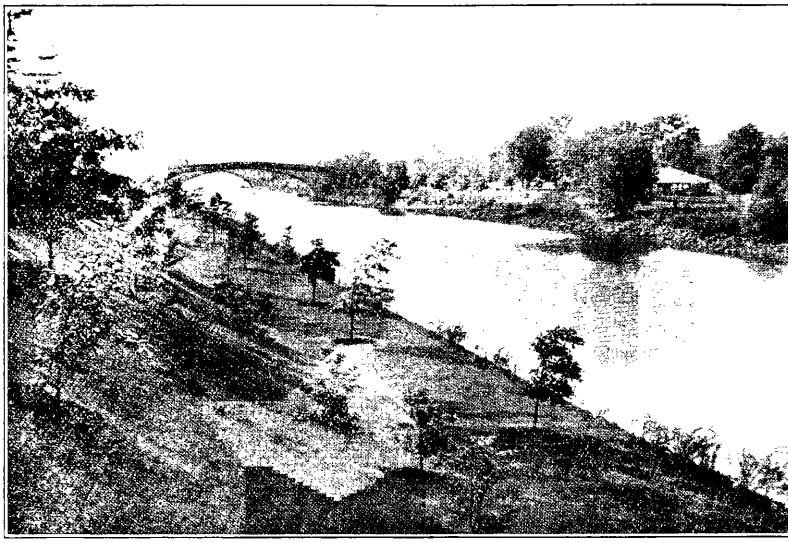
In Rochester are the largest manufacturers of enameled steel tanks in the world; the largest manufacturers of filing devices and office systems; the largest thermometer plant in the world; the largest optical works in the world; the largest manufacturers of check protectors; the largest film factory in the world; the largest camera factory in the world; the largest photographic plate factory in the world; the largest manufacturers of soda fountain fruits and syrups. It is a leader in telephone apparatus, paper box manufacture and many other lines. More high-class ivory buttons are made here than in any city in the United States. It is the headquarters of the nursery business of the United States.



PART OF BUSINESS SECTION, LOOKING EAST ON MAIN STREET

Rochester had over 1,044 manufacturing establishments in 1927, producing 325 separate commodities. Each of these concerns manufactured goods valued at more than $5,000 annually. The investment in plant building and equipment was $297,586,431, whereas, the annual wages and salaries approximated $113,564,461. Rochester is the worlds headquarters for photographic goods and supplies. It ranks fourth in the production of women's shoes and has the same rank in the production of men's clothing. The production of shoes each year is valued at $25,000,000, and the clothing output is valued at $60,000,000. In 1927 Rochester out of twenty leading American cities ranked first in the percent. of wage earners (16.6%) to total population.

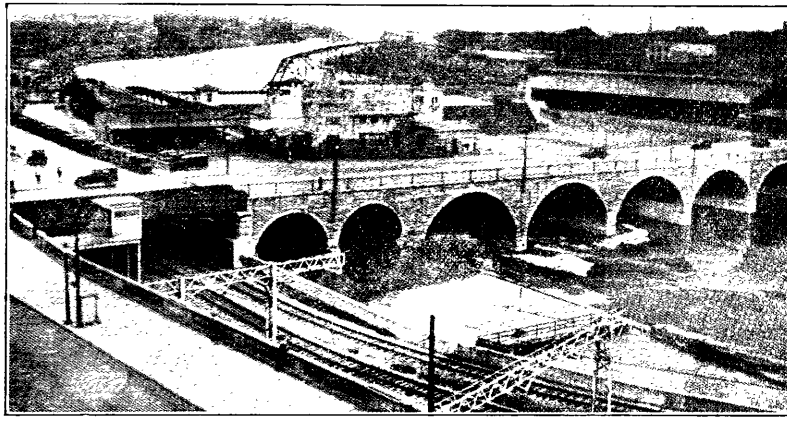
Central Library of Rochester and Monroe County · City Directory Collection · 1929

From 1923 to 1927 Rochester industries showed the greatest per cent. increase in the number of employees, stood second in the growth of wages paid, and rated third in the per cent. growth realized in manufacturing output, as compared with thirty leading American cities.

GENESEE VALLEY PARK

One of the outstanding features of the city is its park system which includes five large and twenty-eight small parks containing 1,777 acres. Genesee Valley Park contains 589.83 acres; Durand-Eastman Park along the Lake Ontario Shore contains 474 acres; Edgerton (Exposition) Park has an area of 42 acres, contains eight large practical and beautiful buildings.

Because of the high grade of workmanship demanded in most of Rochester's industrial organizations, Rochester boasts an unusually large percentage of skilled mechanics. This means that wages are good, a situation which is reflected in the large proportion of home-owners found in this city. More than 42% of Rochester's dwelling are owned by those who live in them, which puts Rochester among the first ten cities of the country in this respect.



From a transportation point of view the city enjoys many advantages. Many of the articles manufactured in Rochester are of a specialty and technical nature. The out-bound freight business from Rochester, therefore, is largely made up of less than carload shipments. As a result of this immense tonnage, the city undoubtedly has the best distributive service of any city this side of the sea board.

Rochester is served by five important railroads, five suburban electric routes, the New York State Barge Canal, and steamship lines operating on Lake Ontario. Improved highways leading east, west and south, enable any type of merchandise and produce to be transported to adjacent cities by motor truck. The city possesses modern aviation facilities in its municipally-owned airport. These factors have made Rochester one of the outstanding cities in the country in point of transportation service and facilities.

It is estimated that 9,000 people enter and depart from Rochester each day over the city railroads, which run approximately 150 passenger trains daily. In addition to this, about 3,000 people are handled daily by electric suburban lines, and busses operating in and out of the city.

High-grade freight service from Rochester to all destinations is rendered by the railroads entering the city.

The Barge Canal is an important factor in the transportation service of Rochester. A large modern freight terminal and warehouse constructed by the state of New York, at the dockside of this inner harbor, which is about two miles in length, and located in the heart of the business district, is equipped to handle almost any amount of freight.

COURT STREET BRIDGE, SUBWAY AND BARGE CANAL HARBOR

In its new subway, Rochester has all the advantages of a highly modern joint transit railroad facility. This important traffic artery operated by electricity, provides expedited passenger and freight service for a large portion of the city. At a cost of more than $12,000,000. Rochester has utilized the right of way of the old Erie Canal, passing east and west through the very center of the city, which has been abandoned in favor of the New Barge Canal, south of the city.

That there is an unusual opportunity for industrial development along the rails of the new subway is obvious. Many desirable sites are available throughout the nine miles of the line. West of the city a vast territory may be readily opened up to new industries.

Central Library of Rochester and Monroe County · City Directory Collection · 1929

All industries of Rochester are located in what is known as the Rochester reciprocal district. Cars in-bound by any route, can be spotted on the sidings of industries within the switching territory free of any additional expense. In other words, cars are spotted in the industries or forwarded therefrom on the basis of no greater cost than the flat Rochester rate. In the harvesting season hundreds of carloads of peaches, pears, grapes, apples and other fruits are shipped out of Rochester and surrounding territory.

Rochester is but an over-night's ride from New York, Washington, St. Louis, Cincinnati, Cleveland, Detroit, Toronto, Boston, Montreal and Chicago. This gives fast service in obtaining coal and other raw materials and in the distribution of finished products.

National advertising of many of the large industrial organizations has helped to keep Rochester and its products before the world. Goods from Rochester factories are found on the counters of merchants in all the states of the union and in many foreign countries.

About 40,000 horse power of electricity is developed from the Genesee River and plans have been made for the development of many times this amount by the damming of the Genesee at Portage.

Rochester has one main Post Office and eight sub-stations located in various parts of the city, as well as a parcel post annex, devoted exclusively to the handling of parcel post shipments, which is situated close to the main post office. Mail is distributed by a force of 257 letter carriers.

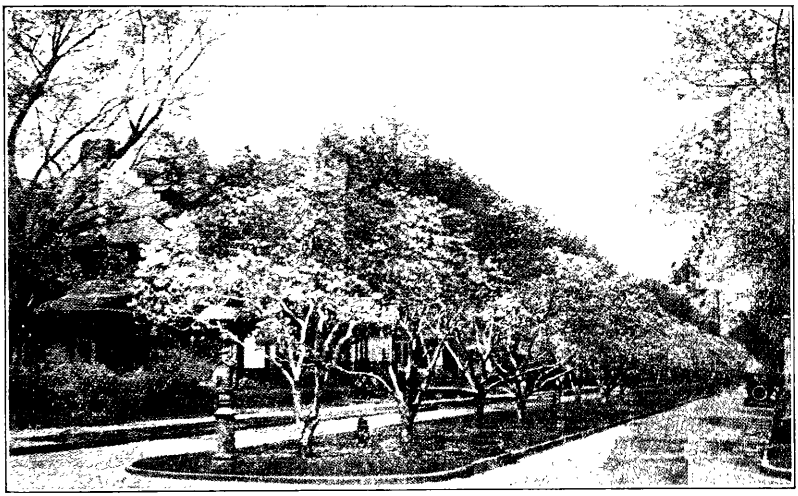
The Rochester airport, a municipally-owned and operated flying field, is located four miles southeast of the center of the city and approximately one-half mile southwest of the city line. The airport is on the Scottsville road an improved state highway, and is easily accessible by automobile. Trolley cars operate to within one and one-half miles of the airport and passenger busses pass by it.

The field is rectangular in shape, and contains 110 acres. The surface of the field is sod. Natural and tile drainage insure an adequately dry surface at all times.

In addition to two main runways, 1,500 feet and 1,000 feet in length, respectively, there are two cross-wind runways, each 1,000 feet long. All the landing strips are of stone base and cinder top. Grading of the entire field is being completed and will result in an "allway" field.

In addition to the Municipal Airport, there are four other flying fields in or near Rochester. The largest of these is the Commercial Air Transport, Inc., airport located on the Buffalo road about six miles west of the city. The Brizee Aviation Field in Pittsford, the University Aviation Field on Henrietta road, and the Rigney's Bluff field, near the lake shore, each of which is equipped with a hangar, offer additional flying facilities.

One morning and two evening newspapers, as well as one German evening daily and several other foreign language weeklies, are published in Rochester. The total circulation of the three English daily newspapers, is 210,651.



The trading area covered by these papers, extends at some points to a distance of about 60 miles. Within this radius the influence of Rochester as a business and cultural center is well demonstrated by the large circulation of its newspapers.

Rochester is a city of homes, and its clean, tree-lined streets, well maintained by efficient city departments, give a feeling of liveableness and friendliness to the city that is not to be surpassed in any community of its size.

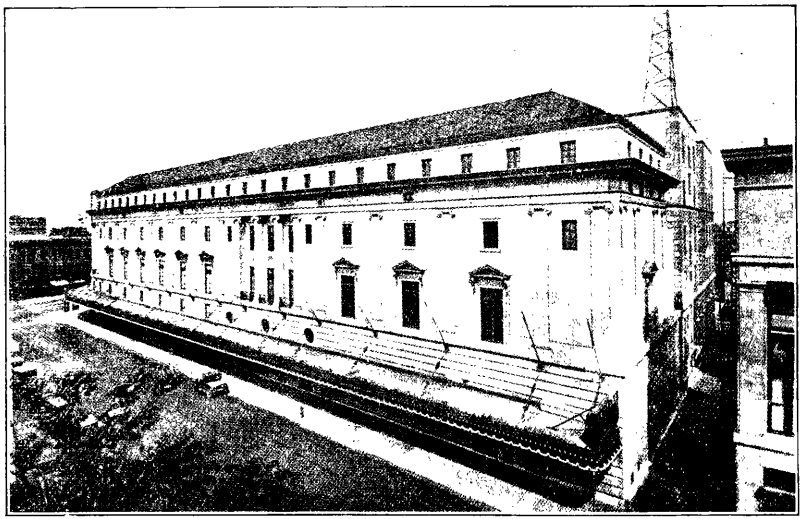
Wise and far-sighted city zoning has confined industry to certain areas of the city in juxtaposition to districts providing workingmen's houses.

The industries of Rochester are, for the most part, of a light manufacturing variety, and consequently, the city is unusually free of smoke and other nuisances.

Workingmen's homes can be bought or rented at very favorable rates, and there is available a supply of good, clean living accommodations for all classes of people.

A Residential Street

Rochester has two lake-shore city-owned bathing beaches, embracing over a mile of lake front, together with two outdoor pools and two indoor pools. Bath houses are also maintained in convenient sections of the city.



Strictly speaking, the libraries of the city are not part of its recreational facilities, but, nevertheless, they provide opportunities for profitable use of spare time. The libraries, branches and distributing stations number 85, with a total circulation of 1,759,534.

In 1927, the Public Library Department spent approximately $325,000 for maintenance and upkeep.

MEMORIAL ART GALLERY

Connected with the University is the Memorial Art Gallery, which offers facilities for college work in art, as well as for public exhibitions. The gallery embraces a children's museum, with a classroom for educational work with children, and a Little Theatre with a seating capacity of 300 persons.

EASTMAN THEATRE

Rochester has a total of 41 theatres, of which 33 are devoted to motion pictures, with a total seating capacity of 48,500. The famous Eastman Theatre which is an outstanding architectural achievement, has a seating capacity of 3 500, and provides seasonal musical events by world's famous artists. Legitimate stage productions are provided by two theatres, one of which maintains a splendid stock company producing Broadway successes.

Professional baseball is provided through a local team, the management of which has just completed a new park, with a modern concrete stadium. The Rochester team is a member of the International League.

Rochester is a livable city, and possesses many characteristics conducive to the well-being of the individual. The spirit of progress in Rochester, has been well exemplified in Civic affairs as well as in Industrial Development. Seldom can one find a community more keenly aware of its Civic duty or more willing to co-operate in movements to achieve those things which are essential to the progress and prosperity of the city.

Rochester occupies a strong position among cities in its class, and the diversity of its manufactures should enable practically any class of industry, to achieve economic and stable production, especially if the product requires a large amount of skilled labor in its manufacture.

"Whatever she (Rochester) does, she does in the best way.
America has no better example of a progressive,
loyal, happy community to show the world."

DR. JOHN H. FINLEY.

All employees of this Bureau are appointed by the Superintendent of Water Works.

The original Water Works were begun in July, 1873, and completed in February, 1876. They embrace three distinct systems of water distribution from two separate sources. The first or principal one is the **gravity system from Hemlock Lake** as source, which now includes three conduits and 491 miles of distributing pipe; the second is the **Holly System**, which serves essentially in affording a more efficient fire protection in the central and manufacturing districts of the city, the extent of distributing pipe connected therewith being about 25 miles. The third is the **Charlotte System**, which derives its supply from Lake Ontario with about ten miles of distributing pipes. Total length of distributing pipes, in city, of three systems about 526 miles.

Conduit I consists of 9.8 miles of 36-inch, and 3 miles of 24-inch wrought-iron riveted pipe, and 15.5 miles of 24-inch cast-iron pipe; total length of conduit 1 is 28.3 miles.

Conduit II consists of 2.252 miles of brick conduit 6 feet in diameter, .29 of 60-inch steel intake pipe and 25.94 miles of 38-inch riveted steel pipe, with 2 miles of 36-inch cast-iron pipe; total length of conduit II, 30.4 miles.

Conduit III was constructed in 1914 to 1918 from the foot of the brick tunnel to Rochester and consists of 7.8 miles of 37-inch cast-iron pipe and 17.7 miles of 37-inch lock-bar steel pipe. Total length of conduits and distributing pipes, January 1, 1919, 542.2 miles.

Miles from City Hall to Mt.Hope Reservoir, 1.6; to Rush Reservoir, 10.4; to Hemlock Lake, 29.7.

Elevation of Mt. Hope Reservoir above canal aqueduct, 125.48 feet; capacity of Mt.Hope Reservoir 24 million gallons at a depth of 16 feet; water surface area, 5½ acres.

Elevation of Rush Reservoir above canal aqueduct, 242.85 feet; capacity of Rush Reservoir, 74 million gallons at a depth of 19 feet; water surface area, 14 acres.

Elevation of Cobb's Hill Reservoir above canal aqueduct, 125.48 feet; capacity about 144 million gallons at a depth of 25 feet. Water surface area, about 18 acres.

Elevation of Hemlock Lake above canal aqueduct, 385 feet; water surface area, 1,828 acres; drainage area, 48 square miles; length of lake, 7 miles; average width of lake, ¾ of a mile; depth of lake, 86 feet.

Elevation of Canadice Lake above canal aqueduct, 586 feet; length of lake, 3½ miles; average width of lake, one-third of a mile; depth of lake, 86 feet.

Number of fire hydrants set in city January 1, 1929, 7,116; number of stop valves, 13,675; capacity of conduit I per day, 7,000,000 gallons, capacity of conduit II, 16,000,000, gallons, capacity of conduit III, 19,000,000 gallons, Holly pumping works, 15,000,000 gallons. Daily average consumption of Hemlock water, 32,000,000 gallons.

Original cost of introduction of the water, for which thirty-year 7 per cent. bonds were issued, $3,518,000; additional cost for extending mains within the city limits, including large new distributing mains and new storage reservoir, being the amount included in tax levies and bond issues, from 1876 to January 1, 1916, $5,855,586.59. Cost of conduit II and new distributing mains, approximately, $3,000,000. Cost of conduit III, $1,422,243.01.

Number of taps January 1, 1877, 3,260; June 1, 1880, 7,395; June 1, 1885, 15,659; April 1, 1890, 23,068; April 1, 1895, 27,921; January 1, 1900, 33,977; January 1, 1905, 37,680; January 1, 1910, 45,729; January 1, 1915, 56,311; January 1, 1916, 58,092; January 1, 1917, 60,704; January 1, 1918, 61,633; January 1, 1919, 61,836; January 1, 1920, 62,185; January 1, 1921, 62,431; January 1, 1922, 62,889; January 1, 1923, 70,437; January 1, 1924, 71,186; January 1, 1925, 73,042; January 1, 1926, 73,746; January 1, 1927, 74,176; January 1, 1929, 77,315.

Revenue from Water Rents and all other sources, January 1 to December 31, 1928, $1,477,823.07. **Operating expenses** January 1 to December 31, 1928, $633,999.28. **Amount contributed** to the city treasurer to be applied to payment of interest on funded water debt and sinking funds in 1928, $756,386.03.

Central Library of Rochester and Monroe County · City Directory Collection · 1929

Deposit stations are small collections of books placed for a time wherever they can be of service to a number of people.

Class Room Libraries—The Library has charge of the 690 grade libraries in the public schools, 27,961 volumes. These libraries consist of about 35 volumes each of general children's literature. Under the care and direction of the teachers they are circulated among the children in the schools for home use.

Playground Libraries—The playground libraries established by the Park authorities are also under the supervision of the Public Library. This collection numbers 2,737 volumes, which are circulated from eleven playgrounds.

During 1928 there were issued for home use 2,397,600 volumes from the Central Library, twelve branches, nine sub-branches, sixty-three deposit stations, 690 class rooms and eleven playgrounds.

The City appropriation for library purposes in 1929 is $318,500.

THE CIVIL SERVICE.

For State Board of Commissioners, see page 78.

By enactment of the legislature, all positions in the public service of Rochester (excepting those filled by public election, the heads of departments and confidential subordinates), must be filled from applicants who have successfully passed an examination by a Board of civil service examiners, or from registered list of laborers.

A Board consisting of three members is appointed by the Mayor, who also appoints the secretary and chief examiner.

Whenever a position is to be filled, the examining Board will notify the applicants on record, to appear for examination, and appointments must be made by the appointing power from the list prepared by the commission.

Soldiers or sailors who served in the war of the rebellion, having any standing on the list, have the preference. Soldiers and sailors of Spanish-American war have no preference in appointment.

Local Board of Municipal Examiners. (*For City Appointments*).

Chairman, Samuel C. Pierce, William H. Gragen and Ednor A. Marsh. *Chief Examiner*, Louis E. Lazarus. *Chief Clerk*, Margaret A. Lucy. Office, 34 Court street.

BURIAL OF DECEASED SOLDIERS.

The following honorably discharged soldiers in the Civil War are appointed by the Supervisors to take charge of the burial of indigent deceased soldiers, the sum of $75 being by law allowed for each burial. Fee, $2, and $2 for headstone permit.

REFERENCE DEPARTMENT

Where more information than is possible to give under the headings is placed on file for buyers reference. The value of this department is inestimable. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information.

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

The Sign Over the Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

MONEY DEPOSITED during the first three business days of any month will draw interest from the first of that month, if left until the end of the quarter. The quarters begin with the first days of March, June, September and December. Deposits may be withdrawn on the last three business days of a quarterly period without loss of interest.

THE RATE OF INTEREST is determined at the close of each six months from the actual earnings for that period and at the highest rate which such earnings will in the best judgment of the Board of Trustees allow.

INTEREST IS CREDITED to accounts December 1st and June 1st, and if not withdrawn will bear interest as a deposit.

THE PASS BOOK must be presented for depositing or withdrawing.

MONEY TO LOAN on bond and mortgage.

DEPOSITS OF ONE DOLLAR or of any larger sum, not exceeding in the aggregate Seven Thousand Five Hundred Dollars from any one depositor may be received, exclusive of interest.

THE BANK is open daily, holidays excepted, from 9 A.M. to 3 P.M. except Saturdays, from 9 A.M. to 12 o'clock noon. Open Monday evenings from 7.00 to 9.00 and Saturday evenings from 5.00 to 9.00 to receive deposits.

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way

If you could put a sign where everyone could see it would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Rochester Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product, is wise.

Investigate the City Directory, the book of many uses

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. Directory Advertising Is National Advertising

Your Business on Record All Over America

Hundreds of Directory Libraries Can Give Your Advertisement National Circulation

Thousands of your potential customers are visiting the City Directory Libraries of the United States and Canada every month seeking sources of supply and other information. These library locations are advertised and publicized consistently and continually. These libraries are maintained by the Association of North American Directory Publishers through the courtesy of the members who keep them supplied with City Directories as part of their service to the public. Is your product or service properly registered in these libraries so that those looking may readily obtain the information desired? This library system is a sound economic feature that brings your product or service within the reach of millions at a cost to you that is surprisingly low in comparison with proven results. A folder, descriptive of this huge system of City Directory Libraries, together with a privilege card entitling you to the benefits of free usage, is yours for the asking, on your business letterhead. Apply either to your local Directory Publisher or to

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new city directory at once. It will pay you bigger dividends for the money invested than many of your ventures.

COPY

You may have us write your copy or we will gladly work with you in an endeavor to give you the outsider's viewpoint as to just how your copy may be made most convincing.

LISTS

As directory publishers we have unusual facilities for compiling up-to-date lists of every description. Often clients use our master lists on a rental basis.

LETTERS

There are many methods now in use for producing letters. Those produced by our new process are exactly like typewritten copies.

MAILING

To handle mailing details accurately and quickly it is necessary to have plenty of space, the latest machinery, competent workers and careful supervision. We have all these.

To Newspaper Readers

¶ People who want today's news TODAY buy the Times-Union.

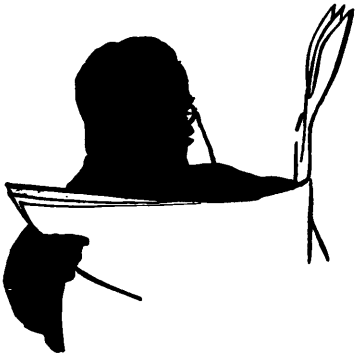
¶ People who want complete news—and in great variety—buy the Times-Union.

¶ Families who must have a clean newspaper in their homes insist on the Times-Union.

¶ Families with growing, impressionable children, know that they can let their children read the Times-Union. There is nothing in it that the boys and girls should not see.

To Buyers of Advertising Space—

¶ The Times-Union is enjoying a steadily increasing circulation—concentrated in, or very close to, the City of Rochester.



¶ Readers of the Times-Union are worth-while people, with full confidence in their newspaper. This confidence is naturally extended to the advertising messages in its columns.

¶ The Times-Union carries a greater volume of advertising than ANY OTHER ROCHESTER NEWSPAPER.

When the Mind is Fresh!

There is a time of day when facts — grasped at a glance — inspire confidence and furnish renewed energy for a whole day's activities.

In the Morning

READ THE

Democrat and Chronicle.

Community events — Pages of pictures — Associated Press dispatches — Special Writers — last minute flashes — highlights of the world's happenings at a glance - - - all this and more is offered to you daily and Sunday through the columns of the Democrat and Chronicle.

If your
Democrat and Chronicle
is not delivered by 6:30
every morning — kindly

A Lasting Advertisement

Insuring Maximum Coverage at Minimum Cost Is Now Available

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or product, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you.

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

PARTY LINE TELEPHONE RULES

When making a telephone call, remove the receiver and listen. If the line is in use, replace the receiver immediately and wait for a few minutes before trying again.

The length of a conversation should in no case exceed five minutes, and you are requested to make it as brief as possible. Allow an interval of a few minutes to elapse before calling another party, as someone on your line may be waiting to make an emergency call.

Do not tolerate anyone to listen at your telephone when the line is in use.

When you see our name in a Directory you may be sure of these four things

1st.—Every effort has been made to secure accurate information.
(*We employ men of experience and ability and insist on accuracy*)

2nd—The price of the book is as low as the cost of production and a reasonable profit will allow.
(*Compare prices with those of other directories from all over the country*)

3rd—The Advertising Department is a fair representation of the best business houses of the city.
(*A glance over the advertising section will prove this statement*)

4th—The Advertiser gets more for his money than from nearly any other publication.
(*Our representative will gladly show you why*)

Surely, the "acid test" which we apply to each of our vast range of *Tycos* Temperature Instruments is reason sufficient for their immense popularity. We face to-day in every field a discriminating public, a scrupulous, investigating public—and the extensive use of *Tycos* Instruments is a reliable guarantee of their service value.

Remember the fact that we are to-day producing more temperature instruments than any other concern on earth and then specify *Tycos* Instruments.

Only a few varieties of some 8,000 types and styles we make are listed below. We have an abundant supply of serviceable literature. Write for some today.

Tycos Mercurial, Recording and Index Thermometers for all industrial and laboratory applications.

Electric Contact Thermometers.

Temperature, Pressure and Time Regulators.

Mercury Column Vacuum, Pressure and U Gauges.

Tycos Base Metal, Rare Metal and Radiation Pyrometers (Indicating and Recording), Fery Radiation Pyrometers.

Hygrometers, Hydrometers.

Mineral Oil Testing Instruments.

Aneroid and Mercurial Barometers.

Recording Barometers.

Pocket Compasses.

Surveying Compasses, Rain Gauges.

Anemometers and Air Meters.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you.

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Under One Roof

Early in store history, following the trend of the times, foreign offices were established so that the styles and needs of our patrons would never want for the latest good thing, fad or fancy.

In Paris, in London, in Berlin, style changes are quickly recorded, and from our offices there instantly cabled to Rochester.

Chemnitz, Vienna, Lyons, Florence and Belfast share in this. Each office is a center for our department managers who throughout the year are constantly commuting to every corner of the continent. Rumors are no part of our business, nor do we accept information second hand. It is a policy of this house always to have representatives at the pulsating markets of the world, where the best that is obtainable may be quickly assembled under one roof.

In all of our eighty departments, this buying consciousness is ever alert. The early principles of the founders are never forgotten; ***the best possible merchandise at the lowest possible cost.***

In all this there is a keynote that says: ***no transaction will be considered satisfactory to us unless it is equally satisfactory to you.***

REMOVALS—Against names showing removals from the city, the post office address is given; if into another State both the post office and State are given.

DEATHS—The date of death of citizens whose names appeared in the Directory dying during the past twelve months, is recorded against the name in the present book. The same has been done each year since 1876, so that the several volumes of the Directory contain a mortuary list for that period, of great reference value.
