# ROCHESTER

*"Where Quality Dominates."*

Rochester's history is in part the chronicle of the famous Genesee Country of Western New York. The settlement of the city, its remarkable growth from a little community of 100 acres into the third largest city in the Empire State in a little more than a century, is due almost as much to the natural advantages of this section of the state as it is to the enterprise of the hardy pioneers, who, in the early years of the nineteenth century, started the little village of Rochester upon the path of progress.

This village was incorporated as Rochesterville in 1817, changed its name to Rochester in 1822, and became a city in 1834. The city had grown from a settlement of 100 acres in 1811 to a thriving community in 1834, comprising some 4,000 acres, with a population of more than 14,000 persons.

The Erie canal, opened at Rochester in 1823, and completed two years later, played a conspicuous part in building up the commerce of Rochester and in developing the resources of the Genesee Country. In 1827 there were listed more than 100 manufacturing concerns, and even at that early date there was a constantly increasing demand for Rochester-made products, large shipments going east and west via the canal each week.

In the ninety-five years since its incorporation as a city in 1834, Rochester has enjoyed a remarkably uninterrupted growth. When the opening of the west resulted in the removal of the milling interests from the city, the enterprise of its citizens resulted in the establishment of other lines of industry.

PORT OF ROCHESTER—ON LAKE ONTARIO

Many special advantages are offered by Rochester to the homeseeker and to the business man. It is a city with picturesque surroundings, set in the heart of the fertile Genesee Valley at the point where the river takes a drop of more than 300 feet in a series of three falls, and thus presents an ideal combination of industry and agriculture. The city occupies a strategic position from the standpoint of transportation, so that raw materials are easily and cheaply obtained and finished products promptly distributed. The city owes its location to the power generated in the Genesee River. The development of this power, originally used to cut logs and grind corn, has made Rochester an industrial city of note whose products are known in all parts of the world.

In its growth the city has lost few of its original charms and has taken on all the advantages of a large city. Rochester is located in the largest agricultural county in New York State, a county which ranks well up in point of productiveness with any in the country. Monroe County, with its five surrounding counties, total a population of about 500,000, and a circle drawn with a radius of 90 miles from Rochester embraces a population of nearly two million.

PART OF INDUSTRIAL ROCHESTER

Known first as the Flour City because of its extensive milling interests, the city's cognomen was later changed to the Flower City because of the extensive horticultural interests which were developed. With the growth of industry on a large scale, the city became known as the city of varied industries and took as its slogan "Rochester Made Means Quality." Rochester boasts many famous industrial organizations and leads the world in the production of a number of products.

In Rochester are the largest manufacturers of enameled steel tanks in the world; the largest manufacturers of filing devices and office systems; the largest thermometer plant in the world; the largest optical works in the world; the largest manufacturers of check protectors; the largest film factory in the world; the largest camera factory in the world; the largest photographic plate factory in the world; the largest manufacturers of soda fountain fruits and syrups. It is a leader in telephone apparatus, paper box manufacture and many other lines. More high-class ivory buttons are made here than in any city in the United States. It is the headquarters of the nursery business of the United States.

PART OF BUSINESS SECTION, LOOKING EAST ON MAIN STREET

Rochester had over 1,044 manufacturing establishments in 1927, producing 325 separate commodities. Each of these concerns manufactured goods valued at more than \$5,000 annually. The investment in plant building and equipment was \$297,586,431, whereas, the annual wages and salaries approximated \$113,564,461. Rochester is the worlds headquarters for photographic goods and supplies. It ranks fourth in the production of women's shoes and has the same rank in the production of men's clothing. The production of shoes each year is valued at \$25,000,000, and the clothing output is valued at \$60,000,000. In 1927 Rochester out of twenty leading American cities ranked first in the percent. of wage earners (16.6%) to total population.

From 1923 to 1927 Rochester industries showed the greatest per cent. increase in the number of employees, stood second in the growth of wages paid, and rated third in the per cent. growth realized in manufacturing output, as compared with thirty leading American cities.

GENESEE VALLEY PARK

One of the outstanding features of the city is its park system which includes five large and twenty-eight small parks containing 1,777 acres. Genesee Valley Park contains 589.83 acres; Durand-Eastman Park along the Lake Ontario Shore contains 474 acres; Edgerton (Exposition) Park has an area of 42 acres, contains eight large practical and beautiful buildings.

Because of the high grade of workmanship demanded in most of Rochester's industrial organizations, Rochester boasts an unusually large percentage of skilled mechanics. This means that wages are good, a situation which is reflected in the large proportion of home-owners found in this city. More than 42% of Rochester's dwelling are owned by those who live in them, which puts Rochester among the first ten cities of the country in this respect.

From a transportation point of view the city enjoys many advantages. Many of the articles manufactured in Rochester are of a specialty and technical nature. The out-bound freight business from Rochester, therefore, is largely made up of less than carload shipments. As a result of this immense tonnage, the city undoubtedly has the best distributive service of any city this side of the sea board.

Rochester is served by five important railroads, five suburban electric routes, the New York State Barge Canal, and steamship lines operating on Lake Ontario. Improved highways leading east, west and south, enable any type of merchandise and produce to be transported to adjacent cities by motor truck. The city possesses modern aviation facilities in its municipally-owned airport. These factors have made Rochester one of the outstanding cities in the country in point of transportation service and facilities.

It is estimated that 9,000 people enter and depart from Rochester each day over the city railroads, which run approximately 150 passenger trains daily. In addition to this, about 3,000 people are handled daily by electric suburban lines, and busses operating in and out of the city.

High-grade freight service from Rochester to all destinations is rendered by the railroads entering the city.

The Barge Canal is an important factor in the transportation service of Rochester. A large modern freight terminal and warehouse constructed by the state of New York, at the dockside of this inner harbor, which is about two miles in length, and located in the heart of the business district, is equipped to handle almost any amount of freight.

COURT STREET BRIDGE, SUBWAY AND BARGE CANAL HARBOR

In its new subway, Rochester has all the advantages of a highly modern joint transit railroad facility. This important traffic artery operated by electricity, provides expedited passenger and freight service for a large portion of the city. At a cost of more than \$12,000,000. Rochester has utilized the right of way of the old Erie Canal, passing east and west through the very center of the city, which has been abandoned in favor of the New Barge Canal, south of the city.

That there is an unusual opportunity for industrial development along the rails of the new subway is obvious. Many desirable sites are available throughout the nine miles of the line. West of the city a vast territory may be readily opened up to new industries.

All industries of Rochester are located in what is known as the Rochester reciprocal district. Cars in-bound by any route, can be spotted on the sidings of industries within the switching territory free of any additional expense. In other words, cars are spotted in the industries or forwarded therefrom on the basis of no greater cost than the flat Rochester rate. In the harvesting season hundreds of carloads of peaches, pears, grapes, apples and other fruits are shipped out of Rochester and surrounding territory.

Rochester is but an over-night's ride from New York, Washington, St. Louis, Cincinnati, Cleveland, Detroit, Toronto, Boston, Montreal and Chicago. This gives fast service in obtaining coal and other raw materials and in the distribution of finished products.

National advertising of many of the large industrial organizations has helped to keep Rochester and its products before the world. Goods from Rochester factories are found on the counters of merchants in all the states of the union and in many foreign countries.

About 40,000 horse power of electricity is developed from the Genesee River and plans have been made for the development of many times this amount by the damming of the Genesee at Portage.

Rochester has one main Post Office and eight sub-stations located in various parts of the city, as well as a parcel post annex, devoted exclusively to the handling of parcel post shipments, which is situated close to the main post office. Mail is distributed by a force of 257 letter carriers.

The Rochester airport, a municipally-owned and operated flying field, is located four miles southeast of the center of the city and approximately one-half mile southwest of the city line. The airport is on the Scottsville road, an improved state highway, and is easily accessible by automobile. Trolley cars operate to within one and one-half miles of the airport and passenger busses pass by it.

The field is rectangular in shape, and contains 110 acres. The surface of the field is sod. Natural and tile drainage insure an adequately dry surface at all times.

In addition to two main runways, 1,500 feet and 1,000 feet in length, respectively, there are two cross-wind runways, each 1,000 feet long. All the landing strips are of stone base and cinder top. Grading of the entire field is being completed and will result in an "allway" field.

In addition to the Municipal Airport, there are four other flying fields in or near Rochester. The largest of these is the Commercial Air Transport, Inc., airport located on the Buffalo road about six miles west of the city. The Brizee Aviation Field in Pittsford, the University Aviation Field on Henrietta road, and the Rigney's Bluff field, near the lake shore, each of which is equipped with a hangar, offer additional flying facilities.

One morning and two evening newspapers, as well as one German evening daily and several other foreign language weeklies, are published in Rochester. The total circulation of the three English daily newspapers, is 210,651.

The trading area covered by these papers, extends at some points to a distance of about 60 miles. Within this radius the influence of Rochester as a business and cultural center is well demonstrated by the large circulation of its newspapers.

Rochester is a city of homes, and its clean, tree-lined streets, well maintained by efficient city departments, give a feeling of liveableness and friendliness to the city that is not to be surpassed in any community of its size.

Wise and far-sighted city zoning has confined industry to certain areas of the city in juxtaposition to districts providing workingmen's houses.

The industries of Rochester are, for the most part, of a light manufacturing variety, and consequently, the city is unusually free of smoke and other nuisances.

Workingmen's homes can be bought or rented at very favorable rates, and there is available a supply of good, clean living accommodations for all classes of people.

A RESIDENTIAL STREET

Rochester has two lake-shore city-owned bathing beaches, embracing over a mile of lake front, together with two outdoor pools and two indoor pools. Bath houses are also maintained in convenient sections of the city.

Strictly speaking, the libraries of the city are not part of its recreational facilities, but, nevertheless, they provide opportunities for profitable use of spare time. The libraries, branches and distributing stations number 85, with a total circulation of 1,759,534.

In 1927, the Public Library Department spent approximately \$325,000 for maintenance and upkeep.

MEMORIAL ART GALLERY

Connected with the University is the Memorial Art Gallery, which offers facilities for college work in art, as well as for public exhibitions. The gallery embraces a children's museum, with a classroom for educational work with children, and a Little Theatre with a seating capacity of 300 persons.

EASTMAN THEATRE

Rochester has a total of 41 theatres, of which 33 are devoted to motion pictures, with a total seating capacity of 48,500. The famous Eastman Theatre which is an outstanding architectural achievement, has a seating capacity of 3 500, and provides seasonal musical events by world's famous artists. Legitimate stage productions are provided by two theatres, one of which maintains a splendid stock company producing Broadway successes.

Professional baseball is provided through a local team, the management of which has just completed a new park, with a modern concrete stadium. The Rochester team is a member of the International League.

Rochester is a livable city, and possesses many characteristics conducive to the well-being of the individual. The spirit of progress in Rochester, has been well exemplified in Civic affairs as well as in Industrial Development. Seldom can one find a community more keenly aware of its Civic duty or more willing to co-operate in movements to achieve those things which are essential to the progress and prosperity of the city.

Rochester occupies a strong position among cities in its class, and the diversity of its manufactures should enable practically any class of industry, to achieve economic and stable production, especially if the product requires a large amount of skilled labor in its manufacture.

“Whatever she (Rochester) does, she does in the best way.

America has no better example of a progressive,  
loyal, happy community to show the world.”

DR. JOHN H. FINLEY.

## LEGAL HOLIDAYS.

There are ten public holidays—New Year's Day, 1st of January; Lincoln's Birthday, 12th of February; Washington's Birthday, 22d of February; Memorial Day, 30th of May; Independence Day, 4th of July; Labor Day, first Monday in September; Columbus Day, October 12th; Tuesday following the first Monday in November, or day of State election; any day appointed by the Governor of the State or President of the United States, as a day of public fast, or Thanksgiving; Christmas day, 25th of December; also every Saturday, from 12 o'clock noon until 12 o'clock midnight.

When a public holiday falls upon Sunday, the following Monday becomes a public holiday.

## WATER RATES.

\$1.35 per 1,000 cu. ft. for each service taking less than 20,000 cu. ft. per month. For each service taking more than 20,000 cu. ft. per month, \$1.35 per 1,000 cu. ft. for the first 20,000 cu. ft. per month, \$1.20 per 1,000 cu. ft. for the next 80,000 cu. ft. per month, and \$1.05 per 1,000 cu. ft. for all in excess of 100,000 cu. ft. per month.

When more than one water service enters one and the same piece of property and the consumption of water thereon exceeds 100,000 cu. ft. per month, and all such water is used for one and the same business or commercial purpose, then the charge for water may be based upon the combined usage from all the services instead of each service separately.

The minimum charge for water under these rates shall be \$1.50 per quarter of three months.

A charge of \$10.00 per quarter of three months shall be made for each city owned Fire Service meter which is or may be installed on any premises.

**Metered Water Bills**—Payable quarterly. \$1.35 per 1,000 cubic feet. Minimum \$6.00 per year.

## TAXES.

**City Taxes payable**—One-half January 1st, one-half July 1st. Beginning February 1st and August 1st interest amounting to one per cent. per month (up to and including November 1st) will be added to all taxes not paid during the month they fall due.

After November 15, interest at the rate of 10 per cent. per annum shall be charged. A warrant may be issued for taxes and interest, with collector's fees added after November 15th.

**County Taxes payable January 1**—Fees will be added as follows:—

All of January without fees; February 1st to February 14th inclusive, 1 per cent.; February 15th to February 28th inclusive, 2 per cent.; March 1st to March 14th inclusive, 3 per cent.; March 15th to March 31st inclusive, 4 per cent.; April 1st to April 14th inclusive, 5 per cent.

After April 14th said addition of 5 per cent and also interest from that date at the rate of 12 per cent. per annum.

A warrant may be issued for taxes and fees and interest with collector's fees of 5 per cent. added after April 14th.

On August 1st an additional fee of \$1.00.

On the 15th day of August a list of all unpaid taxes will be published.

On the 20th day of August all unpaid taxes will be sold, and can be redeemed only by paying all delinquent and sale charges, with interest.

Checks payable to Monroe County Treasurer, and mailed, will be accepted.

Office hours 10 A.M. to 3 P.M. Saturdays 10 A.M. to 12 M.

The Library Board consists of seven members, five appointed by the City Manager for a term of five years, together with the Mayor and the President of the Board of Education as members ex-officio.

**Librarian and Secretary to Board of Trustees**—Wm. F. Yust. **Assistants to Librarian**—Bernice E. Hodges, Harland A. Carpenter. **Head of Book Order and Catalogue Department**—Ada J. White. **Children's and Extension Work**—Julia L. Sauer.

The temporary administration offices and library workrooms are in Building No. 9 at Edgerton Park. **Central**—54 Court street, 53,401 volumes. Hours 9 A.M. to 9 P.M. daily; 2 to 9 P.M. Sundays. The central collection of books opened June 15, 1926, is a beginning toward a Central Library. This is not intended to take the place of the branch libraries, though it contains practically all titles of adult books to be found in the branches. It also has many books that can not be obtained in any branch. It has no room and no books for children.

It contains an open shelf room, similar to a branch; a reference room, which is for more extensive and convenient study than is possible at the branches; a periodical room with a list of current magazines four times as large as that at the branches.

**Branch Libraries**—Edgerton Branch, Building 9, Edgerton Park, 18,718 volumes. Genesee Branch, 707 Main Street West, 18,887 volumes. Monroe Branch, 644 Monroe Avenue, 18,738 volumes. Lincoln Branch, 585 Clifford Avenue, 17,852 volumes. Goodman Branch, 511 North Goodman Street, 17,480 volumes. Charlotte Branch, 40 Stutson Street, 10,861 volumes. Brighton Branch, 25 Winton Road North, 11,956 volumes. Arnett Branch, 310 Arnett Boulevard, 14,961 volumes. Portland Branch, 571 Portland Avenue, 13,289 volumes. Lake Avenue Branch, 1504 Lake Avenue, 11,965 volumes. South Avenue Branch, 715 South Avenue, 10,332 volumes. Park Avenue Branch, 235 Park Avenue, 8,849 volumes.

The branch libraries contain chiefly popular books for home use, but also works for use in the library only, such as dictionaries, cyclopedias, and other frequently needed reference books carefully selected for their merit and suitability. Each of the branch libraries is open every day in the year from 2 to 9 P.M. for reference and circulation.

**Sub-branches**—School No. 8, 456 volumes; School No. 10, 1049 volumes; School No. 18, 1,547 volumes; School No. 19, 783 volumes; School No. 24, 1,021 volumes; School No. 39, 888 volumes; School No. 43, 947 volumes; 753 Hudson Avenue, 1,632 volumes; 760 Jay Street, 1,893 volumes.

The sub-branches are practically large deposit stations located almost entirely in schools and open only once or twice a week.

**Deposit Stations**—In 3 Department stores, B. Forman Company, Duffy-Powers Inc., Sibley, Lindsay & Curr Co. In 15 Fire houses, Engine 1, 2, 5, 13, 16, 18, 23, Hose 12, 20, 21, 25, Trucks 3, 5, 8, 10. In 4 Hospitals, Convalescent Hospital for Children, Genesee Hospital, General Hospital, Highland Hospital. In 21 industrial plants, Bausch and Lomb Optical Co.; Eastman Kodak Co.; Camera Works; Eastman Kodak Co.; Hawk-Eye Works; Eastman Kodak Co.; Kodak Park; Eastman Kodak Co.; Office; Fashion Park; Hickey-Freeman Co.; Lawyers Co-operative Pub. Co.; Michaels-Stern Co.; National Brass Mfg. Co.; Ritter Dental Mfg. Co.; Robeson Rochester Corp.; Rochester Button Co.; Rochester Folding Box Co.; Rochester Gas & Electric Corp.; Sherwood Shoe Co.; Stecher Lithographic Co.; Stromberg-Carlson Tel. Mfg. Co.; Taylor Instrument Co.; Todd Co.; Yawman and Erbe Mfg. Co. In 8 Institutions, Children's Shelter—Boys'; Children's Shelter—Girls'; Church Home; Friendly Home; Lewis Street Center; Rochester School for the Deaf; St. Mary's Orphan Home; St. Patrick's Orphan Home. In 1 Parochial School, Immaculate Conception School. In 9 Public schools, Boys' Prevocational School; Continuation School; Jefferson Junior High School; Madison Junior High School; Open Air School; School No. 5 Annex; School No. 5 Station; School 38; West Side School for Boys. In Catholic Young Men's Association; Lakeland Community Club.

Deposit stations are small collections of books placed for a time wherever they can be of service to a number of people.

**Class Room Libraries**—The Library has charge of the 690 grade libraries in the public schools, 27,961 volumes. These libraries consist of about 35 volumes each of general children's literature. Under the care and direction of the teachers they are circulated among the children in the schools for home use.

**Playground Libraries**—The playground libraries established by the Park authorities are also under the supervision of the Public Library. This collection numbers 2,737 volumes, which are circulated from eleven playgrounds.

During 1928 there were issued for home use 2,397,600 volumes from the Central Library, twelve branches, nine sub-branches, sixty-three deposit stations, 690 class rooms and eleven playgrounds.

The City appropriation for library purposes in 1929 is \$318,500.

## **THE CIVIL SERVICE.**

*For State Board of Commissioners, see page 78.*

By enactment of the legislature, all positions in the public service of Rochester (excepting those filled by public election, the heads of departments and confidential subordinates), must be filled from applicants who have successfully passed an examination by a Board of civil service examiners, or from registered list of laborers.

A Board consisting of three members is appointed by the Mayor, who also appoints the secretary and chief examiner.

Whenever a position is to be filled, the examining Board will notify the applicants on record, to appear for examination, and appointments must be made by the appointing power from the list prepared by the commission.

Soldiers or sailors who served in the war of the rebellion, having any standing on the list, have the preference. Soldiers and sailors of Spanish-American war have no preference in appointment.

## **Local Board of Municipal Examiners. (For City Appointments).**

*Chairman*, Samuel C. Pierce, William H. Gragen and Ednor A. Marsh. *Chief Examiner*, Louis E. Lazarus. *Chief Clerk*, Margaret A. Lucy. Office, 34 Court street.

## **BURIAL OF DECEASED SOLDIERS.**

The following honorably discharged soldiers in the Civil War are appointed by the Supervisors to take charge of the burial of indigent deceased soldiers, the sum of \$75 being by law allowed for each burial. Fee, \$2, and \$2 for headstone permit.
