

ROCHESTER HOUSE AND STREET DIRECTORY

COPYRIGHT, 1931, SAMPSON & MURDOCK CO., INC., ROCHESTER, N. Y.

Names of householders and business places arranged in numerical order upon their respective streets. The streets are arranged in alphabetical order. On streets that are not numbered cyphers are used in place of a street number. Intersecting streets are shown in **bold face**. Business places are denoted by business being given. In business blocks the occupants are arranged by room number where practicable. When business and residence are at the same place, it is indicated by business being given followed by abbreviation h. Street numbers are in ordinary type, room and floor number in *italic*. Street numbers begin at the end of the street nearest the centre of the city. Even numbers are upon the north or east side of streets. Odd numbers are upon the south or west side of streets.

After each street the car line running through or nearest to it is named.

*Denotes streets improperly numbered.
