Modern Conveniences

Lost, sometimes, amid the more spectacular conveniences, such as the auto, telephone, radio, or aircraft, yet the

CITY DIRECTORY

is probably the greatest convenience of this or any other age. Ponder, for a few moments, on the service rendered by the city directory. It would not be stretching matters to say that it can accurately answer a million questions about the municipality it represents. Familiarize yourself with this truly wonderful book. Learn how to use it to the greatest advantage. Study the index and miscellaneous information section for a few moments. The gold mine of local facts and information will surprise you. You will learn things about your own city that you never knew before.

WARNING!

"He Was a Stranger and He Took Me In"

Unknown solicitors representing various questionable publications take at least $100,000.00 from Rochester business and professional men annually.

These publications include many one time directories and business indexes which are unauthorized by organizations which the solicitor claims to represent. They are of no value to anyone except the promoter.

Included in a list of over one hundred on file in this office, are the following classifications:

Travel and Hotel Directories
Railroad Employees' Journals
Buyers Commercial Register
Sellers Reference Guides
Buyers Classified Guides
Trade Indexes
Business Guides
National Reference Guides
N. Y. State Business Directories
Industrial Directory

Before paying for advertising in out-of-town directories represented by strangers, verify your signature and check the source of the order.

THE ROCHESTER DIRECTORY

For the year ending October 1

1934

Containing

Alphabetical Section (Page 273) Gives names, occupations and addresses of all men twenty years old or over, women who carry on business or are employed, widows, and all business houses. Dates of deaths during the previous year are given, and, where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department, with much other information that cannot be found elsewhere.

Business Directory (Page 1137) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Reference Department (Page 129) Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Street and House Directory (Pink Section, Page 945) A complete list of streets, giving numbers at intersections, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All business houses, individuals in business, and householders are listed in numerical order upon their respective streets. A feature of great value and convenience.

Map (inside back cover) The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily.

Miscellaneous Information (Page 11) Organization of City Departments, giving officers and salaries,—Railway stations,—Societies, Institutions, etc., with officers,—State officers and departments,—U. S. officers and departments,—Courts holding sessions in the city, with terms, officers and salaries,—Population tables, etc.

The Return Circuit in Advertising

The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find ***You?***

ROCHESTER

"Where Quality Dominates."

Rochester's history is in part the chronicle of the famous Genesee Country of Western New York. The settlement of the city, its remarkable growth from a little community of 100 acres into the third largest city in the Empire State in a little more than a century, is due almost as much to the natural advantages of this section of the state as it is to the enterprise of the hardy pioneers, who, in the early years of the nineteenth century, started the little village of Rochester upon the path of progress.

This village was incorporated as Rochesterville in 1817, changed its name to Rochester in 1822, and became a city in 1834. The city had grown from a settlement of 100 acres in 1811 to a thriving community in 1834, comprising some 4,000 acres, with a population of more than 14,000 persons.

The Erie canal, opened at Rochester in 1823, and completed two years later, played a conspicuous part in building up the commerce of Rochester and in developing the resources of the Genesee Country. In 1827 there were listed more than 100 manufacturing concerns, and even at that early date there was a constantly increasing demand for Rochester-made products, large shipments going east and west via the canal each week.

In the ninety-five years since its incorporation as a city in 1834, Rochester has enjoyed a remarkably uninterrupted growth. When the opening of the west resulted in the removal of the milling interests from the city, the enterprise of its citizens resulted in the establishment of other lines of industry.

PORT OF ROCHESTER—ON LAKE ONTARIO

Many special advantages are offered by Rochester to the homeseeker and to the business man. It is a city with picturesque surroundings, set in the heart of the fertile Genesee Valley at the point where the river takes a drop of more than 300 feet in a series of three falls, and thus presents an ideal combination of industry and agriculture. The city occupies a strategic position from the standpoint of transportation, so that raw materials are easily and cheaply obtained and finished products promptly distributed. The city owes its location to the power generated in the Genesee River. The development of this power, originally used to cut logs and grind corn, has made Rochester an industrial city of note whose products are known in all parts of the world.

In its growth the city has lost few of its original charms and has taken on all the advantages of a large city. Rochester is located in the largest agricultural county in New York State, a county which ranks well up in point of productiveness with any in the country. Monroe County, with its five surrounding counties, total a population of 398,591, and a circle drawn with a radius of 90 miles from Rochester embraces a population of nearly two million.

PART OF INDUSTRIAL ROCHESTER

Known first as the Flour City because of its extensive milling interests, the city's cognomen was later changed to the Flower City because of the extensive horticultural interests which were developed. With the growth of industry on a large scale, the city became known as the city of varied industries and took as its slogan "Rochester Made Means Quality." Rochester boasts many famous industrial organizations and leads the world in the production of a number of products.

In Rochester are the largest manufacturers of enameled steel tanks in the world; the largest manufacturers of filing devices and office systems; the largest thermometer plant in the world; the largest optical works in the world; the largest manufacturers of check protectors; the largest film factory in the world; the largest camera factory in the world; the largest photographic plate factory in the world; the largest manufacturers of soda fountain fruits and syrups. It is a leader in telephone apparatus, paper box manufacture and many other lines. More high-class ivory buttons are made here than in any city in the United States. It is the headquarters of the nursery business of the United States.

PART OF BUSINESS SECTION, LOOKING EAST ON MAIN STREET

Rochester had 935 manufacturing establishments in 1929, producing 325 separate commodities. Each of these concerns manufactured goods valued at more than $5,000 annually. The investment in plant building and equipment was $297,586,431, whereas, the annual wages and salaries approximated $113,504,923. Rochester is the worlds headquarters for photographic goods and supplies. It ranks fourth in the production of women's shoes and has the same rank in the production of men's clothing. The production of shoes each year is valued at $20,000,000, and the clothing output is valued at $50,000,000. In 1927 Rochester out of twenty leading American cities ranked first in the percent of wage earners (16.6%) to total population.

From 1923 to 1927 Rochester industries showed the greatest per cent. increase in the number of employees, stood second in the growth of wages paid, and rated third in the percent growth realized in manufacturing output, as compared with thirty leading American cities.

GENESEE VALLEY PARK

One of the outstanding features of the city is its park system which includes five large and twenty-eight small parks containing 1,777 acres. Genesee Valley Park contains 589.83 acres; Durand-Eastman Park along the Lake Ontario Shore contains 474 acres; Edgerton (Exposition) Park has an area of 42 acres, contains eight large practical and beautiful buildings.

Because of the high grade of workmanship demanded in most of Rochester's industrial organizations, Rochester boasts an unusually large percentage of skilled mechanics. This means that wages are good, a situation which is reflected in the large proportion of home-owners found in this city. More than 42% of Rochester's dwellings are owned by those who live in them, which puts Rochester among the first ten cities of the country in this respect.

From a transportation point of view the city enjoys many advantages. Many of the articles manufactured in Rochester are of a specialty and technical nature. The out-bound freight business from Rochester, therefore, is largely made up of less than carload shipments. As a result of this immense tonnage, the city undoubtedly has the best distributive service of any city this side of the sea board.

Rochester is served by five important railroads, three suburban electric routes, the New York State Barge Canal, and steamship lines operating on Lake Ontario. Improved highways leading east, west and south, enable any type of merchandise and produce to be transported to adjacent cities by motor truck. The city possesses modern aviation facilities in its municipally-owned airport. These factors have made Rochester one of the outstanding cities in the country in point of transportation service and facilities.

It is estimated that 9,000 people enter and depart from Rochester each day over the city railroads, which run approximately 150 passenger trains daily. In addition to this, about 4,000 people are handled daily by electric suburban lines, and busses operating in and out of the city.

High-grade freight service from Rochester to all destinations is rendered by the railroads entering the city.

The Barge Canal is an important factor in the transportation service of Rochester. A large modern freight terminal and warehouse constructed by the state of New York, at the dockside of this inner harbor, which is about two miles in length, and located in the heart of the business district, is equipped to handle almost any amount of freight.

Central Library of Rochester and Monroe County - City Directory Collection - 1934

COURT STREET BRIDGE, SUBWAY AND BARGE CANAL HARBOR

In its new subway, Rochester has all the advantages of a highly modern joint transit railroad facility. This important traffic artery operated by electricity, provides expedited passenger and freight service for a large portion of the city, at a cost of more than $12,000,000. Rochester has utilized the right of way of the old Erie Canal, passing east and west through the very center of the city, which has been abandoned in favor of the New Barge Canal, south of the city.

That there is an unusual opportunity for industrial development along the rails of the new subway is obvious. Many desirable sites are available throughout the nine miles of the line. West of the city a vast territory may be readily opened up to new industries.

All industries of Rochester are located in what is known as the Rochester reciprocal district. Cars in-bound by any route, can be spotted on the sidings of industries within the switching territory free of any additional expense. In other words, cars are spotted in the industries or forwarded therefrom on the basis of no greater cost than the flat Rochester rate. In the harvesting season hundreds of carloads of peaches, pears, grapes, apples and other fruits are shipped out of Rochester and surrounding territory.

Rochester is but an over-night's ride from New York, Washington, St.Louis, Cincinnati, Cleveland, Detroit, Toronto, Boston, Montreal and Chicago. This gives fast service in obtaining coal and raw materials and in the distribution of finished products.

National advertising of many of the large industrial organizations has helped to keep Rochester and its products before the world. Goods from Rochester factories are found on the counters of merchants in all the states of the union and in many foreign countries.

About 40,000 horse power of electricity is developed from the Genesee River and plans have been made for the development of many times this amount by the damming of the Genesee at Portage.

Rochester has one main Post Office and eight substations located in various parts of the city, as well as a parcel post annex, devoted exclusively to the handling of parcel post shipments, which is situated close to the main post office. Mail is distributed by a force of 257 letter carriers.

The Rochester airport, a municipally-owned and operated flying field, is located four miles southeast of the center of the city and approximately one-half mile southwest of the city line. The airport is on the Scottsville road, an improved state highway, and is easily accessible by automobile. Trolley cars operate to within one and one-half miles of the airport and passenger busses pass by it.

The field is rectangular in shape, and contains 110 acres. The surface of the field is sod. Natural and tile drainage insure an adequately dry surface at all times.

In addition to two main runways, 1,500 feet and 1,000 feet in length, respectively, there are two cross-wind runways, each 1,000 feet long. All the landing strips are of stone base and cinder top. Grading of the entire field is being completed and will result in an "allway" field.

One morning and two evening newspapers, as well as one German evening daily and several other foreign language weeklies, are published in Rochester. The total circulation of the three English daily newspapers is 210,651.

The trading area covered by these papers, extends at some points to a distance of about 60 miles. Within this radius the influence of Rochester as a business and cultural center is well demonstrated by the large circulation of its newspapers.

Rochester is a city of homes, and its clean, tree-lined streets, well maintained by efficient city departments, give a feeling of liveableness and friendliness to the city that is not to be surpassed in any community of its size.

Wise and far-sighted city zoning has confined industry to certain areas of the city in juxtaposition to districts providing workingmen's houses.

The industries of Rochester are, for the most part, of a light manufacturing variety, and consequently, the city is unusually free of smoke and other nuisances.

Workingmen's homes can be bought or rented at very favorable rates, and there is available a supply of good, clean living accommodations for all classes of people.

MAGNOLIA TIME—OXFORD STREET

Rochester has two lake-shore city-owned bathing beaches, embracing over a mile of lake front, together with two out-door pools and two indoor pools. Bath houses are also maintained in convenient sections of the city.

Strictly speaking, the libraries of the city are not part of its recreational facilities, but, nevertheless, they provide opportunities for profitable use of spare time. In 1931, the libraries, branches and distributing stations numbered 114, with a total circulation of 2,732,590.

In 1931, the Public Library Department spent approximately $343,144 for maintenance and upkeep.

MEMORIAL ART GALLERY

Connected with the University is the Memorial Art Gallery, which offers facilities for college work in art, as well as for public exhibitions. The gallery embraces a children's museum, with a classroom for educational work with children, and a Little Theatre with a seating capacity of 300 persons.

Central Library of Rochester and Monroe County - City Directory Collection - 1934

EASTMAN THEATRE

Rochester has a total of 41 theatres, of which 33 are devoted to motion pictures, with a total seating capacity of 48,500. The famous Eastman Theatre, which is an outstanding architectural achievement, has a seating capacity of 3,500, and provides seasonal musical events by world's famous artists. Legitimate stage productions are provided by two theatres, one of which maintains a splendid stock company producing Broadway successes.

International League baseball is provided through a local team, with a modern concrete stadium seating over 18,000.

Rochester is a livable city, and possesses many characteristics conducive to the well-being of the individual. The spirit of progress in Rochester, has been well exemplified in Civic affairs as well as in Industrial Development. Seldom can one find a community more keenly aware of its Civic duty or more willing to co-operate in movements to achieve those things which are essential to the progress and prosperity of the city.

Rochester occupies a strong position among cities in its class, and the diversity of its manufactures should enable practically any class of industry to achieve economic and stable production, especially if the product requires a large amount of skilled labor in its manufacture.

The original Water Works were begun in July 1873, and completed in February, 1876. They embrace three distinct systems of water distribution from two separate sources. The first or principal one is the gravity system from Hemlock Lake as source, which now includes three conduits and 493 miles of distributing pipe; the second is the Holly System which serves essentially in affording a more efficient fire protection in the central and manufacturing districts of the city, the extent of distributing pipe connected therewith being about 25 miles. The third is the Charlotte System which derives its supply from Lake Ontario with about ten miles of distributing pipes. Total length of distributing pipes, in city, of three systems about 528 miles.

Conduit I consists of 9.8 miles of 36-inch, and 3 miles of 24-inch wrought-iron riveted pipe, and 15.5 miles of 24-inch cast-iron pipe; total length of conduit I is 28.3 miles.

Conduit II consists of 2.252 miles of brick conduit 6 feet in diameter, .29 of 60-inch steel intake pipe and 25.94 miles of 38-inch riveted steel pipe, with 2 miles of 36-inch cast-iron pipe; total length of conduit II, 30.4 miles.

Conduit III was constructed in 1914 to 1918 from the foot of the brick tunnel to Rochester and consists of 7.8 miles of 37-inch cast-iron pipe and 17.7 miles of 37-inch lock-bar steel pipe. Total length of conduits and distributing pipes, January 1, 1919, 542.2 miles.

Elevation of Candace Lake above canal aqueduct, 586 feet; length of lake, 3½ miles; average width of lake, one-third of a mile; depth of lake, 86 feet.

Number of fire hydrants set in January 1, 1933, 7,189; number of stop valves, 13,794; capacity of conduit I per day, 7,000,000 gallons, capacity of conduit II, 16,000,000 gallons, capacity of conduit III, 19,000,000 gallons, Holly pumping works, 15,000,000 gallons. Daily average consumption of Hemlock water, 32,000,000 gallons.

Central Library of Rochester and Monroe County - City Directory Collection - 1934

Original cost of introduction of the water, for which thirty-year 7 per cent. bonds were issued, $3,518,000; additional cost for extending mains within the city limits, including large new distributing mains and new storage reservoir, being the amount included in tax levies and bond issues, from 1876 to January 1, 1916, $5,855,586.59. Cost of conduit II and new distributing mains, approximately, $3,000,000. Cost of conduit III, $1,422,243.01.

Number of taps January 1, 1887, 3,260; June 1, 1880, 7,395; June 1, 1885, 15,659; April 1, 1890, 23,068; April 1, 1895, 27,921; January 1, 1900, 33,977; January 1, 1905, 37,680; January 1, 1910, 45,729; January 1, 1915, 56,311; January 1, 1916, 58,092; January 1, 1917, 60,704; January 1, 1918, 61,633; January 1, 1919, 61,836; January 1, 1920, 62,185; January 1, 1921, 62,431; January 1, 1922, 62,889; January 1, 1923, 70,437; January 1, 1924, 71,186; January 1, 1925, 73,042; January 1, 1926, 73,746; January 1, 1927, 74,176; January 1, 1929, 77,315; January 1, 1930, 78,270; January 1, 1931, 79,204; January 1, 1932, 79,273; January 1, 1933, 79,415

Revenue from Water Rents and all other sources, January 1 to December 31, 1932, $1,412,399.59. Operating expenses January 1 to December 31, 1932, $593,930.33. Amount applied to payment of interest, serial bond installments, and sinking fund contributions, on funded water debt, in 1932, $784,246.29.

Water Rates—$1.35 per 1,000 cu. ft. for each service taking less than 20,000 cu. ft. per month. For each service taking more than 20,000 cu. ft. per month, $1.35 per 1,000 cu. ft. for the first 20,000 cu. ft. per month, $1.20 per 1,000 cu. ft. for the next 80,000 cu. ft. per month, and $1.05 per 1,000 cu. ft. for all in excess of 100,000 cu. ft. per month.

When more than one water service enters one and the same piece of property and the consumption of water thereon exceeds 100,000 cu. ft. per month, and all such water is used for one and the same business or commercial purpose, a charge for water may be based upon the combined usage from all the services instead of each service separately.

The minimum charge for water under these rates shall be $1.50 per quarter of three months.

A charge of $10.00 per quarter of three months shall be made for each city owned Fire Service meter which is or may be installed on any premises.

Metered Water Bills—Payable quarterly. $1.35 per 1,000 cubic feet. Minimum $1.50 per quarter.

ROCHESTER DIRECTORY

REFERENCE DEPARTMENT

Where more information than is possible to give under the classified listings is placed on file for buyers reference. The value of this department is inestimable. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information.

Silver Trophy awarded each year—in National competition—by the Direct Mail Advertising Association for the best direct advertising campaign of the year, featuring Letters.

Won by SAMPSON & MURDOCK COMPANY in 1929 for campaign prepared for the Copley Plaza Hotel—won by Sampson & Murdock Company in 1930 for campaign prepared for the Workingmen's Co-operative Bank . . . and won again—in 1932—for the third time, making it permanently ours—in work handled for The Coward Shoe.

IT'S well to know what sort of background an advertising house has before you spend your money and entrust the directing of your selling policy into its hands.

Good advertising brains, long and varied experience, mechanical equipment of the latest and most approved types, and financial responsibility—these are the things that make Sampson & Murdock Company one of the most important direct advertising firms in the East.

Directory publishers since 1846, compilers of special mailing-lists ever since mailing-lists have been used, and now—the latest stage of a progressive development—a completely staffed and splendidly equipped creative direct advertising house.

As proof of the quality of our work we invite your inspection of any advertising campaign we have produced, and call your attention to the prize award pictured at the top of this page which stamps our work as uniformly successful. As proof of the up-to-dateness of our equipment and the proficiency of our mechanical layout, we invite your inspection of our offices, our directory library, and our two plants at your own convenience. As proof of our financial responsibility, we invite your inspection of our rating in Bradstreet's or Dun's.

We will appreciate the opportunity to consult with the officers of any firm interested in the possibilities of carefully planned direct advertising as a stimulant to sales.

A Buyer Wants Information

Does your copy tell him more than he already knew when he turned to the page bearing your advertisement? Purchasing agents often tell us they find a concern specializing on just what they are looking for by turning to these descriptive spaces, but that in many cases insufficient information is given.

Whatever helps the buyer to find what he wants means business for the seller. Anyone referring to a directory advertisement does so because he is already **interested.** Therefore space need not be used to attract **attention** or **create desire.**

Treat the reader as you would a person coming direct to you, inquiring about your service or product with the idea of doing business. Don't let your prospect turn away from your ad without finding out why you are equipped to serve him.

MONEY DEPOSITED during the first three business days of any month will draw interest from the first of that month, if left until the end of the quarter. The quarters begin with the first days of March, June, September and December. Deposits may be withdrawn on the last three business days of a quarterly period without loss of interest.

THE RATE OF INTEREST is determined at the close of each six months from the actual earnings for that period and at the highest rate which such earnings will in the best judgment of the Board of Trustees allow.

INTEREST IS CREDITED to accounts December 1st and June 1st, and if not withdrawn will bear interest as a deposit.

THE PASS BOOK must be presented for depositing or withdrawing.

MONEY TO LOAN on bond and mortgage.

DEPOSITS OF ONE DOLLAR or of any larger sum, not exceeding in the aggregate Seven Thousand Five Hundred Dollars from any one depositor may be received, exclusive of interest.

THE BANK is open daily, holidays excepted, from 9 A.M. to 3 P.M. except Saturdays, from 9 A.M. to 12 o'clock noon. Open Saturday evenings from 5.00 to 9.00 to receive deposits.

MAIL ADVERTISING SERVICE

Complete from Plan to Mailbox

★

SUCCESSFUL selling ideas grow out of the fusion of two types of fundamental knowledge—intimate knowledge of the product, which you have; intimate knowledge of selling methods, which we have. We talk it over with you, analyse, and the idea begins to grow.

After the basic plan, comes the business of research for data, writing copy, creating typographical style, and similar mechanics of the craft. Our Copy and Service Department is organized to take care of this part of the work.

Lists, of course, are a vital factor; and we naturally have unusual facilities for compiling them because of our directory connections.

Multigraphing and mailing must be well done if the whole campaign is to be effective. Our large Mechanical Department is equipped for speed and facility of operation.

Ours is a complete service that relieves you of every mail advertising detail

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. **Put—"We are listed in the directory"** in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

METROPOLITAN ROCHESTER - 398,591 POPULATION

Of these, 328,000 reside in the city, 42,800 are residents of the towns of Brighton, Gates, Greece and Irondequoit and represent a new distribution field for Rochester merchants.

What portion of this rapidly growing suburban market are YOU serving?.....HOW can you cover the entire field?

By making intelligent use of the names and addresses of over 18,000 adult residents and property owners of this section.

LETTERS

Sales Letters: Letters, because their real object is to appear as personal messages and not advertising, are the most difficult form of advertising to prepare, and should always be done by trained minds. Our Sales Promotion Department has a splendid record for successful letters.

Processed Letters: Our Kier Processed Letters are exactly like good individually typed letters. A new process you'll be interested in.

MAIL ADVERTISING SERVICE

Complete from Plan to Mailbox

★

SUCCESSFUL selling ideas grow out of the fusion of two types of fundamental knowledge—intimate knowledge of the product, which you have; intimate knowledge of selling methods, which we have. We talk it over with you, analyse, and the idea begins to grow.

After the basic plan, comes the business of research for data, writing copy, creating typographical style, and similar mechanics of the craft. Our Copy and Service Department is organized to take care of this part of the work.

Lists, of course, are a vital factor; and we naturally have unusual facilities for compiling them because of our directory connections.

Multigraphing and mailing must be well done if the whole campaign is to be effective. Our large Mechanical Department is equipped for speed and facility of operation.

Ours is a complete service that relieves you of every mail advertising detail

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Rochester Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product, is wise.

Investigate the City Directory the book of many uses

DIRECT MAIL ADVERTISING

Alert advertisers are now demanding catalogues that are more than a mere listing of their products; they want books that are *sales forces*—that present the same well-planned sales arguments that the star salesman uses. We are serving a large clientele with this effective type of sales medium; and we can be of help to you also.

PARTY LINE TELEPHONE RULES

When making a telephone call, remove the receiver and listen. If the line is in use, replace the receiver immediately and wait for a few minutes before trying again.

The length of a conversation should in no case exceed five minutes, and you are requested to make it as brief as possible. Allow an interval of a few minutes to elapse before calling another party, as someone on your line may be waiting to make an emergency call.

Do not tolerate anyone to listen at your telephone when the line is in use.

SERVING INDUSTRY — THE PROFESSIONS — AND THE HOME

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new city directory at once. It will pay you bigger dividends for the money invested than many of your ventures.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising *suggests* wants and *creates* desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy.*

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

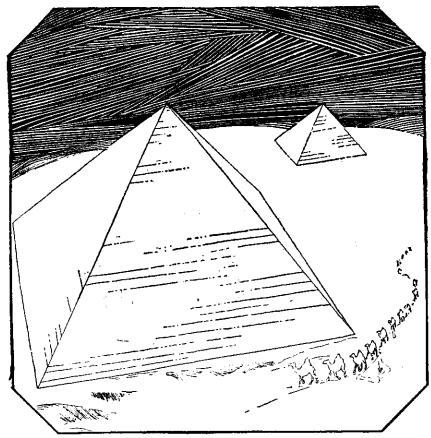
A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book.*

A Help to You

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?



If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected.*

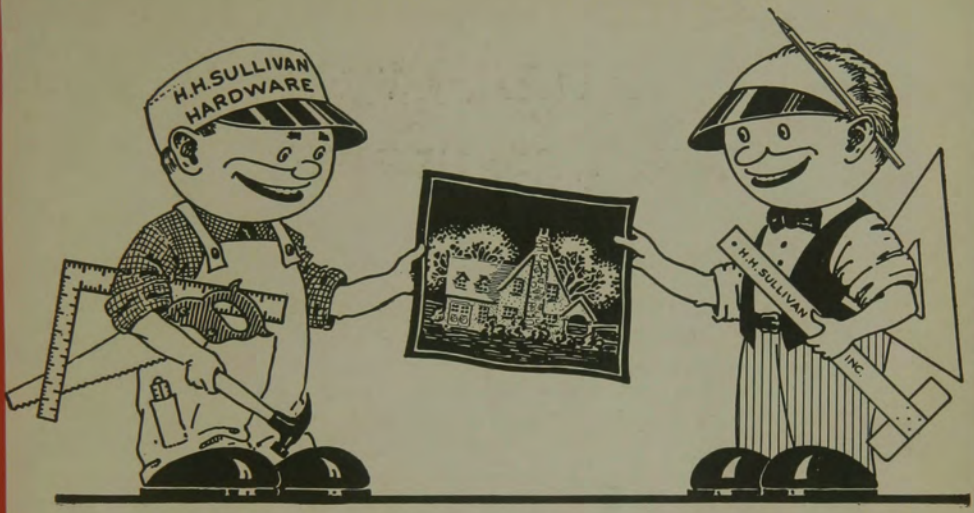
A Lasting Advertisement

Insuring Maximum Coverage at Minimum Cost Is Now Available



City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or product, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.
