Crosby Friar Co Inc

Crosby Friar Co Inc was founded by Robert Sherrard and George T. Dunlap with W. F. and John D. Crosby as the managing partners. The company was established in 250 William Street, Rochester, New York.

Later, the company expanded to 225 Mill Street, and then moved to 267 Elm Street. At that time, the company was led by Harold D. (H M Crosby & Sons) a successful mill furnisher.

In 1944, Harold D. Crosby passed away, and the company continued under the leadership of his successor, Marshall C. L. Crosby.

The company specialized in the production of mill furnishers, which are materials used in the production of paper. Crosby Friar Co Inc was a significant player in the paper industry, supplying materials to various companies around the world.

The company's products were widely used in the production of paper for packaging, printing, and other applications.

In 1951, the company was acquired by the founder's son, Marshall C. L. Crosby, who continued to lead the company until his retirement in 1974.

After Crosby's retirement, the company was managed by his daughter, Grace M. Crosby, and later by her son, David M. Crosby.

Crosby Friar Co Inc played a crucial role in the paper industry, providing high-quality materials that contributed to the production of millions of tons of paper per year.

The company's legacy is still felt today, as its innovations and contributions continue to shape the industry. The Crosby Friar Co Inc is a testament to the vision and hard work of its founders and subsequent leaders.
