A PUBLIC SERVICE PUBLICATION

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

A Lasting Advertisement

**Insuring Maximum Coverage at Minimum
Cost Is Now Available**

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or product, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
