INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1943 edition of the Rochester City Directory.

Confidence in the growth of Rochester's industry and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Rochester to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Rochester Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT on white paper, pages 7 to 37, presents lists of city, county, state and federal officials, post office information, schools and institutions, with officers, courts holding sessions in the city, population tables, statistical review, and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, on white paper, is included in pages 49 to 946. This is the only record in existence that aims to show the name, marital status, occupation and addresses of each adult resident of Rochester, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE beginning opposite page 946, printed on tinted paper in a separate series of pages from 1 to 68, contains the advertisements of leading banking, manufacturing, business and professional interests of Rochester. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a great commercial and industrial center like Rochester, the necessity of having this kind of information immediately available is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 949 to 1051, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE of Rochester and a STREET FINDING LIST of eight suburbs, on pink paper, covers pages 1053 to 1328. The names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Rochester.

The Rochester Directory Library

Through the courtesy of the publishers of the Rochester City Directory, a Directory Library is maintained in the Public Library, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

A PUBLIC SERVICE PUBLICATION

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who?, which arise in daily Business and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

Credit-Reference Checking by use of the City Directory
Is Accurate—Complete—and Avoids Embarrassing Delays
SAVE TIME—SAVE MONEY
ON SOLICITATIONS

Follow this effective guide to control solicitations:

1. Refuse all solicitations by telephone.

2. When solicited personally, refuse to contribute to any cause until you call the Bureau for a report, or,

3. Hand the solicitor our questionnaire form. (Ask us for a supply of these forms.) If filled in, forward to Bureau.

4. On all advertising solicitations for which you subscribe, pay only on delivery of publication to you.

What will this accomplish? It will take your name off the “sucker” list, protect you from fraudulent and spurious promotions, reduce solicitation expense, give you the satisfaction of knowing where your money is really going.

THE BUREAU HAS NOTHING TO SELL

The voluntary membership of the Bureau includes Newspapers, Broadcasting Stations, Banks, Financial Institutions, and other business firms including Manufacturers, Retailers, Insurance, Professional and Service groups.

Business interests and the public depend upon the Bureau for FACTS.

The Bureau is NOT connected with ANY LOCAL ORGANIZATION OR PUBLIC OFFICE.

Make your advertising dollars doubly effective

City Directory Advertising assures you of results when the buyer is ready to buy.

Large amounts are expended annually in newspaper, billboard, radio, and direct mail advertising to create a desire for goods. Response is not immediate. Many people want the goods but are unable to buy at the time. The effect of a great portion of your advertising expenditure is lost.

City Directory advertising recovers this loss. It is there, where the buyer can find you, when he is ready to buy.

Your firm and its products should be prominently displayed.

Be sure your business is represented in the next issue

POWER OF ADVERTISING

The City Directory is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you!

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Into the home goes a COMPLETE newspaper — accurate, up-to-the-minute news of the day — columnists, comics, cartoons, women's pages, vigorous editorials and a variety of daily features which advance the interests of our readers.

(Excerpts from Marshall Lynn's official report of 1917)

"... and from no source have I received more help than from the German people. "The German Daily (The Rochester Abendpost) has done very valuable service in bringing the attention of its readers to the attitude of the government—and urging with able argument, all of the German people to unqualified loyalty to this government."

THE ABENDPOST IS AGAIN ALIVE TO THE DUTIES AND RESPONSIBILITIES RESTING UPON IT AT THIS TIME. IT IS RENDERING VALUABLE SERVICE TO EVERY BRANCH OF THE GOVERNMENT THROUGH ITS COLUMNS.

TELEPHONE SERVICE

PROTECT YOUR INVESTMENT

In business, every effort is made to prevent loss by fire. Sprinkler systems, trained fire squads, handy fire hoses all play their part; insurance nearly always covers actual damage. But the inconvenience, the loss of customers and interruptions in production can be avoided by the speed with which fire is prevented from growing, by the telephone.

A number of extension telephones throughout a plant or an office is an important asset to any business, when emergencies like fire arise. Quick communication then is absolutely necessary. The business — or the home — protected by the telephone is more secure against loss.

INCLUDING

A Complete Street and Avenue Guide

1943

Copyright, 1942, by R. L. Polk & Co., Inc.

(For Street and Avenue Guide of Suburban Towns see Rochester Suburban Directory)

Giving the location of Streets, Avenues, Places, Parks, &c showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

Business places are denoted by business being given. In business blocks the occupants are arranged by room number where practicable.

When business and residence are at the same place, it is indicated by business being given followed by abbreviation h.

House numbers are in ordinary type, business numbers in bold face, room and apartment numbers in italic.

Street numbers begin at the end of the street nearest centre of the city. Even numbers are upon the north or east side of streets.

After each street the car or bus line running through or nearest to it is named.

* Denotes streets improperly numbered.

The symbol, C, following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

The image contains a page from a city directory, listing names, addresses, and other information for various individuals. The entries are arranged in a tabular format, with columns for names, addresses, and possibly other details such as occupations or professions. The page is densely packed with information, typical of a city directory. The text appears to be handwritten or printed in a typewriter font, common in directories of the past. This type of document would typically be used for finding addresses, names, and other contact information for individuals in a city.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising suggests wants and creates desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants when he wants to buy.

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as in this book.

A Help to You

In your buying, use the lists in this book. If you see a name in heavy type it is because that concern thought enough of your possible business to make it easy for you to find them. If it says “See page — —”, you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the “Selling Section” that will really help a buyer, and point to you as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you now how little it costs to be protected.

This Publication
Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To cooperate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or passing off for any fraudulent or fake directories.
