SAVE TIME—SAVE MONEY

ON SOLICITATIONS

Follow this effective guide to control solicitations:

1. **Investigate all telephone solicitations from unknown persons.**
2. **When solicited personally, refuse to contribute to any cause until you call the Bureau for a report, or,**
3. **Hand the solicitor our questionnaire form. (Ask us for a supply of these forms.) If filled in, forward to Bureau.**
4. **On all advertising solicitations for which you subscribe, pay only on delivery of publication to you.**

What will this accomplish? It will take your name off the "sucker" list, protect you from fraudulent and spurious promotions, reduce solicitation expense, give you the satisfaction of **knowing where** your money is really going.

THE BUREAU HAS NOTHING TO SELL

The voluntary membership of the Bureau includes Newspapers, Broadcasting Stations, Banks, Financial Institutions, and other business firms including Manufacturers, Retailers, Insurance, Professional and Service groups.

Business interests and the public depend upon the Bureau for FACTS.

The Bureau is NOT connected with ANY LOCAL ORGANIZATION OR PUBLIC OFFICE.

Make your advertising dollars doubly effective

City Directory Advertising assures you of results when the buyer is ready to buy.

Large amounts are expended annually in newspaper, billboard, radio, and direct mail advertising to create a desire for goods. Response is not immediate. Many people want the goods but are unable to buy at the time. The effect of a great portion of your advertising expenditure is lost.

City Directory advertising recovers this loss. It is there, where the buyer can find you, when he is ready to buy.

Your firm and its products should be prominently displayed.

Be sure your business is represented in the next issue

Office of War Information

Recommends Newspapers like the

Rochester Daily Abendpost

"...I sincerely hope that you, the leaders of the advertising field, give them (the foreign language newspapers) their full share.. They deserve it, for two sound reasons.

"They are loyally contributing to the winning of the war, and the vast majority of them have won the right to all the support they can get from the American community in keeping open their vital channels of communication.

"And they give practical access to millions of people not reached by the regular English language press."

(From an address by Alan Cranston, Chief, Foreign language Division, Office of War Information, before the Advertising Club of Boston, April 6, 1943)

Put Telephone Receiver Back in Place!

Considerable telephone equipment in exchanges is tied up everyday because of misplaced telephone receivers. Service is disrupted when receivers are not replaced properly after a call is completed, or are tilted or lifted accidentally. By putting telephone receivers back in place properly, subscribers can prevent tying up equipment that could be used for other calls.

Don't Contribute to Counterfeiters KNOW YOUR MONEY!

Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT	*Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
	Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.
COLORED SEAL	*Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.
	Genuine—Saw-tooth points around rim are even and sharp.
SERIAL NUMBERS	*Counterfeit*—Poorly printed, badly spaced, uneven in appearance.
	Genuine—Figures firmly and evenly printed, well spaced.
PAPER	*Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
	Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or $7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.
