# SAVE TIME—SAVE MONEY

# ON SOLICITATIONS

Follow this effective guide to control solicitations:

1. **Investigate all telephone solicitations from unknown persons.**
2. **When solicited personally, do not contribute to any cause until you call the Bureau for a report, or,**
3. **Hand the solicitor our questionnaire form. (Ask us for a supply of these forms.) If filled in, forward to Bureau.**
4. **On all advertising solicitations insist on a written order and pay only on delivery of publication to you.**

**What will this accomplish?** It will take your name off the "sucker" list, protect you from fraudulent and spurious promotions, reduce solicitation expense, give you the satisfaction of **knowing where** your money is really going.

# Make your advertising dollars doubly effective

**City Directory Advertising assures you of results when the buyer is ready to buy.**

Large amounts are expended annually in newspaper, billboard, radio, and direct mail advertising to create a desire for goods. Response is not immediate. Many people want the goods but are unable to buy at the time. The effect of a great portion of your advertising expenditure is lost.

City Directory advertising recovers this loss. It is there, where the buyer can find you, when he is ready to buy.

Your firm and its products should be prominently displayed.

**Be sure your business is represented in the next issue**

# There's a Good Service Man Right in Your Own Neighborhood

You can save money, time and inconvenience by keeping your electric and gas household appliances in good working order. Right in your own neighborhood there's a dealer who maintains a good service department and who'll do your repair work efficiently and economically. Call him when something goes wrong. When you give a repair job to a dealer in your own neighborhood you'll not only get good service but you'll help to conserve the time, gasoline and wear on tires that are required for lengthier service trips.

# Don't Contribute to Counterfeiters KNOW YOUR MONEY!

# Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

**The Government never redeems counterfeit money!**

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

| | |
|---|---|
| PORTRAIT | *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background. |
| | *Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines. |
| COLORED SEAL | *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off. |
| | *Genuine*—Saw-tooth points around rim are even and sharp. |
| SERIAL NUMBERS | *Counterfeit*—Poorly printed, badly spaced, uneven in appearance. |
| | *Genuine*—Figures firmly and evenly printed, well spaced. |
| PAPER | *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines. |
| | *Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn. |

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or $7.60 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

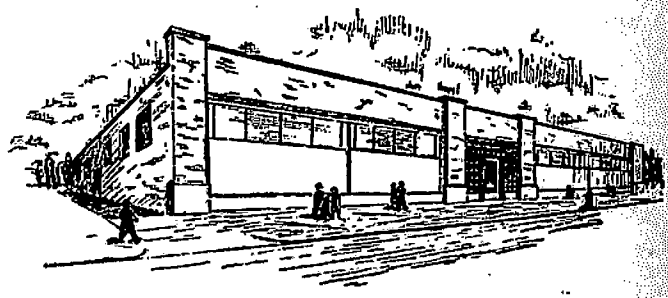
# *Service to Industries*

While the greater share of our facilities are now being devoted exclusively to "all-out" war production, we have, nevertheless, succeeded in maintaining and expanding our special "Service to Industries" divisions which consist of:

1. Facilities for designing and producing any type of "specially-built" equipment to meet special production requirements.
2. A corps of capable maintenance mechanics, specially trained in all phases of plant maintenance.
3. Complete "conversion" facilities embracing engineering, re-designing and re-building all types of industrial equipment.



A telephone call or a letter will bring you full particulars regarding any or all of these special Walz and Krenzer services. Why not investigate them today!

## WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

Defective eyesight is a major cause of the jitters and "sour" dispositions. Eyes that are weak or defective usurp nerve energy intended to keep other organs in balance — and indirectly cause a person to fatigue easily, become cross, on edge—and generally jittery. ***DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?***

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

# Put Telephone Receiver Back in Place!

Considerable telephone equipment in exchanges is tied up everyday because of misplaced telephone receivers. Service is disrupted when receivers are not replaced properly after a call is completed, or are tilted or lifted accidentally. By putting telephone receivers back in place properly, subscribers can prevent tying up equipment that could be used for other calls.
