BRIGHTON HOUSEHOLDERS AND COMPLETE STREET DIRECTORY

1930

COPYRIGHT, 1930, SAMPSON & MURDOCK CO. INC., ROCHESTER, N. Y.

The streets are arranged in alphabetical order.

Intersecting streets are shown at the actual numbers of beginning, crossing or ending, in italics.

House numbers are compiled in order of location on the street, ciphers being used where numbers are lacking.

Numbers are printed in two columns, to show location on left or right side of street.

Place of business is indicated by the nature of business being stated after a name; and where business is carried on at a residence the abbreviation "h" (for house) follows the business.

Resident property owners are denoted by an asterisk * after name.

Post office follows description of street, in parenthesis. Mail is delivered in Brighton through the Rochester post office, by carrier or R. D. 1, 2 or 3; or through Henrietta post office.

You may be remembered a hundred years from now

It seems a long time in this era of change but it is a fact that the influence of our forefathers is often carried on for generations.

Especially in business and financial affairs is the record of the past liable to be of vast importance to the present.

The silent testimony of old directories is often accepted by courts as valuable evidence and too much care cannot be taken by business men to insure that all such records are accurate and complete.

Unlike most other mediums for advertising, the Directory is kept on file in many law and public libraries for years after its immediate usefulness as an address book has disappeared and it becomes a permanent record of the firms and individuals listed therein.

A very small sum insures adequate representation from year to year and such record may prove of great service at some future date.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you.

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
