Your Business on Record All Over America

**Hundreds of Directory Libraries Can Give Your
Advertisement National Circulation**

Thousands of your potential customers are visiting the City Directory Libraries of the United States and Canada every month seeking sources of supply and other information. These library locations are advertised and publicized consistently and continually. These libraries are maintained by the Association of North American Directory Publishers through the courtesy of the members who keep them supplied with City Directories as part of their service to the public. Is your product or service properly registered in these

libraries so that those looking may readily obtain the information desired? This library system is a sound economic feature that brings your product or service within the reach of millions at a cost to you that is surprisingly low in comparison with proven results. A folder, descriptive of this huge system of City Directory Libraries, together with a privilege card entitling you to the benefits of free usage, is yours for the asking, on your business letterhead. COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty-five years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.
