### How to Use the Directory

The City Directory is really a cooperative catalog of the inhabitants, business interests, and institutions of the City. But the very mass of the information contained, until one learns how to use it, may appear to be an obstacle to those unfamiliar with its arrangement.

Chambers of Commerce receive thousands of calls for information, many of which might be answered with a saving of time to all concerned by a simple reference to the Directory, if inquirers thought to look there first. At the suggestion of one Chamber, the following list of typical questions which can usually be answered by referring to the Directory, was drawn up. It is interesting, educational, and should help users to get more value from the Directory.

(Typical Questions)

## Rochester Suburban Directory

For the year 1937

INCLUDING THE TOWNS OF

## BRIGHTON, EAST ROCHESTER, FAIRPORT, GATES, GREECE, IRONDEQUOIT and PITTSFORD

### A Supplement to the Rochester Directory

### Containing

Alphabetical Section (White Pages) For each town, giving names, occupations and addresses of all persons over twenty years of age, business and post office addresses.

Classified Business Finder (Page 65) Of all firms or individuals in business or profession under listing best describing their service or product.

Reference Department (Page 17) Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the town, and stands for them and the town in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

House and Street Directory (Pink Section Page 633) A complete list of streets, giving location of intersections and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All business houses, individuals in business, and householders are listed in numerical order upon their respective streets. Resident property owners are designated, and Post Office address is given for each street. A feature of great value and convenience.

### A VALUABLE FEATURE: HOMES OWNED BY OCCUPANTS INDICATED BY SYMBOL®

## Are You Leaving A Record For The Future?

It may prove a serious matter in years to come if by any chance you should be incorrectly listed in or left out of the City Directory. Cases have occurred where the evidence of the City Directory, as to residence or occupation, has had an important bearing on the disposal of a fortune. Business men, especially, should see to it that their firm's record is absolutely correct and all changes should at once be reported.

# Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Rochester Suburban Directory.

The Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product is wise.
