Use that inexpensive servant and watchdog, Electric Light, as a safeguard when you leave your home for a few hours in the evening.

A light left burning on the first floor and one on the second floor furnishes protection to your home far in excess of the few cents of cost for current.

The illusion, so far as the would-be-burglar is concerned is made complete if the radio is also left turned on. Ever think of that?

PUBLISHER'S NOTICE

The names listed in this directory have been obtained by an original canvass and are, insofar as possible, correct and complete as of July 1, 1934. An effort has been made to include only those who are bona fide residents of the village, excepting of course, those business men who are a part of the downtown community. Before you decide that a name has not been listed, make sure you know how to spell it. Some names are spelled several ways by different members of the same family.

EAST ROCHESTER

HISTORICAL SKETCH

Supplied by the Chamber of Commerce

EAST ROCHESTER, now the metropolis of Monroe County, exclusive of the city of Rochester, was founded on May 30, 1897, and was first called the village of Despatch. It was promoted by the Vanderbilt Improvement Co., the officers being Walter A. Parce, President; Edmund Lyon, Vice President; Dean Alvord, Secretary and Treasurer, and H. C. Eyer, manager of the Sales Department. The date of the founding also marked the laying of the cornerstone of the Merchants Despatch Transportation Co., with appropriate ceremonies.

On June 30, 1897 a fourth class postoffice was opened and the first school was erected the same year and enlarged to a four-room building in 1898.

The Merchants Despatch Transportation Co. moved into their completed plant on January 3, 1898 and the growth of the village increased rapidly from that time. The population then consisted of about 100 residents.

On March 7, 1898 Despatch Hose Co. No. 1 was organized for the protection of property, the only means of fighting fire being a bucket brigade. Additional companies were formed with the rapid growth of the village.

During the year 1898, the Signal Oil Co. located here, followed by the Buchanan Brass Hardware Co., and the Ontario Drill Co. The first church society was organized in October, 1897 with 20 members of the Methodist Episcopal faith. On February 20, 1901 the Baptist church was formed, and on September 15, 1905 St. Jerome's church came into being.

In 1904, ground was broken for the Foster Armstrong Co. (now the Aeolian-American Corporation), the largest combined piano manufactory in the world.

The village was incorporated under the name of East Rochester in October, 1906, and today is recognized as the leading village in Central and Western New York.
