Democratic Party Fight Or Compromise, Both Seen As Possibilities Here

The possibility of a primary battle in the Northwest area which arose Monday following a secret meeting held Sunday was being counteracted, as this issue went to press, by a rumor that a dark horse candidate was waiting in the wings to be trotted out at the appropriate moment.

Dr. Louis Cerulli of Lake Ave., who has been named by the Democratic organization to run against State Senator Frank Van Lare, will finally withdraw from the race and Frank Palma of Wetmore Pk. will be given the nod by County Chairman Robert O'Brien, according to usually reliable sources. Revolting ward leaders then will have the choice of backing Andrew J. Celli of Seneca Pkwy. for the nomination or accepting Palma as a compromise.

Other candidates for next fall's elections have also been nominated by the major parties and it appears that Neil F. Bubel(D) of Gates will oppose Barber Conable (R) of Batavia for Congressman in this area. Assemblyman Charles F. Stockmeister (D) will run for reelection with Supervisor Vincent Tofany of Greece as his Republican opponent. Dr. Louis Cerulli(D) has been named to run against Frank Van Lare(R) for state senate.

Delegates to the 7th Judicial Conventions to be held in June were announced this week. They are:

REPUBLICANS: Vito J. Larkin, Franklin A. Polvino, Daniel F. Fitzgerald, William Weidman, Eugene Bergen, James V. Jones, Frank O. Casaceli and Vincent L. Tofany.

DEMOCRATS: Henry E. Gillette, Henry R. Dutcher, Jr., John D. Amico, John A. Grassi, Robert B. Nellis, City Court Judge James F. Sheehan, Rosario Guglielmino,

Thomas P. Moonan, James C. Kelly, Edward D. Hayes, Joseph M. Culhane and Cecile G. Dutcher.

Democratic state convention delegates, also named, include Gillette, Dutcher, William J. Malley, Peter J. Fuino, Mary E. Studley, Anthony F. Pizzurro, Sebastian A. Schauseil, Frank R. Camello, Frederick G. Stanton, Samuel F. Porcelli, Anthony F. LaVilla and Assemblyman Charles F. Stockmeister.

40 and 1 Baseball Registration Set

There will be two more registration days for boys who want to be included in the 40 and 1 baseball program this year. Officials of the league will be at the Dewey-Ridgeway Service Station on the next two Saturdays, Apr. 11 and 18, from 10 to 4 p.m.

"Circus" Apr. 18 At Maplewood Y

Maplewood Y.M.C.A. will present its third annual "Circus," carnival and water show on Saturday, Apr. 18. Arthur Mann, physical education secretary, reported today that a fine circus theme gym show will be offered, featuring "Y" members and others in clown acts, tumbling, vaulting, trampoline acts, hand balancing, relay races, baton twirling, acrobatics, a boys band, and "Three Cats and a Kitten" (a musical quartette.) The show starts at 7 p.m.

Nine booths of games and prizes will run in the lobby from 5 to 10 p.m., sponsored by the Y's Men's Club. The Mothers' Club is sponsoring the water show and will give two performances; the club will also serve supper from 5 to 7.

This is a family entertainment and all are invited to attend.

Rose "Clinics" Start Saturday

Pruning, hilling, spraying and fertilizing are only a few of the various topics to be discussed each week at the second annual Rose Clinic starting Saturday at 11 a.m. at the Municipal Rose Garden in Maplewood Park. The clinic, conducted by the Rochester Rose Society in cooperation with the City Recreation Bureau, will feature sessions devoted to the beginner interested in the care of roses, as well as the more advanced student of roses.

Open to the public and students who are interested in botanical subjects, the sessions will be continued on Saturdays through May 11.

The first session will cover pruning and dormant spraying; the second transplanting; and the third planting of roses.

American Rose Society, consulting Rosarians, and members of the Rochester Rose Society are the demonstrators.

Kiwanis Sign Sadly Missed

The two sided sign which informed travelers on Ridge Road about the weekly meeting of Northwest Kiwanis is missing and the Kiwanians are anxious for its return. No one knows what happened to it, but it is suspected that the sign was uprooted by the wind and possibly picked up along the roadside by someone who thought it had been discarded. The finder of the sign is asked to return it to Schrafft's where the club meets.

The club will have the assistant general manager of the Red Wings, John Clapp, as its speaker next Tuesday, Apr. 14. And on the following Tuesday, Lieut. Commander Richard Hubbard of the Rochester Naval Reserve will show slides on "Seapower."

The club has gone on record as endorsing the Ontario Greece Shoals project, a conservation effort to improve fishing advocated by a group headed by Kiwanian Gerry Lapple.

Ninth Democrats List Meetings

Ninth Ward Democrats have scheduled two gatherings for next week.

DPW Commissioner Vernon Packard is to be the speaker at a meeting of Ninth Ward Democrats on Tuesday, Apr. 14 at Sellitto's in Driving Park Ave. It will be a meeting of the ward and county

committee open to all Democrats of the ward. It starts at 8 p.m.

The Ninth Ward Democratic Women's Club has announced plans for a tureen supper on Thursday, Apr. 16 at the Italian-American Sports Club in Emerson St. All members are invited, says Marilyn Fulno, who is chairman. Assisting her are Isabelle Yuska, Martha Schmid, Betty Fuino and Ann Petrelli.

Home Lighting Topic Of Lakeview Unit

"Here's your chance to be enlightened about your home lighting," says Mrs. Mildred Roland of the Home Demonstration staff who will visit with Lake View Unit on Apr. 14 at 10 o'clock to discuss "Lighting-keyed to today's homes." Continuation of "Beachwear and Slippers" will conclude the day.

Demonstration Set

The Schultz Circle of Wesley Methodist Church will have a Dutch Maid demonstration in the church parlor on Wednesday, Apr. 15 at 8 p.m. "Come sit, look, choose and enjoy light refreshments; many nice items of wearing apparel will be shown," says the announcement.

"THE WORLD'S INFORMATION AND KNOWLEDGE ARE NOW DOUBLING EVERY
10 YEARS AND SOON THEY WILL BE DOUBLING EVERY 5 YEARS"

YOUR COMPANY BELIEVES

IN THIS complex World today the pace is quickening and technological lag is tantamount to death. The gas and electric utilities have kept aware of their responsibilities and alert to their opportunities through active research and development programs. Energy requirements of the United States will triple by the year 2000. Gas and electric utilities, as suppliers of the most adaptable forms of energy, will play an increasingly important role in the economic growth of the Country. The past record of the investor-owned utilities has been excellent and their search for new ideas and better ways of doing the job insures that energy will be available to meet the growing demands of America's advancing economy.

The future also presents the utility industry with a formidable task—that of equalling or bettering its past record of reducing the cost of electricity and gas in the face of inflation and rising prices. This can be accomplished by improving or radically changing the techniques of production, generation, transmission and distribution. Advanced studies are already underway in all of these fields and significant progress is being reported.

Your Company believes that through vigorous research and development programs, in which utilities participate both as individual companies and collectively as an industry, the energy requirements of our Nation and the World will be met.

The significance of continued research and development goes far beyond the obvious benefits of improved processes, machines, materials, supplies and reduced costs. It is an expression of the freedom and incentive which exists in America. For it is in America that men have best been able to enjoy the rewards of their own inventiveness and where continued freedom and incentive will drive us to even greater achievements.

While our achievements are matters of great pride, we should not take them for granted. We can never forget that it was that lack of freedom that drove Einstein, Fermi, Teller and other great minds to our shores only a few decades ago. Today a primary concern of Great Britain is the daily exodus of top scientists and scholars to America where there is greater incentive and freedom to pursue their work. Even with the most benevolent motives a government which encroaches on the lives of its citizens through excessive taxation, controls, regulation or dictation will extinguish the flame of freedom and stop the flow of ideas which make for a better society.

Research and development can flourish only in a free society. It is the responsibility of this Nation to insure that the incentives, inherent in the free enterprise system, are not snuffed out and that individual initiative is preserved and encouraged.

HOW RESEARCH AND DEVELOPMENT AFFECT YOUR ELECTRIC AND GAS SERVICE

This is a page from a supplement to the Rochester Gas and Electric Annual Report to its shareholders. It describes the utility industry's research and development methods in the past and present, and its possibilities for the future. How such programs affect utility operation and service may be of interest to you. The supplement is yours for the asking along with a copy of RG&E's Annual Report.

**Would you like a copy of our Annual Report? Phone or write us and we will gladly mail you one.*

Neighborhood Association Organizes Spring Cleanup ; Picks Officers

Election of officers and the immediate start of a spring cleanup campaign marked the organization meeting a week ago of the new Tenth Ward Neighborhood Association. Rev. Albert L. Jeandheur, pastor of Dewey Avenue Presbyterian Church, accepted the chairmanship and Mrs. Gordon Gaugel took over as secretary.

"We must reverse the thinking of the people," said Mr. Jeandheur in his first statement. "Too many are saying the neighborhood isn't what it used to be, whereas with a little cooperation the Tenth Ward can be better than ever and everyone will be much happier for it."

Supervisor Jerry Clifford, who was one of the organizers of the association, pledged his "whole-hearted support." The man who opposed Clifford in the 1963 election, Michael Culhane, also pledged cooperation, as did Henry R. Dutcher, Jr., one of the leading Democrats of the city and a resident of the Tenth Ward.

The Tenth Ward Courier was asked to join in the neighborhood betterment program and to promote an immediate spring cleanup to start the ball rolling. (Details will be found elsewhere in this issue.)

WE GO UP OR DOWN

The newly formed Tenth Ward Neighborhood Association is to be congratulated on its determination to get started on a continuing campaign to stem the tide of property deterioration. Just barely organized they have swung into action with a much needed "spring cleanup" drive that could well turn out to be a model for the city.

They are appealing for cooperation from every householder and if they are to make any progress, cooperation is what they sorely need.

A neighborhood goes up or down, it does not stand still. Too many people are saying: "Awe what's the use? The guy down the street doesn't care. Why should I? This neighborhood is slipping. As soon as our kids get out of school or as soon as I can afford it, I'm selling out."

The Neighborhood Association is saying, and rightly so: "This is a state of mind. There's nothing wrong with this neighborhood. It can be a wonderful place to live. All it needs are more people who care."

If a few militant people on each and every street get their dander up, the attitude of defeatism can be easily whipped. The cleanup spirit could sweep this area like a tidal wave. The only drawback is that it takes an earthquake to wake up some people and the neighborhood association, rallying the vast majority - the ones who do care - can supply the shakeup, the firm yet gentle nudge that will swing some of the back-sliders into line.

More power to the Neighborhood Association.

Fashion Show
Next Tuesday

"The Forman Flair for Spring and Summer, 1964" will be presented by the Rochester Chapter of the Notre Dame Guild at the Manger Hotel Ballroom next Monday at 8:15 p.m.

Proceeds from this fashion show will be sent to the School Sisters of Notre Dame Mother House in Wilton, Conn. Tickets may be obtained by calling Joseph A. Zimmer, FI 2-4039 or Ralph T. Jones, ID 6-6880. Admission is \$1.00.

Rehearsing Play
At Dewey Church

The drama committee of Dewey Avenue Presbyterian Church announces that casting has been completed for the production of the play "Androcles and the Lion," by George Bernard Shaw. It is now in rehearsal and will be given in the church sanctuary on Friday and Saturday nights, May 15 and 16. A professional director has been engaged for the production. He is Kenneth Cameron, professor of Speech and Drama at the University of Rochester.

After the play is given at Dewey Avenue Church, it will be available for other churches during the month of June. The plays are not given as fund raising events, but rather the committee believes that drama is one more way of communicating Christian truth.

Shortly after the play is presented, Rev. Albert J. Jeandheur will conduct a discussion group which is designed to help develop other deeper themes that come out of the play.

At the morning worship service next Sunday Mr. Jeandheur will preach on "Getting Along With Others."

It is also announced that the Presbytery of Genesee Valley will meet at Dewey Church next Tuesday at 3:30 p.m.

WATCH REPAIRING

WATCHES scientifically repaired and electronically
cleaned . . . all work guaranteed

IMMEDIATE SERVICE on Crystals, Stems, Crowns
Popular Models Only

Do you know?

Watches are not cleaned on account of dirt! Contrary to popular belief,
watches are seldom cleaned on account of dirt. The movement must be taken
entirely apart and each part cleaned carefully in order to remove the dry or
rancid oil. If one should add fresh oil to the jewel bearing, without removing
the old oil, it would become a gummy mess, void of lubrication qualities and
within a short period become stiff as before, due to the germ rot of the old
rancid oil.

After all parts are cleaned, dried and polished, the movement is then
assembled and a minute drop of fresh sperm oil is carefully applied to the
jewel bearings and winding parts . . . And don't forget, it pays to have your
watch cleaned at least once a year.

We repair **TIMEX** and **WESTCLOX**
and all types of non-jewel watches

SPRING CLEANUP
Continued from page 1
"do it at once." A special DPW pickup is being promoted this Saturday by the association for the new Tenth Ward only. In other Northwest area wards, as throughout the city, pickup trucks will follow the regular weekly crews to haul away larger items.
"Now is the time to rake your lawn, clean out the garage, cellar and attic accumulations and do a general cleanup job," says the Neighborhood Association.
A plea for volunteers to help in future activities of the association was issued by Mr. Jeandheur, Mrs. Ellsworth Beeley, a director of the association, is the person to call, he states. Her phone number is CL 4-6188.

For New Tenth Only
Continued from page 1
getting the resulting accumulation to the curbside no later than 1 p.m. Saturday. The pickup fleet will consist of the regular packer trucks, followed by open trucks to pick up everything including old furniture, discarded appliances, as well as tree limbs.
Commissioner Packard requests that small rubbish and yard rakings and trimmings be placed in metal or cardboard containers to expedite handling.
The area to be covered in this intensive cleanup is generally west of Dewey Ave. to the city line, from Bryan St. through Parkwood Rd.
The rest of the Northwest area, as well as most of the city, is in for a thorough street cleaning job all day Saturday, according to Packard. Sweepers and flushers will be out in full force in a move to inspire citywide spring cleanup, he states; and the policy of open trucks teamed up with packer trucks will insure a thorough rubbish pickup during subsequent weeks in the regular collection rounds.

Winners Announced In No. 41 School "Fun Fair" Poster Competition

"Fun for Funds" sets the theme of 41 School's Fun Fair, scheduled for May 16. Purpose of the fair is to raise funds for such worthy projects as contributions to the Jenkins Memorial Scholarship Fund (for teacher education) and to send local delegates to state conventions and workshops—while giving fun to the members of the school community.

Featured in this year's Saturday program will be pony rides, fish ponds, baked food and white elephant sales, skill game booths, a special sale of children's paper-

back books, and guessing games. To tempt the appetite there will be a wide range of concession stands, featuring hot dogs, soft drinks, coffee, cake, ice cream treats and cotton candy.

Yvonne Brodzinski, a 5th grade student garnered first prize in the poster contest held to publicize the "Fair."

Directed by Mrs. Robert Cunningham, the contest stimulated interest in the fair, produced publicity posters placed throughout the area and gave students an opportunity to work in this art form.

Second place went to Gary Herkins, grade 7 and third went to another grade 7 boy, Scott Morrison. Other awards were: Jim Gowan, grade 6, fourth prize; Lisa Getman, grade 7, fifth prize; and Sandy Stewart, grade 6, honorable mention.

Judging the contest were Mrs. Hopkins, Mrs. Sexton and Mrs. Tancredi of the school staff. Prizes awarded were strips of tickets to be used on any of the contests, booths, games and rides planned for the fair. After being on display at the school, prize-winning posters will be placed in local stores.

Coordinating the many aspects of the fair are Mr. and Mrs. Howard Belt, with the cooperation of Floyd UpDyke, school principal.

Andreas will present "A Year in Italy" illustrated with colored slides of their recent sabbatical leave in Florence where Dr. Andreas was associated with the Harvard-Florence Research Project. Visits to Rome, Naples, and Venice, and to a typical farm in the Apennines, will also be included.

A punch bowl fellowship will precede the dinner which will be served at 6:15. Hostesses will be Grace and Esther Circles.

Junior Scout Picnic

Sacred Heart Junior Girl Scouts will hold a mother-daughter picnic today from 1:30 to 4:30 at Maplewood Park. Group singing will be led by Mrs. Clarence Kesselring. A Scout's Own has been planned by Mrs. John Hoenig and Mrs. Eugene Touhey.

Red Cross Gets 125 Pints Here

Over 200 people who had promised to give failed to show, 26 were rejected and three came too late to give. The Blood Committee asked the Courier to thank "all the many people who donated blood and volunteered to help in all of the ways that were necessary to obtain needed blood."

**How Much Should
Food Bill Run?**

There is no right amount of money for your family to spend on food. The amount of money you spend for food is influenced by how much food means to your particular family, says Mrs. Mildred Roland, home demonstration agent for Monroe County Extension Service. If your family is happy with hamburger instead of steak, your food bill should reflect their preference. If you entertain by inviting guests to dinner, your food bill will mirror the invitations.

Statistics gathered by the U.S. Department of Agriculture indicate that the average family spends about 20 per cent of its disposable income on food. (This figure is for food only; it does not include household supplies.) Large families, those with less than average income, and those with several teenage members may spend up to 35 to 40 percent. Checking your expenditures for food against these figures will help you decide if a fair proportion of your family income goes for food.

Regardless of the percentage or actual amount of money you choose to spend, it makes good sense to get the most value possible from each food dollar, Mrs. Roland reminds.

TO STUDY IN ROME

Ronald Richard Sassone, son of Mr. and Mrs. Alexander Sassone, 175 Merlin St., will be in Rome, Italy during the next academic year, studying at the Roman Center of Loyola University. Presently a sophomore at Lemoyne College in Syracuse, he has won the opportunity for a year of foreign study on the basis of his scholastic ability and accomplishments in major subjects that have relationship to study in Europe.

Publishes Poems Verdi Society To Present Opera

"Pen Portraits," a volume of selected poems written by Elaine Kohlmetz of 10 Ross St. (above) and published by the Philosophical Library of New York, has just been released for public sale. Locally it is available at McCurdy's. Each poem relates to the common emotions that all people undergo. Readers will find solace and joy in the every day things of life that are reflected in her verse.

Her first book, "Visions of Verse," was printed as an educational project of a local school, at the age of 17. Her work has appeared on inspirational calendars, church programs, and used at Memorial Day services. At the age of 15, she carried her own column of verse in community papers. Mrs. Maupin is a member of Wesley Methodist Church. Books may be obtained at the Main Street branch of Scrantom's, or by calling UN 5-8588. -Adv.

The Verdi Opera Society is presenting on May 9 at 8:15 p.m. in the JYMA Auditorium a one act opera entitled "Il Giorno della Momma." The opera was composed by Benny Prestianni, general manager of the Verdi Opera Society and a well-known music teacher in Rochester.

The opera will be presented in concert form. Soloists are Marlene Gosert Bailey, soprano; Patricia Lipa, contralto; Joe Florica, tenor; Vincent Mitrano, baritone. Vincent Faga, musical director of the Verdi Opera Society will be conducting and Edward Rizzo will be narrator.

Banquet Saturday

Annual spring banquet of Nazareth Academy Alumnae will be held on Monday, May 11, at 6:30 p.m. at the Powers Hotel. Bishop Kearney will be guest of honor and main speaker. Miss Margaret C. Kenney will act as toastmistress.

Honored as anniversary years will be the 50 year - 1914 class; also the 1919, 1924, 1929, 1934, 1939, 1944, 1949, 1954 and 1959 classes.

Reservations are being accepted by Myra Wahl Zink at UN 5-6724.

Spring Concert At School 7

The annual Spring Concert at Lakeview Schol. No. 7 is planned by the P.T.A. for May 26 in the school auditorium.

The Glee Club, under direction of Mrs. June Emmons, and the orchestra under the leadership of Robert Moran, have prepared an evening of music for parents and friends to enjoy.

Spring Serenade By Holy Rosary Students On Sunday, and Monday

Holy Rosary youth will demonstrate their musical talents in a duo-concert program on Sunday and Monday evenings at 7:45 p.m. in Nazareth Academy Auditorium. Each evening will carry a different program of musical achievement.

On Sunday the second, fourth, sixth and eighth grade students will offer a selection of choral material which has been prepared in regular music classes during the year. Gregorian chant, unison and part-singing will be featured on this program.

On Monday, special groups will offer renditions of instrumental and choral music. Holy Rosary orchestra consisting of 35 children will play five numbers. Holy Rosary girls' choir, consisting of 65 seventh and eighth grade girls will sing a program of varied choral selections. Climaxing the performance will be the beautifully-voiced St. Cecilia Choir, consisting of 30 high school girls

who attend a weekly practice for the sheer joy of singing. They will render several A Capella religious numbers and five choral selections from the "Nutcracker Suite."

Adult tickets for either performance are 75¢, children's 50¢. These may be purchased from school children or at the door on the evenings of performance. Entire proceeds from the concert will go toward the founding of a new mission in Mateira, Brazil. This mission will be staffed by the Sisters of St. Joseph of Rochester.

WHAT DO HEART VALVES LOOK LIKE ?

THEY HAVE 2 TO 3 CURVED AND DELICATE FLAPS THAT LOOK RATHER LIKE WHITE ROSE PETALS. ACTUALLY THESE FLAPS ARE STRONG AND VERY FLEXIBLE ... THEY OPEN AND SHUT WITH EACH HEART BEAT—ABOUT 40 MILLION TIMES A YEAR.

A CLOSED VALVE VIEWED HEAD-ON

OPEN— LETTING BLOOD THROUGH

DISEASED VALVE— NARROW & LEAKY

DAMAGED VALVE OPENINGS GIVE RISE TO ABNORMAL BLOOD FLOW SOUNDS—HEART MURMURS. BUT NOT ALL MURMURS MEAN TROUBLE. DIAGNOSTIC SKILL IS REQUIRED TO DISTINGUISH INNOCENT MURMURS FROM THOSE THAT ARE SIGNALS OF REAL TROUBLE.

Big Plant Expansion Is Announced For Rochester Products Engineering

An expansion program that will increase its product engineering facilities by nearly 50 percent and double the size of its receiving area has been announced for Rochester Products Division of General Motors Corporation by its general manager, Harry Hawkins. The new structures are part of the two billion dollar expansion program announced by General Motors in March.

A 15,000 square foot engineering building addition is to be constructed at the southeast corner of the present plant located at 1000 Lexington Ave. The addition will be a single story structure which will join the present plant and the current engineering facility now located in a separate building. It will be 73 feet wide facing Lexington Ave, and 210 feet deep and will contain expanded product en-

gineering, model shop, and garage facilities. It will be so constructed that a second story could be added to the building at a later date if desired. The building will be of brick, glass, and aluminum construction to blend in with the design of the current buildings.

Rochester Products is a major producer of carburetor, fuel injection systems, locks and keys, cigarette lighters, brake lines and fuel lines for the automotive industry, and is the world's largest manufacturer of refrigeration steel tubing. Its average employment in 1963 was over 3,100 persons and its payroll for the year was \$24,000,000.

Plembcos To Hear Migrants' Aide

Plembco Young Adult Fellowship now meets every Sunday night at 7:30 at Bethany Presbyterian Church, 3000 Dewey Ave. Sponsored jointly by Dewey Presbyterian, Irondequoit United, Christ Presbyterian, Redeemer Lutheran and Bethany Presbyterian, it is open to all single Protestant adults between 18 and 35. Rev. Karl Menkens of Bethany will serve as advisor.

Archie Allen will speak to the group Sunday about his work of ministry to migrants being carried on by the Council of Churches. Devotions, a short business meeting, refreshments and a social period are planned.

Lomenzo Recalls Local Incidents

It was really a home coming celebration for John P. Lomenzo last week at the Tenth Ward Republican dinner. Billed as the principal speaker, the former judge now serving as Secretary of State under Governor Rockefeller, took up considerable of his allotted time to call dozens of people in the audience by name.

Much to the delight of everyone he touched only briefly, if strongly, on the local political scene, gave firm endorsement to John P. DeCesare and other Republican candidates, only after relating several personal incidents involving Tenth Warders, past and present.

Tenth Honor Roll Window Broken

Vandalism is responsible for another broken window at the Tenth Ward Honor Roll. A small piece of water pipe, apparently thrown deliberately during the night last Thursday, shattered the \$150 pane of glass that covers the honor roll names. The Monroe County Veterans' Memorial and Executive Council is taking steps to replace the window and the police are trying to trace the person or persons responsible for the vandalism.

Northwest Wards Vote For Losers In Primary

John A. Damico won the 51st Senatorial Democratic nomination Tuesday, but lost five of the six Northwest area wards. Similarly in the Republican primary for Family Court Judge the voters here chose the apparent loser, John P. DeCesare, who had not conceded victory to Mrs. Caroline W. Branch as this newspaper went to press.

Andrew G. Celli took all local wards except the 15th in losing to Damico. DeCesare had substantial pluralities in Wards 1, 9, 10, 15, 20 and 24 as well as in his home ward, the 8th. The latest count available had Mrs. Branch the winner in the countywide judgeship race by a narrow 57 margin, 18,730 to 18,673.

Celli, who promises to continue his fight against the Democratic organization, lost mostly in the towns. Damico's victory was by a 5502 to 3335 margin.

HEALTH ASSOCIATION OF ROCHESTER AND MONROE COUNTY

Smoking & Heart Disease

About 60,000 men die prematurely in the United States each year of heart attacks associated with cigarette smoking, according to a new leaflet, "What Everyone Should Know About Smoking and Heart Disease," now available from the Heart Chapter of the Health Association.

This increment of 60,000 "extra" deaths is approximately equal, the leaflet points out, to the estimated number of men who die prematurely of all other diseases associated with smoking, including lung cancer.

Contributing to the increase in premature deaths, according to the leaflet, is an increase in the rate attacks among cigarette smokers. In one study, the heart attack rate in heavy cigarette smokers was three times higher than that of non-smokers, pipe and cigar smokers and former cigarette smokers.

Veteran smokers, especially those pack-a-day-plus men who have recently sworn off, will find their resolution strengthened by the affirmative answer to the question "If you have been a heavy smoker, does it help to stop?": Yes, because the death rate from coronary artery disease decreases among those who give up smoking and after a time approaches that of people who have never smoked.

Single copies of "What Everyone Should Know About Smoking and Heart Disease" are available without charge from the Monroe County Heart Chapter. Physicians may also request a supply of copies to give their patients.

Honored By "Y"

New Life Members of the YMCA, honored for 50 years or more of membership, include two local men. They are Herman C. Sonderman, 263 Alameda St.; and Edward L. Schaefer, 346 Augustine St. New Quarter Century Club member is Thomas T. Wallace, 106 Emerson St.

MENTAL HEALTH

Do all mental patients need to be sent away? Of course they don't. The fact is that most mental patients . . . even the ones who are very sick . . . can be treated right in the community. Many who receive such treatment get better in only a few weeks or months.

Your Mental Health Chapter works for treatment services so everyone who needs help for mental illness can get it . . . locally and quickly. But that isn't all it does.

It helps support research on the prevention, treatment and cure of mental illness. Its volunteers help the mental hospital patient with friendship, gifts and personal necessities. When he returns from the hospital they help him find a job, and new friends. They work right along to reduce fear about mental illness, and let people know what to do about it, and where to go for help.

PEOPLE ARE MOST IMPORTANT

Almost all of the troubles we have today are caused by People. All of our happiness comes from the same source—People.

We in the RG&E are conscious of this because in the final analysis People are involved in everything we sell. Our Company provides energy for the community. But no one can use a kilowatt hour by itself or a cubic foot of gas. Energy is only useful when it performs a service. Our product then, is Service.

We have a booklet which we give to each of our new customers. It tells about RG&E's services. It has lots of interesting information in it—how to change a fuse; how to read your own meters; what to do in case of trouble; how to identify RG&E employees. All this and a lot more. The name of the pamphlet is "Always at your Service."

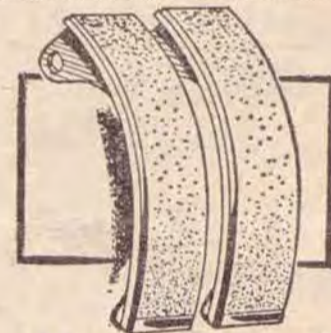

We are here to serve you. To see not only that you have all the gas and electricity you want, when you want it, but also to show you how best to use this energy. If you'd like a copy of this booklet "Always at your Service" you'll find one waiting for you at any RG&E office.
