VOL. 39 NO. 13

ROCHESTER, N.Y., WEDNESDAY, APRIL 6, 1966

## Hogan Is Named First GOP Head

John J. Hogan, 205 Bryan St., has been chosen as the new Republican leader of the First Ward. Announcement was made by Vincent L. Tofany, county leader.

Hogan, who has been active in GOP affairs for the past 25 years, in the old Tenth Ward setup and in the new First Ward, where he has been chairman of the ward and county committee, is the terminal supervisor at Rochester-Monroe County Port Authority.

Hogan takes the place of Chris Strippoli who recently resigned the leadership in the First.

## Shopping Center Set For Lyell

Another shopping center appears to be in the planning stage for Lyell Ave. It is to be on the site of the burned out Rochester Bowling Center, opposite Whitney St.

It is reported that the Lincoln Rochester Trust Co. will have a branch there and that an A&P store is also contemplated, as well as a drug store.

## Holy Apostles Group Discuss The Rosary

Holy Apostles Rosary Society held its regular monthly meeting on Monday, with Mrs. Henry Schenk presiding. An interesting program consisted of a panel of members conducting an exchange of thoughts on the 15 mysteries of the Rosary.

## Dance Pupils To Entertain Society

Rosary Society of Holy Family will meet on Wednesday evening, Apr. 13, in the Pine Room at 8. An Easter party will follow the business meeting with Mrs. Joseph Heilman as hostess. Members will be entertained by pupils from the Fine Arts Dance Studio.

## Baseball Registration For N. W. Youth Assn.

Registration for the Northwest Youth Association baseball program is scheduled for two Saturdays, April 16 and 23, from 1 to 3 p.m. at Most Precious Blood Church Hall, Stenson St. Over 200 boys are expected to sign up. Age limits are 8 to 14. Boys must be accompanied by an adult when registering.

## 40 & 1 Baseball Registration Set

The 40 & 1 Baseball for boys is holding its yearly registration on Saturdays, April 9 and April 16, at Dewey Ridgeway Service Station from 10 a.m. to 3 p.m.

The setup this year is for the 7 thru 14 years of age. If the birthday of the 15 year old boys falls after Aug. 1, he is eligible.

Since interest has been shown in a colt team (15's and 16's) those in that age group can register if they wish. Whether or not there will be such a league depends on other income sources other than registration.

THE AD FOR SY'S DRUG STORE WILL BE FOUND ON PAGE 9 IN THIS ISSUE

## Senior Citizens To Be Entertained

April activities planned by the City Recreation Bureau include an entertainment for Senior Citizens tomorrow (Thursday) night at 8 in the Stardust Room, Edgerton Park, featuring the Penrose Irish Dancers.

All playgrounds are holding Easter egg hunts Saturday; at 11 a.m. for children 8 and under; and at 1:30 for those 9 to 12. A basketball foul shooting contest takes place next Tuesday afternoon at Jefferson High with events for age groups of 10 to 12, 13 to 15, 16 to 18, and Senior Citizens (over 60 years).

Also planned is a slide presentation of City Recreation Senior Citizen activities next Wednesday (April 13) at 1 p.m. in Danforth Center, 200 West Ave.

## Sale To Feature GOP Meeting

The Tenth Ward Republican Women's Club will hold its regular monthly meeting tonight at 8 p.m. at Wesley Methodist Church.

A White Elephant sale, conducted by the program chairman, Mrs. Patrick McKeon, will be offered to the ladies. Many items have already been obtained for the sale, according to the president, Mrs. Elaine Scott, and members are asked to bring their donations to the meeting. Refreshments will follow. All interested women are invited.

## List Local Improvements In City's Capital Program

City Manager Seymour Scher's preliminary capital improvement program for the next six years, which he submitted last week to the City Planning Commission for review, contains much of interest to area residents.

The program calls for gross spending, for general City purposes, of \$61.3 million. Reimbursements are expected to amount to \$13.9 million. Scher had received from his department heads a list of capital needs totaling \$148 million.

Of special interest to Northwest area residents are these preliminary proposals:

**REPLACEMENT** of Edgerton branch library at a site to be determined. Scher noted the existing

branch was built as a correctional institution and was converted to an exhibit hall before becoming a library branch in 1912.

He said it is the City's oldest library outlet and is badly deteriorated. The branch contains about 30,000 volumes and demand for books in the area is heavy. The estimated cost is \$400,000.

**PORTABLE WALKIE-TALKIES** for police officers as an aid to law enforcement. A total of \$14,000 is earmarked for this equipment.

**MT. READ EMERSON** industrial development. Estimated cost, \$3,798,000 to make it a full-fledged location for industry and related services, including some residences.

Many other general items in the program would have effect here including proposals for a detective personnel radio system; citywide beautification; watering systems and floodlighting for play areas; traffic signal replacements; street re-surfacing.

The City also would spend, over the six years, \$12 million on sewers, \$4.4 million on the water supply, \$855,000 on sewage treatment, \$4.9 million on parking facilities, \$460,000 on fire equipment and \$36,000 on the museum.

A total of \$35.8 million would go for nine urban renewal projects, downtown and in deteriorated residential-commercial neighborhoods. The City program, exclusive of urban renewal, totals \$25.5 million net.

No funds were allocated for secondary sewage treatment pending meetings with the State Department of Health.

**GOOD FRIDAY SERVICES**  
April 8

A Good Friday service in which seven area churches will take part is being held as usual at the Episcopal Church of the Ascension in Lake Ave. It will be a continuous three hour service Friday from 12 noon to 3.

Ministers of the seven churches will be in the pulpit on an alternating basis. Participating churches are Ascension, Christ Presbyterian, Dewey Presbyterian, Grace Methodist, Lake Baptist, Redeemer Lutheran and Wesley Methodist.

**LETTERS**

TO THE EDITOR:  
I was very pleased to read in the  
March 9 issue of the VICINITY  
POST, that the Monroe County  
Republican Organization had de-  
signed Mr. Joseph Esposito to  
be its candidate for representa-  
tive on the Monroe County Legis-  
lature for the 27th legislative dis-  
trict.

Recently, a well known perfor-  
mer made a statement to the effect  
that it seems we require a person  
to be literate to vote, but not in  
order to run for public office. As  
cynical as this statement may  
seem, it causes one to pause and  
wonder if this has not been the  
case more than once in the past.  
I'm sure that many constituents of  
the newly formed 27th district have  
shared this feeling with me.

Now, with the candidacy of Mr.  
Esposito (Joe), I feel that once  
again representative form of gov-  
ernment, as it was originally in-  
tended, will be returned to our  
district. Those of us who know Joe,  
I am sure, will heartily agree with  
this statement. Joe has always been  
a willing and helpful friend to all  
of us who have met him. His self-  
less attitude, and interest in the  
community affairs have always  
shown him to be the type of man  
who would serve ALL of the people,  
ALL of the time.

I strongly urge the residents of  
the 27th legislative district to sup-  
port Joe in his candidacy.

**REPORT  
From  
ALBANY**

By Assemblyman  
James E. Powers

**NEW YORK CITY'S 15¢ FAIR**

I was disturbed when Mayor Lindsay stated that New York City should retain the 15¢ subway fare because the people in upstate, where the fares are higher only pay a 2% sales tax and housing expenses are not as high.

**Tony Giordano's

**2** BARBERS

Specializing in  
Children's  
Hair Cuts  
Flat-Tops  
Brush Cuts

I am not an expert on all of upstate, but this I can say about Monroe County:

1. We pay 5% sales tax just as they do in New York City.
  2. Our housing and rental costs are high.
  3. Because we do not have an elaborate public transportation system, a car is a necessity and a mighty expensive one at that.
- A bill was on the calendar on March 29 which would allow the City of New York to transfer \$69 million from the general fund to the Transit Authority (bus and subway) to offset an operating deficit. Upstate legislators of both parties so resent the use of statewide taxes to retain the subway and busfare for City residents that Speaker Travia decided not to have the measure come to a vote and will wait until after the Easter Recess to have it on the floor again. It is evident that the Legislators from New York City, both Democrat and Republican, will support the bill. I only hope that my colleagues will not crack under the variety of pressure which will be exerted to pass this bill.
- It is true that New York City has certain peculiar problems. For example, in the field of crime and

narcotics addiction, their problems are greater than that of Monroe County, even on a per capita basis. I thank the Lord that we are not confronted with some of these problems and believe it my responsibility as a Legislator for all the people in the state to recognize that each locality has special needs. But riding on buses for 15¢ does not fall into this category.

**Sales Tax Exemption**

It is satisfying to say the least that some of my suggestions in terms of modifying the sales tax have been incorporated into the Sales Tax Revision bill which successfully passed the Assembly on the 29th of March. The bill is too lengthy for me to list all the exemptions, but it would, for example eliminate the tax on soaps and detergents, paper napkins and towels, medical appliances, eye glasses, etc. It would also eliminate the sales tax on the sale of property and services used in construction or maintenance for schools, churches, and other non-profit organizations. It would also eliminate the tax on removal of garbage and refuse from households by private concerns. **MOREOVER, IT WOULD ALLOW MERCHANTS TO RETAIN A SMALL AMOUNT OF THE TAX THEY COLLECT AS A REIMBURSEMENT FOR THE EXPENSE OF COLLECTING THE LEVY.** On this last point, I have always believed it unfair to force merchants to go to the expense of collecting a tax without making just compensation. Although this bill passed the Democratically controlled Assembly, rumor has it that the Republican controlled Senate is reluctant to pass this measure because it does not have the blessing of Governor Rockefeller. Only time will tell.

As a public service, paid for by Assemblyman Powers

## Scibilia Nominated For Supervisor

Efforts to choose candidates for the new county legislative setup continue. The Democrats settled their differences in one district Sunday and will endeavor to select a candidate in another district tomorrow night.

Democrats of the 26th District resolved a contest between two aspirants for supervisor Sunday at Avery Grill, choosing John Scibilia over Thomas Fantigrossi. Scibilia, completing his third term as supervisor of the 15th Ward, will oppose Joseph Ferrari, present Eighth Ward supervisor, in the November elections.

It was a contest right up to the last minute and the choice was finally made by written ballot. Most of the ward and county committeemen in the four wards involved were either present or represented by proxies.

Fantigrossi who is now 11th Ward supervisor, pledged his support of Scibilia and was given unanimous endorsement for appointment as a delegate to the constitutional convention later this year.

DEMOCRATS of the First, Ninth and Tenth will attempt to settle on a candidate for the 28th District at a meeting tomorrow (Thursday) night in Sellitto's Restaurant. Two of the leading candidates are First Ward Supervisor Ray Margrett and former Tenth Ward Supervisor Harold (Jeff) Wilkin.

**Direct Flights  
To Los Angeles**

Rochester travelers bound for Los Angeles won't have to change planes on the way, starting June 1. American Airlines has announced that it will link the two cities with 707 Astrojet through-service - the first time ever for one-plane service from here to the west coast. The inauguration of the service will also mark the first scheduled appearance here of the huge four-engine 707 Astrojet, the nation's largest and fastest passenger jetliner.

R. A. Otto, American's Rochester manager, said the debut of the California through-service is part of a major upward revision of the airline's local schedules coming up soon:

--On May 8, the inauguration of 400 Astrojet service between here and New York City with two non-stop flights in each direction.

--On May 27, the addition of seven more 400 Astrojet nonstop round-trips, for a total of nine, on the Rochester-New York City route.

--On June 1, the start of 707 Astrojet through service between Rochester and Los Angeles with one stop each way.

**Atomic Power Plant Wins Approval**

Robert E. Ginna, chairman of the board for Rochester Gas and Electric Corp. issued a statement this week with reference to the approval of the construction permit for the Brookwood atomic plant. He said: "We are very pleased with the action taken by the Licensing and Safety Board of the Atomic Energy Commission and I am speaking for all of the employees of the company. Many of them worked hard and diligently to bring this plant into being. I am happy to report it is now underway and it will be a most important unit in the generation of our power supply to the area that we serve."

"Also at this time, we would like to thank those public officials of the State of New York, Rochester and Monroe County, and especially the officials of the Town of Ontario and Wayne County, in which the plant will be built for the assistance and encouragement they have given to us. And now, we must direct ourselves to the job of building the plant and to this end you have my assurance that we will be most dedicated."

**Conable To Run For Congress**

Representative Barber B. Conable, Jr., has announced that he will be a candidate for reelection in the 37th Congressional District this year and he asked Republican Committee members in the five-county district for their support.

**Guided Observation Class At No. 30**

Are you the mother of a three or four year old (by September, 1966?) Do you wonder whether he'll ever learn to share? To play with other children? To get along without you when he is old enough for kindergarten? Do you wish you knew more about what to expect of three and four year olds?

If your answer is "yes" to these questions you will be interested in the Guided Observation and discussion program at No. 30 School for mothers and their pre-school children of three and four. The mother and registered child come to school a half day a week. Children have a nursery school program under the guidance of a trained teacher.

Under the leadership of a trained worker the mothers discuss problems with which they would like help and have opportunity to learn more through their participation as assistants in the children's program.

Registration for next term's programs are being taken. Members will be accepted in the order of application. Mothers may contact: Mrs. Gemma Maggio, 89 Karnes St., CL 4-5127 or Mrs. Judith Cornell, 300 Murray St., GL 8-3480.

The shoe that doctors recommend  
and children like to wear

## Edwards

CorecTred shoe

Doctors recommend CorecTreds because they're designed to aid him in prescribing special shoes for his patients. Children like CorecTreds because they don't look like special shoes—they're just like the ones their friends are wearing.

- "Thomas" heel designed for wedging, as prescribed
- Heel shaped with combination last, long counter
- Contoured arch and shank for support where it's needed
- Balanced fitting moulded to your child's foot
- Adjustable blucher lacing that follows the shape of the foot

See your doctor first—then come in for an Edwards prescription fitting.

## Theme Planned For Festival

Theme for the Holy Apostles summer festival this year will be "Around the World in Two Days." "Plans are coming along according to schedule," says chairman Edward Perrone.

The church lot will be decorated to fit the theme, and booths will represent different countries of the world. All the booths will contain outstanding merchandise.

Four new booths and a surprise booth for the children have been added. Dates of the festival are Friday and Saturday, July 15 and 16. Perrone said tickets will be distributed by the women workers the first week in May.

CONGRATULATIONS and best wishes are extended to John Hogan, new Republican leader of the First Ward, by Thomas F. Riley (left) and George Esse, (right) Tenth and Ninth Ward GOP leaders respectively. These three wards were carved out of the old Tenth Ward two years ago.

## Esposito Given Bowling Trophy

The Marie Mandara memorial trophy awarded annually by the Most Precious Blood Bowling League will be in the possession of Joseph Esposito for the next year. He was "bowler of the year" the honor given him at the league's banquet on April 29 at Bolo's Restaurant.

The trophy is in memory of Miss Mandara who passed away in 1965. She had bowled in the league since it started 14 years ago. It was donated by Al J. Frattare's Avery Bowling Center and will be presented to a different Precious Blood bowler each year.

The trophy, during the past year, has been in the home of Mr. and Mrs. Arthur Mandara, 48 Cedar St., parents of Miss Mandara. Her sister, Phyllis, made the presentation to Esposito.

**Leaving On Trip**  
It's around the world in seven weeks for two Delco employees who are residents of the Northwest area. Muriel M. Wiemer of Birr St. and Pam Masters of Parkway leave May 20 for San Francisco on the first leg of their flight which will take them to Taiwan where Miss Wiemer will come face to face with a young lady she has never met, but has written to and fostered for several years, Theresa Shuen, who is now 16.  
The two travelers will completely circle the globe before returning home in fulfillment of a lifetime ambition. Another visit they plan to make is in Stuttgart, Germany, where they will see Mr. and Mrs. Paul Olson of Lexington, Ky., cousins of Miss Wiemer, who have been stationed overseas for a year by Westinghouse.

**REPORT From ALBANY**

By Assemblyman James E. Powers

If you have been following the work of the State Legislature, you know that I have co-sponsored a bill for divorce reform in New York State. By the time you read this article, I believe divorce reform will be a reality and the law of the land. On Monday, April 25th, the New York Times wrote an interesting editorial on this subject. I am reprinting it for your review:

**Realism on Divorce**  
"The Legislature begins debate Wednesday on modernizing New York's 1787 divorce law, which--with its single ground, adultery--is the least liberal in the nation. The very fact that liberalization will be debated at all is remarkable enough, for even a study of substantive revision had failed to reach a floor vote until last year."

"Now the prospect for enacting a new law is bright. Instead of the bitterness that might have been expected, a spirit of amity born of constructive compromise seems to prevail on the eve of action."

"The measure that has finally emerged will enjoy the sponsorship of the Senate majority leader, Earl W. Brydges, Assembly Speaker Anthony J. Travia, Senator Jerome L. Wilson, Assemblyman Percy E. Sutton and other key legislators of both parties. It was built on the liberal basic draft written by the joint legislative committee under the chairmanship of Senator Wilson."

"The Senate and Assembly leaders, not wholly satisfied with the original Wilson-Sutton bill, produced their own version but in a conciliatory and reasonable fashion they have listened to objection, and in important respects yielded to it. As a result, Howard H. Spellman, chairman of the special committee on matrimonial law of the Bar Association of the City of New York who has been working for divorce-law reform for four decades and was a prime mover in the present drive for revision, pronounces the bill now before the Legislature for action 'excellent', though admittedly not perfect."

"The principal defects are in the cumbersome procedures for conciliation and in the doubts cast on the validity of out-of-state divorces through provisions which are themselves of questionable constitutionality. Passages earlier questioned on mandatory delay in remarriage and on divorce after 'separation by consent' have been improved. A newly added severability clause protects the remainder of the statute if any part of it is declared unconstitutional."

"So the long battle to achieve what seemed for so long, to be the impossible is within sight of victory. It will be - in the true sense - a moral as well as a political victory. It means a significant diminution of the perjury and collusion in divorce actions in this state, which brought bar and bench into disrepute. It should reduce the migration to far place for 'quickie' divorces so easily available to the wealthy but denied to others by reason of cost. It will make a currently cruel law conform to the reality of today's social standards and in all of these respects the revised statute will represent an advance for democracy."

As a public service, paid for by Assemblyman Powers

## Holy Apostles Picks Festival Committee

At a recent executive committee meeting chairman Edward Perrone selected the committee chairmen for the Holy Apostles 1966 summer festival. Anthony Ferrasse will act as co-chairman. Ticket chairmen are Bernard Hoepfl and Joseph Ross, George Cardella is treasurer.

Perrone will announce the sector leaders and booth chairmen at the next meeting. Theme of the festival this year will be "Around the world in two days", and the lot decorations and booths will take in many countries of the world.

A new booth is planned with special appeal for the children, Perrone says. However, the booth will prove a novel attraction to every one.

Within the next few weeks the tickets will be delivered by the volunteer women workers. Perrone says this is the most important part of this endeavor, and hopes the people of the parish will cooperate and sell their tickets.

## Association Plans Public Meeting

Maplewood Neighborhood Association will hold a public meeting on June 1 at 8:15 p.m. at Wesley Methodist Church, 2009 Dewey Ave. First part of the evening will be a presentation from Mrs. Ann Taylor, City Planner.

The outlook for the section of the city north from Lexington Ave. in the next five to ten years will be Mrs. Taylor's subject. Questions may be directed to her at this meeting. Charles Hodson, chief building inspector is also expected to be present.

Second part of the evening will be devoted to meetings of the six permanent working committees. They are: zoning, public safety, traffic, constitution, memberships and beautification. Those attending will be encouraged to go to the committee of their choice.

Any neighborhood problems should be presented at this time and they in turn will be referred to the appropriate committee for action.

The association claims early results. Request for a zoning variance which was felt would downgrade the neighborhood was stopped.

A foot patrolman now walks a beat on Dewey Ave. and has almost nightly since the public meeting in January. With permanent working committees it is the opinion of the group that more can be accomplished for the betterment of the area.

**Memo from Community Savings Bank to young parents**

Did you ever wish that someone would develop a life insurance plan that would (1) provide a large amount of protection (at very low rates) while your children are growing and (2) give you back every cent you put into it, plus a profit, at age 65?

Savings Bank Life Insurance has done it with the Profit Builder Plan:

A man, age 25, who buys the \$30,000 plan pays an annual premium, for the first 20 years, of \$201.10. His protection decreases gradually for 20 years to approximately \$14,480. At that point, his annual premium drops to \$143.70. At age 65, he will have paid-up insurance amounting to \$19,530...

or cash amounting to .....\$13,659.00  
He will have invested ..... 6,896.00  
and his profit will be .....\$ 6,763.00

If he wishes, the cash value of his policy can buy him a life income of \$97.53 per month with payments guaranteed for 10 years.

*Dividends and interest used in the above illustration are based on present scale and must not be considered estimates or guarantees for future years.*

**GET THE FACTS TODAY**

Please send me the rates and profit figures for my age on your new Profit Builder Plan. I understand that I am under no obligation and no one from the bank will visit me. I am interested in rates for (check one):

**1085 Club Form "Youth Town"**

The 1085 Club held a special meeting at the Avery Bowling Center on Sunday, May 15.

Purpose of the meeting was to orientate a group of boys, picked at random, on the formation of "Youth-Town". President Joe Esposito explained to the boys the purpose, the objectives and the functions of the proposed 1085 "Youth-Town". The constitution which the 1085 Club adopted at its last regular meeting was also briefly discussed.

"Enthusiasm shown by the boys greatly impressed me and all the club members", said Esposito. Tests proved successful enough to plan a meeting in the near future for all youth of the neighborhood. "After many years of dreaming, it appears that 'Youth-Town' will soon be a reality," Esposito said. He praised all the members for their fine cooperation, and told them someday they will be justly proud for the good they have done for the youth of the neighborhood.

Buddy Poppy Sale**

Buy a V.F.W. Buddy Poppy. The Keith Miller (Dutchtown) Veterans of Foreign Wars Post No. 6595 and the Ladies Auxiliary will be selling Buddy Poppies on May 19, 20 and 21. They expressed a desire to make this year's sale the biggest in modern times. They point out that today, with boys fighting in Vietnam, we are reminded of our obligation to help those who gave, and are today giving, so much on our Nation's battlefields.

Buddy Poppies are assembled by needy and disabled service men in Veterans Administration Homes and Hospitals. The sale of these poppies help to support the widows and children of men who gave their lives so bravely.

## Neighborhood Group Meeting Is Tonight

Maplewood Neighborhood Association is hoping for a large attendance tonight at its second public meeting, purpose of which is to hear from city officials and also to perfect committee organization.

The meeting, which will be held at 8 o'clock in Wesley Methodist Church, 2009 Dewey, will be addressed by Mrs. Ann Taylor, City Planner, and Charles Hodson, Rochester's chief building inspector.

All residents of the First, Ninth and Tenth Wards from Lexington Ave. north are eligible to attend and will be invited to join in the efforts of the association for the betterment of the area, according to Rev. Albert L. Jeandheur, Maplewood Association chairman, who is in charge of the meeting.

About 25 or 30 men and women attended a preliminary meeting last Wednesday and organized four committees, elected temporary chairmen and will seek volunteers at tonight's meeting to complete their committee rosters.

Residents of the area willing to help in the work of the association will be given their choice of several fields of interest including zoning, public safety, recreation, traffic, constitution, membership, beautification and publicity.

## Grace's Delicatessen Re-Opening Today

The delicatessen store at Dewey and Lexington, closed for the last six weeks due to a fire, opens its doors again today. Grace's the store famous for its slogan of "Til I a.m.", is back in business and "better than ever", says owner Ben Levin.

"OF COURSE I would rather drive a Buick, but I might like to step out on a Honda", commented Frank Davis of Lakeview Pk. as he posed for the cameraman (on the Honda) in the churchyard of Holy Rosary. Seated behind the wheel of the Buick, but apparently eyeing the motorbike with some relish, is Terry Culhane of Curlew St. OF COURSE, it's all a publicity stunt for the annual Holy Rosary Festival which takes place Friday and Saturday in the church parking lot in Lexington Ave.

## Holy Rosary's Festival Friday And Saturday

The carnival-type festival which annually draws several thousand people to the Lexington Ave. parking lot of Holy Rosary Church is all set for Friday and Saturday nights of this week. Besides being appropriately decorated for the occasion, the parking lot will be sporting a new lighting system and several new booths have been added this year.

Women of the parish will be baking cakes to vie for prizes and also supplying the baked goods booth with cakes to sell. And the refreshment stand, it is announced will be featuring clams casino from the recipe of "Augie" Placito; as well as Italian sausage and peppers, hots, french fries and pizza.

Stuffed animals, blankets, pillows and all the other usual items associated with the festival will be on hand. And there will be a Kiddie-land to provide interest for the younger generation.

## Spain & Portugal As Seen By Editor

(Post-Courier Editor Fred R. Metzinger has just returned from a three weeks' visit to Spain and Portugal. He reports on his experiences in this and subsequent articles).

Our six hour Pan-Am flight to London offered us all the comforts of home, including dinner, breakfast and a movie. Our jet arrived right on the dot at 3 a.m. Rochester time, but we had to turn our watches five hours ahead since it was 8 a.m. and broad daylight in England.

A couple hours later we were on our way to Lisbon, Portugal, in a BEA Comet and our European jaunt was started. Our rental car, a Ford Taunus, awaited us at the airport and we drove to the center of town to the fabulous Ritz Hotel, the only place we had reservations during the entire trip.

IT WAS A DELUXE HOTEL in every respect, one of the world's finest, with marble halls, richly carpeted floors, spacious rooms and superb service. But it was just like New York and full of American tourists, so we were not

## West Coast Flight Inaugural Tonight

Through service to Los Angeles will be inaugurated at 6:20 tonight by American Airlines. Its 707 Astrojet, carrying invited guests and newspaper, radio and TV representatives will stop momentarily in Chicago and is due to arrive on the West Coast at 9:20 (local time) after a six hour flight.

It will be known as flight No. 99 and will be scheduled daily. On its return trip it will stop briefly at Detroit.

Among those aboard the inaugural flight will be Fred R. Metzinger, publisher of The Post-Courier.

## Zoning Notifications Asked For By May

Councilman Stephen May introduced at the May 24th City Council meeting an amendment to the Zoning Code to permit associations to play a stronger role in neighborhood preservation. His proposal will require that notice of Zoning Board hearings be sent to all neighborhood groups which register with the Board, thus insuring "that a strong voice will be heard on behalf of affected residents".

May also introduced amendments to require that 20 (rather than 10) days' notice be given of zoning hearings, and to increase the notification area from 200 to 500 feet from the property in question. Adoption of these proposals, combined with strengthened Zoning Board staff work under the recently approved reorganization, can promote sound neighborhood development and upgrade the work of the Board, May stated.

"Good planning and strict zoning enforcement" he commented, "are particularly vital at this stage in Rochester's development. Rigid adherence to zoning rules is a key to saving neighborhoods and stabilizing our aging and rapidly deteriorating urban physical plant".

**Summer Festival  
At Holy Apostles**

Ticket co-chairmen Bernard Hoepfl and Joe Ross announce that tickets for the Holy Apostles summer festival have been given to the women volunteer workers.

They will distribute the tickets to the people of the parish, during the next week. They hope that the parishioners will cooperate by either buying or selling their tickets, emphasizing that this is most important for the success of the festival.

Within the next week or so, a car will be on display and the lot will be decorated to fit the theme of this year's festival—"Around the world in 2 days."

According to general chairmen Edward Perrone, this promises to be the best festival ever.

ROY F. SCRANTON, 157 Driving Park Ave., has been appointed to the licensing section of the Rochester Board of Underwriters. Mr. Scranton, foreman of electrical maintenance at the Electronics division of General Dynamics, will assist in authorizing city licenses for electricians.

**REPORT  
From  
ALBANY**

By Assemblyman  
James E. Powers

**MEDICAID**

The people's concern for the Medicaid Bill is well taken. Substantially more discussion and debate on the ramifications of this bill have taken place since its enactment than in the preceding period.

It is sad that the rule for a first-rate politician is never to admit a mistake. However, I must admit that I would not support the identical bill if before the Assembly today. THE PRINCIPLE OF MEDICAL AID TO THE NEEDY IF FIRMLY SUPPORT, THE PRINCIPLE OF AID TO MIDDLE-CLASS PEOPLE WITH CATASTROPHIC ILLNESS IF FIRMLY SUPPORT, but hearings and studies over the last four weeks have pointed to needed amendments.

I am afraid that in having to meet a deadline for federal assistance, all aspects of this program were not fully recognized. The fact that this bill passed both houses almost unanimously and without one negative vote from any legislator in Monroe County, gives substance to this belief. The Legislative history of this bill indicates that the Governor, the Legislators, the press, and various associations were so intent on meeting the major medical needs of our citizens-- which is right, proper and commendable--that details of major consequence were not fully analyzed.

The eligibility ceiling should be reviewed in light of health insurance premiums and not purely the cost of medical care. For example, most of us are not financially capable of replacing a home which burned to the ground, but can meet our fire insurance premiums without bankruptcy. Excessive medical and dental costs not covered by normal health insurance programs should be aided by the State. No citizen should forego his health because he cannot afford it. However, every sprained wrist, pill, or dental filling does not fall in this category.

I will request the joint Legislative Committee to draw up amendments with this concept in mind.

As a public service, paid for by Assemblyman Powers

### Wins Advancement In Air Force

Beverly J. Dempsey, the former Beverly Santangelo, daughter of Mr. and Mrs. John Santangelo of 159 Emerson St. has just been commissioned First Lieutenant in U. S. A. F. Silver bars replace the gold which were pinned on her by Col. Charles

W. Johnstone, Commander of the 3750th Technical School.

Lt. Dempsey teaches Data Processing and Univac Programming to future officers in the Dept. of Comptrolling Training School at Sheppard Air Force Base in Texas. Her husband, First Lieutenant William Dempsey, who is supervisor of the same unit, assisted in the ceremony. He had just returned from Washington where he attended a conference with Pentagon officials including Secretary of Defense Robert McNamara and Sen. Robert F. Kennedy.

Mrs. Dempsey has been in the service three years. She was married in Rochester eight months ago. She is a graduate of Brockport State College where she majored in Math.

### New Books Listed At Edgerton

The Edgerton branch library has received a collection of new books on the subject, "You and Your Child", as one of the Monroe County Library System rotating book collections. The books will remain at the library for three months and may be borrowed just like those in the library's regular collection.

For new or expectant parents there are several books - "America's Baby Book", by Montgomery; "Common Sense Book of Baby and Child Care", by Spock; "Parents' Magazine Book of Baby Care", by Duncan.

Parents of pre-school children will find such interesting titles as "Your Pre-School Child", by Burnett; "What To Do With Your Pre-Schooler", by Frankel; "The First Five Years of Life", by Gesell, and "Infant and Child in the Culture of Today", by Gesell.

The next step is covered in books like "How To Get The Best Education For Your Child" by Fine; "All Children Want To Learn", by Fox, and "Know Your Children In School", by Mitchell.

Some of the other titles are "Your Children's Faith", by Taylor; "Your Child's Teeth", by Fanning; "The Care and Feeding of Twins", by Graham, and "Your Child Is What He Eats", by Lynch.

Special problems are met with such books as "The Mentally Retarded Child", by Levinson; "The Only Child", by Cutts; "Bright Children", by Cutts, and "Common Sense About Gifted Children", by Abraham.

They supplement the local library's collection and may be borrowed for home reading.

Among the titles included are "Prophets of the Revolution", by Alexander; "Four Keys to

Quatemala," by Kelsey; "Golden Wall and Mirador," by Sitwell; "Castro's Revolution", by Draper; "Lost City of the Incas", by Bingham; "The Children of Sanchez", by Lewis; "Spanish in a Nutshell", by Redondo; "The Savage, My Kinsman", by Elliot; "Religion and Faith in Latin America", by Rycroft; "The Mansions and the Shanties", by Freyre; "All the Best in South America", by Clark and "Spanish Arts of Latin America", by Cali.

**Memo from Community Savings Bank to young parents**

Did you ever wish that someone would develop a life insurance plan that would (1) provide a large amount of protection (at very low rates) while your children are growing and (2) give you back every cent you put into it, plus a profit, at age 65?

**Savings Bank Life Insurance has done it with the Profit Builder Plan:**

A man, age 25, who buys the \$30,000 plan pays an annual premium, for the first 20 years, of \$201.10. His protection decreases gradually for 20 years to approximately \$14,480. At that point, his annual premium drops to \$143.70. At age 65, he will have paid-up insurance amounting to \$19,530...

or cash amounting to .....\$13,659.00  
He will have invested ..... 6,896.00  
and his profit will be .....\$ 6,763.00

If he wishes, the cash value of his policy can buy him a life income of \$97.53 per month with payments guaranteed for 10 years.

Dividends and interest used in the above illustration are based on present scale and must not be considered estimates or guarantees for future years.

**GET THE FACTS TODAY**

Please send me the rates and profit figures for my age on your new Profit Builder Plan. I understand that I am under no obligation and no one from the bank will visit me. I am interested in rates for (check one):

## Powers Explains New Aspiration

People have asked him why, since the salary is the same and there is more work involved, that he is running for the State Senate rather than the Assembly this year; and Assemblyman James E. Powers has a ready answer. Here it is:

"I've enjoyed representing the people of the northwest district and have now had experience understanding their problems as well as those of my home area in the southwest. Only the Senate district is large enough to represent both districts under the new alignment."

Powers, who is a high school teacher by profession, served as councilman in Chili from 1961 to 1964 when he was elected to the State Assembly. He was re-elected in 1965 when the Assembly districts were changed, adding all or parts of the Ninth, Tenth and 24th Wards. Now the lines are changed again and the Northwest wards have been thrown back into the district represented by Charles F. Stockmeister.

## O'Connor Attacks GOP Record

Ninth Ward Democrats held one of their most successful dinners last Friday at Logan's Party House and heard a spirited attack on the Republican state administration from Frank D. O'Connor, president of the City Council of New York and a leading candidate for the gubernatorial nomination this fall.

Master of ceremonies was Andrew Celli, ward leader, and the committee in charge was headed by Stuart E. Van Auken and John Daniel, co-chairmen. All local candidates were introduced and spoke briefly.

## 24th GOP Party

Republicans of the 24th Ward got their 1966 campaign off to a good start on June 7 with a well attended card party at the West Side Ukrainian Club. There was no speech making, but all the local candidates were introduced.

## Memo from Community Savings Bank to young parents

Did you ever wish that someone would develop a life insurance plan that would (1) provide a large amount of protection (at very low rates) while your children are growing and (2) give you back every cent you put into it, plus a profit, at age 65?

Savings Bank Life Insurance has done it with the Profit Builder Plan:

A man, age 25, who buys the \$30,000 plan pays an annual premium, for the first 20 years, of \$201.10. His protection decreases gradually for 20 years to approximately \$14,480. At that point, his annual premium drops to \$143.70. At age 65, he will have paid-up insurance amounting to \$19,530...

or cash amounting to .....\$13,659.00  
He will have invested ..... 6,896.00  
and his profit will be .....\$ 6,763.00

If he wishes, the cash value of his policy can buy him a life income of \$97.53 per month with payments guaranteed for 10 years.

Dividends and interest used in the above illustration are based on present scale and must not be considered estimates or guarantees for future years.

**GET THE FACTS TODAY**

Please send me the rates and profit figures for my age on your new Profit Builder Plan. I understand that I am under no obligation and no one from the bank will visit me. I am interested in rates for (check one):

## REPORT From ALBANY

By Assemblyman James E. Powers

for the public to expect that a candidate's solutions to the major problems facing us will probably not be as glowingly successful as the candidate predicts, but the public should question the standards or ethics of our officials when those officials believe that there need be no relationship between campaign positions and official acts.

### THE DIFFERENCE BETWEEN FALL AND SPRING

The New York City tax program has caused much controversy in Albany. I am sure most of us are aware that the New York State Senate and Assembly, as well as the Governor and Mayor Lindsay have not as yet reached agreement on any single program.

Part of the controversy is related directly to last year's Mayoral campaign. It seems that election campaigns get further from the realities of life every year. Certainly everyone campaigning for office wants to put his best foot forward, but this does not give license to wholly irresponsible positions. For example, in October of 1965 CANDIDATE Lindsay stated that the New York City budget could be cut up to three hundred million dollars. He further stated that no new taxes would be needed. The budget submitted by Mayor Lindsay in March 1966 was not reduced but rather demands additional expenditures and accompanying taxes of \$520 million. During the campaign Lindsay said a city income tax would drive people and business from the city. Today he classifies such a tax as an absolute necessity. This same reversal of position relates to other taxes in his package.

Now let me make it clear that Mayor Lindsay is not alone in this practice. Unfortunately, many candidates, Democrats and Republicans alike, running for offices from the President to Ward Constable, seem to take for granted that outrageous positions in campaign literature are an acceptable practice. I fear that this practice has become so widespread that even the voter has begun to accept it as part of the general campaign "hoop-la" along with bands, buttons and political picnics.

It is reasonable for the public to expect a candidate to promote his strong points and de-emphasize his shortcomings. It is reasonable

## 'Abandoned Village' Atmosphere Condemned By Daily Newspapers

Daily newspaper articles last week focused the spotlight on the plight of Dutchtown area residents. The wave of vandalism sparked by the long delay in removing homes condemned by the state for the Western Expressway made sensational reading, but offered little solace to the home owners whose property is adjacent to the area about to be cleared out for a roadway.

"Broken windows, branches, rocks and pieces of concrete on the floors and a swath of destruction from Ames St. to Grape St., between Maple and Campbell Sts." were the vivid descriptive phrases of the reporters.

On Centennial and Cedar Sts., the reporters found houses stripped of shingles, broken bathroom fixtures, rusty nails, debris, and threats of fire everywhere; and people living in fear for their children because of the abandoned village atmosphere.

The plight of many home owners who had to go heavily into debt because the state awards made no allowances for the property price escalation, was also stressed in the articles. Also the sad situation faced by a few business men who are about to move unwillingly from sites they have owned for many years. The Schlafter Bakery, it was disclosed, expects to close its doors and the owners are planning to take jobs in other bakeries.

No mention was made of the Ralph Allen & Son jewelry store in Orchard St. which is being taken over soon by the state. This company is staying in business, however, and is moving to a new location on Lyell Ave.

The Atlas Wrecking Company has been awarded the demolition contract, and as far as everyone in Dutchtown is concerned they can't start too soon.

## Ascension Getting Skinner Organ

The Roberts Organ Service has begun the transfer of the E.M. Skinner Organ from Rochester's Auditorium Theatre to the Church of the Ascension, Lake Ave. In anticipation of this move, the Roberts firm has been preparing the organ chambers in the church. The old main organ played its last on June 12.

Until the newly acquired organ installation is finished, a smaller organ in the church's Chapel of Intercession will be used for services. A fine specimen of the tracker action, it is historically valuable, having been built in 1854. Organ buffs have it catalogued and occasionally visit the church to play it.

The new main organ will be played some during the summer, but is scheduled for completion about Sept. 1. A service of dedication is planned for early fall.

The Skinner organ, one of the largest and finest in the Rochester area, is being given to Ascension by Mrs. Harry Beach in memory of her husband who was one of the past leaders of the parish.

The chain of events leading to this event started with demolition of the RKO Palace Theatre. This made possible the acquisition of its theatre-style organ by the Auditorium Theater. The Auditorium's Skinner organ being excess was made known to Mrs. Beach, who acquired it for the Church of the Ascension.

JO ANN KEYSER (above) has won a place on the U. S. team which will compete in the European Wheelchair Games in London, England, beginning July 21. Handicapped since birth with a congenital spine condition, she nevertheless set two world's swimming records at the National Wheelchair games in New York City early this month, in the 50 yard free style and the breast stroke. This cinched her place on the U.S. team.

Jo Ann, an 18 year old junior at Jefferson High, started swimming, she recalls, when swimming instructor Ed Hall threw her into the Maplewood YMCA pool at the age of six. She has been swimming ever since and has also participated in other activities at school. She plays the piano and flute, is a member of the Jeff band and orchestra, Senior Choir and Jefferson Singers. She walks with the aid of crutches and braces.

Her proud parents are Mr. and Mrs. Robert Keyser, 575 Augustine St.

## Spain & Portugal As Seen By Editor

By FRED R. METZINGER, Post-Courier Editor

Of all the quaint places we have visited on our travels, Nazare takes first prize. The people themselves and their attire are something to behold. Drab clothing for

the women, most of the older ones dressed in black; colorful checkered pantaloons type pants on the men; and hardly anyone wearing shoes. The children, however, dressed modern, but a little shabby except on Sunday.

We observed many women squatting on the curbs for hours at a time; and since they were draped in long black shawls, we at first assumed they were widows mourning for their departed mates. But we soon learned that they were just patiently waiting for their husbands to come home from the sea, thus relieving their boredom, keeping up with the village gossip and being close to the seashore where the entire population gathered to work and to play from dawn to dark.

AN ABANDONED clog railway at one end of Nazare pointed skyward to another town high on a cliff, hanging suspended some 300 or 400 feet above the ocean. We drove up there by a circuitous route and enjoyed scenery that is difficult to describe. The entire town of Nazare stretched out below us; the mile long beach littered with fishing boats and swarming with people; and the strange contrast of our modern hotel with its rooftop cafe. We were favored by perfect weather and the sun-drenched scene below us made for pictures that our cameras just ate up.

IN THE EVENING we strolled along the waterfront where every other store was a grog shop. Wine was drawn right from the barrel at about 20 centavos (6 cents) a glass. There was no sign of drunkenness, however, and despite their

MRS. PATRICIA HALTON, (above) who will shortly undergo surgery for a kidney transplant needs about \$10,000 for expenses and Northwest Kiwanis Club is one of the organizations who are helping raise the money. The Kiwanis fund-raising project is a Gas Day on Sunday, July 10, at two Mobil Service Stations (Sam and Pat's, Dewey at Pullman, and Stone-Ridge at Ridge Rd. W. and Stone Rd.) The Kiwanians are manning the two stations for the day and are urging all their friends to fill up their gas tanks and get other services to help swell the fund for Mrs. Halton. All proceeds will go the Northwest Kiwanis with half ear-marked for the Halton fund.

**Memo from Community Savings Bank to young parents**

Did you ever wish that someone would develop a life insurance plan that would (1) provide a large amount of protection (at very low rates) while your children are growing and (2) give you back every cent you put into it, plus a profit, at age 65?

Savings Bank Life Insurance has done it with the Profit Builder Plan:

A man, age 25, who buys the \$30,000 plan pays an annual premium, for the first 20 years, of \$201.10. His protection decreases gradually for 20 years to approximately \$14,480. At that point, his annual premium drops to \$143.70. At age 65, he will have paid-up insurance amounting to \$19,530...

or cash amounting to ..... \$13,659.00  
He will have invested ..... 6,896.00  
and his profit will be ..... \$ 6,763.00

If he wishes, the cash value of his policy can buy him a life income of \$97.53 per month with payments guaranteed for 10 years.

Dividends and interest used in the above illustration are based on present scale and must not be considered estimates or guarantees for future years.

**GET THE FACTS TODAY**

Please send me the rates and profit figures for my age on your new Profit Builder Plan. I understand that I am under no obligation and no one from the bank will visit me. I am interested in rates for (check one):

**REPORT From ALBANY**

By Assemblyman James E. Powers

**GOVERNOR SIGNS TAX CUT FOR THE AGED**

You may recall a few weeks past I wrote a report on the bill, which received my support, allowing cuts in tax assessments for people over 65. I am pleased to inform you that the Governor signed the bill and it has now become law. Contact your local City or Town Hall for specific eligibility.

**TAX BREAK FOR PARENTS OF COLLEGE STUDENTS**

On Tuesday, June 21, the Assembly voted to grant State income tax deductions to the parents of college students, a deduction of up to \$750 for tuition, text books, and fees for each child in school. If the Senate and Governor will concur on our action, we will be taking a great step toward aiding parents to face ever increasing college costs. I hope that the Federal Government would also recognize this great need and allow a similar deduction for Federal income tax.

**MEDICAID AMENDMENTS**

As you probably noted from press and radio reports, I have been fighting for amendments to the State Medicaid bill. On June 21, the Senate passed ten amendments, two of which dealt with a deductibility factor. I talked with Speaker Travia on the absolute need for the Assembly to pass these amendments. A deductible provision under which aid recipients would have to pay some expenses themselves before the state would take over, would overcome many objections to Medicaid.

IT WOULD CUT COSTS AND OVERUSE OF MEDICAL FACILITIES AND WOULD ENCOURAGE PEOPLE TO RETAIN THEIR HEALTH INSURANCE, WHOSE BENEFITS MIGHT MAKE UP FOR THE DEDUCTIBLE COSTS. My colleague, Charles Stockmeister, is in full accord with the need for these amendments.

**PHONE PRESCRIPTIONS TO RETURN**

As a result of legislation passed in 1965, doctors were forbidden to telephone many types of prescriptions to pharmacists. This required a patient to physically appear before the doctor and deliver this prescription to his pharmacist. This, of course, was always time consuming, expensive, and frequently caused delay in the receipt of the needed drug.

I introduced a bill this year to eliminate these problems and at the same time retain control of drugs of an addictive nature. The basic Senate version of my bill (Thaler - S.P. 5388) passed the Assembly June 21. If the Governor signs this bill, doctors again may give oral orders to a pharmacist as long as a written order is sent within 72 hours for a depressant or stimulant drug.

As a public service, paid for by Assemblyman Powers

**Leaders Going To Silver Bay**

Over 150 leaders from the eastern United States will be attending the school. The staff includes Y.M.C.A. physical directors and outstanding laymen who have a deep interest in leadership training.

### Pre-School Classes Registering At No.7

Classes for pre-school children and for their mothers will be held again at No. 7 School. The children range in age from 3 to 4 1/2 years. Each week classes are held on Monday afternoon, Tuesday and Wednesday mornings. The mothers meet with a discussion leader trained in adult education. Better understanding of the children is an objective.

At the same time the children meet in a well-equipped room with a trained nursery teacher. The nursery has a climber, building blocks, table activities, scaled kitchen and doll corner and other equipment especially selected for nursery age groups.

Classes start about the end of September and are being held at Dewey Ave. Presbyterian Church. Mrs. Jennie Scratulla at CL 4-1174 is taking registrations.

### IT'S THE 150th BIRTHDAY OF THE AMERICAN GAS INDUSTRY

In 1816 the first U. S. gas franchise was issued to the Gas Light Company of Baltimore.

The Rochester Gas Light Company (a direct parent of RG&E) was founded in 1848. In 1919 consolidations of several earlier Gas and Electric companies resulted in the formation of Rochester Gas & Electric Corporation.

## SPAIN AND PORTUGAL

Continued From Page 1

quite evident poverty the people were singing, laughing and joking, playing cards and thoroughly enjoying life. We were about the only tourists where we were walking, but we felt perfectly safe. No one paid any attention to us except some of the tiny urchins who begged for escudos.

ON A SUNDAY morning we took a side trip to nearby Fatima, Europe's second most famous shrine. (It was here in 1917 that three children are reported to have seen and prayed with the Virgin.)

As we drove along the road which was the main highway in that area we passed men and women on their burros. (In some cases the men looked bigger than the donkeys they were astride.) Also ox-carts with the "driver" actually walking ahead of the oxen leading the way. Women trudging along with their little ones by their sides; and on top of their heads balancing huge bundles of greens, urns of water or bulky baked goods trays. It seemed hardly possible yet there it was.

AS WE DROVE into the grounds at Fatima we were immediately aware that Sunday was not exactly the best day to come. Parking space was at a premium, but we found a spot close to the center of activity. We walked through a park-like area and passed by numerous family groups who had brought their picnic lunches with them and had commandeered every bench and table in sight.

Looking for the shrine we entered an open doorway and found ourselves in the rear of a cathedral and in the midst of a High Mass. Every seat was taken, as well as just about every inch of standing room. We came out again into a

large covered courtyard and soon were looking out on a tremendous plaza which could accommodate at least 100,000 people. On a semi-circle at one end was another Cathedral which was elevated high above the plaza. On a big platform out-of-doors in front of the Cathedral another Mass was in progress with nine priests and several thousand worshippers taking part.

THE SHRINE itself is not very imposing. It is set in the middle of the plaza and is a plain wooden structure not much larger than a double garage. But it is the objective of thousands of visitors and scores of devouts were circling the shrine on their knees, evidently praying for cures for themselves or for loved ones.

Large candles by the hundreds were burning in pyre-like boxes near the shrine and it is a sight we will never forget. We were tremendously impressed by the grandeur of it all, but our most lasting memory will probably be the sight of those penitent people each praying for another miracle.

ON THIS SAME DAY we had time to drive over to Tomar, said by some to be the loveliest town in Portugal. We walked through one of its parks and came upon an old, old restaurant where only Portugese were eating. The waiter was a little surprised to see tourists, but seated us on the porch next to a flowing stream - a most delightful setting. And the language barrier notwithstanding, we had one of the best meals of the whole trip (soup, fish, meat, potatoes, salad, cheese, fruit and wine for a little over a dollar a person).

We then drove through the nar-

row streets of the town admiring the old buildings, homes and numerous churches. On one of the main streets we noted that the crowds were gathering as if for a parade and sure enough, it developed they were having a bull fight at 5 o'clock. We came upon a horse and buggy with a huge sign advertising the event; and several young men, hanging off the sides were yelling at the top of their lungs "selling" the people on the merits of the bull fight. It was a little too late in the day for us to take it in--we had to get back to our hotel at Nazare before dark. And besides we knew we were going to see the matadors in action at Madrid a little later on.

OUR FAVORITE sidewalk cafe was in a little crossroads town called Alcobaca, about 20 kilometers from Nazare. We stopped there several times to refresh ourselves and also to watch the world go by. Local traffic--oxcarts burros and pedestrians at a snail's pace; and buses, trucks and pleasure cars racing through the village square at breakneck speed. What a contrast.

Directly across the street was a 500 year old Cathedral which we explored one day with the help of a custodian who told us in broken English some of the history of the mission which it contained. We wandered with him through room after room. (He had several big keys on a ring and unlocked and locked each of the doors as he showed us through). The church edifice itself was a marvelous structure, but much like the dozens of other Cathedrals we saw. But the massive kitchen where food was prepared in the old days for 999 monks was a revelation. It had a pit where two oxen could be roasted simultaneously and a tile-lined flue that opened up into the roof some 180 feet overhead. Perhaps the most striking feature, however, was running water, direct from the river beneath the building, which in the good old days, the guide told us with a straight face, brought trout swimming right into a big trough in the kitchen where the cooks nabbed them for their Friday fish fries. You couldn't get 'em much fresher than that.

**City Beautification Program Outlined**

Mayor Frank T. Lamb has announced that the city will ask for a Federal grant of \$434,386 for the first year costs of a three-year beautification program for Rochester. Total cost for the first year, 1966-67, will be \$936,170. The three-year program will mean gross costs of \$2,194,670, of which \$994,386 will be sought from the federal government.

The federally-assisted city program relates to open space and other land that is publicly owned or controlled, such as streets, sidewalks, squares, plazas and parks. Two other aspects of the beautification program are: (1) City programs ineligible for federal financial assistance, and (2) private efforts, which will be led and inspired by the Mayor's Beautification Committee under the chairmanship of Donald McMaster.

Four groups of activity are identified in the federally-aided City program: (1) improvements to existing parks and playgrounds and development of city-owned land earmarked for park and playground purposes; (2) improvements to plazas, squares and riverfront areas, (3) upgrading and improving the appearance of streets and other non-recreational places, (4) beautification and improvement of public building sites.

The federally-aided city program for 1966-67, the year for which detailed plans have been prepared, would involve several Northwest area projects including: MAPLEWOOD PARK, development of children's rose garden, planting of shrubs, trees and roses for main rose garden, installation of fence and plantings along river gorge.

EDGERTON PARK, equipment for children's apparatus area, landscaping and plantings.

WILSON PARK, construction of rest rooms and small picnic shelter, development of basketball courts and children's apparatus area, closing of street and construction of tennis courts, installation of watering system, planting of trees and shrubs.

**"Carousel" Next At Playhouse**

"Carousel", regarded by many as the most beautiful of the Rogers and Hammerstein collaborations, starts the second week in the classic schedule of musicals at East Rochester's Town & Country Playhouse. Opening on Monday night, July 4, this holiday treat will play one week only, through Saturday.

Rugged Bill Carrozo will be in the leading roll of Bill Bigelow, the roughneck carousel barker who attracts all women, and treats them all badly.

The role of the gentle but valiant Julie Jordan will be played by Jan McArt. For Miss McArt, this role will be a greatly changed portrayal from the boisterous "Molly Brown", for which she has already become a local favorite.

Town & Country Playhouse producer Barry C. Tuttle reports a fairly strong advance sale of tickets for "Carousel", and suggests early reservations. The box office is open daily from 10 a.m. until 9 p.m.; telephone is DU 1-1001.

**Senior Citizens Picnic Tomorrow**

Maplewood Senior Citizens have planned a picnic for Thursday at Maplewood Park. It will be held at the pavilion just north of Ridge Road. A committee has been formed to direct this affair and it is expected that a large number will be on hand.

Mrs. John Evans and Mrs. Stuart Boyce will be in charge of the food and the cooking will be done by John Evans and Ed Gardner.

Mrs. Helen D'Amanda will direct games, with Emory Pixley and Andy Auberger in charge of equipment.

The group will meet at 11 a.m., as usual with the meal being served at 12. In case of rain an indoor picnic will be held at the usual meeting place, the Church of the Ascension.

For information, call GL 8-5584.

**CHRIST PRESBYTERIAN**

**Diamond Jubilee**

The Church Council of Trinity Evangelical Lutheran Church, 116 Campbell St., has formed a committee of 26 members under the leadership of Norman E. Gauch and Betty Vroom to observe the 75th anniversary of the church. They plan a six week's program commencing Sept. 18. This schedule will include an Inter-Church service on that date; an inter-faith service on Sept. 25; a reunion service on Oct. 9; a banquet at Welcome Ranch on Ridge Rd. on Oct. 13; and a Diamond Jubilee service on Oct. 16, at which time the president of the New York Synod, Dr. Alfred L. Beck, will join them.

It was in December 1889 that the West Side Mission was opened in the parish house of the Church of the Good Shepherd on Grape St. On Aug. 16, 1891, this Mission laid the cornerstone for its own church building at the corner of Campbell and Walnut Sts., where 75 years later the pastor and congregation hope all their friends and guests will join them for the festivities. Following the Rev. P.B. Smith and Rev. Peter Altpeter, the Rev. Henry C. Erbes accepted a call on May 15, 1889, which lasted for 58 years. After Dr. Erbes' retirement in 1956, the Rev. Martin L. Dolbeer, now at Waterloo University College in Ontario, Canada, became pastor. He and their present pastor, the Rev. Theodore A. Schrader, will join in conducting the reunion service planned for Oct. 9.

## Legal Finance Plan Set Up

Security Trust Company of Rochester and the Monroe County Bar Association have approved the adoption of a plan whereby the bank will establish a Legal Finance Plan that will enable the public to pay legal fees on the installment basis. The plan was announced jointly by J. Wallace Elv. Security's president, and Domenic L. Streppa, president of the local bar association.

The plan is similar to one adopted by the Erie County Bar Association's 1965 Award of Merit. Basically, the plan will permit a client to pay for legal fees on an installment basis similar to the manner in which he might pay for other goods or services on a time plan. At the initial consultation, a client and his attorney agree upon a fee for services to be rendered and the client, if interested, can apply to Security Trust Company for its Legal Finance Plan.

After performing the necessary check on the client's credit, the bank then establishes an installment loan for the client. The attorney will receive his fee from the bank immediately.

The client's installment loan will be covered by life insurance on the borrower. Interest rates and loan duration will follow a normal bank consumer credit pattern.

Commenting on the plan, Streppa said: "The officers and trustees of the Monroe County Bar Association believe that the adoption of this plan is a significant contribution toward making legal services available to a larger segment of the public."

Ely indicated that: "Security Trust is certainly proud to associate itself with the Bar Association in a plan which will meet definite financial needs of the public as well as provide sound financial planning for local attorneys."
