Bridge Safety Is Questioned

The safety status of the Driving Park Ave. bridge is being questioned by the driving public, according to Councilman Stephen May, and he has asked City Manger Seymour Scher, to "shed light" on the city's future plans for repairing or replacing the span.

"Numerous people have expressed concern to me about whether it is safe to drive on the Driving Park bridge", said May in a letter to Scher. "I agree with them that it is puzzling to find that although its use by heavy trucks is prohibited, a far weightier load is permitted during rush hours when the bridge is jammed with dozens of automobiles. If you plan to continue the prohibition on truck travel, it would be helpful to know if special steps are being taken to crack down on those presently violating this rule".

Breakfast Sunday At Holy Rosary

The Holy Rosary Men's Club father and son/daughter communion breakfast will be held Sunday April 9 at the Redmen's Club following the 8 a.m. Mass.

Tickets are \$1.25 for fathers; \$1.00 for the first son or daughter; and 75 cents for each additional child. Tickets may be purchased at the door, but reservations are requested to 454-7327 before tomorrow (Thursday).

Plan Chicken Dinner

A chicken dinner will be held at Most Precious Blood Auditorium on Lexington and Stenson Sts, on Saturday from 5:30 to 9 p.m. Tickets are \$1.75 per person and families from Bergen, Burrows, Canton, Curlew, Elsinore and Emerson Sts. will help prepare and serve the dinner.

In charge of making arrangements for the dinner are Mrs. Victor Natalie, Jr., Mrs. Joseph Sica, Mrs. Frank DiMarco, Mrs. Michael Montagna, Mrs. Mario Parente and Mrs. Michael Molisani.

No. 40 Features Phys. Ed Program

The physical education program will be featured at the next meeting of the PTA of John Warrant Castleman School No. 40, La Grange Ave. at the school auditorium on Monday, April 10, at 7:45 p.m.

The speaker, Richard Kingdon, physical education instructor will present slides illustrating the varied activities for third through seventh grades. A demonstration by some of the students will highlight gymnastics, stunts and tumbling.

Election and installation of PTA officers for the coming year is also slated, according to the president, Mrs. Blanchard Brock of Magee Ave.

Following the program, refreshments will be served by parents of third grade children.

Twilight Club Lists Supper

The Twilight Club of Wesley Methodist Church will meet in the church hall on Friday, April 14, at 6 p.m. for a pot luck supper and an evening of entertainment.

Guest speaker will be Miss F. Gertrude Libbee, a retired physical education director of the Rochester Y.W.C.A. Miss Libbee is now associated with an organization called "Friends Of New Horizons", a group of handicapped senior citizens, and she will speak briefly on her work and experiences with this active group.

Following the supper, there will be a travelogue on "Oklahoma", narrated by Edward Lawson from Grace Methodist Church, Mr. and Mrs. Lawson have traveled widely and have many interesting pictures.

All adults of the church and their friends are invited and are asked to bring a dish to pass and place setting. Mrs. Ben Scharf at 663-6179 or Mrs. Peter Tracy at 865-1574 may be called for information.

"SOUND-OFF for '67 1/2" will feature seven drum corps in a show sponsored by the Emerald Statesmen in the War Memorial on April 15.

May Concerned About Tagging

Concern over the "sudden change" in policy of the police regarding off-street parking was expressed this week by Councilman Stephen May in a statement made after reading the editorial in last week's Post-Courier on the subject.

"I too feel that over-zealous enforcement of parking regulations will hurt business", said May, "and may force more small businessmen to close their doors".

May said that he would ask Commission of Public Safety Mark Tuohy to review the traffic situation to see if some compromise can be worked out for the convenience of the business men as well as the residents of the area and "compatible with traffic concerns".

The editorial pointed out that black-topped areas in front of numerous stores on Dewey Ave., which the city had previously considered as legal for parking, had been made the object of a police crackdown which resulted in numerous ticketings for "angular parkings". The comment from May was the only official reaction to the editorial.

Pancake Supper Set For Friday

Kodak Park School No. 41 PTA is sponsoring a pancake supper Friday at Wesley Methodist Church. This will be the major fund raising event for 1967-68 and will take place of the Fun Fair.

The menu will include pancakes, sausage and beverage -- "all you can eat" -- for a donation of \$1.25 for adults and 75 cents for children.

"Uncle John" from the Pancake House on Monroe Ave. will do the cooking. Serving will be at 5, 6, and 7 p.m.

Tickets will be available at the door or in advance from any member of the #41 PTA executive committee.

School Officials On No. 41 PTA Panel To Discuss Desegregation Issue

A special information meeting on the subject of "The Desegregation of Our Schools" is scheduled Tuesday, April 11, at 8 p.m. in No. 41 school gym.

Guests will include Dr. Eugene S. Conant, assistant superintendent in charge of administration of the Board of Education; George J. Rentsch, Board of Education coordinator of instruction; Stanley Marcus, president of the Rochester Council P.T.A., and Mrs. Anne Rains, of the Guided Observation Department.

These four will make up a panel and will be there solely for the purpose of answering questions, says Mrs. Donald Hoskins of the School PTA. There will be no speeches.

"To save time, and so everyone may be heard, we are asking that you write your questions on a sheet of paper", says Mrs. Hoskins. "These questions will be given to the panel, read exactly as written and answered as candidly as possible. If you wish you may send in your questions ahead of time to the school. We will also provide paper for your questions at the door."

"This is a meeting that everyone has asked for, so please plan to attend."

LETTERS

TO THE EDITOR:

The Parent's Committee of #7 School District will have a meeting on Thursday, April 13 at 7:30 p.m. at Maplewood YMCA to discuss the proposed constitution and by-laws of the Rochester Neighborhood School Association Council.

On April 16, the Council will have a meeting to consolidate the comments and ideas presented by the Council representatives of the various Parent's Committees of the Neighborhood Schools. It is hoped that a final constitution will be adopted at that time.

We trust that the news media have left no room for doubt that we cannot afford to relax our efforts at this time. It is imperative that the Rochester Neighborhood School Council be represented by as many of the elementary schools as possible. Any action the Council might take will then reflect the feelings of the residents of the city at large.

Our meeting will be an opportunity for the parents and residents of No. 7 School District to express their opinions. We hope for a large attendance on April 13.

Community Players

"Amphitryon 38", next attraction at the Playhouse, will open Friday and play through April 15. (Except for Monday night.) It was presented late in 1937 by the Theatre Guild, starring Alfred Lunt and Lynn Fontanne as Jupiter and Alkmena. In the Playhouse production James Johnston and Gisela Fritzsing will be seen in these roles. The "38" is the designation of translator S. N. Behrman from the French of Jean Giraudoux, who roughly estimates this is the number of times the Amphitryon legend has been told on the stage.

SUCCESSFUL, interesting people are usually well-read people. Books at your public library will keep you alert and in touch with new ideas.

Driving Park Span Gets Safe Rating

The city makes inspections of the Driving Park bridge every three months and the span is safe even though filled with vehicles during rush-hours periods.

This is the reply of City Engineer Patrick S. Sidney-Smith to Councilman Stephen May who had asked for this assurance last week.

"The conditions which were considered unsafe at the time the bridgeway closed to traffic were remedied prior to its reopening", says the engineer. "The 8-ton load limit is a limit per vehicle and is not a cumulative limit for all vehicles which may be on the bridge. This limit is by design a conservative one and takes into consideration the fact that the bridge may be filled with vehicles during rush-hour periods."

Sidney-Smith also informed May that the city does not consider the structure worthy of major rehabilitation and that a new bridge must be built on the basis of information obtained from the Metropolitan Transportation Study, but not necessarily on the present location. A decision on the exact location of a new bridge and its capacity should be made within the next six to nine months, he said.

Holy Family Parish Convention To Be Held Saturday and Sunday

A parish convention to air parishioners' opinions on education, parish activities and youth, will be held Saturday and Sunday in the Holy Family school auditorium. All parishioners 18 years and over are eligible to attend. High school students are invited to the session on youth activities which will be held on Saturday at 1.

Rev. Jeandheur Leaving June 1

The Church of the Covenant, the second largest Presbyterian church in Cleveland, Ohio, has extended a call to Rev. Albert L. Jeandheur and the popular pastor of Dewey Avenue Presbyterian Church has accepted, subject to approval by the Presbytery. He will be leaving June 1 to become senior minister of the 1800 member Cleveland church. Over 150 candidates were considered and the pastoral nominating committee agreed unanimously on Mr. Jeandheur, states Harley L. King, the committee chairman.

Mr. Jeandheur came here in 1960 from an Oceanside, Long Island church and in the seven intervening years has been a forceful leader in both church and community. He is credited with many innovations at Dewey Church, including organization of discussion groups and an approach utilizing drama as a ministry of communication.

He was a prime mover in the start of the Maplewood Neighborhood Association, acting as temporary president during the formative stages. He has served for five years as chairman of the Church Extension and National Missions Department of Genesee Valley Presbytery of which he is currently serving as moderator. He is on the board of the Council of Churches and is chairman of its Department of Social Relations and its committee on Religion and Race.

Edward F. Winterkorn is chairman assisted by Mrs. Robert M. Engle as secretary. Chairmen of the sessions are as follows: George Ringholz, education sessions; Anthony DeCarlo and Alice Ferguson, co-chairmen of the youth session; George Stockmeister, parish activities; Michael Tarkolich, spiritual session; William Metzger and Joseph Hoffman, co-chairmen of finance session; Loretta Appel, reservations; Al Colavecchia, of Ways and Means; Mrs. Thelma Will, publicity; and John F. Will and Robert Bagne, photography.

The convention schedule begins Saturday at 8:30 a.m. The sessions to be held on Saturday will be education at 10; youth at 1 and parish activities at 3. A free luncheon will be served in the Pine Room and recreation hall at 11:45. The doors will open at 12:30 p.m. on Sunday with the spiritual session at 1:45 and finance report at 3:40.

Free babysitters will be provided both days in the kindergarten class. The Girl Scouts and Boy Scouts of the parish will be the guides and ushers for all sessions.

Monsignor George Cocuzzi, pastor of Holy Family, reminds the parishioners: "You are the parish - the convention is the voice of the parish - the convention is your voice."

"We hope that all members of the parish will plan to attend and use their VOICE in the PARISH!"

"Marshall Day" Set For Friday
 By Kathy Fiore
 John Marshall High School will be filled with excitement Friday, the appointed time for this year's Marshall Day. After regular classes the student body will be entertained by a talent show, entitled "Pot Luck". They will see dancers, skits by the faculty, and hear the music of "Five on the Floor". Afterwards, a midway will be opened in the gym and cafeteria until 5 p.m. There will be booths with activities ranging from tricycle races to ping pong matches. You may rent a slave for 1/2 hour or put someone in jail. You may show your skill in various games or just buy a pizza. Prizes will come in every shape and form and everyone is guaranteed a good time. The midway will be reopened at 7 for the public and "Pot Luck" will be presented again at 7:30 with tickets sold at the door for 50 cents. The profits from Marshall Day will help finance the school newspaper and will support future projects of the Student Association. All are welcome to come to have an enjoyable time.

Lombard Answers Tagging Protest

Complaints of parking on sidewalks led to "stepped up enforcement", says Chief of Police William M. Lombard in answer to the editorial protest recently carried by this newspaper on the subject of overzealous tagging. In a letter to the editor, the chief stated:

"There was no deliberate campaign directed by this police administration or the Commissioner of Public Safety other than pointing out to our police personnel charged with the responsibility of enforcing laws that failing to assume these responsibilities can only contribute to an unhealthy situation in the community".

Courtesy and consideration has been extended to permit parking on Dewey Ave. in restricted areas, Lombard pointed out, but some motorists have parked in such a manner as to not permit free flow of traffic in the streets and the sidewalks. Complaints were received at the Police Bureau, he continued, and were found to be valid.

In conclusion Lombard asked for cooperation of motorists "to park their vehicles in a sensible and sane manner, and where it may involve the customer of one of the merchants, that the merchant take immediate action when he may observe a vehicle contributing to the hazards on the street. It is not our intention to effect the livelihood of any person. . ."

POLITICAL ROUNDUP

Although Election Day is still more than six months away, candidates are beginning to emerge and slates are taking form. Here are some of the developments as related to this area:

The Ninth and Tenth Wards have been split again for the Council race. The northern half is now in the new Northeast District; the southern half is in the new setup of the Northwest District.

Andrew Celli, Democratic leader of the Ninth and Tenth Wards, appears to have the City Council nomination for the Northwest District if Councilman Henry Gillette persists in his avowed intention of not running. The Republicans have several men under consideration but no front runner has emerged.

Jerry Clifford, former Tenth Ward supervisor, is almost certain to be the Republican nominee for City Council in the new Northeast District which will include the northern parts of the Ninth and Tenth Wards along with Wards 2, 4, 6, 17, 22, and 23. (This straddles both sides of the river as does the new Northwest District.) Clifford's opponent probably will be Urban Kress, who is about to be named to fill the Council seat vacated by Assemblyman Raymond Lill.

Peter Fuino has re-considered after a unanimous vote of confidence by his ward and county committee in the First Ward and has resumed the Democratic leadership. He had submitted his resignation some time ago. At the same meeting, on April 13, the committeemen endorsed Celli for council and Raymond Margrett, former First Ward supervisor, for another try at County Legislator.

Another Hearing For Apartments

Property owners in the Emerson-Mt. Read area who thought they had won out in their fight against a 56 unit apartment project have discovered that they have another Zoning Board hearing at which they must appear. They are still opposed, however, and plan to continue their opposition.

The request of John Bianchi for re-zoning of two large plots of land will be given another hearing tomorrow (Thursday) morning and the aroused neighbors plan to turn out in large numbers "to protect the neighborhood" as a spokesman for the property owners puts it. All affected residents in Abbott St. and Mt. Read Blvd. are urged to be at the hearing which is at 9:30 a.m., Room 229, Public Safety Building in the Civic Center Plaza.

The neighbors led by Rudolph Youngman, have hired a lawyer and have won their point twice before the Zoning Board and also in a Supreme Court decision. The court decision allowed the application for a re-hearing by the Zoning Board, however, and this has been scheduled for tomorrow.

All the surrounding lots have been upgraded some time ago to R-1 status, but the land purchased by Bianchi was left in R-2. He bought the Mt. Read land, in the rear of the firehouse from the city at public auction, and a house and a vacant lot on Emerson next to the firehouse, were acquired from private owners. Bianchi claims "hardship" if not given permission to build his apartments. The neighbors want homes built on the lots and will settle for duplexes, but not apartments.

**"Twenty-Eight"
TOPICS**

By John J. Romano
28th District County Legislator

The past month has been a busy one for myself and all members of your County Legislature. At the regular meeting on March 7, I seconded the resolution of Robert Neilon eliminating charge-backs as of December 31st of this year. The result will be a decided savings on next year's city budget, with lower tax rates for city residents, expanded programs and services. Provided the city council applies this savings to the tax rate.

With the problem of charge-backs settled at last, I plan to devote much of my energy in the coming months to the increasingly critical matter of water pollution, in an effort to arrive at some sort of a solution whereby Lake Ontario's beaches may be safely reopened for our residents. In a related matter, the County Legislature has plans for a committee to study the growing problems of air pollution in the Rochester area.

A number of you have called me regarding the parking situation at the Rochester Monroe County Airport, and I'm pleased to report that steps are now being taken to expand the parking lot. This additional parking will take into account not only the airport's present needs but projected future traffic as well - in an era when air travel is becoming increasingly vital to the prosperity of this and every other community as well. The new parking facilities should be completed later this year, with little or no disruption of the present parking lot during construction.

On a matter of special interest to the people of my area, we hope soon to expand the recreational facilities in the central section of the 28th District, in order to replace those eliminated by the

new construction at #7 School. I'm also pleased to report that the proposal to rezone Dewey Avenue between Driving Park and Kissingbury St. from R-2 to R-3 has been sent back to the Planning Board for further study. I want to thank the members of the Maplewood Association and all who appeared in opposition to this measure at the recent informal meeting of the Planning and Zoning Boards.

I'll be discussing other topics of local interest in next month's column. In the meantime, remember to call me if I can help you in any way.

ALBANY REPORT
*
By Senator
James E. Powers

As many of you now know, the lottery bill was introduced and passed in the wee hours of the morning of April 2 -- the last day of the 1967 Legislative session. Although the lottery had been discussed for months, the changes were introduced to the bill in the last 24 hours, and many of the legislators had not even read the entire bill by the time a vote was taken -- truly a sad state of affairs. I find it hard to believe that, although the lottery proposal amendment was defeated upstate, I was the only upstate Senator of either party to cast a negative vote.

The final lottery proposal that became law goes much farther than anything New Hampshire has tried:

1. There will be twelve lotteries a year, not three or four.
2. Lottery tickets can be sold for as little as one dollar.
3. Lottery tickets can be purchased by anyone 18 or over. In fact, the law specifically allows, under Section 1311, that a person 18 years of age or older can purchase a ticket for the purpose of making a gift in the name of and for the benefit of a person less than that age. This concept has no defense. I suppose we will now witness scenes of lottery tickets being used as presents for graduations, birthdays, and other happy

events in the lives of our young people.

4. Although some of the profits from the lottery will go to all school districts, on the basis of operating costs, those counties and cities which sell the most tickets will be given a bonus, which means that areas that gamble most will receive the most benefits. This is nonsense. For example, we receive tax dollars for the sale of whiskey and these tax dollars are used for the benefit of the whole state. No one has ever suggested that communities that sell the most whiskey ought receive some special benefit because of the "civic mindedness".

5. Lottery tickets will be sold at banks, savings and loan associations, telegraph corporations, hotels and motels, and if the commissioner determines that public "convenience" requires additional licensees, he may license agencies and instrumentalities of the state, counties, cities, towns and villages as agents to sell lottery tickets.

Political Forum At Church May 7

Another political forum is announced by the community affairs committee of Dewey Avenue Presbyterian Church. It will be held in the church, Dewey at Seneca Pkwy., on Sunday, May 7, at 7:30 p.m. and will feature three prominent officials in speaking roles. People of all political faiths are invited to the meeting, according to Gordon J. Skinner of the church committee. A question and answer period will follow the speaking program, he says, similar to the first forum held last fall.

The speakers will include Mayor Frank J. Lamb appearing as a delegate to the State Constitutional Convention, State Senator James E. Powers and Congressman Barber B. Conable, Jr.

Local Boy, Girl Get Red Wing Honors

Winners of both the Red Wing Bat Boy and Princess Red Wing contests are Northwest area youngsters. Raymond Curran, 16, son of Mr. and Mrs. Raymond Curran, 336 Seneca Pkwy., has won the bat boy job and 9 year old Julie Crispino, daughter of Mr. and Mrs. Anthony Crispino, 355 Glide St., has won the princess title.

Kevin's entry in the essay contest "Why I Want To Be Red Wing Bat Boy" was adjudged best from 16 finalists. He is a junior at John Marshall High, plays on the school baseball team and is interested in a baseball career for himself. He will be in uniform at all the home games of the Rochester Red Wing baseball team and will be in charge of the ball bat retrieving department. Two of the runner-ups were also local boys, Robert Hubbard, 155 Maplewood Ave., and Gary Mastrodonato, 151 Isabelle St.

Julie survived from an original list of 68 entries for the role. She will represent the Red Wings at various functions throughout the year. She is a pupil at Holy Family School.

Zoning Decision Gets "Deferment"

Property owners in the Emerson-Mt. Read area turned out for the Zoning Board hearing last Thursday and again made their protest against the 56 apartment unit for which a zoning variance is being sought. In this, their fifth petition against the variance, the property owners were told that the decision of the board was "deferred". They are now awaiting some word on the final outcome.

County Legislator George Stockmeister was among those who appeared and spoke against the zoning variance which would allow the apartments to be built on land now zoned R-2 in an L-shaped plot adjoining the Emerson St. firehouse.

24th GOP Lists Frank Carroll

Republicans of the 24th Ward are holding a meeting open to the public next Tuesday, May 3, at 8 p.m. in the West Side Ukrainian Club with Assemblyman Frank Carroll as the speaker. Women as well as men are invited to the meeting, says ward leader Frank Hemmerich. Refreshments will be served following the meeting.

Plans Progress For Carnival

Holy Rosary carnival plans have been completed after several enthusiastic meetings of workers who are out to reduce the parish debt and at the same time providing two memorable evenings on June 2 and 3.

Ben Camelio and his co-chairman, Paul Georger, have selected all the captains for the various booths. Mr. and Mrs. John Ellison and Mr. and Mrs. Tom Kauffman are directing the ticket committee. They are hoping for an early response to these, and are offering many extra prizes.

Augie Placito is again in charge of refreshments. His clams, Italian sausage, hots and hamburgs are always popular.

Italian Singer Here on May 8

Luciano Tajoli, prominent singer who is on world tour and for the first time in America, will sing at the Auditorium Theatre May 8 at 8:15 p.m.

With Tajoli will appear five of the talented performers from "The Festival of Naples", all of whom are recording, T.V. and radio stars.

POLITICAL ROUNDUP

Major parties are completing their slates for the fall elections and the final selections should be known this week. The lineup for City Council and County Legislature seats appears to be predictable in some instances and subject to conjecture in others.

The Northwest Council post apparently will pit two lawyers, against each other, if John DeCesare decides to accept the Republican nomination. The Democrats are reported to have decided on Andrew Celli, leader of the Ninth and Tenth Wards who incidentally has the endorsement of his two ward committees.

The Northeast Council seat also has an interest for some of the local voters living in the northern half of the Ninth and Tenth Wards. Former Tenth Ward supervisor Jerry Clifford will carry the Republican banner against Democrat Urban Kress, who was appointed to replace Councilman Raymond Lill last week.

Democrats have named Thomas F. Fantigrossi, former 11th Ward supervisor, to run against Joseph Ferrari (R) who now represents the 26th District in the county legislature. Fantigrossi has the endorsement of John Scibilia who was the Democratic candidate against Ferrari last year.

In the 27th District, Joseph Esposito has won the approval of the majority of the GOP ward leaders and will again run against County Legislator George Stockmeister (D) by whom he was narrowly defeated last year.

Two former supervisors are in the running for the Democratic nomination for legislator in the 28th District. Raymond Margrett and Harold (Jeff) Wilkin are the leading contenders and the winner will probably be determined at a meeting of district committeemen tomorrow (Thursday) night in the Italian-American Club. County Legislator John Romano, who defeated Margrett last year by a few votes, will again be the Republican candidate.

Legislator Robert Neilon (R) will be a candidate for re-election in the 29th District with his Democratic opposition still unidentified. Two names mentioned are Frank Leonard and Gregory Erwin.

Last Call For Baseball

Northwest Youth Association will have final registration this Saturday, at Most Precious Blood Church Hall from 1 to 4 p.m.

Registrants must be accompanied by a parent. League age is 8-14 years old (prior to Aug. 1).

FIRST DEMOCRATS

A combined meeting of the First Ward Democratic men's and women's clubs has been called for May 11 at the Italian-American Sports Club at 8 p.m. Officers for the men's club will be elected at that time, according to President Bill Dady who urges all the Democrats of the ward to attend. Refreshments will be served, he states.

Legal Finance Plan Now In Operation

Security Trust Company's Legal Finance Plan, approved in principle last June by the Monroe County Bar Association, has now become operative according to J. Wallace Ely, the bank's president and David O. Boehm, president of the Bar Association. The plan permits the public to finance the costs of legal fees on an installment basis.

Basically, the plan permits a client to pay for legal fees on an installment basis similar to the manner in which he might pay for other goods or services on a time financing plan. At the initial consultation, a client and his attorney agree upon a fee for services to be rendered and the client, if interested, can apply to Security Trust Company for its Legal Finance Plan.

After performing the necessary check on the client's credit, the bank then establishes an installment loan for the client. The client's installment loan will be covered by life insurance on the borrower. Interest rates and loan duration will follow a normal bank consumer credit pattern.

Paper Collection

Boy Scout Troop #196, sponsored by the P.T.A. of Lakeview School #7 will hold a fund raising paper drive on Saturday April 29.

Boys will pick up papers and magazines between 9 a.m. and 4 p.m. covering the area between Seneca Pkwy. and Driving Park Ave.

Papers may be brought to the truck loading point at the corner of Birr and Dove Sts. The drive will be under the direction of Ray Smith, Scoutmaster and Howard Wall, committee chairman.

IN MEMORIAM
In loving memory of our beloved wife and mother, Rosile Restive, died April 23, 1966. What we would give to see your smile and sit and talk with you awhile. The blow was sudden, the shock severe, to part with one we loved so dear and wonder why you had to die, without a chance to say goodbye.

Easy Lesson In How To Be Gypped
In buying a heating system, the Rochester Better Business Bureau warns you, shop for quality and not price. It is very easy to be gypped. (See the BBB report on "How To Enjoy Comfort Heating").
Price is not the only problem, however, says the Bureau, because the shady operator will charge tremendous prices for inadequate work. You must be certain of the reputation of the person or firm which is going to do the job.
Here at Sciscioli Fuels we have a record of many years of friendly relations with our Vicinity neighbors. And we carry the latest and best in heating and air conditioning equipment manufactured by Williamson, the leader in its field.
If you are shopping for a new heating plant, give Sciscioli a ring at 254-9230 or call at their convenient office, 1100 Lyell at Glide. There is absolutely no charge or obligation to buy from us.

DPW Trucks Now To Be Covered

Spillage from D.P.W. trucks will be less if Commissioner Alfred S. Ancello has his way. In response to a letter from Councilman Stephan May, the commissioner said, "I have attempted to find the best solution for this problem"

said Ancello, "and I believe the only practical way to solve the problem for the 'paper trucks' is to cover them. We have also experimented with a wire mesh cover for the incinerator residue trailers, and this cover arrangement is now being installed on all of our trailers used for residue. I feel certain that proper loading of our bulk trucks can eliminate the spillage problem."

Grace Methodist Lists Missionary

A Methodist minister who has been a pastor, teacher, evangelist and administrator in China, Malaya and Sumatra (Indonesia) for 34 years will speak at Grace Methodist Church next Sunday, May 7 at 5:30 p.m.

The Rev. J. Wesley Day, whose American home is Brownsville, Md., has returned to the United States for a year's furlough from missionary service to complete work for a professional diploma at Teachers College, Columbia University.

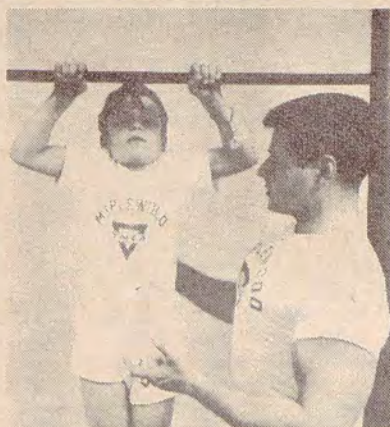

For the last six years of Mr. Day's varied missionary career, he has been a pastor of both Indonesian and Chinese churches in Tandjungkarang and was recently a teacher at the Methodist Bible School of Evangelism in Medan. Prior to that he helped to lead a large and unexpected expansion of Methodist work in and around the city of Palembang.

Among his achievements have been the organization of two new churches and the building of a new plant for the Methodist English School at Palembang, a 12-year school with an enrollment of 1,700. He was principal of the school and superintendent of the South Sumatra Methodist District, a teacher and advisor of the Methodist Boys' and Girls' School in Kalgan, North China, and superintendent of West District and Conference Treasurer. After that he was a district missionary in evangelistic work in Chengtu, West China. He later moved on to Teluk Anson, Malaya and became the pastor of the Wesley Anglo-Chinese School.

Mayor, State Senator, Congressman To Speak At Sunday Forum Here

The State Constitutional Convention, the last session of the State Legislature and a resume of the current Washington scene is the ambitious coverage planned for a community political forum scheduled here next Sunday evening, May 7.

The place will be the sanctuary of the Dewey Ave. Presbyterian Church, Dewey Ave. at Seneca Pkwy. The forum, sponsored by the community affairs committee of the church, is open to the public without charge.

Speakers will be Mayor Frank J. Lamb whose subject will be the Constitutional Convention to which

he is a delegate; State Senator James E. Powers talking on accomplishments of the '67 legislative session; and Rep. Barber B. Conable, Jr., who will speak on the Washington scene.

The meeting will start at 7:30 and will be limited to no more than two hours, possibly ninety minutes, according to Gordon J. Skinner who will introduce the speakers. Each speaker will have 15 minutes and a question and answer period will follow.

The church group started the forum idea last fall and plans to continue on a semi-annual basis each year. Next fall, Skinner says local candidates will be invited to discuss the issues in another of the series of meetings aimed at informing the public on matters of governmental concern.

STORY HOUR MAY 8

Parents and children in grades 3 through 7 are invited to a family evening story hour in the auditorium of the Rundel Memorial Library, 115 South Ave. on Tuesday evening, May 8. A program of stories, songs and poems will begin at 8 and last about one hour.

40 and 1 Baseball Registration Set

Final registration for the 40 and 1 baseball program will be held next Saturday, May 6, from 12 noon to 2 p.m. at the playing field, Hollywood and Ridgeway Aves. Further information may be obtained from Sue Vella at 458-3828.

Optometrists Now In New Offices

New downtown offices of E.E. Bausch & Son Co., optometrists and opticians, opened this week on the ground floor of the Reynolds Arcade, 16 Main St. E.
For 83 years the company occupied a shop at 6 Main St. E. in the Elwood Building, which will soon be torn down for the Genesee Crossroads urban renewal program. It is the last tenant to move out of the building.
In a sense, the Bausch firm is returning to its original home. It was first located in the old Reynolds Arcade, a four story structure built in 1828-29 and replaced in 1933 by the present ten story office building.
John J. Bausch, best known today as the co-founder of Bausch & Lomb, started the firm in 1853. He was joined by his brother, Edward E., a few years later. The present head of the firm is Edward's great-grandson, B. Robert Bausch of 19 Parker Dr. Pittsford.

Conable Named To Task Force

Barber B. Conable, Jr. has been named a member of the newly-created Republican Task Force on Crime. The task force will endeavor to develop programs for dealing with the increasing crime problem in the nation.
Chairman Richard H. Poff of Virginia said the group will direct its attention to a wide range of crime problems, including juvenile delinquency, crime prevention, rehabilitation, organized crime, law enforcement and administration of criminal justice. Formation of the Task Force was announced at a press conference by Rep. Gerald R. Ford of Michigan, House minority leader, and Representative Charles B. Goodell of New York, chairman of the Republican Research and Planning Committee.
Congressman Conable was graduated from Cornell Law School where he edited the Law Quarterly. He served in the New York State Senate and is a member of the Ways and Means Committee in the House. He represents the west side of Rochester and surrounding towns west of the city.

Aquinas Guard Wins Another Trophy

The Aquinas Institute Color Guard, a long time favorite of the Rochester area, has added another trophy by taking first place in the International Color Guard Circuit championship held at East-ridge High School. The competition drew the best guards from the United States and Canada vying for the impressive three foot first place trophy and the circuit championship flag.

Aquinas received a score of 94.7 from the judges, out of a possible 100. The Sherburne Color Guard of Sherburne, N. Y. placed second with 94.30, the Chessmen of St. Catherines, Ontario, third with 94.20, the Utica Yankees fourth with 93.6, and the Bishop Kearney Guard, host of the show, fifth with 93.45.

At the retreat ceremonies, Aquinas captain Mike Christman of 426 Augustine St. accepted the awards for his guard.

Of the trophies awarded, Aquinas received the trophies for the highest general effect and the highest marching and maneuvering score, along with the coveted first place trophy. The championship flag of the circuit will be presented to the Aquinas boys at a later date.

Last weekend, the Aquinas guard also won first place in the Melodiers Color Guard Competition in Lackawanna, N. Y.

Two weeks ago, Aquinas won first place honors in the Chessmen Centennial Competition in St.

TO THE EDITOR:

We were extremely gratified to note the City Council's recent action recommending the installation of a traffic signal at Dewey Avenue and McCall Road.

This safety feature has been continuously urged by Bob Neilon and the Ninth Ward Republican organization since 1964. It is strange, however, in view of the undisputed necessity for the signal that the Council waited this long to take action.

THE Wikler SHOE BY BUSTER BROWN.

The Wikler shoe by Buster Brown has a flared and broadened fan-shaped toe outline. It's curved to follow every natural line of your child's foot. More wiggle room for toes. Provides freedom to flex, exercise and grow. A Wikler shoe is made with the very softest uppers. No irritating inside seams or stiff metal shanks to chap or chafe. Just natural shape and give.

And the feeling of "going barefoot with shoes on".

PAYING BILLS
IS EASY.
TAKE OUR MONEY
FOR IT.

We know people need extra money now and then. To clean up old bills or to pay the tab on something new. Fine. That's what our personal loans are for. Now we've made paying us back easier. Our "Take a Break" personal loan plan is new. You can skip two monthly repayments a year if necessary. It could be January when Christmas bills roll in, or the

month you take a vacation. The choice is up to you. This sort of extra convenience is just another way of saying that we know about the problems people sometimes have with such things. And that, when we say we're a "full-service" bank, we mean every word of it. Just call or come in. We'll do our level best for you.

Hawaiian Theme For Marshall Prom

The John Marshall Junior Prom, centered around the theme, "Blue Hawaii", is announced for Saturday, May 20 and will be held in the boys' gym from 9 to 12 p.m. Guests will dance to the music of the Howard Geyer Band amid romantic settings of the vacation island. Members of the class of '68 are sponsors.

Seek Volunteers For Red Cross

Two hundred or more volunteers are needed by the Rochester-Monroe County Chapter Red Cross Blood Program. The demand for blood is ever increasing as medical science finds more uses for blood and blood derivatives. Thus, many more bloodmobile visits have had to be scheduled to industries, towns and city wards. And, the medical and nursing staffs at these units need adequate volunteer assistance.

In this volunteer work the blood program aides help register donors, aid the staff nurses wherever needed, assist in the donor room and serve snacks to the donors. Interviews for blood program aides are being held at the Red Cross Chapter House, 276 Clinton Ave. S. Evening appointments may be arranged by calling the Red Cross at 454-2400.

Mrs. Harold B. McElwain, chairman of Blood Program volunteers, says, "Upwards of 200 volunteers are desperately needed to provide proper coverage for scheduled bloodmobile visits. We are also planning now for summertime bloodmobile coverage and more volunteers will be needed for these visits."

'Y' Indian Guides Plan Paper Drive

The Braves of the Gen-Te-Ka Indian Guide Nation are having a paper drive on Saturday, May 6. If you have papers that you would like to donate, dial Maplewood "Y" at 325-2880 and give your name and address. The Indian Guides will call at your home.

This is a father and son program, providing an opportunity for a father to take a little time

out of a busy week and devote it to his son. At the present time the Gen-Te-Ka Nation is made up of 15 "tribes" with over 205 fathers and sons participating.

Alfred Floegel of the Irondequoit Indian Guides represented the Gen-Te-Ka Nation at the National Longhouse meeting at Minneapolis, Minn. last week.

SERVICE NEWS

Airman 1/c Fred Terrigno Jr., son of Mrs. Sarah Terrigno of 191 Oriole St., participated in Clove Hitch III, a joint amphibious and airborne training exercise conducted in the Caribbean last month.

Airman Terrigno is an aeromedical technician at Sewart AFB, Tenn. He is taking part in the massive maneuver involving some 21,000 personnel from the joint military services, including units of the Air National Guard, as a member of the Tactical Air Command contingent that is providing assault airlift and strike support.

The 22 day exercise tested tactical concepts in joint operations. It included the airdrop of 1,800 paratroopers in a simulated airborne assault on Vieques Island and an amphibious assault on the east coast of Puerto Rico.

The airman is a graduate of Madison High School.

VOL. 40 NO. 19

ROCHESTER, N.Y., WEDNESDAY, MAY 10, 1967

Rocco Pilaroscia (right) is shown receiving a plaque from Patrick Bonacci, president of the Northwest Kiwanis, as "Volunteer of the Year". Presentation was made at the 26th anniversary party of the Kiwanians held Saturday at the New Dutch Mill. The honor was in recognition of Pilaroscia's seven years of service in the junior bowling program which over the years has provided competition

for over 2700 boys and girls, in affiliation with the American Bowling Congress.

Also honored at the party were eight Kiwanians who were presented with 25 year legion of honor certificates. Recognized for 25 years in Kiwanis were Ben Masseth, William Feldman, William Bragg, Dr. Charles Oster, Howard Stone, Herbert Schmitz, Nelson Owen and Gerald Hahn, Sr.

Neilon, Romano Win Endorsement

County Legislators John Romano and Robert Neilon were given the official stamp of approval of the Ninth Ward Republican organization at a meeting held last Thursday. Mrs. Bruce Babcock, 263 Magee Ave., was named constable candidate and Jeremiah Clifford was endorsed for City Councilman, Northeast District.

Romano now represents the 28th and Neilon the 29th Districts.

City Court Judge Edward Provenzano, a Ninth Warder, spoke at the meeting. George F. Esse, the Ninth executive committeeman, expressed confidence that Republican control of the City Council is assured this year.

LETTERS

TO THE EDITOR:

UNITE, an association made up of neighbors living on Jay, Saxton, Broad, Walnut, Grape and Smith Sts., has been having an intensified membership campaign during April and May. Block captains have personally approached and have interested more neighbors in combining our efforts to fight blight in the area.

Lists of the achievements of the past year and of future objectives were left with each family.

Problems pertinent to our area can best be tackled if our efforts are coordinated through an association such as UNITE.

Our second annual clean up and fix up drive was held May 1 and May 2. Judging from the pile of debris and discarded furniture, neighbors really combined enthusiasm and elbow grease and cleaned up inside and outside their homes.

Posters designed and made by two members of UNITE were placed in a few area stores. These gaily encouraged all neighbors to UNITE for beauty and cleanliness in our neighborhood, whatever the season.

UNITE means Unification of Neighbors to Improve Their Environment and only through unification of efforts and interest will this area maintain its neat residential appearance.

MRS. PHYLLIS BURRUTO

You're All Urged To Attend...

"Come to the War Memorial on Monday, May 15 as near to 6 p.m. as you can make it. Hear the proposed plan for the expansion of the Rochester-Monroe County Airport discussed. This plan could affect your safety and most definitely does affect your pocketbook."

This is the urgent plea of the 19th Ward Community Association whose leaders claim that the new plans are not in the best interest of North-west Rochester.

NEXT SUNDAY is Mother's Day. Remember her with a corsage or special flower arrangement from Blanchard Florist, 58 Lake Ave. Dial 232-2255.-Adv.

Political Forum Rated Excellent

First hand information on a variety of government problems was brought to the political forum of Dewey Presbyterian Church Sunday night and all who attended agreed it was a very informative session.

Congressman Barber Conable flew in from Washington in a snow-storm and Mayor Frank Lamb delayed his departure for the State Constitutional Convention in order to be present, but the turnout of about 75 people was disappointing.

The congressman cited numerous reasons why the 90th Congress has been slow moving, including the block of 91 southern representatives who are opposing many Administration plans, yet have not been accepted as allies by the Republicans; plus the fact that there are 72 freshman members learning the "ropes"; plus pre-occupation with the Vietnam War and other considerations.

Mayor Lamb told of high hopes for a stream-lined state constitution greatly condensed from the present 45,000 word document. State Senator James E. Powers berated the speed with which important measures had to be rushed through the State Legislature due to the early closing date made necessary by opening of the Con. Con.

Questions from the floor took up as much time as the speakers' prepared talks and as stated by Chairman Gordon Skinner "made it a very worthwhile evening."

No. 21 Coffee Hour

A "coffee hour" and discussion of recreational problems is scheduled for next Tuesday, May 16, at the No. 21 Recreation Center in Campbell St. Residents of the nearby area, especially parents, are asked to attend and to offer criticisms and suggestions. The meeting starts at 8 p.m.

"Pen Pals" Meet At Party

Third grade pupils of Holy Apostles School played hosts and hostesses to the newly acquired friends from Clara Barton School #2, at a party April 24 in the school auditorium. The "pen pals" have been carrying on correspondence over the past two months. The party offered each of them the opportunity to meet the pupils they already knew only through drawings, letters and photographs. In view of its goals, the project (which was initiated by the two teachers - college classmates - Miss Marianne Villa and Miss Patricia Best) seems to have been quite effective, a cultural enrichment for both third grade classes.

From left: (1st row) Tyrone King, Allen Miraglia, Theresa King, Deborah Cissell. (2nd row) Mrs. Rose St. Julian, Miss Marianne Villa, Mrs. Kay Logan, Miss Patricia Best.

The carnival held Sunday by 1085 Youth-Town was a "definite success" says Joseph Esposito. Enough money was realized to buy each of the boys one of the coveted jackets which will be a symbol of club membership. Esposito, who is head of the sponsoring 1085 Club, said "In behalf of all the boys in Youth-town, I want to thank everyone for their efforts in this very worthwhile project".

School 40 PTA Honors Teachers

All of the teachers were guests of honor at a special buffet luncheon held yesterday noon at School No. 40. PTA sponsored the event as "Teachers' Recognition Day", citing the parents' appreciation of the dedicated role that these teachers play in the children's education.

Mrs. Nap Hardesty, assistant director of the Genesee Valley District PTA installed these PTA officers:
President: Mrs. Joel Roemer of Elk St.; first vice president, Mrs. Frank Reber, Truesdale St.; second vice president, Mrs. Robert Hartt, Electric Ave.; recording secretary, Miss Marcia Montfort, vocal music teacher of School No. 40; corresponding secretary, Mrs. Paul Gramlich, Hamlin St.; treasurer, Mrs. Joseph Solimano, Avis St.

Plans are being made for the final PTA event of the year, a family picnic for school children and their families June 12 at Seneca Park.

Beautify River Says Councilman

Reclamation of the Genesee River banks is advocated by Councilman Stephen May. "Rochester as a community is on trial," he says. "Local industry, local government and an apathetic public are guilty of polluting waters and desecrating the banks of this unique asset".

The councilman's statement in connection with the city's dedication of May as "Beautification Month" calls for redevelopment, no matter by whom, to allow the maximum open views of the river. Blighted development along the river's edge tends to spread deterioration into nearby areas, says May, and thus at present is a distinct liability.

Spaghetti Supper

A spaghetti supper, open to the public, is announced for Saturday night at Greece Legion Post, 344 Dorsey Rd. It will benefit the Shore Liners Drum Corps which is raising money to buy a bus. The meal will be served from 5 to 7:30 and ticket cost is \$1.50 for adults, 75 cents for children under 12.

Following the supper there will be dancing from 8 to 12:30 to which admission will be \$2.50 per couple.

Democrats Plan June 2 Dinner

An old timer's theme is planned for the annual dinner of Ninth and Tenth Ward Democrats to be held Friday, June 2, at Logan's in Scottsville Rd. Master of ceremonies will be Henry R. Dutcher, Jr. Sully Conn's orchestra will play for dancing after the dinner.

Tickets are available from Harold (Jeff) Wilkin, Frank Gutberlet or Winifred Toole.

POLITICAL ROUNDUP

Several new developments mark the beginning of the 1967 election campaign as the various candidates, now officially nominated, prepare for the fight ahead of them for control of the city and county.

Andrew G. Celli, Democratic candidate for Northwest District councilman, has stepped out as executive committeeman for the Ninth and Tenth Wards and Frank J. Gutberlet, formerly chairman of the ward and county committee in the Ninth Ward, has been chosen for the dual leadership.

Celli also took occasion this week to join in the demand for a bigger slice of the sales tax dollar for the city. Celli came out for 100 per cent return of all sales tax money collected in the city instead of the 44 per cent which he states the city gets now. The county, he says, gets the 56% now.

John DeCesare, the Republican candidate who will oppose Celli for the council seat, also gave up a role in which he has been quite active. In order to keep politics out of the Edgerton Area Neighborhood Association, DeCesare has submitted his resignation as temporary chairman of the neighborhood organization.

Followers of Joseph Esposito, candidate for county legislator in the 27th District, were heartened last week by the endorsement of Esposito's nomination voted by his home ward, the 24th. Previously he had been named as the candidate by Republican headquarters when the other five wards, the First, Third, 11th, 15th and 20th had endorsed him. He now has unanimous organization support.

Holy Family Men Pick Officers

The Men's Club of Holy Family Church held election of officers on May 15, choosing the following:

President, Edward Langschwager; vice-president, Thomas H. Beck; recording secretary, Michael Tarkulich; corresponding secretary, Albert Colavecchia; treasurer, John J. Schwartz.

committee to run each booth has been appointed with the following captains:

John Izzo, Lillian Blake, William Dady, Joseph Flynn, Manny Vella, Will Kauffman and Anthony Lo-cigne.

Jennie Crocetti, Nicky Perotti,

DINNER CHAIRMAN

Ninth Republican Dinner June 6

The combined Ninth Ward men's and women's organizations are sponsoring their annual spring dinner this year at the Crescent Beach Hotel. The date has been changed to Tuesday, June 6. A rock cornish hen dinner will be served starting at 6:30.

All Republican candidates and their wives are expected to attend, as well as numerous party leaders, including County Chairman Ralph Murphy. Music for dancing will be following the dinner by the Dixieland Ramblers and other entertainment is planned.

Arrangements for the dinner are being made by the Women's Club.

Mrs. Ella Romano, the wife of County Legislator John Romano, is general chairman and will be assisted by Mmes. Andrew Sullivan, Allen McBride, Rupert Gologly, Hugh Ellin, Sr., Percy Nichols and David McLaughlin.

Mrs. Sullivan, the ticket chairman, may be reached at 43 Selye Terr., phone 458-1291. On her committee are Mrs. McBride, phone 865-5314 and Mrs. Ellin, phone 865-6662. Reservations are requested before June 1.

Models Win Prizes

Boy Scout Troop #243, under the leadership of Scoutmaster Bill Heberger and assistant Scoutmaster Walt Strasser, was given a blue ribbon award for its display of models at the Scout Show which was held recently at the War Memorial.

A spring clean-up drive is being conducted by the Edgerton Area Neighborhood Association all next week. All residents of the Northwest section of the city are invited to take part, but particular emphasis is being made within the boundaries of the Edgerton group: Driving Park Ave. to Lyell and from the River to Curlew St.

"Join your friends, join Rochester in cleaning up" reads a pamphlet circulated widely by the association. "Get rid of the 'stuff' in your cellar, attic or yard".

The city's DPW trucks will pick up during their regular rounds next week and with special trash pickup crews. Household are urged to put their rubbish in containers and to tie the brush in bundles. It is emphasized that this pickup is not for discarded construction materials, such as sinks, tubs, heavy lumber etc.; and garbage is to be kept separate.

Brother, Sister Re-United Here
A brother and sister saw each other for the first time in 41 years this week when Horace Mayfield of 6 Kay Terr. welcomed his sister Joan of Leicester, England.
Mr. Mayfield left the family home in Spalding, England 41 years ago and settled in Rochester with his wife Esther at the Kay Terr. address. He worked at Kodak Park until his retirement two years ago.
Mr. Mayfield left three brothers and three sisters behind in England and his dream of seeing them again is coming true. Two years ago brother Charles and his wife were able to come over for a visit; sister Joan is here now and sisters Edith and Evelyn will be coming over in August. A trip to England by Mr. and Mrs. Mayfield in the near future will reunite them with brothers Edgar and Bernard.
Mr. and Mrs. Mayfield are the parents of John, David and Richard of Rochester; Burton, a U.S. Navy career man, of Virginia; and Marjorie (Mrs. Wages) of Arizona.

ALBANY REPORT

James E. Powers

NEEDS OF THE URBAN COMMUNITY

You may have read one or more of the articles in the series on Urban-Suburban problems by Robert Spellman, which appeared in the Democrat and Chronicle the first week of May. This is must reading for anyone concerned about his community.

Many arguments, of course, exist as to what the suburban community might do to help the city, but most reasonable men agree that the city must be given additional financial aid. The particular form of the aid and the political body that will administer this program is certainly debatable, but the need for such aid in some form I believe to be irrefutable.

Here are the facts. In Rochester as in all cities throughout the nation, a high percentage of the middle and upper class are moving to the suburbs. The lower economic groups, for a variety of reasons,

move to the city. The lower economic group, of course, receives and are in need of the various governmental services, which means the cost of these services increase. At the same time, they contribute fewer tax dollars, which means sources of revenue are cut. For example, to win the war on crime, Rochester must allocate more money for more and better paid police and a variety of specialized training courses.

Dollars are not easy to come by and we must make sure that any program adopted is efficient and needed and that the taxpayer receives one hundred cents of service for every dollar spent. I have always tried to evaluate each and every program by this criteria. Whether you agree with County Manager Howe that the city should be aided by the county assuming some of the programs now paid for by the city, or whether you agree with Dr. Scher, City Manager, that the city should be given additional financial aid to discharge its obligations, one thing is true, the city will not be a pleasant place to work, visit or live without the necessary financial expenditure.

Kiwanis Honors Howard Stone

Monday was Howard A. Stone's 90th birthday and the Northwest Kiwanis Club of which he is a charter member built its entire program yesterday (May 23) around a celebration in honor of the occasion.

A large birthday cake was lit and the ceremony was on. Supervisor George Badgerow of Greece was the principal speaker, but high dignitaries of Kiwanis were also present and added their words of praise for Mr. Stone's contributions to Kiwanis. Governor Joseph Mancuso came from Batavia and Lt. Gov. Don Hamilton of Genesee was also present to honor Mr. Stone as the oldest active Kiwanian in the state. Mr. Stone's two sons, Gordon and Everett, accompanied their father to the meeting.

President Pat Bonacci of Northwest Kiwanis presented Mr. Stone with a service award in commemoration of his record as a lieutenant governor and as president of the Northwest club.

Grace Presbyterian

Officers banquet for Elders and Deacons and their families will be held on Saturday, June 3 at 6:30 p.m. A buffet supper will be served at a cost of \$2.25 per person. Dr. Lloyd A. Peterson will be guest speaker.

Rev. Merlanti's Book Reviewed

"Man's Quest For Life in a New World" by a Rochesterian the Rev. Ernesto G. Merlanti, published by Vantage Press, Inc., appeared this week. (Dr. Merlanti is the former associate pastor of Christ Presbyterian Church, Locust St.)

The book came to this reviewer's desk at an appropriate time. We are all concerned about today's world and the "new generation" to which we are turning it over.

Dr. Merlanti, in the very first chapter, puts it very aptly. Quote, "To live meaningfully and well is man's most compelling desire. It is the primary motivation and the ultimate goal of all human activities. Thus far, how well has man succeeded? What does the record show?"

The author goes on to evaluate our technological society which has made such strides in the world of space, science, medicine and material things. Yet in the area of human relations there has been little progress in his opinion.

Our tension-ridden society has all the affluent symbols of wealth. Automobiles, private planes, winter and summer homes, etc. Yet people spend billions of dollars every year for pills to alleviate their woes so that they may sleep at night.

Is this a revolt against religious and social tradition? Can we go on defying all the virtues that this great country of ours was founded on? Should we stand by and let this "New Generation" destroy "conscience", "principle" and the "Word of God"?

Dr. Merlanti believes that God has endowed mankind with intellect instinctive, and psychic faculties which, properly understood and used can bring man true directives for living well with himself, harmoniously with his maker, and in finer relationship with his fellow man.

It was G. K. Chesterton who said, "The Christian faith has not been tried and found wanting. It has been found difficult and left untried."

It is a comforting book to read and thought provoking too. - E.A.M.

Birth Control Clinic Moving

Planned Parenthood is moving its outreach birth control clinic from Christ Presbyterian Church to Lake Ave. Baptist Church on June 14. The move is necessitated by the rebuilding of Christ Church which starts this summer.

Planned Parenthood, a private medical and educational agency, started in Rochester in 1934. The present center is located at 38 Windsor St. and is open from Monday through Friday from 9a.m. to 5p.m. There are six medical sessions each week at the center and seven outreach sessions weekly in various city locations. Since opening of the Christ Church clinic in 1963 more than 582 patients have been served.

Clinic hours at Lake Ave. Baptist will be the same as before, every Wednesday afternoon from 1p.m. to 3p.m.

Patients are requested to phone the center for appointments (546-2595). While no eligible person is turned away, Planned Parenthood wants each person to have an adequate time for consultation with the doctor.

The same staff will be at the new location: Dr. Fred Dischinger, medical director of the League; Elizabeth Alt, supervising nurse; Mrs. Catherine Picciotti, nurse; and volunteers, Mrs. Florence King, receptionist, and Mrs. Mary Betz, nursing aide.

Patients are requested to use the Jones Ave. entrance of the church which is directly opposite Fulton Ave.

**Former Aquinas Coaches
To Fete Father Carter**

Eight Aquinas head football coaches, spanning a period of 25 years are expected to be among the guests attending a testimonial dinner June 11 for Aquinas athletic director Father Cyril F. Carter, C.S.B.

Sponsored by friends and alumni of Aquinas, the dinner will be held at Vince's Fifty Acres in Henrietta. The occasion marks 25 years of service by Father Carter to Aquinas and the Rochester community.

Heading the list of returning coaches is John Sullivan who founded football at Aquinas in 1931. It was during his time that Father Carter was appointed to Aquinas. When Sullivan left in 1945 he had compiled a formidable 67 won, 27 lost, 8 tie record.

Harry Wright followed Sullivan, from 1946 to 1948, registering 18 wins against 3 losses and 2 ties. Mickey Connolly's reign lasted from 1949 to 1951. He had a 21-3 record. A two year stint by Ray Jablonski netted a 7-6-1 performance. Stan Zajdel in 1954 and Hank Vadas the following year both had 3-5 records. Former professional football player Joe Repko took over in 1956 and in nine years accumulated a 37-31-1 record. Present coach Bob Rosmarino is 12 and 4 over two years.

When Aquinas expanded its football program in 1945, Coach Harry Wright elevated Aquinas elevens to lofty heights as the games shifted from Edgerton Park to Red Wing Stadium and teams began their invasion coming from Texas, Illi-

nois, Connecticut, New Jersey and Nebraska. Wire services used to telegraph Aquinas' name throughout the country at each successive victory.

In 1949 the 22,000 seat Aquinas Stadium was dedicated and Coach Mickey Connolly forged ahead to tangle with teams stamped with national calibre.

A change in school policy was made in 1952 and football was de-emphasized.

Grover Cleveland Scott In News

Mr. and Mrs. Grover Cleveland Scott celebrated their 59th wedding anniversary on May 9. Married in Indianapolis, they have lived in Pittsburgh, Cleveland, New York City and finally Rochester where they settled in 1928 when Mr. Scott became associated with the Chamber of Commerce. They have lived at 47 Austin St. for 35 years.

Subsequently Mr. Scott established the Scott Distributing Co., a house-to-house advertising, survey and sampling firm. He became a stationary engineer at the outbreak of World War 2, working for General Railway Signal, and afterwards with Richardsons, Rectigraph and the city of Rochester until his retirement in 1949.

Mr. Scott is active in the revival of the Arcade and Attica Railroad, a tourist attraction, which now runs excursions every weekend and holidays to Arcade and back. The train makes the run three times each Saturday and Sunday, at 12:30, 2:30 and 4:30. On June 11, a special event will mark the appearance of the late President Grover Cleveland, impersonated by Mr. Scott on the siding at Arcade. Scott will be accompanied by re-created troops in Civil War uniforms. (The President and his new bride, Frances Folsom spent a two weeks honeymoon after their wedding in 1886 in the same private car to be used in the June 11th celebration.) The troops will parade through the town after a few well chosen words from "President Cleveland".

We know people need extra money now and then. To clean up old bills or to pay the tab on something new. Fine. That's what our personal loans are for. Now we've made paying us back easier. Our "Take a Break" personal loan plan is new. You can skip two monthly repayments a year if necessary. It could be January when Christmas bills roll in, or the

month you take a vacation. The choice is up to you. This sort of extra convenience is just another way of saying that we know about the problems people sometimes have with such things. And that, when we say we're a "full-service" bank, we mean every word of it. Just call or come in. We'll do our level best for you.

VOL. 40 NO. 22

ROCHESTER, N.Y., WEDNESDAY, MAY 31, 1967

Democrats List Congressman

Democrats of the Ninth and Tenth Wards will have a Queens County congressman, Rep. Jonathan Bingham, as their speaker at the annual dinner they are holding Friday, June 2, at Logan's. Bingham is coming from Washington especially for the occasion and will be met at the airport by a local delegation.

Advance ticket sales indicate a large turnout, according to Frank Gutberlet, executive committee man and co-chairman with John Noerth of the dinner arrangements. Tickets are still available from Gutberlet as well as from Harold (Jeff) Wilkin and Winifred Toole. Barbara O'Loane is in charge of finances, Henry R. Dutcher, Jr., will be toastmaster.

The annual year book, which will be distributed at the dinner, will contain a full-page testimonial to the late Joe O'Sullivan, one of the old Tenth Ward's most active Democrats. His son, John O'Sullivan will be recognized at the dinner.

Constable "Jobs" Go Begging

Democrats have given their local organizations the right to designate or not to designate constable candidates for the coming elections. The First Ward has decided to name a candidate, but the Ninth and Tenth Wards have said "no thanks". The Republicans have been slow to announce their decision except in the Ninth Ward.

So far as can be ascertained at this point, the First Ward Democrats, with Ralph Annuci, 75 Curlew St., as their constable nominee, and the Ninth Republican with Bruce Babcock, 263 Magee Ave., are the only candidates running for the honorary office.

Holy Rosary Carnival Friday and Saturday

Holy Rosary Church's parking lot on Lexington Ave. will present a busy scene this weekend when the annual parish fund-raising event opens for business. Some 20 booths decorated in old time carnival style will present a colorful picture and are expected to draw several thousand visitors on both Friday and Saturday nights.

Stuffed animals, blankets, dolls,

candy - you name it - will be dispensed as well as Clams Casino, Italian sausage, pizza, and other delicacies in the food line. And there will be a kiddieland and fish pond for the younger set and a rest area for those who get a little leg weary.

The carnival will be open from early til late both nights and the general public is welcome to attend.

19 Down, One To Go

The Corn Crib in Weiland Road was one shy on a delivery of 20 evergreens to a Tenth Ward home this week because of three little birds.

It seems that the tree in question, even though its roots were planted in a burlap bag rather than in the ground, attracted a little wren and her mate, who built a nest. No one noticed the nest until it came time

to deliver the tree to a Maplewood Ave. customer and then it was too late. Three tiny heads peaked out of three little eggs and - -

Well who would have the heart to disturb the little darlings until they got the strength and the courage to fly away under their own power? Nineteen trees were delivered, the twentieth will be a week or so late.

"Rochester Jobs" Now Organizing

Rochester Jobs, Inc., the newly created community organization which will develop at least 1500 jobs for disadvantaged unemployed persons during the next 18 months, got underway here last week with the adoption of by-laws and election of directors and officers.

At the first meeting of the original 45 organizers since the non-profit corporation received its State charter, ten (10) prominent businessmen, seven (7) representatives of poverty agencies and three (3) clergymen were named to the board of directors. The group also approved the proposed set of by-laws and announced that 53 local business, industrial and service organizations have pledged to support and participate in the program.

Immediately following the general membership session, the directors held their first meeting and elected a full slate of officers. They will begin immediately to tackle such problems as staffing and financing the program. It is

expected that a full-time executive director will be hired and that operations will be well underway before July 1.

Among the 53 participating employers are such major companies as Eastman Kodak, Xerox Corporation, Ritter Pfaudler Corporation, Graflex, Inc. and Bausch & Lomb as well as banks, department stores and institutions. Agencies such as Urban League, FIGHT, ABC (Community Action Agency), Puerto Rican Department of Labor, Settlement Houses, New York State Employment Service and the Rochester Area Minister Conference will serve to recruit, refer, motivate and counsel participating individuals.

Basic to the program is the willingness of local employers to hire and then train 1500 people who have been considered unemployable because they lack education or training. Businesses and industries will also provide financial support for administration of the program as well as paying the wages of trainees and the costs of training programs.

Flags On Display
 A special exhibit on the first floor of Rochester Museum of Arts and Sciences features "The Flag: Symbol of American Development".
 Flags and objects highlight the theme and will remain on display through Flag Day, June 14. Research and material are the joint effort of Mrs. Jon Porter, registrar and Miss Diane McDonough, educational assistant.
 Congress adopted the Stars and Stripes on June 14, 1777 and the first 13 stars were arranged in a circle based on the idea that no colony should take precedence. This flag is on exhibit.
 Also the first flag of 1775 which incorporated the Union Jack with 13 alternate red and white stripes. In 1795 when Kentucky and Vermont entered the Union, the flag had 15 stars and 15 stripes. Congress set the number of stripes at 13 in 1818 and provided for the addition of one new star for each state admitted to the Union.
 Other flags in the exhibit include the Confederate flag of 1863 with 13 stars on the blue St. Andrew's Cross and those with 34, 45 and 48 stars and the flags of today with 50 stars.
 Objects symbolize the story of unity, westward expansion and military maneuvers.

tion, I completely agree with his position.

No one suggests that your legislator's voting record should not be clearly before the public. In fact, without knowledge of your legislator's voting record, you have no standard by which to judge him. I contend that unless a man's voting record and behavior at committee meetings are open to the public, you do not have "half" the story.

The primary purpose of a committee is to allow a relatively small group of men to research and debate in depth a small number of bills, because no single legislator can do this same intensive study on all bills before the house. When a bill is "killed" or voted down in committee, it has no chance of passage in the house. The public has the right to know the voting record of each member of the committee and arguments put forth by them.

I will readily agree that to defend your committee voting record is a major additional burden for your legislators, but it certainly is in the interest of responsible government. Moreover, no man should

aspire to public office and yearns for a comfortable non-controversial life, or in the words of Harry Truman, "If you can't take the heat, get out of the kitchen".

JAMES E. POWERS
Member of Senate,
51st Senate District

DEAR SIR:

As a life member of The National Rifle Association and the New York State Rifle and Pistol Association, I wish to add my support to the firearms legislation as introduced in February 1967 by Senator Powers (2596) and Assemblyman Stockmeister (4679). This bill completely retains the liberty of a responsible sportsman while eliminating firearms ownership from alcoholics, individuals with criminal records, rioters, vagrants, and other elements in our society who would use firearms for other than sporting use.

To obtain a hunting license in New York State today, one must present a certificate of competency for completion of the New York State hunter safety training course. To obtain this certificate, the good character of the applicant and his knowledge of safe handling of firearms is tested and proven. Under this bill a firearm would be sold to any owner of this certificate.

The bill introduced by Senator Powers and Assemblyman Stockmeister is aimed at the misuse of firearms while guaranteeing the legitimate sportsman his unalienable rights to ownership and use of firearms.

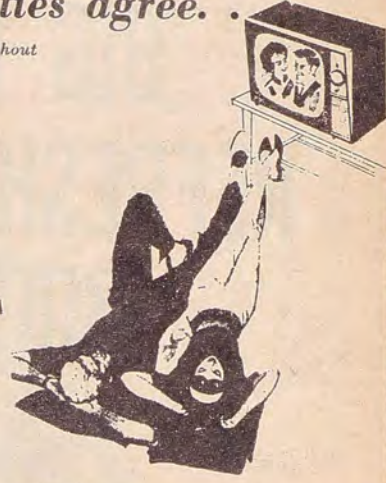

This particular legislation was suggested by and received the general approval of the National Rifle Association, National Wildlife Federation, Isaac Walton League and the National Police Officers Association, which proves that the sportsmen are as much concerned with keeping firearms out of the hands of undesirables as they are about unnecessary restrictions to the responsible sportsman.

Tips Offered To Swimmers

A six percent increase in drownings in 1966, from 6,800 to 7,000, moved the American Red Cross today to emphasize anew the safety precautions that will lessen the chance of tragedy in the water. Its warnings were issued as the swimming and boating season opens. 1966 was the third successive year during which there was an

increase in the drowning rate, according to Al Justus, director of Safety Services for the local Red Cross chapter. "It was the first year since the early 1930's that water fatalities have exceeded 7,000," he said. "Since the Red Cross and other organizations became active in water safety instruction a half century ago, the drownings have declined from 10,000 a year when few people were participating to last year's 7,200 with some 100,000,000 people involved. That record is good, but it is not good enough."

Justus pointed out that about 60 percent of the people who drown do so because they are in the water involuntarily - they have fallen in by accident. "Had they been able to swim, most of them could have saved themselves", Justus declared.

"Therefore, the first and foremost water safety precaution is 'learn to swim'. If you can swim, learn to swim better. Your Red Cross chapter can tell you when its next swimming class is scheduled."

Other swimming safety tips are these:

Always swim with a companion - never alone.

Swim in a safe place.

Before diving, make sure the water is deep enough.

Wait at least an hour after eating before swimming and don't swim when overheated or overtired.

Library Lists New Books

Hobbyists, whatever their interest, will probably find intriguing books in the collection of some forty books which have arrived at the Dewey Avenue branch library. According to Marjorie Burnett, librarian, this is one of the rotating collections of books received every 3 months through the Monroe County Library System, and may be borrowed for home reading just like books in the regular collection of the library.

Entitled "Open A New Door", the collection includes books like "Painting Landscapes", by Ballinger; "Old English Silver", by Banister; "Stitches of Creative Embroidery", by Enthoven; "A World of Doll Houses", by Jacobs; "Flower Arrangements with Antiques", by Hemingway; "Complete Book of Shooting", by O'Connor; "The Young Sportsman's Guide to Surfing", by Olney; "Contract Bridge Complete", by Rovere, and

"The Joy of Handweaving", by Tod.

"Twenty-Eight" TOPICS

By John J. Romano
28th District County Legislator

In last month's column I reported my seconding of Robert Neilon's resolution eliminating charge-backs, and this month I have taken a further step toward saving money for city taxpayers. As reported in the news columns, I have submitted a resolution whereby the county would assume the entire responsibility for recording and preserving all records of vital statistics. We estimate this action would save city taxpayers some \$50,000 each year, which could be put to better use in some other area of the budget.

I also mentioned last month that your County Legislature was looking into the growing problem of air pollution as it affects the Rochester area. I'm pleased to report that we have now met with Dr. Wendell Ames, County Health Director, who is preparing a report for us on the problem as it now exists. I hope to have more on this next month.

I was especially gratified with our success in working out an improved recreational plan for the playground and facilities at #34 school. Thanks to the cooperation of the principal, Mr. Boorman, and the recreation board - and the special assistance of Mr. Charles Bell of Glenwood Avenue, I can now report that additional equipment is being installed, and that all facilities will be available for the use of area children during special summer hours. The playground will be open daily from 9 to 5, and the gym from 1:30 to 3:30 each afternoon. In addition, there'll be supervised use of the school's arts and crafts rooms during these hours. I think you'll agree that the summer use of School #34's recreational facilities by neighborhood children is a most worthwhile undertaking.

The daily papers have been full of reports from all factions in the current dispute over the county airport. We've heard a great deal from residents in the area of the airport, but I'd be interested in learning just what my own constituents think about the matter. Should the airport be moved, or kept where it is? If you have a few moments, drop me a note or phone me your opinions. I'll report on the results in a future column.

Decorated GI Coming Home

Sergeant Robert Johnson has completed his year's tour of duty in Vietnam and expects to be home again soon. He is the son of Mr. and Mrs. Clyde Johnson of Clay Ave. and the husband of the former Alberta Newman of Ridgeway Ave., who are eagerly anticipating the sergeant's return.

Besides winning the commendation medal for an act of bravery on the field of battle (reported earlier this year in the Vicinity Post) Sergeant Johnson revealed in his last letter home that he had been awarded the Purple Heart as the result of a shrapnel wound in his back, which he describes as minor.

Sergeant Johnson also sent along a picture from the "Stars and Stripes" in which the photographer happened to catch both General Westmoreland and young Johnson. Westmoreland was talking to Johnson's patrol just as they were about to go into the jungle on a reconnaissance operation to lay an ambush. The picture accompanying the story described the patrol as young men in their teens and 20's, faces blackened with makeup and wearing black berets and bits of leaves to camouflage themselves.

School 40 Plans Picnic June 12

A picnic for the children of John Warrant Castleman School No. 40, LaGrange Ave., is planned for next Monday, June 12, beginning at 5:30 p.m., at Lower Seneca Park. Families are invited.

Chairman of the picnic, Mrs. David Harrington of Knickerbocker Ave., notes that there will be games and prizes for the children, and activities for everyone.

Typical picnic fare of hot dogs, hamburgers and ice cream will be consumed. Each family will also be contributing a dish to be passed.

Council Candidate Speaks To ConCon

Andrew G. Celli, the Democratic candidate for Northwest district councilman, made pleas for fiscal home rule for Rochester and for creation of a State Department of Recreation in recent appearances before two State Constitutional committees which were holding hearings in Rochester during the last two weeks.

"Speaking as a City Council candidate and also as president of the Citizens Club of Rochester, a group of Italian-Americans", said Celli, "I urge that Rochester be given the right to make its own fiscal decisions and to control its destiny."

"Rochester is faced with a crisis. This city, like many metropolitan centers across the state is at its taxing limit. At the same time, the County of Monroe uses only 16% of its taxing power. And yet, that county government, a group which has demonstrated over and over again that they do not care about the future of the city, has control over one of Rochester's major sources of revenue, I refer here to the sales tax.

"In spite of the fact that some 65% (perhaps more) of the sales tax revenue is collected in the city, the county returns only 44% of that money to the city government. The county did in fact call for a special census in 1964 and used that census, which showed a decline in city population, to cut the amount of money which would be returned to the city.

"Rochester lives now under the constant threat of losing an additional sum of money anytime the

It's Play Ball!

The Northwest Youth Association officially opened its baseball season Saturday with a parade led by the snappy Irondequoit Pardee Pacers Drum & Fife Corps, followed by Mayor Frank Lamb, league officials and the teams.

At the ceremonies Mayor Lamb congratulated the Association upon its program. James Huether threw the first ball and Father Luigi Fava offered a prayer for another successful season.

This year many games will be played at the new Emerson and Glide ball fields. Two new teams have been added to the bulging league.

There will be a social meeting tonight at 8:30 when plans for a dance and banquet will be formulated. Interested parents are urged to attend.

50th Anniversary Is Celebrated

Celebration of their golden wedding anniversary started last Saturday morning at Mass in Holy Rosary for Mr. and Mrs. Walter Lester of Driving Park Ave. and continued throughout the weekend, including a reception and dinner for about 200 friends and relatives in the afternoon and a family gathering at the home of their son in the evening. And Sunday was the occasion for more of the same at the Lester's home.

Present at the dinner on Saturday and introduced for a few remarks were the best man and bridesmaid, Arthur Lester and Mrs. Lee Marten, brother of the groom and sister of the bride. The ceremony, they recalled, was performed on June 12, 1917 at Holy Family Church.

The Lesters have a son, Joseph, a daughter, Sister Marya, and four grandchildren, all of whom were present. Joseph is principal of Hilton Junior High School and Sister Marya teaches at DeSales High School in Geneva.

One of the highlights of the reception, which was held at the Plante-ation Inn, was music by an orchestra known as the Nobodies. The Lester grandchildren, Michael who is 14, Steven who is 11 and Mary Jo who is 10, were the featured performers. In fact, the five piece combo was organized by Michael and he is the leader. Its engagements are largely at high school events in the Hilton area.

Out-of-town guests who came here for the anniversary included Miss Jane Leaty, a niece, and Bernard Casserly, both of Greenwood Lake, N. Y., and Mr. and Mrs. Louis Besigneull and two daughters from Roseville, N. Y.

The Lesters, both of whom are in their early seventies and in good health have lived at the Driving Park Ave. address for 43 years. Mr. Lester had a radio repair business for many years in Lexington Ave.

According to the National Safety Council, there is one accidental injury in the U.S. every three seconds and one accidental death every five minutes.

Celli Proposals

Continued From Page 1

County government decides to call for another special census.

"This can and should be changed. If the City were allowed to keep that portion of the sales tax revenue which is collected in the City it could mean some seven million dollars in increased revenue, money which the City needs and is entitled to. It would also mean that Rochester would be the master of its own fiscal destiny rather than being subservient to the political whim of a County government whose interests lie outside the city limits and whose decisions are based on what is good for the suburbs.

"Mr. Chairman, I urge this committee to help local government. Give Rochester the right to make its own fiscal decisions and to control its own destiny."

ON THE SUBJECT of recreation, Celli said nearly a dozen state agencies are involved in recreation. "This fragmented approach should be eliminated", he declared. "Whether it is boating along the Barge Canal, proposed park areas along the Genesee River or the 'forever wild' areas of our state, this entire program should be administered, in the interest of efficiency and economy, by one agency of state government.

Powers Continues Fight on Lottery

State Senator James E. Powers has urged support of a federal bill to prohibit banks from selling lottery tickets. In letters to two U. S. Senators from New York State and two local Congressmen, he denounced bank sales as a "violation of the true function of banks, which is to encourage thrift".

Senator Powers sent letters to U. S. Senators Jacob Javits and Robert F. Kennedy, as well as Congressmen Frank Horton and Barber Conable.

Powers said, in part, "One of the reasons I voted 'No' on the lottery proposal was the absurdity of using a thrift institution to promote gambling. I cannot help but believe that many workingmen and women who would not normally seek to purchase a ticket have a false sense of prosperity upon cashing their weekly paycheck, and would tend to dissipate funds which might otherwise be saved."

Attends Involuntary Busing Hearing

Rochester Neighborhood School Association Council was represented at the State Constitutional Convention hearing held in Syracuse recently. On the agenda was James R. Sims, Jr., acting president of the Council, who spoke against involuntary busing of any school children.

Mr. Sims, in behalf of the Rochester Neighborhood School Association Council, proposed that "it is

the general consensus of opinion that unless the Constitution contains such a provision, it will be of little value to the parents or future generations of children, and there will be no point in voting for it."

SPoon FISHING...and other tips
BY TOM ANDREWS

PURPLE MAGIC!
I returned not long ago from a brief but most satisfying trip to the Kissimmee River lakes of Florida's Osceola County. This four-day jaunt was made for just one reason: to test a new lure color. But wait'll you hear the best part — the color was purple! Now I haven't anything against the color purple — particularly not after this test and some earlier experiences — but if you'd have asked me two years ago to go fishing with a purple spoon, I'd have said . . . well, I don't know what I'd have said. Nothing very complimentary, I'm sure.

But it was in 1965, not too far from Ocala, Florida, that I heard about a lot of bass being taken with a purple plastic worm. Didn't take me long to check out the rumor and brand it a fact. Those purple worms were out-performing other colors, and several different shades of spoons, to boot.

It wasn't long afterward that I heard a similar story about the drawing power of purple. Some fishermen farther north reported that lake trout were lapping up lead-headed jigs done in a purple-blue color. These stories were verified for me by the people who make the Johnson's lures — and boy, were they ever interested!

So, as things turned out, the forged Silver Minnow I'm so fond of finally acquired another finish. Yep — purple!

There's nothing drab about it, however, because the color was added by means of a dye in clear lacquer. This was then baked on the tapered spoon after it got its regular bright silver finish. The result is a lively, see-through color that's just the opposite of our first reaction when we hear the word "purple."

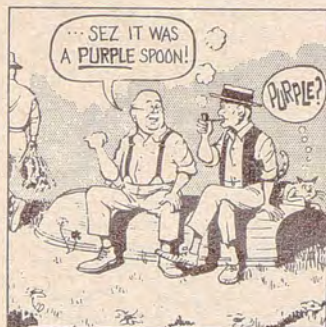

As for the "fish-ability" of the new lure — well, it was good enough to make my Orlando brother-in-law and his know-it-all buddies holler "Uncle."

Four of us started down the Kissimmee, fishing in pairs. My partner and I used the purple spoon exclusively, in all sizes from 1/24 oz. (with fly rods) to 1 1/2 oz. (with bait casting rigs). The brother-in-law and a friend worked with all sorts of lures, including the Silver Minnow with standard silver finish.

At the end of four and a half days, my partner and I had taken and released well over one hundred keeper-sized bass and bream — beating the other team's score by very nearly two to one!

One thing I should add about fishing the purple Minnow is that it works best with a trailer: pork rind, rubber skirt, or plastic worm. Select the color that works best in your area. Also, you'll want to keep in mind a couple of tips I've mentioned before. First, get down in the weeds. The biggest bass we took, half a dozen at 6 to 8 lbs., were in the heaviest weedbeds we found.

Second, work a change-of-pace retrieve by giving the lure time to sink to the bottom after casting, then bring it in with alternate slow and fast cranking speeds.

In The Soup

Beginning Sept. 1, chicken soup must contain at least 2 percent chicken — or it can't be called "chicken" soup. The same goes for turkey soup, and all other poultry soups.

For almost three years, the U.S. Department of Agriculture has sought this designation as a requirement under its Federal poultry inspection program. On April 10, the U. S. Supreme Court refused to hear a final appeal by a commercial company.

Tape Goes On Trips

Ever find yourself in need of a quick clothes line? Many travelers solve the problem by carrying a roll of Arno Sealing Tape in their car's glove compartment. The tape sticks to walls at the touch of a finger to form a handy line for overnight drying. It then removes easily leaving no stickiness on tile or plaster.

The strong tape is handy, too, for quick repairs on luggage, children's raincoats and sneakers. Inexpensive sealing tape can be a valuable traveling companion.

**Breaking Cigarette Habit Campaign
Started By Heart Association**

The nation's youth was enlisted today in a drive to persuade parents to break the cigarette habit and parents were advised that the best way to keep their youngsters from smoking is to give up the habit themselves. The double-barrelled assault is contained in a new leaflet, "What to Tell Your Parents About Smoking" issued by the American Heart Association Inc., to help convince both youngsters and their parents that cigarette smoking is a health menace.

Mr. William P. Blackmon, President of the Genesee Valley Heart Association said that the leaflet was one of a series of efforts being undertaken to emphasize the risk factors leading to coronary heart disease.

The leaflet cites scientific studies and statistics which point to the relation between cigarette smoking and heart disease, lung and throat cancer, emphysema and chronic bronchitis. It emphasizes that smokers who quit will substantially improve their chances of avoiding premature death or disability caused by these diseases. "For children, the strongest influence has been the example of their elders. Most young people who take up smoking are copying parents who have the habit. But as smoking has increased, so has the knowledge about its effects on the human body. There is no longer doubt that smoking can seriously impair our health and shorten our lives."

In a message to youngsters, the Heart Association points to dis-

coveries in medical research which show that cigarette smoking is responsible for thousands of deaths and serious illnesses among people who are your parents age." This it says, makes clear that the "grown-up thing to do is NOT to smoke." Breaking the cigarette habit is a matter for the whole family to work on with all members helping one another to stick by their decision to quit smoking, the leaflet concludes.

The eight-page publication was issued in connection with special year-round programs being conducted by Heart Associations nationwide to help educate the public on ways to guard against cardiovascular diseases. The smoking phase of this "risk reduction" program began in March and continues through December, 1967. The leaflet has been endorsed by the National Interagency Council on Smoking and Health as being in accord with the council's national program objectives.

OUR HEALTH

By J. M. Amberson, M.D.

PROMISING OINTMENT FOR SKIN CANCER

A promising development in fighting skin cancer has been reported by Dr. Edmund Klein and associates at Roswell Park Memorial Institute, Buffalo New York.

Heretofore, to treat multiple basal-cell carcinomas and solar keratosis (a premalignant con-

dition), X-ray, surgery or radium usually have been used. These methods, however, sometimes leave extensive scars.

Dr. Amberson fluro-urocil.

Over a four-year period, in more than 100 patients receiving this medication, nearly 95 percent of basal-cell cancers and an even higher percentage of solar keratoses have disappeared with little or no scarring.

Furthermore, when applied to a large area other than the obvious trouble site, the ointment leaves normal skin virtually unaffected, while early hidden tumors swell up so they can be seen and treated.

About 18 percent of all cancers involve the skin. These skin cancers are not contagious, and cannot be "caught" from another person.

Because skin cancer can be seen and diagnosed readily it is simpler to cure than other types of cancer. Cancer of the inner organs, on the other hand, may remain undetected until it has progressed to a considerable extent.

How can you recognize skin cancer? Any skin blemish, sore, or lump which fails to heal, may bleed or looks irritated, increases in size, or changes color would be suspect. If you have a skin lesion with any of these characteristics, consult a physician without delay.

WHAT IS LEUKOPLAKIA?

When white patches develop on the tongue cheek and gums, separated by little fissures or paths, the condition is called leukoplakia. It is generally thought to be related to smoking. Your physician will probably advise you to give up smoking. If there is minor discomfort or pain of the cheek or gums associated with leukoplakia, he may recommend an anesthetic oral solution called Chloraseptic that has been found to provide temporary relief of pain involving the gums, cheeks or tongue within seconds.

Leukoplakia should be followed by your physician, since constant irritation may result in cancer.

WHY IS GOUT CALLED THE 'RICH MAN'S DISEASE'?

Probably because an attack of gouty arthritis may be brought on by eating beef, pheasant or other foods high in purines — and in years past, these could be bought only by the rich.

Gout, however, knows no economic barriers . . . nor is it the 'playboy's disease.' Gout tends to be inherited (rarely by women) and an attack, characterized by swelling and intense pain in a joint like the big toe, may be brought on by emotional stress, excessive chilling or alcohol intake — as well as by eating the wrong things.

Recent studies indicate that, rather than being the rich man's disease, gout may be more accurately termed the 'wise man's disease.' Statistical studies of gout sufferers show they usually have high IQs and more creative flair than the average.

ACSC is part of the Air University's professional education system which prepares officers for higher command and staff positions.

The graduation ceremonies for Captain Evgenides marked the end of more than nine months training at ACSC. He will also receive his master's degree in international affairs at the Air University, through studies completed under the George Washington University program, June 23.

The ACSC graduation class numbered more than 500 Air Force officers in grades of captain, major and lieutenant colonel. Also in the class were some 50 officers from the Army, Navy, Marine Corps, Air National Guard, and Air Force civilian employees.

Captain Evgenides is being reassigned to Southeast Asia along with about 75 percent of the Air Force officers in the class.

The captain, a graduate of John Marshall High School, was commissioned in 1956 upon completion

of the Air Force ROTC program at the University of Rochester, where he received his B. A. degree in history.

His wife is the former Irene M. Vorobel of Binghamton, N. Y.

RPD Announces Exhaust Control

Another significant step in the automobile industry's program for exhaust emission control has been announced by Rochester Products Division.

An \$8 million test facility for a new sophisticated system of checking carburetors on a mass production basis to the required specification necessary for exhaust emission control is now in operation here, according to Phillip B. Zeigler, general manager of Rochester Products.

Zeigler stated that the facility, employing the largest process computer in use by the industry, will enable Rochester Products to test carburetors on the production line to accuracies obtainable in the past only under the most precise experimental laboratory conditions.

"Although we always have been in the forefront of carburetor development and testing, this new testing system is a real step forward in providing the public with car which will meet the more exacting exhaust emission standards of the future," said Zeigler.

**Picnic Troop 766
Wins Badge**

Girl Scout Junior Troop 766 has recently had the honor of completing a special badge which the girls composed themselves. Because no other badge covered this particular interest, the girls chose knitting as their subject.

In doing "our own troop badge" the girls learned simple knitting stitches as well as the more complicated ones (cable). They learned basic fundamentals such as stitch gauge, safety rules, and finishing

procedures. As one requirement the girls had to make either a scarf, mittens, or a headband. The girls who worked on it were:

Lynda Bennett, Carol Borrelli, Joan Connolly, Terese DeSantis, Bonnie Ellison, Mary Gosselin, Sue Keymel, Christine Mondery, Judy Meyers, Ellen Popowich, Noreen Rizzo, Beth Salber, Jeddie Scardino, Barb Waechter, Linda Williamson, Sandy Wooden.

The leaders are: Mrs. Herbert Cleveland and Miss Sandra Banhan.

Vacant Houses Branded As Community Danger

Guest speaker at the May 10th meeting of UNITE was Charles Hodson, superintendent of construction in the Building Bureau. He gave an informative summation of the responsibilities of the various departments in the bureau. In particular, he explained the functions of the construction department, whose primary concern is empty abandoned houses located throughout the city. His rundown of what happens to vacant houses was of special interest to those in the UNITE area.

Mr. Hodson admonished that vacant houses are dangerous and eventually when razed, become troublesome empty lots. Many of these houses have potential and if rehabilitated, would help close the gap of those who need a place to live and those who have a house to spare, he pointed out.

Miss Eileen McCarthy, director of Charles Settlement House, added that many families are desirous of settling in this area. It has the reputation of being a quiet residential area and most important is the fact, she said, "delinquency is practically nil". Wouldn't it be

wonderful if there could be a meeting ground for those who need and those who have?

Several area landlords have repaired their vacant houses and have helped eliminate the stigma of negligent absentee landlords. It is also commendable that many homeowners in the UNITE area have invested money in their properties for general upkeep and modernization.

Miss McCarthy continues: "Credit should go to UNITE and its hard working members who are always striving for a better community. UNITE, especially thanks FRIEND, another association of neighbors in the Charles House area. Many problems, common to both associations have been resolved because of close cooperation and combined interest and efforts."

"An added word of encouragement and consolation to Jack Quinn, coordinator to both groups. While he is recuperating because of illness, we'll show him our appreciation for all his hard work in guiding us by continuing to face each project with determination and keep in mind that each end result is for our own ultimate advantage and for the community."

VFW Auxiliary Picks Officers

Mrs. Lloyd B. Andrus of 300 Wildbriar Rd. is newly elected president of Monroe County Council Ladies Auxiliary to the Veterans of Foreign Wars.

Other officers elected to office were: senior vice president, Mrs. Louis Slekes; junior vice president, Mrs. Raymond Gross; treasurer, Evelyn Morrow; Chaplain Ethel Babcock; conductress, Mary Ryan; Guard, Sophie Hasler.

The newly installed officers will take over their new duties immediately after the new Department President is installed at the Department Convention in Syracuse on June 24.

DASH BORED?

Lincoln Rochester
Vacation Auto Loans

SUMMER SEASON STARTS WITH A SPOOF: - - Motorists accustomed to the never-changing scenery of the Meigs Street area of the Rochester Expressway (Interstate 490) got a real jolt a few days ago when they saw a vacation-bound "businessman" in a brightly colored sportshirt and straw hat become part of a newly painted billboard. Motorists dri-

ving to work in the morning saw the billboard reading: "Dash Bored? Lincoln Rochester Auto Loans". But by afternoon, the words "dash" and "auto" were X-ed out and the word "vacation" added in hasty lettering.

The vacation billboard is one in a series of outdoor advertising sponsored by Lincoln Rochester Trust Company throughout the bank's marketing area.

Father And Son Weekend At 'Y'

Stop feeling sorry for yourself, Dad! You can't draw a big tear of sympathy from the boys down at the Y when you tell of the wonderful time your son is having at camp while you labor in the hot city.

The YMCA has heard your cry and done something about it. The result: Father and Son Week-End. "Swim, fish, sail, playbaseball, volleyball, tennis," says John B. DeMers, weekend director. "Or", he admits, "you can watch the 'eager beavers', eat big meals and get in plenty of sack time."

"Either way," DeMers states, "there is a chance for men to go camping with their sons without having to own a trailerload of camping equipment".

Father and son weekend at Camp Cory, Aug. 25 - 27, will start on Friday evening and run through Sunday afternoon. Camp Cory, on Lake Keuka, just south of Penn Yan, is one of two resident camps for boys operated by the YMCA of Rochester and Monroe County. Detailed information on the weekend or regular summer camp may be obtained at Maplewood branch, 25 Driving Park Ave.

IF YOU WILL soon be age 65 and have not applied for social security, you should visit your social security office in one of the 3 months before the month of your birthday to find out about Medicare.

Medicare Tips

Medicare beneficiaries who signed up for medical insurance protection can now obtain an information kit to help them keep a record of their doctor bills so they will know when they reach their yearly \$50 deductible, Joseph Tomaino, Rochester Social Security district manager, announced today.

The kit includes a record keeping folder and two leaflets which explain the two methods of payment for medical insurance claims, and what medical expenses count for the \$50 deductible. The folder has pockets on the inside for holding doctor bills and space to write in the date and amount of each bill so that the beneficiary will know immediately when he reaches the \$50 each year. After that, the medical insurance plan pays 80% of the reasonable charges for covered expenses for the remainder of the year.

Tomaino said that all new medicare beneficiaries will receive the kit when they sign up for medical insurance. Those who already have medical insurance coverage should write, telephone, or visit the social security office to obtain this free kit. The office is located at 107 Clinton Avenue, North, telephone 325-6640.

Also, people who need help in completing a medical insurance claim are urged to get in touch with the social security office. "We know that these claims -- especially the first claim -- can be confusing to people", said Tomaino, "and we will be glad to help in every way possible".

Mrs. Bailey Retires PTA Plans Reception

After 43 years and five months of teaching at No. 30 School, Mrs. Elizabeth Petty Bailey is retiring this month and the PTA of the school plans a reception to honor her. Church To Hear Former Pastor

The Rev. Lawrence Black will be guest preacher this Sunday at the 10:30 service at Christ Presbyterian Church. Rev. Black was pastor of the local congregation from 1959 until 1964 before going to Camden, New Jersey as director of Metropolitan Ministries.

It was during his pastorate that the Church of the Evangel and North Presbyterian merged to form the present congregation. This was followed by a commitment from the congregation to initiate new forms of ministries in the Edgerton area and it has been this foundation which has led to the

current development of the program in the neighborhood.

The service will be in the Scottish tradition commemorating the historical development of North Presbyterian Church and is being done in anticipation of the demolition of the present building and construction of a new structure in August.

"It is the hope of the Session that former members of North Church will be present for this occasion", says Rev. Robert Booher, Christ Church pastor. "We expect they will take this opportunity to renew old acquaintances as again the congregation commits itself to the future of this neighborhood and the city."

Hobbyists, whatever their interest, will probably find intriguing books in the collection of some forty books which have arrived at the Edgerton Branch Library. According to Mrs. Jean Virkus, Librarian, this is one of the rotating collection of books received every 3 months through the Monroe County Library System, and may be borrowed for home reading just like books in the regular collection of the library.

Entitled "Open A New Door" the collection includes books like "Papier Mache and How to Use It," by Anderson; "Guns and Rifles of the World," by Daniel; "Classic Cars," by Buckley; "Cut and Engraved Glass," by Daniel; "Bird Songs," by Stillwell; "Rug Hooking Made Easy," by Stratton; "Painting Methods," by Taubes; "The Driftwood Book," by Thompson, and "Prints and How to Make Them," by Zaidenberg.

 How are you celebrating Global Hate Year? This is the year everyone hates everyone. Easterners hate westerners who hate communists who hate Americans who hate Viet Cong who hate democracies who hate dictatorships who hate free people who hate hate.

Think what you like, like what you think, have love in your heart, don't celebrate hate year. Let the next guy think what he likes. Who cares what he thinks so long as he doesn't force his thinking on you.

Landfill Fires Get Attention

The City quite properly is genuinely concerned about the recurring fires in the Emerson St. dumps and has issued a number of decrees which, if enforced, could reduce the hazards. The unbearable smoke screens and the property-destroying fly ash for years have driven property owners to distraction and they appreciate every effort to alleviate the situation.

However, the primary difficulty does not revolve around human carelessness, as the City decrees seem to infer, but rather the enemy is something known as "spontaneous combustion".

If the City can do nothing about fires that originate from "spontaneous combustion", that landfill operation will have to be abandoned. It is entirely too close to human habitation to be tolerated much longer.

Councilman Stephen May who happens to be a member of the minority group in the City Council and therefore susceptible to charges of being political is quoted as taking a "wait and see" position on the effectiveness of the City's cure for the problem. Our only criticism is that Mr. May is just a bit too mild. We say we have been waiting too long now.

That Emerson Landfill

The City has taken steps to alleviate the fire hazards in the Emerson St. land-fill and Councilman Stephen May, expressing a skeptical attitude, has called for "the best minds" to seek a better solution to "intolerable conditions".

The city program calls for a fire extinguisher on every bulldozer working in the dumps; extra efforts by employees particularly in keeping children away from the operation; stock-piling material to help fight fires; extra caution on movement of trucks; more hosing down of the land-fill; no smoking signs; cutting through of an additional road; etc.

"The new regulations are commendable", says May, "and I am willing to see if they will work. With all the progress of modern science, however, I would hope that more effective means could be found to remedy the situation".

Celli To Open Headquarters

Grand opening of a headquarters in the 24th Ward this Saturday will mark the official start of the Celli-for-Council campaign.

William Terra and his 24th Democratic organization are sponsoring the headquarters which will occupy a store in the Lyell-Mt. Read Shopping Center. The public is invited to the opening ceremony at 11 next Saturday morning.

Andrew G. Celli, Democratic candidate for City Council in the Northwest district, will be present to greet all comers, and will be joined by other candidates and prominent Democrats in the receiving line. There will be music and refreshments in addition to a ribbon cutting.

Driver Education Program Asked

Councilman Robert F. Wood has requested that the driver education program in city schools, eliminated as an economy measure, be re-instated. In a letter to Dr. Glenn G. Wiltsey, president of the Board of Education, he wrote: "It has come to my attention that the Board of Education has decided to eliminate driver education from course offerings in the Rochester City Schools. It appears that this decision has been made before any alternative plan for providing this service to students has been developed.

"I feel that the elimination of this program at this time is contrary to the best interests of this community, especially in view of the fact that you are eliminating it before any alternative plan can be devised to continue the program. I therefore request that the driver education program be continued as a part of the course curriculum in the Rochester schools at least until such time that a non-profit corporation or some other organization can assume this responsibility."

Ascension Church Organ Dedicated

The Church of the Ascension had a service of dedication for its new pipe organ last Sunday.

The church received the organ as a gift from the late Mrs. Harry Beach, in memory of her husband. Mr. Beach, who died in 1935, had been a vestryman of the parish, and both were long-time, active members of the church. Their children, John and Catherine, were present at the dedication service. A memorial plaque was affixed to the organ.

Although new to the church, the organ is well known to many in the Rochester community. Built by the E. M. Skinner Co. and installed in the Auditorium Theater in 1928, it has been completely renovated during its reinstallation by the Roberts Organ Service firm of Rochester. Its appeal to many organists and organ students can be likened to the reaction of an antique auto collector upon discovering a pre-1930 Rolls Royce with only 300 miles of wear.

Known to organ buffs as a "Romantic, 4 manual, with 54 ranks", the instrument is in excellent condition, comparing favorably in tonal quality with fine pipe organs used in European cathedrals which are several hundred years old. Its 3500 pipes, including such unique

features as a French Horn stop, are almost impossible to duplicate in a modern organ. Experts have it catalogued, and no doubt, some of them will come from afar to hear it played during a concert planned for this fall.

Church Festival Gets Donations
The merchandise booth at the Holy Apostles summer festival will be well stocked this year, if the efforts of the donation committee are any indication of the measure of public interest.
The annual fund-raising event, one of the highlights of the summer season in the Lyell Ave. area, is scheduled for two nights, Friday and Saturday, July 14 and 15. It is called "Under the Big Top" this year and will have a circus atmosphere.
Out soliciting gifts from merchants in the area and reported as doing "very well" are members of a committee under Joseph Esposito and William Anderson. The names of those donating are being publicized on a sign adjacent to the prize two-door Dodge sedan in the church yard.
