On Monday, Oct. 23, the John Marshall Community Association will embark on what it hopes will be its most successful year to date. For the 1967-68 season's more precise format has been selected by the program committee in presenting stimulating and pertinent subject matter to the participating members.

The initial coffee hour is scheduled for 9 to 11:15 a.m. at the school and features a presentation of slides entitled "Striving for Independence". A parent-student panel discussion follows with a close look at the question of independence for children, probing in particular the controversial problem of: How much? How soon? How often?

The Bloodmobile will be making its semi-annual visit here on Oct. 30 at Sacred Heart School Hall and enrollment of donors in under way. Attending were Mrs. Robert Rysor, Mrs. James Krickmire, Mrs. James Anthony, Mrs. Elmer Hildebrand, Mrs. Donald Coleman and Mrs. Thomas P. Riley.

Add Hair Dryers For 'Y' Swimmers

Maplewood YMCA Mother's Club made a major improvement in YMCA service when they presented two "professional type" hair dryers to the "Y" for use in the women's locker room. Mothers' Club has called upon the women's swim instruction class for help in serving dinners, which has been their major source of funds, and now shows its appreciation by this appropriate addition to YMCA equipment.

The swim instruction program consists of nine different instruction classes each held weekly during the morning. The classes are divided into eight periods, require advance registration and payment of a fee, and are open to women who have sons or husbands as "Y" members or are a member of the Mothers' Club or Women's Auxiliary.

Further information is available by calling 325-2880 and asking for Maplewood.

Muscular Dystrophy Fund \$58 Richer

The cause of Muscular Dystrophy is \$58 richer due to the efforts of two young ladies in Westmount St. Helen Destino and Mary Gosselin organized a "carnival" for the M-D Fund which they set up on Sept. 16 in the yard of Mr. and Mrs. Alphonse Gosselin, 555 Westmount St. The money has been turned over to the M-D account at Lincoln-Rochester bank.

The girls want to thank neighborhood housewives who baked the goodies which were one of the prime attractions; and also the numerous merchants who contributed including Sys Drug Store, Veltri Bakery, Noahs Ark, Johnson Bakery, Simons Baby Furniture, Verhulst Farm Market, Walker Grocery, Al's Pet Shop and Star Market.

THE SUBWAY

The subway-bed is an eye-sore, a hazard to children in the vicinity, and a source of concern to residents of the Northwest District who are determined to stem the spread of blight and deterioration.

The neighborhood associations have been incessant in their demand for action to prevent the subway from becoming a "mini-dump". The old kiosks are falling apart, along with parts of the subway wall.

From time to time, clean-ups have been made of the subway bed, but trash, debris and weeds still abound.

City Hall has attempted to allay our fears by a Planning Com-

First Federal Wins Advertising Award

First Federal Savings & Loan Association has won the 1967 Socrates Award for outstanding newspaper advertising in the savings and loan field. This is the second time First Federal has been national winner.

The nationwide annual competition in newspaper advertising among over 6,000 savings and loan associations is conducted to promote better advertising and higher advertising standards.

In citing First Federal and its advertising agency, Wolff Associates, Inc., Savings and Loan Ad-Views said that for the past year its panel of judges has reviewed newspaper advertising in all principal newspapers in the United States and Canada. First Federal's advertising campaign, which featured the association's copyrighted Hard Working Dollar, appeared in Rochester daily and area weekly newspapers.

VOL. 40 NO. 39 ROCHESTER, N.Y., WEDNESDAY, OCTOBER 11, 1967

Dinner Tonight For 24th GOP

The annual dinner dance of 24th Ward Republicans is being held tonight at Mapledale Party House in Maple St. It is in honor of all Republican candidates, particularly Joseph Esposito, 27th District County Legislative candidate, and John DeCesare, Northwest District Council aspirant.

The principal speaker will be Councilman Robert Woods and master of ceremonies will be John Mastrella, present assistant district attorney who is being prominently mentioned for appointment as County Court Judge. Tony Gravino's orchestra will play for dancing after the dinner.

Frank Casaceli is chairman of the committee in charge which includes Michael Andolina, ward leader, Walter Dukelow, Bob and Bud Hoepfl, James Leccese, Martin LoBiondi (chairman of the Esposito campaign committee), Nick Capurso, James Zicari, John DiLorenzo, Charles and Cloe Albert, Albert Forkel, Anthony Snider, Frank Schaefer, Emma Cervini and Arthur Fox.

Tenth GOP Women Plan Buffet Oct. 25

A buffet supper will feature the Candidates' Night of Tenth Ward Republican Women on Oct. 25 at the Dutch Mill in Dewey Ave. Tickets are on sale at \$2.50 each and are available by calling Mrs. Millie Grau at 254-8145 or Mrs. Jessie Bock at 254-0992.

COFFEE HOUR SET

Mr. and Mrs. Alan K. Brumber, 119 Fulton Ave., will open their home for a coffee hour on Wednesday evening, Oct. 18, from 7:30 to 9 to introduce their friends and neighbors to the candidates, Andrew Celli, running for City Council and Raymond Margrett, 28th Legislative District candidate will attend as well as the judicial nominees. "This is an excellent opportunity to meet the candidates" say the Brumbers, "and learn first-hand their answers to the issues. Everyone is welcome!"

Northwest Renewal Plan Advanced By Democrats

Councilman Henry E. Gillette, Northwest District Democrat, introduced at last night's City Council meeting a resolution that will speed plans for a 737-acre Northwest General Neighborhood Renewal Plan aimed at halting blighting influences in this predominantly residential area.

His resolution follows unanimous Council adoption on Feb. 14 of his ordinance authorizing consulting services for preparation of an application for Federal assistance and preliminary surveys by City staff.

The acreage is bounded on the south by the New York Central Railroad, on the east by the Genesee River, on the north by portions of Campbell, Felix, Emerson and Bloss Streets, Lyell Avenue and Edgerton Park, and on the west by portions of Ames, Child, Cameron and Backus Sts.

"What we're really interested in is preserving and strengthening some of Rochester's finest neighborhoods," Gillette said. "The residents of the Northwest take a great deal of pride in their neighborhoods, and I share that pride as a lifelong resident. This Administration will continue to provide the leadership necessary for civic improvement."

"The focal point of the program will be civic pride coupled with massive public improvement. This combination will free land for more suitable uses, while expanding such necessities as recreation areas, schools, river frontages, etc. The opportunity for commercial and industrial expansion for the benefit of the area, not its detriment, will be enhanced through a new land use plan."

"Federally-aided and State-aided programs will enable us to pave streets, change traffic patterns to protect pedestrians and speed commercial traffic, fix up deteriorating properties, build bridges, erect schools, install new sewer and water lines and clear out uses incompatible with residential areas."

Gillette said the area comprises 3,730 families and 11,700 individuals.

Sale and Dance For First Democrats

First Ward Democrats have two events coming up. A baked food sale for the benefit of the organization is scheduled Saturday, and a hot buffet dinner and dance takes place on the following Saturday, Oct. 21.

The Women's Club is taking over the baked food sale this Saturday at the headquarters, Emerson St. at Curlew. The public is invited to patronize the sale which will feature home baked specialties made by the ladies themselves.

The dinner dance is being held at Al's Party House, 183 Bloss St. Ward leader Peter Fuino says that a capacity crowd is expected, including all the Democratic candidates led by County Legislative candidate Raymond Margrett and Andrew G. Celli, the Northwest District Council aspirant.

Powers Investigates

Migrant Labor Camps

Senator James Powers and Assemblyman Donald Shoemaker have investigated migrant camps and found that growers as a whole are taking more interest in the welfare of their migrant labor forces. However, much work still needs to be done, they point out. As members of the Joint Legislative Committee on Migrant Labor, Powers and Shoemaker toured the camps in Orange County last month.

Counsel for the committee took immediate steps to close one structure in Warwick where "deplorable conditions" were found. "There is no doubt" the legislators concluded, "that the migrants themselves must be educated to keep their facilities clean and sanitary. At the same time, the owners must provide basic maintenance not only as a prevention against sickness and disease, but as a positive example."

Musicians Wanted

BOYS: 12 - 17 years of age with experience on Brass Instruments: Trumpet, Trombone, Tuba, French Horn, Cornet, to help expand the Grey Knights Squires Drum & Bugle Corps.

Also needed: Drummers to expand drum line, boys for Color Guard to carry flags and rifles, and one first class drum major.

We furnish uniforms, instruments and instructors from the Grey Knights. Now is the time to join if you like to march and play.

If interested, please report to Pine Grove, 1246 Buffalo Rd. next to St. Andrew's Seminary any Tuesday evening 6:30 to 9 p.m. or call 328-6339 or 254-5243 between 5 and 6 p.m. any evening. This past season the Corps has won 17 first prizes also 3 first prizes in Canada.

"Twenty-Eight"
TOPICS

By John J. Romano
28th District County Legislator

For as long as any of us in this area can remember, a trip to the zoo has always meant a brief journey across the river to Seneca Park. Those of us who have looked forward to the day when a new and modern zoo would rise in Seneca Park have been frustrated by the recent debates between city and county - and even more so by the increasing talk of moving the zoo to some distant point in the county.

I firmly believe that the zoo should remain in Seneca Park, and that a new zoo should be built there by the county. Since the county needs title to the land for purposes of a bond issue, the city should be willing to provide this - not for any million dollars, but for a reasonable price which would be fair to both parties. The important thing is that some action should be taken NOW to insure the zoo's remaining in Seneca Park, close to the children of our district and centrally located for ALL the county's children.

A new zoo in Seneca Park could well serve as the key to an entire project of river beautification for this section of the Genesee. The river bank is one of our greatest natural assets, yet little or nothing has been proposed by way of improving and beautifying this stretch of it. The time has come for a concerted effort by city and county, working together, to clean up the polluted river and make it a thing of true beauty - perhaps taking

IF YOU ARE looking ahead to retirement, take some tips on retirement from the books and studies available at your public library.

advantage of some of the private beautification plans which have recently been offered by local architectural societies. The important thing is to show some INTEREST in the problem, to end the attitude of negative thinking and lack of enthusiasm on the part of city officials.

One more problem in this area of the city needs to be mentioned, and that is Driving Park Bridge. Long a problem to traffic engineers and safety people alike, this bridge is admittedly unsafe for truck traffic. Congestion caused by its narrow two-lane width often causes traffic to back up as far as Driving Park and Dewey Ave. Something must be done to improve this situation, to replace the Driving Park span with a modern bridge designed for modern traffic conditions in the area. If the city is unwilling or unable to face the realities of bridge conditions at Driving Park (and Stutson Street too) then it is time for the county to take over the operation and upkeep of all bridges over the Genesee.

Next time I'll go into some other city-wide problems, and comment a bit on how the tax burden for improvements can (and should) be shared more equitably by the people of the entire county.

May Introduces Junkyard Bill

Acting at the request of six neighborhood associations in the Northwest section of the city, Councilman Stephan May introduced a series of amendments at Tuesday's City Council meeting to strengthen the junkyard ordinances drafted by the city administration.

May said adoption of the amendments was necessary "to insure that junkyards will not continue to be nuisances to those who live nearby and will thus become tolerable neighbors". He pointed out that the neighborhood groups - UNITE, FRIEND, EDGERTON, MAPLEWOOD DRIVE and ACTION--"are real experts on the abuses of junkyard operators. Their recommendations deserve attention and support".

The amendments would:
(1) Prohibit all junkyard burning until the State drafts and enforces air pollution regulations.
(2) Require the erection of a solid masonry wall around all junkyards.
(3) Limit junkyard storage piles to a height no higher than the surrounding fence or wall (which must be at least 8 feet) and require that all piles be at least 25 feet from any building or wall.

(4) Require the Zoning Administrator to inspect all junkyards at least once every three months and to maintain a central records file of all such inspections and of all complaints, violations and reports concerning junkyards and the action taken thereon. The records would be open to public inspection by neighborhood groups or other interested persons.

(5) Establish an 11-member Advisory Board on Junkyards to insure strong enforcement and prompt action on complaints. The Board would consist of the Director of Urban Renewal, the Director of the Buildings Bureau, the Zoning Administrator, and two private citizens appointed by the City Manager for two year terms from each of the city's four Councilmanic Districts. The bi-partisan group would listen to and investigate all junkyard complaints and make written reports of their findings and recommendations to the City Council.

Dress Shop Notes 21st Anniversary

The LaMar Dress Shoppe, 420 Lyell Ave., is celebrating its 21st anniversary this week. Opened in 1946 by its present owner, Mrs. Nancy LaMartina, the shop has continued at the same location through the years.

"We feel that we have one of the finest selections of dresses and wedding gowns", says Mrs. LaMartina, "but we take particular pride in our alteration department where we have a very fine team of competent seamstresses. We feel that proper fitting is more essential than a sale."

"We want to thank all our customers for their patronage."

Lyell Ave. Baptist Rebuilding Starts

The Lyell Avenue Baptist Church has begun the rebuilding of its church interior, that was heavily damaged by fire on May 31, 1966. It is estimated that the building will be ready for occupancy by the first of the year and that the total cost of restoration will be \$55,000. Work was begun by Swartout & Rowley, Inc. on Oct. 2.

The plans to modernize the church interior through the use of a drop ceiling, indirect lighting and the elimination of gothic windows for rectangular ones. The length of the sanctuary will be shortened by the additional of a wall in the back of the sanctuary that will be subdivided into a powder room, foyer and bridal room. The present pipe organ will be retained with a new console being built by the Kohl Organ Co. Inc.

The church is seeking to raise \$10,000 in the coming year to partially finance the building program. Pledge Sunday will be Oct. 15 at which time members and friends will be asked to give their support to this program.

Charles House To Note Half Century Existence

A nostalgic time for renewing childhood friendships and remembering shared experiences that go back as far as a half century, will take place during the week of Nov. 28 to Dec. 5 when Charles Settlement House celebrates its 50 years as a neighborhood center in the west side of the city once known as Dutchtown.

Established in 1917 by a group of Catholic laymen as a neighborhood center, the Charles House was actually a people to people's "mission to the Italians" rendered by dedicated men and women who gave of themselves to the newly arrived Italian immigrants, met not in the impersonal way of agency to client, but in the warm accepting way of friend to friend.

They helped the new Americans in many ways, first, simply as friends who shared their many problems, then as teachers who helped them master the new language and other requirements of citizenship.

Their Catholic faith was fostered by the establishment of a simple hall of worship on the second floor of the old brick building, before St. Francis of Assisi could be built. With fortitude and back-breaking labor, the plucky immigrants made a home for themselves and children, a tremendous achievement for them in their pursuit of the American dream.

Soon these children, born in the

neighborhood, started coming to Charles House where they were taught their religion, joined scouting, learned to cook and sew and were exposed to the thrill of drama and dance. Their parents came periodically to observe minstrel shows and plays, and received handicrafts for birthdays and Christmas. Charles House was a home away from home and could be entrusted by the Italian parents, to support and continue the discipline and moral teaching of the home.

Years passed and these children grew up to become homemakers, teachers, lawyers and good citizens. Soon their own children came to Charles House, to different group activities and new staff, but always to the environment that molded good character.

Progress Is Aim Of The Democrats

The Democratic administration at City Hall is dedicated to progress for Rochester. Here are some of its accomplishments:

The Police Bureau has been strengthened by 40 officers in four years. Working conditions, salaries and benefits have been substantially increased. For instance: In 1961 there was one paid holiday, now there are 10; in 1961 there was no special death benefit, now each officer has a special \$7,500 death benefit. Family hospitalization is fully paid; plainclothesmen get \$150 clothing allowance. Education courses are offered to policemen at no cost to them.

New traffic signal installations and replacements here in the 15th Ward: New, Jay & Saxton, Dewey & Bloss; replaced, Broad, Grape & Smith, Lyell & Sherman, Broad & Lyell; Otis and Sherman scheduled for 1967. About 100 street lights in the ward have been modernized.

In the field of recreation, the beautiful Wilson Playground and tennis courts at Burrows and Harold Streets now offer recreational facilities for hundreds of 15th Ward children. The Riley Playground facilities for younger children have been increased and improved.

Improved fire equipment has been purchased to continue our high rating of fire protection which ultimately leads to lower insurance rates. And the fire department personnel are receiving more benefits and higher wages than ever.

Over \$100,000 of street re-surfacing and repairs has been completed in the ward since 1962 - with more to come.

Refuse and sanitation service in the 15th Ward is better than ever.

Add this all together and it spells PROGRESS by your Democratic administration.

Tree Removal Speeded By City

The City of Rochester, thru its Division of Forestry, has removed close to 1,000 trees this year, says Councilman Urban Kress.

"The increasing problem caused by the Dutch Elm disease and other damaging influences have made it necessary to hire contractors to remove an additional 750 trees," he states.

"The Forestry Division had to discontinue tree removal work for two months when the spring planting season arrived. During that period over 2,000 trees were planted in the grass strips between the street and the sidewalk, replacing many of the trees which have been removed. More than 1,000 trees will be planted this fall."

CASSEROLE SUPPER

The Rochester Chapter of the Notre Dame Guild will hold its annual casserole supper on Thursday, Oct. 26 at 6:30 p.m. at Holy Family School Hall, 40 Lorenzo St., downstairs in the Pine Room. Reservations may be made by calling Bernadine Mason at 473-5940.

Northwest Renewal

Continued From P. 1

There are also about 206 operating businesses.

More than 2,000 residential structures can be rehabilitated. Special Federal programs will be used so residents can qualify for 3% loans to upgrade their properties. Senior citizens who can no longer depend on an income can qualify for outright Federal grants of up to \$1,500 to help cover the cost of home improvements.

"Our preliminary survey of the area," Gillette said, "indicates the presence of dangerous symptoms of blight. It will be our mission to eradicate forever these long-present detriments. We pledge that junkyards which have been a long-time source of irritation will be the prime subject of study, with a view of finding equitable treatment for the owners, but at the same time providing neighborhood relief. We will make land available for recreation. We will redesign street patterns to eliminate dangerous intersections and traffic bottlenecks.

"And we can finally state with certitude that that perennial eyesore, which we all dislike, the Subway bed, will be an object of major consideration. We had hoped to have answers to the Subway problem from the long-promised Metropolitan Transportation Study undertaken by the State. That was promised in 1963. We're still waiting to hear, and we haven't heard yet."

Gillette said the City Administration "recognizes the essentially healthy and desirable characteristics of the Northwest segment of Rochester, and we are confident our planning will stress our belief that this is an area which must be preserved."

Of the total acreage, 334.13 are devoted to residential use, 237 to non-residential use and 165.87 to

streets, alleys, sidewalks, etc. There are 2,873 buildings, of which 927 or 32.3%, have deficiencies; 2,146 residential structures, of which 716 or 33.4%, have deficiencies; 726 non-residential structures, of which 211 or 29.9%, have deficiencies. Of a total of 5,141 dwelling units, 1,670 have deficiencies.

Gillette's resolution seeks approval of an application to the Federal government for \$532,385 to conduct survey and planning operations in the Northwest section.

The application asks, for the reservation of \$12.4 million to help finance the first of three urban renewal projects in the area. The estimated gross cost of that first project is \$20.4 million. Net project cost is estimated to be \$18.6 million, with the Federal share \$12.4 million and the State and City shares \$3.2 million each.

Statement of
John P. DeCesare
Republican Candidate
for City Council,
Northwest District on
THE ELECTION - 1967

The political campaign for control of City Hall is steadily gaining momentum.

The Republicans have challenged the record of the Democrats in City Hall for the past six years as uninspiring and neglectful of Rochester's citizens in providing second-rate services and a weak and uninspiring leadership which threatens to make our city a second class city.

Realizing that their accounting is tenuous and attempting to make their failures, the Democrats have in desperation resorted to Madison Avenue advertising techniques.

No amount of Madison Avenue inspired propaganda on the part of City Hall can obscure the facts as you and I see them -- that the City is declining and our neighborhoods are deteriorating.

The residents of the Northwest District have the right to ask: "What has happened to our tax dollars?". No denial has yet been made that since 1961 real estate taxes are up 20%, school taxes are up 27%, water is up 25% and street cleaning is up 110%.

No amount of propaganda can convince us to the contrary. The residents of the Northwest District have been telling me that police protection, recreation, housing, education, urban renewal and various housekeeping services by the City, have not improved.

In fact, the Northwest District of Rochester is still plagued by the landfill fires on Emerson St., open burning on Mt. Read Blvd., bad traffic conditions at Lyell Ave. and Mt. Read Blvd., apparent abandonment of an Industrial Park concept in the Lyell-Bickford area, stench and foul odors from the West Side Incinerator, inadequate police protection, poorly maintained subway bed, failure to expand recreation facilities at Edgerton Park, No. 7 School and No. 40 School, building bureau fiasco, poorly kept and maintained streets and the like.

That these conditions still pre-

vail does not show concern and care for the Northwest District on the part of City Hall Democrats.

I care enough to want to make Rochester great, I care enough to work with the county government to provide services which are countywide in scope on a countywide basis, including financing of such services on a countywide basis. I care enough to want to give the Northwest District effective representation on the City Council.

The continued flight of people and industry to the suburbs indicates that this Democratic administration in City Hall has not increased the livability of Rochester.

J.P.D.

DATED: Rochester, N. Y.
October 5, 1967

EANA Meeting Here On Oct. 17

The Recreation Committee of the Edgerton Area Neighborhood Association will meet on Tuesday Oct. 17 at 8 at association headquarters, under the leadership of Jack Delucia. The committee's main concern during the fall months has been a discussion in cooperation with the Maplewood association concerning the long range plans of city recreation. Vince Fowler is representing the City Department.

All persons who have complaints concerning recreation in this section of the city or would be willing to serve on the committee are encouraged to contact the chairman and be present at the meeting.

Seeks Local Support For George LaCava

TO WHOM IT MAY CONCERN:

The people of this area are indebted to George LaCava for all his time and effort on civil matters, especially in the School 30 pupil transfer legal suit. Always dependable and always ready to help and asking little or nothing in return, Mr. LaCava has been a real public benefactor.

We could show our gratitude by calling our friends and relatives in Gates to support George in the coming election. He is running for judge in that town.

George LaCava has qualifications and would be an asset to the town of Gates.

WHAT does GREG ERWIN stand for ?

A realistic approach to City - County cooperation

The citizens welfare, not party politics, must be the first consideration. This can only be achieved by men of good will meeting together in earnest effort to resolve their differences. Greg would exert efforts both within and outside his party to accomplish this, the County's greatest need.

Relief for the City taxpayer

Greg believes that services and facilities should be paid for by all who benefit from them. The maintenance of those bridges providing the links between Greece and Irondequoit is but one example of a service whose cost should be borne by the county.

Professional analysis of the County budget

Greg believes that the legislature spends far too little time or effort considering the County's \$78,000,000.00 yearly budget. His background in business, and experience in Budget Analysis, would greatly increase protection of the taxpayers dollar.

Preservation of the residential character of our district

Greg opposes those proposals (advocated by the County Manager) which could create an industrial complex at Charlotte and turn Lake Avenue into a truck thoroughfare.

Representation - as close as your phone!

Greg would provide his constituents with around-the-clock telephone access to their representative - at his own expense!

Ball Players Shown Famed Hickok Belt

The Northwest Your Association climaxed its most successful baseball season with a banquet on Oct. 1 attended by a capacity crowd of over 400 ballplayers, parents and guests.

The performance of "Dante" the magician highlighted the program, keeping the youngsters and adults in suspense throughout the act. The youngsters were also treated to a pre-showing of the famed Hickok Belt, that will be given to the pro athlete of the year, Frank Carnivale, custodian of the belt said it was worth almost \$20,000.

After a roast beef dinner served by Al Joseph, Nick Pascarella and Vince DelGudico, awards were made to the deserving ball players and also to adults who have continuously contributed to the success of the league.

Pat Donofrio, president of the N.W.Y.A., announced that there will be an election of new officers for the coming year prior to next season. He thanked the boys for their good behavior on the ball diamonds this summer and the parents for their cooperation. He also expressed his gratitude to the neighbors on Northampton St. for their acceptance of the baseball program.

VOL. 40 NO. 40

ROCHESTER, N.Y., WEDNESDAY, OCTOBER 18, 1967

Political Calendar

A dinner dance tonight for the Republicans and a buffet dinner and dance Saturday night for the Democrats will provide plenty of political action this week for First Warders. The public is invited to both affairs.

First Ward Republican

The First Ward Republicans are serving a steak dinner tonight at 6:30 at the Mardi Gras Restaurant, 4775 Lake Ave., with Northwest District Council candidate John DeCesare and County Legislator John Romano and several others on the GOP ticket as their honored guests. Vincent L. Tofany, state motor vehicle commissioner, will preside and introduce the candidates.

First Ward Democrats

The First Ward Democrats will be honoring Andrew Calli, their council nominee, and Raymond Margrett, running for county legislature in the 28th District, and also expect several other Democratic candidates to appear. This will be a buffet dinner and dance at Al's Party House, 183 Bloss St., starting at 6:30.

Republican Women

Next week Tenth Ward Republican Women are holding a buffet supper on Wednesday, Oct. 25, at the Dutch Mill in Dewey Ave.; and on Thursday, Oct. 26, the Ninth Ward GOP women are running a card party at the Barnard Exempts Club in Maiden Lane.

Non Partisan Meeting

A meeting of a non-partisan nature is also scheduled on Sunday, Oct. 29, in Dewey Ave. Presbyterian Church. All candidates running in the Northwest area are being invited to attend and to speak briefly. The meeting, sponsored by the Church Society Committee of Dewey Church, starts at 7:30 and is open to the public.

NINTH WARD REPUBLICAN women are holding a card party Thursday, Oct. 26, at the Barnard Exempts Club with Mrs. Helen Gollogly, left, and Mrs. John Romano as co-chairmen. Serving on the committee with them are Mesdames Sally Sullivan, Dorothy Pum, Bernadette Puskas, Mary Ellin, Virginia Young, Dorothy McLaughlin, Agnes Mitchell, Dorothy Nicholas, Anita Watson, Catherine Flint, Elizabeth Graham, Ruth Stone, Rita Durrante, Mable Webster and Miss Grace Masseh. The men's club is cooperating in sponsorship. Mr. and Mrs. George Esse head the reception committee. Mrs. Laura McBride is the club president.

Claims and Counterclaims Being Aired by Politicians

The political pot is coming to a boil with rallies, dinners and speech-making everywhere, supplemented by numerous headquarters openings, as well as coffee hours and other small gatherings in the homes. Newspapers, radio, TV and circulars are beginning to carry the campaign to every door-step. Billboards have long since made the public more than familiar with the countenances of most of the major candidates.

Your neighborhood newspapers' request that controversial claims and counter-claims be submitted in the form of ads is being universally honored by the local candidates.

However, other men in public life who are not candidates are making statements and submitting news releases which they claim should be brought to public attention at this time. Some of the statements have political overtones, but inasmuch as the men making the statements are not running for office this year, the Courier finds it difficult to differentiate and between now and Election Day, space permitting, will allow resumes of news-

worthy announcements by these men.

JUNKYARD BATTLE

"We've lost the battle, but not the war," Councilman Stephen May told Northwest residents following the failure of his efforts at last Tuesday's City Council meeting which he claimed would strengthen the city administration's junkyard ordinances. May said he was dismayed by Mayor Lamb's refusal to permit neighborhood representatives to speak to the Council and by the refusal of the Democratic majority on the Council to allow a vote on amendments suggested by Northwest neighborhood associations.

LETTERS

Mr. Fred Metzinger, Editor & Pub.
Tenth Ward Courier
495 Emerson St.
Rochester, N. Y. 14613

Dear Mr. Metzinger:

The first newspaper established in the United States was, significantly, a weekly newspaper.

Since the "Boston News-Letter" first appeared in 1704, weekly newspapers have been an important force in their communities.

On this occasion of National Newspaper Week, 1967, we congratulate you and your colleagues for continued service to the public.

Those of us at the Democrat and Chronicle and The Times-Union are delighted to have you as neighbors.

Cordially,
AL NEUHARTH
General Manager

We are pleased to gratefully acknowledge this letter, received last week during the celebration of National Newspaper Week. (FRM)

POLITICAL

Continued From P. 1

The amendments, which were sent to committee, sought to prohibit all burning pending drafting of State regulations; require erection of masonry walls; limit storage piles to the height of walls and require they be at least 25 feet from the walls; require periodic inspections by the Zoning Administrator and maintenance of a central records file open to the public for inspection, and create a non-partisan Advisory Board on Junkyards to insure full enforcement and follow through on complaints.

Councilman May paid warm tribute to the neighborhood associations -- UNITE, FRIEND, EDGERTON, MAPLEWOOD, DRIVE and ACTION -- for their "patient and tenacious efforts to strengthen" the ordinances. "They demonstrated the value of neighborhood groups by forcing additional study of City Hall's original proposals and by achieving important improvements in negotiations with the city administration", May said.

"I only regret", he added, "that the improvements didn't go far enough and that my efforts to add strengthening amendments were thwarted. It's a shame to have expended all this effort and then come up with statutes which raise the hopes of residents, but may not offer sufficient safeguards against the blighting effect of junkyards."

May said he would continue his efforts to insure adequate protection for residents around the junkyards.

On Urban Renewal

A joint statement issued by Councilman Henry E. Gillette, and William Malley as well as William Denne, administrator of Urban Renewal, addressed to the neighborhood associations of Northwest Rochester, reads as follows:

"As a result of the City Council's approval of an application for planning funds for the Northwest General Neighborhood Renewal Plan, we are beginning to work toward studies that will preserve and strengthen the residential neighborhoods of the Northwest area of the City.

"These plans will combine massive public improvements -- new streets, new sewer and water mains, new schools, new recreational facilities, new curbing and sidewalks, new street lighting, etc. -- with rehabilitation of existing structures and the removal of blighting influences throughout the area.

"The emphasis will be on preservation, not on clearance. There will be no bulldozer approach in this area.

"We want the help of neighborhood associations and residents in the making of final plans. Once our studies get under way we hope that you will join us in evaluations and in our efforts to contact residents. We want to explain our ideas and listen to theirs. It is our task to study the area and to create specific plans for effective renewal. The only way we can accomplish this is through the cooperation of the people, and we will seek such cooperation actively.

"As soon as we have something specific, we will be getting in touch with you."

WOOD SPEAKS OUT

In a speech at the 24th Ward Republican dinner last Wednesday, Councilman Robert F. Wood said the Rochester taxpayers cannot afford the present administration and its high cost of government.

"During the past six years real estate taxes have increased over 20% and the cost of sidewalk snow plowing has gone up 110% since 1961," he claimed. "In addition a 25% servicecharge has been added to our water bill. Where is all this money going? It certainly isn't going towards the improvement of city services because the taxpayer is getting less for his tax dollars today than ever before.

"At a time when the cost of government has gone up, the City Manager and other representatives of the City Administration have opposed every effort to consolidate services between the city and county governments. At budget time, we were told that vital programs in our education system would have to be deleted (such as driver education and guided observation) because of lack of funds. Consolidation would have saved millions of dollars and would have

provided ample funds for education, higher salaries for policemen and firemen and school teachers. However, our attempts at consolidation were defeated by the majority Democrat councilmen."

Statement of
John P. DeCesare
Republican Candidate
for City Council,
Northwest District on
**URBAN RENEWAL
FOR NORTHWEST
DISTRICT--WHY?**

The announcement by City Hall that Urban Renewal is planned for the Northwest area is an admission of failure on the part of the City administration. It is well-known that the Northwest has been neglected by City Hall in recent years.

If this section had received fuller property code enforcement, adequate city services, better general city housekeeping, and more cooperation with neighborhood associations on the part of the City, much of this evident deterioration and blight could have been stopped. Now things have reached a point where demolition and rebuilding is required to revitalize the Northwest District.

All the fancy maps, plans and proposals for renewing the Northwest District are fine; but, if they are like other Urban Renewal projects which the City administration has talked about so much, its implementation is years away. Will the sword of demolition hang over us for six or more years as 3rd Warders have been subjected to?

It is especially tragic, too, that City Hall has failed the Northwest District and has allowed deterioration here because so many residents take such pride in keeping up their properties and making the neighborhoods attractive. Fuller consultation with our area neighborhood groups by the City administration could have gone a long way toward improving conditions in this area.

If City Hall and the Democratic majority on City Council really

wanted to do something of immediate benefit to the people of the Northwest, they would have supported the neighborhood associations and approved their amendments to the junk yard ordinances. As it turned out, at the Tuesday Council meeting, the Democrats decided to sell out the residents in favor of the junk yard operators and rejected the Republican efforts to strengthen the proposed ordinances.

I pledge that I will work diligently and faithfully with neighborhood associations. I have a deep and abiding interest to preserve the Northwest District, and I will work hard and vigilantly to protect the City taxpayer and area residents from any future need for Urban Renewal.

MARGRETT FIGHTS AIR POLLUTION

FOR A NUMBER of years this has been one of his main interests. Local laws have been insufficient, but some progress has been made by his direct appeal to industries involved. Examples of this are the DuPont Company's switch from soft coal to gas and the Dynacolor Corp. no longer burning film in an outside incinerator. However, there are still violators in our area causing dilemma to the housewife in the form of black soot which finds its way into the home. The man of the house also has problems of scrubbing porches and excessive painting, which is not only expensive but exasperating. In addition to this the populace of the area must breathe all this contamination into its lungs.

NOW IS THE TIME for action. The State Health Dept. has passed new laws that can be very efficient if money is spent on a county level to enforce and supplement the laws. We seem to have money for everything else including million dollar swimming pools, millions for park lands, millions for airport expansion but nothing for air pollution control. The new air pollution control code as proposed by Dr. Ames, County Health Director in cooperation with the State should be extended even further than he proposes. As Wayne Harris noted it seems to point to the little guy who burns leaves and not the big guy industries who cause most of the problems. Dr. Ames suggestion that the State can do the sampling with the technical devices needed the same day as requested is wishful thinking. These devices and technicians should be available on the local level so the problems can be dealt with as they come up.

THE N. Y. STATE Action for Clean Air Comm. also agrees that the manpower and equipment is not available locally, but to do the job this is necessary. People interested in this problem are urged to join with Ray at the next Clean Air Committee meeting and express their views. Margrett backs clean air!! Lets back him for County Legislator on Nov. 7th.

Blaine Amendment In Local Limelight

At least two meetings concerned with the Blaine Amendment have been held here within the last ten days, one at Holy Rosary on Oct. 9 and the other last night at No. 41 School. (A report on the Holy Rosary meeting is presented herewith but the No. 41 meeting occurred after this newspaper had been mailed).

Two Con Con delegates agreed at the Holy Rosary meeting which was attended by about 200 parishioners that the new constitution should be adopted. Assemblyman Charles F. Stockmeister and County Manager Gordon A. Howe both urged a "yes" vote for the constitution and specifically endorsed repeal of the Blaine Amendment which prohibits use of public funds for private schools. A third speaker, Dr. J. Kenneth O'Loane, also pleaded for the Blaine repeal.

Dr. O'Loane, who resides in Seneca Pkwy. and is a prominent member of Sacred Heart Cathedral, claimed that the Blaine Amendment is strangulating God-centered schools; that it is encouraging state monopoly in education; that it is more restrictive than the First Amendment; that it does not recognize the contributions to education made by the private schools; and that it violates religious freedom.

The 1200 children being educated at Sacred Heart, he cited as an example of the justice of the case for state support of parochial schools, means a saving each year of a million dollars to the city and county.

Dr. O'Loane was scheduled to share the No. 41 platform last night with Melvin Buetens who favors retention of the Blaine Amendment, Mayor Frank T. Lamb and Gordon Howe were to discuss the general concepts of the Con Con, especially on education, No. 7 School principal Ben Richardson was moderator.

SAVE OUR CITY!

Stop The Sell Out of City Taxpayers

-- Improve The Northwest District

JOHN P. DE CESARE
Republican Council
Candidate

DE CESARE STANDS FOR:

1. **ADEQUATE POLICE PROTECTION.** The fear of walking the streets must be erased. This means more policemen to do the job -- and on the beat.
2. **IMPROVE CITY SERVICES.** The City must upgrade the quality of its housekeeping chores such as street cleaning and maintenance and curbing and trash collection.
3. **STOP THE SELL OUT** of the City Taxpayer by City Hall. The cost of county-wide services such as the Community War Memorial, Museum, Library and Probation should be shared by all county taxpayers. These functions presently cost City taxpayers over \$1,500,000 a year.
4. **PROMOTE CITY-COUNTY COOPERATION** to ease the tax load on City taxpayers end obstructionism by City Hall toward the County and break down wall of arrogance between City Hall and the people.
5. **NEIGHBORHOOD ASSOCIATIONS** should be encouraged, and their counsel sought, particularly by District Councilmen.
6. **ENFORCE CITY CODES** against bad neighbors, such as New York Central and junk yards.
7. **MOVE JUNK YARDS TO HEAVY INDUSTRIAL AREAS.** Junk yards are inconsistent with urban living. The ordinances adopted by the Democrats on City Council fall short of the objective sought by neighborhood groups to get them out of residential sections.
8. **IMPROVE RECREATION** by converting Edgerton Park into a model neighborhood recreation center, providing facilities at #40 school and enlarging recreation site at #7 school.
9. **UPGRADE BUILDINGS BUREAU** to departmental level with sufficient manpower to guarantee that good neighborhoods don't deteriorate and to prevent spread of blight by full and firm enforcement of the Property Code.
10. **IMMEDIATE CLEAN UP OF SUBWAY BED** and repair walls while decisions are made about utilizing it to relieve traffic congestion and improve transportation facilities.
11. **BAN HEAVY TRUCKING FROM RESIDENTIAL STREETS** and take immediate steps to eliminate traffic jams at Lyell Avenue and Mt. Read Blvd.
12. **EFFECTIVE CONTROL OF EMERSON STREET LANDFILL,** a proper operation of City incinerators to end air pollution and immediate cooperation with County on solid waste disposal.
13. **PROMPT DEVELOPMENT OF MT. READ - EMERSON AREA** into a light industrial park, rather than the vast wasteland maintained by the present city administration.
14. **REPEAL OF BLAINE AMENDMENT.** Supporters of parochial schools have carried a large share of the education load for too long. As a trustee of my church, I recognize full well the tremendous fiscal tasks faced by the parochial schools. They need and deserve help.
15. **STOP GERRYMANDERING** of Council Districts for political purposes.
16. **REPEAL** the 25% Water Pollution Charge.

Professionals Start Soccer Club Here

A professional soccer club, known as the Lancers, has been organized in Rochester and is playing in the American Soccer League. It has already scored an upset win

over Boston on Oct. 7 and has been holding nightly workouts here in preparation for its contest Sunday against Washington in the nation's capital. On Oct. 28, it will play

Baltimore in Aquinas Stadium. Next Saturday morning, from 10 to 12, the team is holding a soccer clinic at Aquinas Stadium open to all coaches, players and interested students from Catholic high schools in the area. Some of the Lan-

cers' top professionals will be demonstrating some of the finer points of the game.

Charles Schiano, Rochester attorney, has been named general manager and acting coach following

the resignation of George Baker. The club expects to sign a full time professional coach soon. Schiano was formerly assistant counsel to the New York State Public Service Commission.

An arm bouquet of red and white roses was presented to the parents representing their 23 grandchildren.

Out of town guests were Mr. and Mrs. William Dellas of Niagara Falls, Mrs. P. W. Friday of Waterloo, Mrs. Robert Barrett and their daughter Chris.

The party was held at the New Dutch Mill.

Comedy Farce To Be Staged
Nov. 1-4 By Holy Family Theatre

Take six young stage struck kids, a "gumbo-making" producer, an irate politician, a corpse that isn't two blue shirts, and a pair of very bewildered cops, and you have the makings of Francis Swann's comedy farce, "Out Of The Frying Pan", to be staged by the Holy Family Theater Nov. 1 through 4th.

In an attempt to bring new blood into the group, a play has been chosen that puts the emphasis on youth. No less than 10 of the 12 actors and actresses used for the production are newcomers to Holy Family Theatre. And of these 10,

all but two have had previous stage experience. Joe O'Conner, president of the organization says: "We are very fortunate to have acquired such a wealth of talent in looking for young people and we are equally as fortunate to again acquire the services of Walt Whelahan as director".

Mr. Whelahan directed the last Holy Family production "The Mousetrap" and has also directed numerous other amateur productions throughout the area.

Portraying the six stage-struck kids are Alan Tanski, Dick St. Pierre, Joe Ricciuto, Carol Romack, Mary Short - - all making their first appearance on the Holy Family stage - - and Inez Ringholz, one of the theater's regulars.

In supporting roles are newcomers Joe Ritacco, Terri Tette, and Sandy Beckler, as well as Paul Ritzenthaler, who appeared in "The Mousetrap". Also making appearances are Jim Peters and Mike Ricciuto as the two policemen.

Although casting has been completed and the preparations for the staging are well under way, anyone who might be interested in working behind the scenes is invited to contact Mrs. Ringholz at 254-9090. Tickets for "Out Of The Frying Pan" can be purchased at Pat Grassi's - where reserve seats can also be acquired - or at the door the nights of the play.

The Guided Observation program is now under way at No. 43 School. It includes 3 and 4 year old children who participate in a pre-school program which would be beneficial before entering kindergarten. The children are taught to enjoy school, teachers, books, and also play with educational toys and other children. Mothers, too, benefit from this program by joining in a discussion group which will enable them to talk, listen, think and learn from other mothers about similar problems.

Nazareth Opening Doors To Visitors

Nazareth Academy on Lake Ave. will be open to visitors Sunday, Oct. 29, from 3 to 5 p.m. and Thursday, Nov. 2, from 1 to 5 p.m. These two "Open House" days have been planned to give the local community an opportunity to see firsthand the improvements that have been made in the curriculum to incorporate technological teaching resources, according to school officials.

Among innovations in the academy program are Resource Centers in English, humanities, mathematics and social studies. Technological media include a dictaphone electronic classroom with a Dictaphone-Time-Master with adapter cables which connect to form a network of student listening

devices for students of shorthand.

About 25 classrooms have overhead projectors. The audio-visual room has projection screens, movie and slide projectors which can be used in the room or sent to classrooms on request.

The program arranged for Oct. 29 will include a performance by the Fontbonne Band, demonstration classes in science, new mathematics, languages and business.

Thursday's program will feature classroom visitation, tours of the school, including the new guidance complex, and a coffee hour. It is open to public and private school administrators, teachers, city officials, clergy, local merchants and to the general public.

MARGRETT ON CON-CON

*33% Reduction in
Monroe County Property Taxes
If New Constitution Adopted*

LOOKING AT THE NEW constitution objectively we note that it does not call for the expenditure of a single cent. All spending is authorized by the legislature.

HOWEVER, THE NEW constitution has proposals that would spread the tax burden from local property taxes to the state income taxes so says State Comptroller Arthur Levitt. Since most state income taxes hit the higher salary brackets and big business, this would shift the tax burden to those who can most afford it and alleviate the burden from the average wage-earner and home-owner particularly those retired people who are trying to maintain a home on a pension and social-security.

THIS PERCENTAGE is arrived at based on the current county budget which calls for a net welfare expenditure of \$7,623,000 out of \$22,953,000 overall raised by this years county real estate tax.

THE ONLY ARGUMENT I have heard against the new constitution is that it shouldn't have been presented in one package. Any other way would have made a mockery of our delegates' good faith and ability to do the job that we elected them to do.

WE TRIED unsuccessfully to introduce two separate County Charters three years ago and both were beaten and there was only one point where the two differed, either one introduced separately had a good chance of passing. To present it as a single document took integrity and faith in the abilities of the framers of the new Constitution.

FROM ALL THE POLLS, letters to the editors, and opinions of various people the one big point is the Blaine Amendment in our present State Constitution. Certainly the people of New York State deserve the same freedom of religion that is granted to the rest of the people of the United States by the supreme law of the land, our United States Constitution. In place of the Blaine Amendment in the new Constitution is an Amendment which is verbatim to the religious clause of the United States Constitution as established in the First Amendment, Article 1 of the Bill of Rights. This amendment forbids Congress to make any laws reflecting an establishment of a religion, etc.

BY VOTING FOR the new Constitution and repealing the Blaine Amendment we are voting for civil rights of all the children of New York State and the religious freedom of all the people. People who have studied the new Constitution are almost unanimous in their opinion that it is better than the one we now have.

So what are we waiting for? VOTE FOR IT.

And the public is invited to partake of the meal at the nominal price of \$1.50 for adults and 75 cents for children under 12.

Last year the event drew 1300 and the committee has been working for about a month now to assure an even larger turnout.

A Happy Story

9-Year-Old Diaper

Mrs. Gary Mazer of 9121 Raymond, Detroit 13, Michigan, has an 18-months-old son and a 9-year-old diaper, and therein lies a saga that young Mrs. Mazer recently put in writing to the Riegel Textile Corporation, manufacturer of the diaper.

A "saga" for it seems that Mrs. Mazer's mother received this diaper as a gift, and it first served two youngsters she cares for by the day — Bonnie, who is now 9, and her brother Jeff, now 6. Then, it was passed on to Mrs. Mazer who's been using it since the birth of her 18-months-old son Robert.

"If any diaper can last that long," Mrs. Mazer wrote to Riegel, sending along the diaper with her letter, "to me it really had something to start with." And indicating she feels there's life still left in this super-durable diaper, Mrs. Mazer added this postscript: "If you can, please send it back."

Of course, Riegel complied, including a gift of a dozen more. Hopefully, a dozen more Mazer sagas may be in the making. Meantime, the Consumer Products Division of Riegel has requested that Mrs. Mazer keep it apprised of the future of her 9-year-old pride and joy.

HAIR CARE POINTERS AID BEAUTY PROGRAM

If your crowning glory isn't as glorious as it could be, improper hair care may be at the root of the problem. These tips may help you improve the looks of your locks.

A well-balanced diet is essential to healthy hair. If it's thin, try gentle massage, plus a diet rich in Vitamin C.

Cleanliness is the most important requirement for good-looking hair. How often you wash depends on your hair type, the climate, and the condition of the air where you live. Don't use extremely hot water when washing.

Too frequent or improper bleaching or coloring can damage hair. So can over-exposure to sun, salt water, sand or heavily chlorinated pool water.

Damaged hair is a common complaint. If your hair tends to become dry or unmanageable, try a non-alcoholic shampoo like the new Halo, which has just added glycerin to help keep hair silken healthy.

IT'S A FACT!.... by THOMPSON

MANY YEARS AGO BLIND PEOPLE WERE THOUGHT TO BE CURSED BY GOD AND WERE OFTEN SHUNNED OR HIDDEN AWAY BY THEIR FAMILIES!

IN 1926, ATTITUDES WERE CHANGED THROUGH EDUCATION, BOTH OF THE PUBLIC AND THE BLIND THEMSELVES WHEN LOUIS BRAILLE, A BLIND TEACHER, INVENTED A SYSTEM OF RAISED SYMBOLS THAT COULD BE READ WITH THE FINGER TIPS.

TODAY HUNDREDS OF BLIND PEOPLE ARE ACTIVELY PARTICIPATING IN A FULL COMMUNITY LIFE. THE AMERICAN FOUNDATION FOR THE BLIND, LOCATED IN NEW YORK CITY, SAYS SIGHTLESS PERSONS CAN PERFORM MANY JOBS WITHOUT SPECIAL EQUIPMENT -- AND THEY ARE EMPLOYED IN OFFICES AND SERVICE INSTITUTIONS ALL OVER THE COUNTRY.

Al Sigi Center To House 7 Rehabilitation Units

The question most frequently asked during the course of the Al Sigi Center Building Fund campaign is: "Why was the building started before the campaign ever got under way?"

This is the Al Sigi Center for Rehabilitation Agencies that is more than half completed on its site at South and Elmwood Ave. It will house seven Rochester Community Chest Agencies that provide rehabilitation services to the physically and mentally handicapped.

The answer is simple, according to Dewitt Pike, campaign chairman. Last summer, Federal and New York State grants of \$1,600,000 were available from that year's budget. Meanwhile, the Community Chest had set aside 1967 as the year for the capital fund drive.

A condition of the government grants was that contracts must be let by June 30, 1966, if the funds were to be paid out of that fiscal period. Also, the condition of the physical plants of the existing facilities in many instances are obsolescent and in need of extensive repairs. To try to utilize these buildings any longer than was absolutely necessary would be expensive and a case of wasting money needlessly.

So, for these reasons and rather than take a chance on submitting a new application for government support in 1967 when the same funds might not be obtainable, the Sigi Center Board of Trustees expressed its faith in the Rochester community and decided to go ahead with the building program.

Thus, contrary to usual procedure, the Al Sigi Center is slated to open its doors the day after

the campaign officially closes, November 30.

More than 2,000 volunteers will ultimately be involved in the effort to raise a minimum of \$2,000,000 to help finance the construction costs that are estimated at \$3,800,000. The other \$2,000,000 will come from the sale of real estate now owned by several of the agencies.

This concept of one center designed specifically for serving the handicapped is unique in that it will eliminate much costly duplication of facilities and transportation between agencies for those who require the services of several.

Also, its location near Strong Memorial Hospital and the University of Rochester School of Medicine and Dentistry will make it possible to enrich the cooperative programs carried on by the agencies with these institutions.

Thanks Romano For Helpfulness

TO WHOM IT MAY CONCERN:
In looking through the Tenth Ward Courier I noticed all the advertisements for political candidates. But one caught my eye, Mr. John Romano's. I wonder if people really realize all that Mr. Romano has done for the people of his area. Being a mother of five small boys, I contacted Mr. Romano last April in regards to a play area on the west side of Dewey Ave, because I did not want my children crossing Dewey Ave. in all the heavy traffic.
So I asked him if he could try to get #34 School playground open with instructors to watch the children while they play. When he heard that the children had no place but the street to play in he was appalled and went right to work on getting it open. They kept telling him that they had no money for play equipment or instructors for this area. But he told them in no uncertain terms to find some money for these children. When I, along with some of the other parents, called we got the same answer.
But finally with diligence on the part of Mr. Romano we got our playground. I never met a more courteous or ambitious or dedicated man in my life. We owe him a great deal of THANKS!
Sincerely,
MRS. CHARLES P. BELL

SAVE OUR CITY!

Stop The Sell Out of City Taxpayers

-- Improve The Northwest District

JOHN P. DE CESARE
Republican Council
Candidate

DE CESARE STANDS FOR:

1. **ADEQUATE POLICE PROTECTION.** The fear of walking the streets must be erased. This means more policemen to do the job -- and on the beat. Better and improved street lighting to serve as a crime deterrent.
2. **IMPROVE CITY SERVICES.** The City must upgrade the quality of its housekeeping chores such as street cleaning and maintenance and curbing and trash collection.
3. **STOP THE SELL OUT** of the City Taxpayer by City Hall. The cost of county-wide services such as the Community War Memorial, Museum, Library and Probation should be shared by all county taxpayers. These functions presently cost City taxpayers over \$1,500,000 a year.
4. **PROMOTE CITY-COUNTY COOPERATION** to ease the tax load on City taxpayers end obstructionism by City Hall toward the County and break down wall of arrogance between City Hall and the people.
5. **NEIGHBORHOOD ASSOCIATIONS** should be encouraged, and their counsel sought, particularly by District Councilmen.
6. **ENFORCE CITY CODES** against bad neighbors, such as New York Central and junk yards.
7. **MOVE JUNK YARDS TO HEAVY INDUSTRIAL AREAS.** Junk yards are inconsistent with urban living. The ordinances adopted by the Democrats on City Council fall short of the objective sought by neighborhood groups to get them out of residential sections.
8. **IMPROVE RECREATION** by converting Edgerton Park into a model neighborhood recreation center, providing facilities at #40 school and enlarging recreation site at #7 school.
9. **UPGRADE BUILDINGS BUREAU** to departmental level with sufficient manpower to guarantee that good neighborhoods don't deteriorate and to prevent spread of blight by full and firm enforcement of the Property Code.
10. **IMMEDIATE CLEAN UP OF SUBWAY BED** and repair walls while decisions are made about utilizing it to relieve traffic congestion and improve transportation facilities.
11. **BAN HEAVY TRUCKING FROM RESIDENTIAL STREETS** and take immediate steps to eliminate traffic jams at Lyell Avenue and Mt. Read Blvd.
12. **EFFECTIVE CONTROL OF EMERSON STREET LANDFILL**, a proper operation of City incinerators to end air pollution and immediate cooperation with County on solid waste disposal.
13. **PROMPT DEVELOPMENT OF MT. READ - EMERSON AREA** into a light industrial park, rather than the vast wasteland maintained by the present city administration.
14. **REPEAL OF BLAINE AMENDMENT.** Supporters of parochial schools have carried a large share of the education load for too long. As a trustee of my church, I recognize full well the tremendous fiscal tasks faced by the parochial schools. They need and deserve help.
15. **STOP GERRYMANDERING** of Council Districts for political purposes.
16. **REPEAL** the 25% Water Pollution Charge.
17. **ESTABLISHMENT OF GREATER ROCHESTER PUBLIC TRANSPORTATION** agency to acquire, improve and expand bus service in the City and throughout Monroe County.

Citizen's Committee
For The Election Of
JOE ESPOSITO

We would like to thank all our good friends and supporters who have requested Esposito lawn and window posters. Our supply is getting very low, but we will try to fill as many requests as we can. The interest, response and encouragement of our good friends in the 27th District has been overwhelming!

During the past few weeks, the Citizen's Committee has accomplished much for their candidate. At this writing, every home in six districts has been canvassed and we are most grateful to the kind people we have encountered and the enthusiasm they have shown towards the candidacy of Joseph Esposito. We wish that time allowed us to call back on those of you who were out when we can-

vassed your neighborhood, but this would not be possible. Before Election Day we hope to call on every voter in the 27th Legislative District. As previously stated "Joe" would like to visit every home personally, but this is almost impossible for Joe to accomplish. Therefore, this committee feels that it can best serve "Joe" by helping to contact the many fine residents of our area.

To most of us on the Citizen's Committee who have never before actively engaged in politics or taken part in an election other than voting, it has been a rewarding experience working for a man such as Joseph Esposito. It has been especially gratifying to have the opportunity of meeting so many of the good people of this district. We are looking forward to meeting many more of you before November 7th.

Don't forget our Sunday morning "Coffee Break With Joe". Come into our headquarters and enjoy a cup of coffee and a doughnut with "Joe" and the Citizen's Committee.

DATES TO REMEMBER:

**A MESSAGE TO
BUS RIDERS**
by
John P. DeCesare
Republican Candidate
for City Council,
Northwest District on
**PUBLIC
TRANSPORTATION**

Here's a message to those who don't drive, or can't afford a car, or don't like to drive in today's traffic, I'm talking to people who depend on buses to get around the Greater Rochester area.

Have you tried to get to Fairport, to Southtown, to Durand Eastman Park? Have you tried to visit friends in other parts of the City or County?

Have you tried to find transportation to work in other parts of the City or County? At night? On Sundays? On holidays? On time?

The truth is our present Bus system cannot keep up with the demand. The only solution to the transportation problem facing

Rochester is public ownership of the bus company.

My Republican colleagues and myself have proposed the establishment of the Greater Rochester Transportation Agency - to acquire, improve and expand bus service in the City and - throughout Monroe County.

Such an agency would be made ready to take full advantage of funds available in the proposed Transportation Bond Issue and Federal funds now available for mass transit.

If Rochester is to remain the heart and hub of Monroe County, we must have easy access and egress to the City.

CAN REPUBLICANS AND DEMOCRATS work together? Two former opponents think they can. Ron Magin, a former officer of St. John Fisher College young Republicans, is shown here accepting the post of campaign manager

for Greg Erwin, at right, who is Democratic candidate for County Legislator in the 29th District. Greg was president of the St. John Fisher young Democrats during Ron's term of office, and each has served his party as a committeeman.

Asked if they didn't consider such an alliance unusual, Ron answered "Yes, but the most important thing in government is to elect honest, competent men. If that sometimes means crossing party lines, then I think we have an obligation to do so."

Nazareth Having "Open House"

The second of two open house days is listed tomorrow (Thursday) at Nazareth Academy from 1 to 5 p.m.

The day's program will feature classroom visitation, tours of the school, including the new guidance complex, and a coffee hour. It is open to public and private school administrators, teachers, city officials, clergy, local merchants and to the general public.

Joe Esposito

Thanks:

As a long, strenuous campaign draws to a close, I have much to be thankful for.

It is difficult to express in words my sincere gratitude to so many hard-working people who did so much on my behalf.

With all the humility at my command I wish to thank most sincerely the leaders in my district who had the confidence in me to endorse me, the committee-people of all the wards who worked so hard on my behalf, my good friends of the citizens committee who did a magnificent job in promoting my candidacy, to the many fine people of the area for their kindness and best wishes, and last but not least, the children of the area who have made me a winner regardless of the outcome.

To the voters of the 27th legislative district, my sincere thanks for your tolerance and understanding; and if you see fit to elect me, I promise to work for you to the best of my ability and be a legislator you will be proud of.

To everyone, my most sincere best wishes, and I shall never forget the kindness shown me and my family.

Sincerely Your Friend,

Joe Esposito

The June 4, 1966 Democrat and Chronicle stated in the "Political Beat" column that the opposition was taking a course from Don Briggs of the Dale Carnegie Courses. The purpose of the work shop was to train candidates on how to win friends and ensure votes.

I am sure you will agree with me; the best way to ensure votes is hard work and dedication to the people I represent. I need your vote to continue to work for you. Not a Dale Carnegie Course.

**BROKEN PROMISES

The City election of 1961 is not too far in the past that we can forget the pledges the local Democrats made to the voters. Here are a few samples.

I. Reduction in Taxes: Real taxes are up 20%, school taxes are up 27%, street cleaning is up 110%, street snow plowing is up 34%. You be the judge.

II. Payroll would be reduced in the Midtown Garage: You remember when the ticket system was proposed -- to cut down help. There are 46 employees instead of 25.

III. Water Rates: In March 1964, the Mayor wrote to the residents in the 24th Ward telling the homeowner his water would cost 33 1/3% less. A short time later, the City instead added a 25% surcharge on water. I have pledged to repeal this 25% charge, and to reduce water rates in the 24th Ward to the same rate as that paid by the City water-users -- by giving the water users in the 24th Ward the credit against their bill for the amount paid by the Water Authority for "stand-by" charge and for rental of City mains.

IV. Edgerton Park: This was to become a model neighborhood recreation center. Take a look and see for yourself how little progress has been made to improve Edgerton Park.

V. The Atkins Junkyard Lease: In 1961 the Democrats said this lease would not be renewed. The Democrats have renewed it twice since 1962 over neighborhood opposition. You judge this one.

VI. Urban Renewal: The Democrats in 1961 promised fast action on 3rd Ward Urban Renewal, conceived by Republicans in 1959. In 1967, after six years, the project is stalled. Contrast this with Midtown Plaza -- conceived by Republicans in 1958 and finished in 1962. You compare the records.

VII. Subway: In 1959, the Democrat who ultimately became Mayor raved about an Expressway in the Subway Bed. From 1961 to 1967, the old subway bed has become a mini-dump, let alone an Expressway.

VIII. City Services: The Democrats in 1961 promised to improve and expand the City's housekeeping chores, such as, street cleaning, rubbish collection, curbing, snow removal. You compare and judge for yourself the quality of these services before and after 1962.

IX. Neighborhood Associations: In 1961, the Democrats were all in favor of such groups -- they still are, so they claim. Compare that with the treatment given neighborhood representatives when they protested the Atkins Lease and subsequently the junkyard ordinances.

These are a few samples. There are more. On November 7th, you have the opportunity to speak out against such treatment --- by VOTING ROW A. J.P.D.

**"Twenty-Eight"
TOPICS**

By John J. Romano
28th District County Legislator

During the past few weeks I have commented upon a number of county-wide topics - from the airport to the zoo - and tried to suggest how some of the problems concerning them could be resolved. In particular, I have advocated a number of measures by which certain costs now borne exclusively by city taxpayers can be spread over the entire county.

Certainly the cost of a public building such as the Community War Memorial should be borne by all of the people who use it, not just city residents. I recently supported the purchase of the War Memorial by the county, and I continue to support it. By this I do not mean that the city should give anything away! The county should pay a fair and reasonable sum for the War Memorial and take over all future maintenance of the building. Such action would return about \$1.5 million to the city taxpayers - for use on urgent city projects for which no additional income is available.

The hard facts are that our city is at its maximum taxing level under present state laws. Money is needed and money must be found. The county must take over the financing of various city departments which benefit the county as a whole, spreading the costs over a larger group. Only then can the city begin to meet some of its pressing needs - such as a more equitable wage for its police and firemen.

Earlier this year I fulfilled my pledge to the voters of my district by helping to eliminate chargebacks, thereby saving city tax-

payers thousands of dollars. During the coming year I hope you will give me an opportunity to continue my campaign for a more equitable tax structure. It is time that county taxpayers began to share in the cost of the parks and libraries and other city services they use. More important, it is time that city taxpayers received something in return for the county tax money they pay every year!

The city's officials must end their negative attitude on these matters and sit down with the county. The time is long past when we can afford the luxury of a city and county government that are often barely on speaking terms with one another. Only the taxpayer suffers from such an attitude.

"Remember your vote counts", say the ladies of No. 30 School PTA. "And if you come to vote and also patronize our coffee and doughnut sale at the same time we'll be more than grateful and we're sure you will be pleased too".

The ladies are serving the coffee and doughnuts during the peak periods, from 6 to 8 a.m. and again from 7 to 9 p.m. "Don't let us down and don't let your right to vote go to waste", is their plea.

PVT. FREDERICK G. GROETSCH (above) son of Mr. and Mrs. Fred Groetsch, 119 Independence St., has returned to Camp Pendleton for further training and overseas duty after spending a ten-day leave at home this month. He graduated Aug. 21 from Parris Island and then served six weeks at Camp LeJeune and Camp Gieger.

U.S. Air Force Captain John E. McMahon (left), son of Mrs. Lee E. McMahon of 233 Ridgeway Ave., receives the Distinguished Flying Cross and the Air Medal at Griffiss AFB, N.Y., from Lieutenant Colonel Robert F. Herman, 49th Fighter Interceptor Squadron commander. (U.S. AIR FORCE PHOTO)

NEWS BRIEF

MR. AND MRS. GEORGE E. CASPERSON and daughter Mary Lou of Parkdale Terr. just returned from a vacation on the West Coast. In Oceanside, Calif., they visited Mr. and Mrs. Craig A. Elphick and their two young daughters, former Rochesterians. Mrs. Elphick, the former Dorothy Conroy and Miss Casperson were members of the class of 1960 at John Marshall. Mr. Elphick is an alumnus of Aquinas Institute. The Elphicks are planning a visit to Rochester in mid-December.

ROME, N. Y., U.S. Air Force Captain John E. McMahon, son of Mrs. Lee E. McMahon of 233 Ridgeway Ave., has been decorated with three awards of the Distinguished Flying Cross (DFC) and four Air Medals at Griffiss AFB, N. Y.

He received the DFCs for extraordinary achievement as an F-105 Thunderchief pilot on missions over North Vietnam.

The captain, despite MIG attacks and danger from surface-to-air missiles and heavy anti-aircraft fire, attacked and destroyed an underground petroleum storage area and a vital rail yard in the vicinity of Hanoi.

He also flew a flak suppression mission against the heavily defended and important Yen Vien

Railroad Classification Yard, with complete disregard for his own personal safety Captain McMahon released his bombs directly on target and silenced the guns.

The captain, who flew 100 combat missions in Southeast Asia, was awarded the Air Medals for outstanding airmanship and courage on other successful and important missions under hazardous conditions.

He now holds four DFCs and 14 Air Medals.

Captain McMahon is now assigned at Griffiss as an F-101 Voodoo pilot in a unit of the Air Defense Command which protects the U.S. against enemy air attack. He received his commission in 1959 through the aviation cadet program.

That Sixth Chair Now Available

About two years ago, a sale of a dining room suite with five chairs was accomplished through an ad in this newspaper. A sixth chair, known as a host chair which was loaned out at the time, has now been returned and the seller would like to give it to the buyer - at no cost. The buyer's name and address is unknown (apparently a resident of this area) but if he contacts the seller at his home on Lehigh Ave., phone 325-6043, he can claim the sixth chair.

A HEM?

Women long worried about how to keep hems even after washing draperies, are finding a new solution in fiber glass draperies. PPG fiber glass draperies can't shrink or stretch out of shape during washing—and never need pressing because of their built-in finish. They can be hung immediately after washing—even slightly damp—with no worry about the hems hanging unevenly.

Fiber glass draperies, which are made to look like many different kinds of materials, do more than add easy-care elegance to your window. PPG fiber glass draperies have excellent insulating properties; you can save on winter heating bills because they keep expensive fuel heat in. Summer air-conditioning bills may be lower, too, because fiber glass keeps sun glare out!

County Manager Gordon A. Howe predicted "a return of sanity and responsible government to City Hall."

With the GOP controlling both the city and county, Howe said, "We can sit down in the same family and discuss what's problems and decide what's best for the community."

He recalled that in the days of Republican city control "these decisions were made in city and county were made in Republican headquarters with the chairman sitting in as referee." Howe said this "was sadly interrupted" when the Democrats won control of City Council in 1961.

State Republican Chairman Charles A. Schoeneck Jr. was the guest speaker.

Let's Look At The Record !

FROM THE MINUTES of the County Legislature and the Board of Supervisors years 1964, 1965, 1966, 1967 it becomes obvious that: The incumbent has a "perfect" record - in four years - - - in 97 meetings - - - in over 1500 votes - - -

The current legislator has NEVER voted against the majority, and his party's Bosses - - -

NOT EVEN ONCE!!!

I always voted at my party's call
and I never thought of thinking for myself at all.

Shame On These Hoodlums

At least two of the candidates in the Northwest area report that they have been receiving anonymous middle-of-the-night phone calls. One of the men has even gone so far as to have his phone shut off.

Anyone using the telephone to torment and annoy people is violating the law and should be reminded that there is a stiff penalty if apprehended.

Phoning anyone at late hours, except in case of emergency, is unforgiveable, even if it's a joke. But these calls are quite evidently not meant as jokes. When the phone is answered, there is often a loud hissing sound on the other end—or sometimes just silence.

Only one effective cure has been found to date. A blast from a loud whistle blown into the mouthpiece on the phone produces a deafening sound on the other end. It is not a nice thing to do, but as one man said, you often have to fight fire with fire.

Placental Blood Put To Use

Have you ever wondered where all the blood for transfusions comes from—all that blood required for the sick, the accident victims and the war wounded? In the U.S. alone, it adds up to more than a million gallons a year!

In part, of course, the answer lies in efficient blood-bank operations. However modern medicine demands of a blood bank not just whole blood, but at least 12 types of blood or blood fractions, of which a primary one is serum albumin—the most stable of the plasma proteins.

Until very recently a potential source, the serum albumin portion of blood found in human placentas, has been wasted.

Now, as a result of continuing research, a pharmaceutical firm has developed a technique to obtain it from placental blood and thus help alleviate the short supply of this important blood fraction. The new product, Proserum 25 brand of Normal Serum Albumin (Human), is produced by Pitman-Moore, division of The Dow Chemical Company, the developer and only manufacturer of the Schwarz-strain measles vaccine being used nationwide in measles eradication campaigns.

In utilizing the hitherto un-

tapped source of serum albumin, the new technique also provides for a saving of blood plasma formerly used to produce it.

Why is this all so important?

Well, according to Dr. Allan Chrisman, deputy director of the American Red Cross blood program, "There is always a shortage of serum albumin for use in treating burns, trauma, hemorrhages and infections." And "military purchasing of available stocks" because of Vietnam war demands, has accentuated the shortage.

In processing, Proserum 25 is sterilized by being heated for 10 hours at 60 degrees C. This inactivates serum hepatitis virus, which is sometimes accidentally transmitted through whole blood transfusions or in the use of whole blood plasma.

Other uses for serum albumin are for treatment of such problems as plasma protein deficiency resulting from inadequate diet or as complication of chronic kidney, liver, or gastrointestinal diseases.

Today, thanks to pharmaceutical research, anyone in your family who may need serum albumin has a better chance of getting it.

A CALL TO ARMS!

Mother and daughter both march smartly in fashion's newest wrap-a-round. And they won't have to enlist any help when making it, because McCall's has fashioned a "Quickie" pattern that wraps on in a flash.

Could anything be easier than this? Lay out your one piece of fabric. Cut. Stitch the shoulder seams. Bind around the shape. You're finished! There are no closings to close. The beauty is in the design—it has three armholes (two for one arm; one for other)! When you slip it on, it doesn't matter which arm goes first, or whether it flaps in front or back.

Because this is sure to be such a favorite (in terry cloth it's a swell bathrobe) McCall's has a pattern to fit 'most every size: #9119 Misses small, medium and large; and #9108 for a matching daughter outfit.

With "Quickie" patterns like this, victory is yours!

Polical Forum Throws Light On Voting Issues

By F. R. Metzinger

The political forum at Dewey Ave. Presbyterian Church last Sunday night turned out to be another lively affair and far from a dull evening for some 200 or more local residents. Thirteen candidates exchanged views and answered questions from the audience and the forum which has now become an annual tradition appears to have won the approval of all political leaders as well as the general public.

The fact that a number of candidates not invited to participate were in the audience - and several of them did manage to get into the discussions - indicates that the old fashioned, but revived town meeting idea is still popular.

The debate was quite heated several times during the 90 minute session, but moderator Randy Mack, representing the sponsoring Church Society Committee, kept it well in hand. Rivals for public office who have been sparing no punches in the 1967 campaign were still persistent in their opposition to each other's ideas, but kept their emotions under control.

Audience Participates

The minority parties were represented by three Liberals and two Conservatives who sometimes agreed with one or the other of the Republicans or Democrats - of whom there were four each. However, one Liberal, Gordon Kelso took particular delight in needling both John DeCesare (R) and Andrew Celli (D) for similarity of views on several issues and accused them of following the dictates of the party bosses. All three are running for the Northwest District Council seat.

After a fairly calm opening in which each speaker took four minutes to outline his or his party's views, the one minute rebuttals generally produced some fireworks. But the heat was on when questions from the floor were entertained. Subjects ranged widely, from night meetings for the County Legislature as advocated by the Democrats to low cost housing in the LaGrange Ave. area; from junk yards to urban renewal in the Third Ward; from involuntary busing (to which nearly everyone seemed to be opposed) to the neighborhood school concept, etc.

The two candidates for the Northeast Council post got into a discussion over time lags in construction. Jerry Clifford (R) pointed out that under the Republican administration, Mid-town was built in three years, whereas the "Genesee Crossroads dust bowl" dragged since 1961 and just now is

getting under way. Councilman Urban Kress (D) countered with a recitation of the fact that some 50 million dollars worth of construction projects are now emerging from the dust with more to come. John Bitely (C) running for School Board was critical of the Board of Education for hiring outside architects "when we have a qualified local architect and assistants in an office that costs \$85,000 a year to do that work". Mrs. Dorothy Phillips (R), and Charles Whitaker (L) were critical of school board actions and Dr. Louis Cerulli (D) seeking re-election answered, but this was the mildest part of the evening.

Erwin Vs. Neilon

County Legislator John Hoff (R), whose district is in Greece, was the lead-off for the Republicans, citing mostly the work of the county law-making body. This subject became quickly controversial when Greg Erwin (D) interjected the thought that Robert Neilon (R) majority leader of the County Legislature, whom Greg is opposing in the 29th District, had never voted "no" in four years on the board and on 1500 questions. Neilon asked for the privilege of answering and replied that as majority leader he was always presenting measures which he himself approved and therefore could not consistently do otherwise than vote for them.

Raymond Margrett (D) who is running for County Legislator in the 28th District presented the case for the Democratic party and Ronald Bertie (C) spoke for the Conservatives. Bertie is running for the legislature in the 4th District. John Flint (C) candidate for Northeast Councilman, completed the speaker list. Former Tenth Ward Supervisor Jeff Wilkin, speaking from the floor, suggested one day and one night meeting each month might be a good compromise for the County Legislature. Other quoteables:

(Margrett) Town zoning laws prevent low cost housing in sub-

An Important Message For All Voters

Let's look at the facts before you cast your extremely important vote on November 7th. City Hall must stay under Democratic control if we are to continue the progress we have enjoyed in the past six years.

There will be those who will spread propaganda and criticize every progressive step we have taken. Each of these progressive steps have benefited the public in numerous ways. We will mention but a few, and you be the judge.

Streets in your area have been repaved, sidewalks have been replaced where the city was liable. Trees were cut when diseased, and replaced by thousands. Many recreation areas have been improved and others added. More schools have been built. In traffic control better street lights, signs and maintenance have kept pace of our ever increasing population and traffic. All city departments have been streamlined to give you more efficient service and our workers have benefited by receiving higher wages for their performance of duty. This includes our fire and police departments.

If our administration is allowed to continue, all Rochestarians will be proud of our Urban Renewal program to erase blight in neighborhoods. In our downtown area much of this work has already been done and beautiful new buildings will replace those demolished. This means an increased source of tax revenue which will benefit all the people.

Do you want another Gordon Howe puppet show to entertain you? It took us thirty years to unseat them. Let's keep our own city and let them run Brighton and Pittsford. The Democratic Party runs on its record of achievement. Our opponents have avoided mentioning theirs.

To retain control of our city, vote for these qualified Democratic candidates: Andrew Celli for Councilman in our Northwest District; Raymond Margrett for County Legislator 28th District; George Stockmeister for County Legislator, 27th District; Dr. Louis Cerulli and Dr. Glen Wiltsey incumbent candidates for school commissioners; and Ralph Annucci, incumbent candidate for Constable 1st Ward. We urge you to vote straight Democratic Row B on November 7th.

IN STATE AID FOR YOUTH**

"I have sent a letter to Governor Rockefeller, Assembly Speaker Travia, and Senate Majority Leader Brydges calling for increased State assistance for youth board activities to those youth boards serving cities with a population greater than 125,000.

"The Rochester-Monroe County Youth Board contracts with social service agencies who serve our

young people. Some activities under Youth Board jurisdiction include the Baden Street Settlement, where staff members contact teenagers to help them in school, to obtain jobs, better housing, and living within the law; Cobbs Hill Day Camp, where almost 600 inner city youths aged seven to eleven are registered for ten one-week camping experiences; YMCA Operation Outreach; Montgomery Neighborhood Center, and many others.

"Under the present State aid formula, the maximum amount allowed for Monroe County is \$529,000. This amount falls to provided for expanding community needs and does not begin to make moneys available for new approaches and methods to make valuable citizens of the hard core 'anti-everything'.

"Because many private citizens give freely of their time and effort, the taxpayer receives more value for his tax dollar. Many privately funded organizations, such as the Northwest Regional Area Youth Ministry under the direction of Father Edward Steinkirchner, could expand their programs with the additional State aid.

"Society pays for the uneducated and hostile youth; it pays in welfare, police and prison costs. The small cost of prevention is far better than the massive cost of the cure".

Qualifications Of Neilon

DEAR VOTER,

November 7 is an important day in the life of your family and yourself.

The decision you make on that day in the selection of the man who is to represent you on the County Legislature will have a major effect on your life for many years to come.

The 29 member County Legislature, as a result of the Supreme Court's one-man one-vote ruling, officially replaced the 43 member Board of Supervisors on January 1, 1967.

In the ten months of its existence it has brought to prominence a number of able legislators.

One of these men is Robert Neilon.

As the representative of all the people in the 29th Legislative District he has taken his obligations to you as a resident of his district seriously. In reporting on the attendance of the Legislators at regular and committee meetings the Rochester Democrat & Chronicle on September 26th said, "Among the good attenders - Majority Leader Robert Neilon, R-29th District, who got to all 17 board meetings, 31 of his 33 committee meetings, and who went to 20 extra committee meetings."

When he speaks for the residents of his district you can be sure that Robert Neilon's voice is heard. As Majority Leader he has the ear of party leaders and the attention of the entire Legislature. He is Chairman of the powerful Finance Committee, member of the Health and Welfare Committee and as Republican leader, a Standing Member of all committees.

He initiated and was instrumental in the legislation which ended the archaic system of welfare chargebacks. Until this legislation was enacted, Monroe county ha-

been the only county in the state still adhering to the outmoded practice of charging back welfare costs to the municipality of the recipient. The new legislation recognized that care of the poor is everyone's responsibility and should be shared on an equitable basis by all residents of the county.

Other legislation in which he has played an important part includes: the adoption of the badly needed program to expand the existing county park system and acquire new parkland and recreation areas; an increase in the suburban schools share of revenues from the county sales tax; the creation of a Pure Waters Agency; authorization for construction of a new public safety building and jail; the merger of the county's office of personnel and its civil service commission into a single agency to end costly duplication of record keeping and service; a new salary and compensation plan for county employees; the creation of three branch offices to handle auto licenses; the adoption of a seven point "Fair Share Government Plan" for the consolidation of costly duplicating city and county services; and many more.

Robert Neilon has the experience, the ability and the stature you expect in your elected representative. As a life long resident of the district he knows its problems and its people well. He is always available to listen to your problems and requests...and can do something about them.

YMCA Programs Are Announced

Maplewood YMCA announces the beginning of its 1967-68 club program year. Featured in the program are: Indian Guides, a father and son program for boys 5-8; Adventure Guides, a father and son program for boys 9-11; Gra-Y, for grade school boys ages 9-12; Junior Hi-Y for boys 12-14; and Hi-Y for high school age boys.

The Guide programs provide an opportunity for fathers and sons to enjoy each other's company and to develop understanding of the father-son relationship, says the "Y". This aim is achieved through home-centered meetings and through outdoor camping and recreational activities.

The Gra-Y and Junior Hi-Y programs are designed according to age and strive to help boys develop as individuals within their community. Their program con-

tains group activities such as service projects, sports leagues and special events.

The Hi-Y program for high school age boys provides an opportunity for young men to get together at the "Y" to discuss topics of concern, take field trips, participate in service projects, and in local, State and National conferences.

Further information concerning these programs may be obtained by calling Maplewood at 254-5250.

SELLING CANDY

Maplewood Junior Leaders' Corps will be selling thin mint candies at \$1.00 a box for the next few weeks. The money raised will be used for service projects around the YMCA, to send leaders to training weekends, and for uniforms.

The Junior Leaders assist the Physical Education and Youth staff in the gym, pool, and club programs which are offered to Youth members.

Strippoli Sets Record Straight

As former president of the No. 30 School District Association, I am compelled to make a statement. A paid political ad appeared in the Vicinity Post October 11, 1967, put in by a former member of the No. 30 School District Association. The ad implied that the people of this area are indebted to George LaCava for the work he did for No. 30 School transfer of pupils.

I would like to clear the air on this paid political advertisement. Mr. George LaCava was paid well for his services. In fact, the treasurer of the association wrote three checks for Mr. LaCava and he is the same person asking you to support George LaCava. I am not telling the people of this area not to support George LaCava but only clearing the air. We are not indebted to him or any one else.

All people living in the Northwest area who are over 60 are invited to attend this branch of City Recreation under the direction of Barbara Nagle.

For further information about this group call 458-5584.

EDITORIAL

Our Apology For Late Delivery

Except for two paralyzing snowstorms, your community newspaper has always arrived on time during its entire 40 year history. Last week it came a day late due to a combination of circumstances beyond our control.

All day Wednesday our phone rang. It was mostly readers complaining "The mailman's been here and he didn't bring my Tenth Ward Courier".

It was no fault of the mailmen, it was a human failure somewhere along the line. But that's history now. And besides something good came out of it. We heard from lots of our readers.

"I set store by it", said one lady. "I've never known it to be late before", said another. "I read every line in it. My, how I miss it".

We hope it never happens again, but it did our hearts good to realize that people would miss our weekly messenger. So the trouble was not all in vain.

Plan Smorgasbord - Bazaar

Maplewood YMCA Mothers' Club is sponsoring a holiday smorgasbord-bazaar on Nov. 12 at the "Y" from 1 to 6 p.m. Tickets may be purchased at the Maplewood "Y" on Saturdays between 9 a.m. and 1 p.m. or by calling 254-2996 or 458-0713 and at the door. Donations of \$1.50 for adults, 75 cents for children under 12 and children under 5 free.

Money will be used for "Y" scholarships and to buy YMCA equipment. The public is invited to come and enjoy a relaxing Sunday dinner.

The above picture shows three of the women getting ready for the smorgasbord-bazaar. From left to right they are Mrs. Bernard Davis, Mrs. Orian Wilber and Mrs. Margaret Johnson.

I-A Women Plan Fashion Show

A fashion show will feature the next meeting of the Italian American Women's Sport Club Auxiliary on Friday, Nov. 10, at 395 Emerson St.

Social chairman, Isabelle Civitello urges all members to be present and to bring along friends and acquaintances.

Program chairman for this event is Angela Lobello. She has planned a "fun-filled fashion show, packed with entertainment and fun for all", she says.

Models will include: Pat Iabone, Rose Perrotta, Mary Anne Perrotta, Angela Lobello, Mary Ricci, Elizabeth Fasano, Frances Valente, Mary Cimino, Margaret Fragnito and Jo Benvenuto.

Refreshments will be served following the fashion show.

Our Schedule of Publication

News and ad copy for each issue must be in no later than Friday preceding date of issue, except on the Courier which comes out Monday, Nov. 20, for Thanksgiving. Closing date for that issue is Thursday, Nov. 16.

Your neighborhood newspapers will appear on the following dates from now to the end of the year:

Public Invited To Schools Tonight

The public is invited to visit neighborhood schools this week as the highlight of an "open house" program. No. 40 School in La-Grange Ave. is holding its doors open tonight (Wednesday) from 7:30 to 9:30 and No. 41 School in Ridge Rd. W. is doing the same tonight as well as tomorrow (Thursday) night. John Marshall is entertaining the parents tomorrow night.

The No. 40 affair, called "Education is Happening", involves classroom visitations and also a "Harvest Baked Foods Sale" sponsored by the PTA in a fund-raising effort for future educational programs.

At No. 41, the PTA is also active taking parents' memberships in the classrooms. The open house is divided into two nights, the first one for morning kindergarten, first, second and third grade parents; and the second one for afternoon kindergarten, fourth, fifth, sixth and seventh grades, and advanced ungraded classes.

The open house at John Marshall High is scheduled for tomorrow (Thursday) night. Parents are invited to visit their children's classrooms which will be in session from 7:45 to 9:35.

No Election News In This Edition

Inasmuch as the Tenth Ward Courier had to be in the mails last night for today's delivery, there is no election news in this issue. An analysis of the final returns will be included in next week's issue.

M.N.A. Seeking Representatives

Maplewood Neighborhood Association, through its president John Saxe, announces an area representative plan to be implemented during the coming year. Under it, representatives will act as liaisons for a street or streets in the MNA area.

"In this way better communication can be established between all the residents in the MNA area and the association in the handling of complaints, constructive projects and civic activities", says Saxe.

Any person interested in becoming a representative for his street or immediate neighborhood should contact Mr. Saxe at 458-0266.

Interior Design Is Guild Topic

Sacred Heart Cathedral Rosary Guild will meet on Monday, Nov. 13, at 7:45 p.m. in the Cathedral for Rosary and Benediction. The remainder of the meeting is to be held in the rectory hall.

"Interiors by Veronica" is the topic of the guest speaker, Mrs. Phillip Geltz. A graduate of Nazareth College, Mrs. Geltz also attended Cornell University and the New York School of Interior Design. At present she is associated with the gallery from whom the "Fall Foliage" fabrics to be displayed at the meeting will be obtained.

Refreshments will be served by the hospitality committee under the direction of Mrs. Joe Connelly.

Decorations and desserts from around the world are needed for the Christmas party. Anyone willing to donate either or both is asked to call Mrs. Malvern Willison, program chairman, at 254-3697 to make necessary arrangements.

'Voice From Home' Tapes Available

The Red Cross invites wives and families of servicemen, stationed either in this country or abroad to make a Christmas tape recording greeting.

In its "Voice From Home" project the Red Cross provides the tapes (which run 15 minutes in length) and the tape recording machines. Taping facilities will be made possible through the cooperation of Sibley, Lindsay, & Curr.

The tapes may be recorded in Sibley's main store, sixth floor, beginning on Monday, Nov. 13 and continuing through Saturday, Dec. 2. Taping hours will be from noon to store closing time.

The project to be co-ordinated by Mrs. Jean Kerr, a volunteer in the Red Cross service to military families. She suggests that families make notes ahead of what they wish to include on the 15-minute tape. Further information may be obtained by calling Red Cross, 454-2400.

Learning Festival At Holy Rosary

Holy Rosary School will sponsor a "Learning Festival" today, tomorrow and Friday. When students will be able to browse and purchase educational material. The event will be open to parents and other adults Friday between the hours of 9 a.m. and 3 p.m. Material will be on display in the school hall.

There will be magnifiers and viewers, simple science experiments, dinosaurs, magnets and motors, spelling games, nature collections, history and geography activities, number games, educational handicrafts and many other materials representing all areas of interest to children. Materials may be purchased at popular prices. "This is a convenient, easy and pleasant way to provide your children with meaningful learning materials", say the sponsors. "It will not only help arouse student interest in learning, but also contribute to a worthwhile project. The school profits from all sales and the proceeds will be used for science equipment and library books".

The program is sponsored by a group of parents with Mrs. Edward Hasenauer as chairman and includes Mrs. Paul Georger, Mrs. John Moran, Mrs. Richard Connolly, Mrs. Daniel Magee and Mrs. Joseph Crocetti.

Xmas Projects For Senior Citizens

Maplewood Senior Citizens will meet as usual tomorrow (Thursday) at 10:30 a.m. at the Church of the Ascension, Lake Ave. at Riverside St.

Starting this week and continuing until Christmas special projects will be undertaken which will have a Christmas theme. Mrs. Helen Phillips of the City Recreation staff will be present to instruct members.

Following lunch and a short business meeting a talk will be given by George B. Forbes of the public relations staff of R.I.T. His subject will be "Off the Beaten Track: Postmans' Holidays in Rural America".

Expressway Start Set Next Year

Start of work on the Western Expressway (Dutchtown) connection is forecast for next year by the state engineering office. The passage of Governor Rockefeller's 2.3 billion dollar bond transportation issue apparently insures the start. The expressway feeder and the reconstruction of the inner loop at its downtown terminal are expected to cost 25 million.

Services Today For Msgr. Gefell

Funeral services are being held today for Rt. Rev. Joseph H. Gefell, former pastor of Holy Family Church who died Nov. 11 in St. Ann's Home at the age of 88 after a long illness. He started his church career as assistant pastor at Holy Family in 1902 and left to be pastor at Wayland for 20 years. He returned to serve as Holy Family pastor from 1925 to 1941.

Msgr. Gefell was paid last respects by his many friends in this area at Haubner & Stallknecht funeral home. Last night his body laid in state at Holy Family and this morning a Solemn Requiem Mass was to be held, followed by interment in Holy Sepulchre Cemetery.

Rev. Seibold Gets Post As Pastor

Rev. Robert Seibold, who served four years ago as assistant pastor at the Lutheran Church of the Redeemer, has been named pastor of St. John's Lutheran Church in Lancaster and will be installed next Sunday.

Rev. Seibold was called to the Lancaster Church as associate and has served in that capacity since 1963. His elevation to pastor is a break with tradition since an assistant ordinarily is not advanced in the same church where he is associate pastor.

The installation service will be at 4 p.m. and will be followed by a reception in the Fellowship Hall at Pleasant Ave. and School St.

Trucks Ordered Off Glide Street

In a letter to Councilman Stephen May, dated Nov. 1, Commissioner of Public Works Alfred S. Ancello stated that city truck drivers have been directed not to use Glide St. as a through street.

The councilman had urged the re-routing of trucks headed for the city incinerator, pointing out that the noise and vibration they occasioned was disturbing the peace and quiet of those along the route.

Supper To Benefit Nazareth Hall

Nazareth Hall Parents' Club is sponsoring a spaghetti supper Sunday, Nov. 19 at Aquinas Institute. Proceeds will go toward the building fund of Nazareth Hall. Mr. and Mrs. Joseph Miran are co-chairmen with Mrs. Edward Provanzano and Mrs. Harry Speck as publicity chairmen.

The meal will be served from 1 to 5 p.m. Cost will be \$1.50 for adults, \$1.00 for children.

Both Major Parties Win Honors In Northwest

It was a decidedly Republican trend that swept the Northwest district last week Tuesday even though the two men who will divide the honor of representing this area in the City Council for the next four years will be Democrats, Andrew G. Celli and Urban G. Kress won the two Council seats, but failed to get pluralities in all but one of the six wards of the district. The First Ward was the lone exception.

The four County Legislature representatives from this area will all be Republicans, helping to swell the lopsided GOP margin to a 24 to 5 edge over the Democrats.

The tightest race in the county was that between Celli and his Republican opponent, John DeCesare. Although not yet official, it appears that the 25 vote difference in Celli's favor will stand up. He had 10941 to 10916 for DeCesare as of Election night and also after the recount last weekend.

Jeremiah Clifford won handily in all three wards west of the river, but it was not enough. In the heavily Democratic area on the east side, Kress won by sizeable margins in all six wards. Clifford carried the Ninth, Tenth and 23rd Wards. Final tally was Kress with 12,772 to 10,966 for Clifford.

The Conservative and Liberal candidates for Council drew little support.

Esposito Wins

The victory of Joseph Esposito in the 27th County Legislator battle although predicted in many quarters, was a real blow to the Democrats. The popular George Stockmeister who represented the 20th Ward for several terms as supervisor and the 27th District during the past year as legislator, was always a good vote getter. His loss had added significance for the Democrats since he was assistant minority leader. His colleague, Robert Quigley, the minority leader, was also defeated.

Esposito, who lost to Stockmeister last year by 11 votes, pleased GOP leaders by his spirited campaign. The 27th District has

had a Democratic complexion in recent years. His win was especially notable since Esposito is a newcomer to politics and this will be his first experience as an office holder.

Rober Neilon (R), majority leader of the County Legislature, ran into a militant new campaigner in Greg Erwin (D), but won easily 4744 to 3213 in the 29th District.

John Romano (R) again took the measure of Raymond Margrett (D) in the 28th District, this time by a little safer margin. Romano won his first term a year ago by six votes, but this year it was 3954 to 3632.

In the 26th District Joseph Ferrari (R) out-distanced Thomas

Years To Your Life

"Look better, feel better. Add years to your life."

That's the advice to men and women given by Blanche Hoffman, director of the No. 21 Recreation Center in Campbell St. The center, she points out, is offering a specially designed physical fitness program for men including volleyball, basketball and trampoline that will enable them to "lose that spare tire", she says.

There is also a ladies slimnastic class which meets on Monday evenings at 7 which is open to all interested women of the neighborhood.

Further information may be obtained by calling the No. 21 Recreation Center at 325-9465. This is part of the city's Recreation Bureau setup.

Counting Calories?

If you have been substituting margarine for butter in the hope of consuming fewer calories, stop now, says Martha K. Papp, home economist. The caloric content of butter and margarine are equivalent nutritionally and both will provide you with about 100 calories per tablespoon, she points out.

The promotion of so-called "whipped" margarines may have caused some of the confusion, in her opinion. She continues:

"The caloric value of a pound of whipped margarine is the same as that of a pound of regular margarine. But, because you eat less fat in a serving of whipped margarine versus regular margarine, the calories are naturally less. "The manufacturing process for a whipped product provides a larger volume per pound so that each serving, determined by size, not by weight, contains fewer calories."

Miss Papp is associated with the Cooperative Extension Association of Monroe County.

**Fund Drive Head
Thanks Volunteers**

Volunteers who helped in the recent Cystic Fibrosis fund drive were praised this week for their efforts by Mrs. Margaret Bayer, president of the Rochester chapter.

"We want to take this opportunity to sincerely thank the thousands of loyal volunteers who gave their time to help us reach our goal of \$50,000," said Mrs. Bayer.

"Of course, our gratitude also goes to the many people who opened their doors and their purses for our cause. Without the support of all the good people of Monroe County, our efforts would have been in vain.

"Our sincere hope and prayer is that a control or cure for this dread children's disease may be found in the not-too-distant future. It is only through constant research by our dedicated doctors that this day will come, and we can cease our plea for public funds".

Mr. and Mrs. James Heuther, 1239 Lexington Ave., are celebrating their gold wedding anniversary on Nov. 26. There will be a Mass in the morning at 11 and a reception in the afternoon from 4 to 8, both at Most Precious Blood. The Heuthers have seven children, all except one living in Rochester. Leonard is a captain in the Fire Department; Sister Dolores Ann is teaching at Mt. Carmel; Eugene is the dean of discipline at Seton Hall in Newark, N. J.; James is a foreman at Rochester Products; Gerald is with the telephone company; and the other two are housewives, Mrs. Margaret

Tomasso and Mrs. Bernadine Gordon. There are also 29 grandchildren.

Mr. Heuther is retired from American Laundry Machinery Co. and for many years has been associated with activities of the Northwest Youth Association.

The Heuthers are pioneer residents of their neighborhood, having lived in their Lexington Ave. home since 1919.

Sanborns Celebrate 55th Anniversary

Mr. and Mrs. H. Greeley Sanborn celebrated their 55th wedding anniversary on Nov. 12. The Sanborns, formerly of Homer, N. Y., moved in August of this year to 444 Magee Ave.

Laura F. Martin and H. Greeley Sanborn were united in marriage in Homer, N. Y. at the home of the bride's parents.

Mr. and Mrs. Sanborn were entertained on Nov. 5 at the Cafe Avion Restaurant by their two daughters and their families, Mr. and Mrs. Earle Young of Magee Ave. and Mr. and Mrs. Frank Gillet of Syracuse. A grandson, Franklin Gillet, was also present. Two other grandchildren, Janice Young and Nancy Gillet were unable to attend.

"I wish to congratulate County Legislator John Romano on his re-election.

"My sincere thanks to all who worked on my campaign; to the ward leaders of the 28th District and to Peter Fuino, Frank Gutberlet, Anthony Pizzura and their committeemen: publicity, Fred Howard, finance, Ralph Annucci.

"I would like to thank also the executive committeewomen, Ellen Long and Winifred Toole; Virginia Howard, president of the First Ward Democratic Womens organization and the Ninth and Tenth ward womens groups; and last but not least, friends, relatives and neighbors who contributed so much of their time."

RAYMOND MARGRETT

PTA Thankful For Sale Success

Appropriate to the time of year, members of No. 30 School PTA feel that they have several things to be thankful for. Their Election Day baked goods sale was a real success and they are grateful to all who participated including the patrons. And they are grateful for the new traffic signals at Otis and Sherman Sts. where the children have to cross a busy intersection.

Presently the PTA is looking for a piano player to assist the choir at its Christmas and spring concerts. Anyone who can be of assistance is asked to call the school office.

One of the most important meetings of the year, according to PTA secretary Judy Cornell, is listed for Jan. 9. The theme will be juvenile delinquency and vandalism with two "top-notch" speakers from the Police Department.

Tiny Tot Swim Classes To Begin

Maplewood YMCA announces that its second series of Tiny Tot swimming instruction classes is scheduled to begin on Tuesday, Nov. 28. These classes are scheduled on Tuesday and Thursday afternoons at 1 and at 1:45 for 4 and 5 year old boys and girls. This series will be completed on Dec. 21.

Registrations are being taken at the "Y", 25 Driving Park Ave.

Election Results
Continued From P. 1
Fantigross(D) 3002 to 2342, there-
by continuing his winning streak
which he started as a supervisor.
Last year he was elected to the
County Legislature, defeating John
Scibilia.
Get 2-Year Terms
The legislators chosen this year
will now have a breathing spell.
During the transition period from
Board of Supervisors to County
Legislature, they had to run in
1965, 1966 and 1967. Now they are
in for two years.

There were two contests for con-
stable in this area with incumbents
winning in both cases. Ralph An-
nucci (D) took the measure of
Ben Passero (R) in the First
Ward and Lou Romano (R) defeated
Fred Schickler, Jr., (D) in the 15th.
Bruce Babcock and Al Beeley were
unopposed for constable in the
Ninth and Tenth Wards respect-
ively.

In the City Court Judge contest,
the Democrats generally had the
edge in all local wards. Judge
James Sheehan (D) who was re-
elected, did especially well in the
Ninth and Tenth Wards where he
lives (Seneca Parkway). Judge
Reuben Davis (D), who was defeat-
ed, would have been elected if the
voters in the First, 20th and 24th
Wards had their way. Judge Al-
phonse Cassetti (D), along with
Judge Sheehan, was a favorite in
all six wards. Culver Barr (R),
got some of his winning pluralities
in the Ninth and Tenth and William
Cronin (R) was among the top
three in the 15th. Barr, Cassetti
and Sheehan were elected.
The closeness of the school
commissioner battle as between
Michael Roche (R), Dr. Louis
Cerulli (D) and Dorothy Phillips
(R), was reflected here. Roche
led in all six wards, Cerulli in
the First, 15th, 20th and 24th
and Phillips in the Ninth and Tenth.
Dr. Cerulli, a Ninth Warder, was
re-elected and Roche won the other
place on the board.

Learning Festival At Holy Rosary

Holy Rosary School will sponsor a "Learning Festival" today, tomorrow and Friday. When students will be able to browse and purchase educational material. The event will be open to parents and other adults Friday between the hours of 9 a.m. and 3 p.m. Material will be on display in the school hall.

There will be magnifiers and viewers, simple science experiments, dinosaurs, magnets and motors, spelling games, nature collections, history and geography activities, number games, educational handicrafts and many other materials representing all areas of interest to children. Materials may be purchased at popular prices. "This is a convenient, easy and pleasant way to provide your children with meaningful learning materials", say the sponsors. "It will not only help arouse student interest in learning, but also contribute to a worthwhile project. The school profits from all sales and the proceeds will be used for science equipment and library books".

The program is sponsored by a group of parents with Mrs. Edward Hasenauer as chairman and includes Mrs. Paul Georger, Mrs. John Moran, Mrs. Richard Connolly, Mrs. Daniel Magee and Mrs. Joseph Crocetti.

Expressway Start Set Next Year

Start of work on the Western Expressway (Dutchtown) connection is forecast for next year by the state engineering office. The passage of Governor Rockefeller's 2.3 billion dollar bond transportation issue apparently insures the start. The expressway feeder and the reconstruction of the inner loop at its downtown terminal are expected to cost 25 million.

Services Today For Msgr. Gefell

Funeral services are being held today for Rt. Rev. Joseph H. Gefell, former pastor of Holy Family Church who died Nov. 11 in St. Ann's Home at the age of 88 after a long illness. He started his church career as assistant pastor at Holy Family in 1902 and left to be pastor at Wayland for 20 years. He returned to serve as Holy Family pastor from 1925 to 1941.

Msgr. Gefell was paid last respects by his many friends in this area at Haubner & Stallknecht funeral home. Last night his body laid in state at Holy Family and this morning a Solemn Requiem Mass was to be held, followed by interment in Holy Sepulchre Cemetery.

Rev. Seibold Gets Post As Pastor

Rev. Robert Seibold, who served four years ago as assistant pastor at the Lutheran Church of the Redeemer, has been named pastor of St. John's Lutheran Church in Lancaster and will be installed next Sunday.

Rev. Seibold was called to the Lancaster Church as associate and has served in that capacity since 1963. His elevation to pastor is a break with tradition since an assistant ordinarily is not advanced in the same church where he is associate pastor.

The installation service will be at 4 p.m. and will be followed by a reception in the Fellowship Hall at Pleasant Ave. and School St.

Trucks Ordered Off Glide Street

In a letter to Councilman Stephen May, dated Nov. 1, Commissioner of Public Works Alfred S. Ancello stated that city truck drivers have been directed not to use Glide St. as a through street.

The councilman had urged the re-routing of trucks headed for the city incinerator, pointing out that the noise and vibration they occasioned was disturbing the peace and quiet of those along the route.

Supper To Benefit Nazareth Hall

Nazareth Hall Parents' Club is sponsoring a spaghetti supper Sunday, Nov. 19 at Aquinas Institute. Proceeds will go toward the building fund of Nazareth Hall. Mr. and Mrs. Joseph Miran are co-chairmen with Mrs. Edward Provanzano and Mrs. Harry Speck as publicity chairmen.

The meal will be served from 1 to 5 p.m. Cost will be \$1.50 for adults, \$1.00 for children.

MR. AND MRS. SAMUEL J. DANNO of 156 Merlin St. celebrated their 40th wedding anniversary on Nov. 5.

Both Major Parties Win Honors In Northwest

It was a decidedly Republican trend that swept the Northwest district last week Tuesday even though the two men who will divide the honor of representing this area in the City Council for the next four years will be Democrats, Andrew G. Celli and Urban G. Kress won the two Council seats, but failed to get pluralities in all but one of the six wards of the district. The First Ward was the lone exception.

The four County Legislature representatives from this area will all be Republicans, helping to swell the lopsided GOP margin to a 24 to 5 edge over the Democrats.

The tightest race in the county was that between Celli and his Republican opponent, John DeCesare. Although not yet official, it appears that the 25 vote difference in Celli's favor will stand up. He had 10941 to 10916 for DeCesare as of Election night and also after the recount last weekend.

Jeremiah Clifford won handily in all three wards west of the river, but it was not enough. In the heavily Democratic area on the east side, Kress won by sizeable margins in all six wards. Clifford carried the Ninth, Tenth and 23rd Wards. Final tally was Kress with 12,772 to 10,966 for Clifford.

The Conservative and Liberal candidates for Council drew little support.

Esposito Wins

The victory of Joseph Esposito in the 27th County Legislator battle although predicted in many quarters, was a real blow to the Democrats. The popular George Stockmeister who represented the 20th Ward for several terms as supervisor and the 27th District during the past year as legislator, was always a good vote getter. His loss had added significance for the Democrats since he was assistant minority leader. His colleague, Robert Quigley, the minority leader, was also defeated.

Esposito, who lost to Stockmeister last year by 11 votes, pleased GOP leaders by his spirited campaign. The 27th District has

had a Democratic complexion in recent years. His win was especially notable since Esposito is a newcomer to politics and this will be his first experience as an office holder.

Rober Neilon (R), majority leader of the County Legislature, ran into a militant new campaigner in Greg Erwin (D), but won easily 4744 to 3213 in the 29th District.

John Romano (R) again took the measure of Raymond Margrett (D) in the 28th District, this time by a little safer margin. Romano won his first term a year ago by six votes, but this year it was 3954 to 3632.

In the 26th District Joseph Ferrari (R) out-distanced Thomas

Years To Your Life

"Look better, feel better. Add years to your life."

That's the advice to men and women given by Blanche Hoffman, director of the No. 21 Recreation Center in Campbell St. The center, she points out, is offering a specially designed physical fitness program for men including volleyball, basketball and trampoline that will enable them to "lose that spare tire", she says.

There is also a ladies slimnastic class which meets on Monday evenings at 7 which is open to all interested women of the neighborhood.

Further information may be obtained by calling the No. 21 Recreation Center at 325-9465. This is part of the city's Recreation Bureau setup.

Xmas Projects For Senior Citizens

Maplewood Senior Citizens will meet as usual tomorrow (Thursday) at 10:30 a.m. at the Church of the Ascension, Lake Ave. at Riverside St.

Starting this week and continuing until Christmas special projects will be undertaken which will have a Christmas theme. Mrs. Helen Phillips of the City Recreation staff will be present to instruct members.

Following lunch and a short business meeting a talk will be given by George B. Forbes of the public relations staff of R.I.T. His subject will be "Off the Beaten Track: Postmans' Holidays in Rural America".

All senior citizens living in the Northwest section are invited to come out and enjoy the fellowship. There are no dues nor charge of any kind. Each member pays 15 cents for doughnuts and coffee and brings his or her own sandwich.

For further information call 458-5584.

Counting Calories?
If you have been substituting margarine for butter in the hope of consuming fewer calories, stop now, says Martha K. Papp, home economist. The caloric content of butter and margarine are equivalent nutritionally and both will provide you with about 100 calories per tablespoon, she points out. The promotion of so-called "whipped" margarines may have caused some of the confusion, in her opinion. She continues: "The caloric value of a pound of whipped margarine is the same as that of a pound of regular margarine. But, because you eat less fat in a serving of whipped margarine versus regular margarine, the calories are naturally less. "The manufacturing process for a whipped product provides a larger volume per pound so that each serving, determined by size, not by weight, contains fewer calories." Miss Papp is associated with the Cooperative Extension Association of Monroe County.

PVT. DICK ROBINSON, (above) graduate of John Marshall High School, is now taking his basic training at Fort Dix, N. J. He is the son of Mr. and Mrs. Donald Robinson of 118 Avis St.

**Fund Drive Head
Thanks Volunteers**

Volunteers who helped in the recent Cystic Fibrosis fund drive were praised this week for their efforts by Mrs. Margaret Bayer, president of the Rochester chapter. "We want to take this opportunity to sincerely thank the thousands of loyal volunteers who gave their time to help us reach our goal of \$50,000," said Mrs. Bayer. "Of course, our gratitude also goes to the many people who opened their doors and their purses for our cause. Without the support of all the good people of Monroe County, our efforts would have been in vain. "Our sincere hope and prayer is that a control or cure for this dread children's disease may be found in the not-too-distant future. It is only through constant research by our dedicated doctors that this day will come, and we can cease our plea for public funds".

"My sincere thanks to all who worked on my campaign; to the ward leaders of the 28th District and to Peter Fuino, Frank Gutberlet, Anthony Pizzura and their committeemen: publicity, Fred Howard, finance, Ralph Annucci.

"I would like to thank also the executive committeewomen, Ellen Long and Winifred Toole; Virginia Howard, president of the First Ward Democratic Womens organization and the Ninth and Tenth ward womens groups; and last but not least, friends, relatives and neighbors who contributed so much of their time."

PTA Thankful For Sale Success

Appropriate to the time of year, members of No. 30 School PTA feel that they have several things to be thankful for. Their Election Day baked goods sale was a real success and they are grateful to all who participated including the patrons. And they are grateful for the new traffic signals at Otis and Sherman Sts. where the children have to cross a busy intersection.

Presently the PTA is looking for a piano player to assist the choir at its Christmas and spring concerts. Anyone who can be of assistance is asked to call the school office.

One of the most important meetings of the year, according to PTA secretary Judy Cornell, is listed for Jan. 9. The theme will be juvenile delinquency and vandalism with two "top-notch" speakers from the Police Department.

Tiny Tot Swim Classes To Begin

Maplewood YMCA announces that its second series of Tiny Tot swimming instruction classes is scheduled to begin on Tuesday, Nov. 28. These classes are scheduled on Tuesday and Thursday afternoons at 1 and at 1:45 for 4 and 5 year old boys and girls. This series will be completed on Dec. 21.

Registrations are being taken at the "Y", 25 Driving Park Ave.

Election Results
Continued From P. 1
Fantigross(D) 3002 to 2342, there-
by continuing his winning streak
which he started as a supervisor.
Last year he was elected to the
County Legislature, defeating John
Scibilia.

Get 2-Year Terms
The legislators chosen this year
will now have a breathing spell.
During the transition period from
Board of Supervisors to County
Legislature, they had to run in
1965, 1966 and 1967. Now they are
in for two years.

There were two contests for con-
stable in this area with incumbents
winning in both cases. Ralph An-
nucci (D) took the measure of
Ben Passero (R) in the First
Ward and Lou Romano (R) defeated
Fred Schickler, Jr., (D) in the 15th.
Bruce Babcock and Al Beeley were
unopposed for constable in the
Ninth and Tenth Wards respect-
ively.

In the City Court Judge contest,
the Democrats generally had the
edge in all local wards. Judge
James Sheehan (D) who was re-
elected, did especially well in the
Ninth and Tenth Wards where he
lives (Seneca Parkway). Judge
Reuben Davis (D), who was defeat-
ed, would have been elected if the
voters in the First, 20th and 24th
Wards had their way. Judge Al-
phonse Cassetti (D), along with
Judge Sheehan, was a favorite in
all six wards. Culver Barr (R),
got some of his winning pluralities
in the Ninth and Tenth and William
Cronin (R) was among the top
three in the 15th. Barr, Cassetti
and Sheehan were elected.

The closeness of the school
commissioner battle as between
Michael Roche (R), Dr. Louis
Cerulli (D) and Dorothy Phillips
(R), was reflected here. Roche
led in all six wards, Cerulli in
the First, 15th, 20th and 24th
and Phillips in the Ninth and Tenth.
Dr. Cerulli, a Ninth Warder, was
re-elected and Roche won the other
place on the board.

Mother-Daughter Event at No. 7

Mothers and daughters of Lakeview School No. 7 will be entertained at their annual get-together on Nov. 28 at 6:30 by several entertainers of professional caliber.

Featured in the program is Jack Ruda, the well known magician. Also appearing is Pam Yinger, story teller, who will dramatize Hansel and Gretel and how Rudolph got his red nose. Ballerinas from the Abert Dance Studio will perform two numbers.

Refreshments will be served. Admission is \$1.00 per family and all the women and girls of the neighborhood are invited.

Tips For Mailing Holiday Packages

Mrs. Martha K. Papp, Cooperative Extension home economist, offers the following suggestions for mailing holiday packages:

1. Protect a carefully-made bow by circling it with a collar of cardboard or corrugated paper.
2. Make the package mail-proof by putting it in a corrugated cardboard box for mailing or covering all four sides with corrugated paper. If the outer box is too big, make your package fit by fitting crushed tissue or newspaper all around it.
3. Wrap the box in strong paper that will take the wear and tear of the mails.
4. Tie securely with heavy twine both ways.
5. Address mail completely and legibly, using zip codes. Avoid abbreviations as much as possible. Always indicate your return address. Have the addressee's as well as your own address on the inside of package in case wrappings are torn.
6. If contents are fragile, be sure to use a "Fragile - Handle with Care" label.
7. Mail your package early. Allow at least three weeks to a month in this high postal volume season.

Greetings ON Thanksgiving Day

The first Thanksgiving
was 346 years ago
and many things have
changed... but,
freedom has remained!

Yes, that precious gift of our heritage,
freedom... to worship, work and live as we
choose... it remains. We give thanks for our
many blessings and pray for the peace and
prosperity of our many friends in the future.

Senator Powers Proposes City-County Cooperation

"City and county officials both contend that each is seeking greater cooperation with the other. This can be transformed from words to deeds in the next six weeks by the officials of the county and the city meeting with all their state legislators, regardless of party, to brief them on their legislative programs". These are the sentiments expressed by State Senator James E. Powers.

"I am specifically suggesting that County Manager Howe and his legislative aides and City Manager Scher and his legislative aides present their 1968 legislative programs to local state senators and state assemblymen. Joint sponsorship of needed programs, additional judges, state aid formula changes, etc., would enhance their passage and reduce partisanship. "If either the county or the city officials show reluctance to meet on such a nonpartisan basis, the sincerity of their announced positions will not only be suspect, it will be obvious.

"As one state senator, I am willing to meet with county and city officials as soon as mutually convenient dates can be arranged. I hope my colleagues in the State Legislature will adopt the same attitude."

Charles House Anniversary Set

Charles Settlement House in Jay St. is celebrating the 50th anniversary of its founding with a dinner dance on Nov. 30 at which some 400 people are expected. It will be in the nature of a reunion for many who have been associated with this west side neighborhood center including several prominent Rochesterians.

The celebration on Nov. 30 will be opened with Mass at 6:15 p.m. in Holy Family Church. The dinner and dance will follow the Mass in Holy Family Auditorium.

Tickets are on sale at the Charles House.

Sale At Church

A nearly new and rummage sale is planned by the Grace Methodist Senior M.Y.F. on Friday and Saturday, Dec. 1 and 2, at the church in Driving Park Ave. Clothing, toys, books, jewelry and household items will be on sale.

Al Sigl Fund Now In Final Phase

More than 300 volunteers in the public campaign for the \$2,000,000 Al Sigl Center Building Fund attended a dinner last Thursday at the Chamber of Commerce to formally launch this last phase of the drive which ends Nov. 30.

They represented a portion of the more than 800 workers who are involved with the campaign that will help finance the Al Sigl Center for Rehabilitation Agencies, now nearing completion at Elmwood and South Avenues. They heard that a total of \$1,359,744 had been raised, and that it would take another \$640,256 to put the campaign over the top.

Dewitt Pike, executive vice president of Rochester Gas and Electric and chairman of the fund, presided. He introduced Justin L. Vigdor, president of the board of trustees for the Sigl Center who traced its history from the original planning back in 1955. On behalf of the trustees, Vigdor expressed his thanks for all the

Seeking Homes For Hospital Patients

Rochester State Hospital needs family care homes for male and female patients who have been approved to leave the hospital. These patients are able to care for themselves. They, however, are often unable to live alone but could get along nicely if they had an interesting and concerned person or family to live with.

This program has been in operation 30 years and has proved successful in helping mental patients adjust to community living. Patients are well behaved and thoroughly evaluated by the hospital before placement.

The hospital will take care of any medical, dental or psychiatric problems. Interested people would provide room and board and the state will pay \$26 per week for room and board for each patient in the home.

The person to contact is George Farragut, telephone 473-3230, Ext. 468, (Monday through Friday 9 a.m. to 4:30 p.m.)

TIPS from the LAB

By Dr. Herbert R. Ulrich, Director
Monroe County Health Department
Laboratories

Modern technology sometimes throws us a curve.

Take, for example, fluorescent lighting and transparent plastic bags. Both are extremely useful aids to modern living.

But if potatoes are sold in the bags, and the bags are exposed to the high light intensity of fluorescent lighting, the result will be a greening of potatoes.

This greening is accompanied by an increase in solanine, a material which is poisonous. Never use green portions or sprouted areas of such potatoes.

JayNcees To Take Children Shopping

Mrs. Marvin Mastrodonato of 110 McNaughton St. is chairman of the Rochester JayNcee committee that is planning the annual children's Christmas shopping trip. On Saturday, Dec. 2, children from the Mount Carmel School will be taken to Woolworth's Main St. store to do their family Christmas shopping. After they have chosen their gifts and wrapped them with the assistance of the JayNcees, the children will enjoy a party provided by the store management. Santa will also pay a surprise visit.

The funds for this project were raised by the JayNcees through the sale of Christmas Candles during the past months.

Another project being conducted by the JayNcees during the holiday season will be a Christmas party to be held for the men patients at the Monroe County Home and Infirmary as part of the monthly series of Bingo Games, Gifts, carols, refreshments and a visit from Santa Claus are part of the festivities planned. This event will take place on Monday, Dec. 11, at 7:30 p.m.

WIN HIGH GIRL SCOUT HONOR

Nora Heckman, left, and Eleanor Zink have won the coveted "God and Community" award after completing the specified requirements which required more than a year's effort. They are members of the Troop 50 Cadettes at Wesley Methodist Church.

The award is a comparatively

new Scouting honor available to Protestant Girl Scouts. It was presented to the girls on Nov. 19 at the church.

Mrs. M. Riordan, director of Christian Education at Wesley Methodist, worked with the girls. Troop leaders are Mrs. Charles Stidd and Mrs. Harrison Walker.

Legislator Keeps Date With Surgeon

On the day after Election, Joseph R. Esposito kept a long-postponed date with his surgeon. He was operated on at Rochester General (Northside) Hospital for a serious hernia condition.

The popular Lyell Ave. barber who had just been elected as 27th District County Legislator thus started an enforced "vacation" that may last as long as five weeks. He is now at his home in Canton St. recuperating and hopeful that in the next few days he will get definite word from his doctor on when he can go back to work.

In the meantime, the Esposito barber shop in Lyell Ave. is open

on a part-time basis, all day Saturdays and late afternoons from 5 to 6. Richard Piperni, a licensed barber who now works at Kodak Park, is filling in temporarily. Esposito expects to put on another barber permanently since his duties as legislator will take up considerable time after Jan. 1.

Esposito is grateful for the many cards and expressions of concern by his friends, especially those from the Fourth Graders at Holy Apostles School. "I'll be back in the shop just as soon as the doctor gives me permission", he says.

Governor's O.K. Awaited For Mastrella Judgeship

John A. Mastrella, first assistant district attorney and longtime resident of the Northwest area, will be elevated to a judge soon if Governor Nelson Rockefeller accepts the recommendation of the County Republican organization. He is expected to fill the County Court judgeship vacated by the death of Judge Harry Rosenthal.

Lawyers Settle On Seneca Pkwy.

Seneca Parkway, which numbers more lawyers among its residents than most any street in the county, will soon have a third judge if the proposed appointment of John A. Mastrella as county judge is made by Governor Rockefeller. City Court Judges Edward O. Provenzano and James F. Sheehan live on Seneca Parkway.

There are at least 11 lawyers on the street. In addition to the above there are Councilman-elect Andrew G. Celli, Peter J. Connolly, Louis J. Gallo (who incidentally ran for a judgeship two years ago), Councilman Henry E. Gillette, J. Newton Morgan, Hamlet A. Smyth, Joseph Vallone and Lewis Vallone.

(Editor's note: Our apology to any we may have missed.)

Christmas Buffet At Holy Family

Holy Family Rosary Society will hold a catered Christmas buffet dinner on Wednesday, Dec. 13 at 6:30 in the Pine Room. Price of \$2.50 includes gratuities. Preceding the dinner there will be a cocktail time from 6 to 6:30.

A short business meeting, entertainment and the usual games will follow the dinner. Reservations are being taken by the chairman Mrs. Joseph Smarsh at 436-0327 or Mrs. Robert Spahn at 235-3136. Deadline for reservations is Monday noon, Dec. 11.

There will be a dollar grab for those wishing to exchange gifts.

Mastrella emerged from a large field of possible candidates which had narrowed down to six recently. All six were rated as qualified by the County Bar Association and all have been included on the list forwarded to Albany by GOP County Chairman Ralph F. Murphy. However, 32 of 43 executive committeemen favor Mastrella and this solid local backing is expected to weigh heavily in the governor's decision. The appointment to the \$29,500-a-year post is for one year and the man chosen must run for a ten year term next November.

Although he has been a Tenth Warder for several years, Mastrella got his start in the political arena in the 24th Ward where he had resided since 1926. He has continued his active interest in the 24th up to the present time, acting as master of ceremonies at most of that ward's Republican gatherings.

In 1943 he married the former Mary-Frances Gilligan and they live with their four children at 476 Seneca Parkway. Two of their children, John A. Jr., and Jean Francis are in college; Daniel James is a seventh grader and Mark Francis is in the kindergarten.

Mastrella got his degree in business administration in 1938 and in law in 1941 at the University of Syracuse after attending St. Patrick's Grammar School and Aquinas Institute. He was a member of the Syracuse University NCAA

Holiday Miler

On your feet for the holidays. Christmas shoppers walk an average of 11 miles a day. Dr. William M. Scholl, a world-famous foot authority, says to wear footwear with a heel that's 1 to 1½ inches high, and stockings with ½-inch of toe room.

To keep your holiday "cool," dust absorbent foot powder on feet and inside shoes before you leave home.

When waiting for sales service, shift your position often. Push your hip out slightly, and throw your weight on the outside of that foot. Then repeat with the other foot and hip.

With these rules, you'll stay a foot ahead for the holiday festivities.

TO THE EDITOR:
"Huns", a German Police dog who had lived the equivalent of 75 human years slept away one day last week. His owner was John Gallagher of Starling St.

There was a time when I was afraid of "Huns" because of his size. He was a big healthy dog. Then one day I reached out to him with a piece of meat and a bone and we became friends and after that he was a faithful companion to me. He followed me on the Lukemia, Cystic Fibrosis, Cancer and Muscular Dystrophy drives. When I went to the store of Bert Hoffend, who has now retired, "Huns" came along and waited outside. Mr. Hoffend always saved me bones for the dog - and the bones always had plenty of meat on them and "no charge".

When I went into the House of God to pray, "Huns" waited till I came out and I always rewarded him. I will miss him for he has been around our neighborhood for a long time. And he will be missed by his master, too, whom I believe the dog once saved by fighting off attackers.

There is a great comfort in knowing that "Huns" passed away peacefully, instead of being run down or killed by a car.

I wanted someone to know about "Huns" the neighborhood dog. I hope you did not mind, Mr. Editor,

Breathing For Others, How To Save A Life

Some day you may be in a position to save the life of someone who has stopped breathing, by temporarily taking over the job for him. Do you know what to do? "In many cases, immediate mouth-to-mouth resuscitation may save a life," says the American Heart Association in a new leaflet titled "To Save A Life - Breathing For Others." The leaflet was published to prepare more individuals for proper action in an emergency, and explains the "simple first aid measure which anyone can learn to perform."

The chance to save a life could happen at the office, on the street, or at home with a loved one. A person who has stopped breathing because of an accident or illness cannot live more than 4 to 6 minutes without oxygen, the leaflet notes. The precious breath you expel could keep the victim alive until medical help arrives.

The leaflet is available to the general public through Genesee Valley Heart Association, 973 East Avenue, Rochester, N. Y., 14607. It is useful for instruction of both adults and school children, containing clear diagrams and concise step-by-step explanations of the emergency procedure.

Basic moves of the potential life-saving plan include placing the victim flat on his back, lifting his neck and tilting his head back so that his airway is opened. Mouth-to-mouth breathing, at the rate of 12 times a minute for adults, then should be started, while someone else secures professional help, a doctor or rescue squad. Air should be blown into the mouth only, while the nose is held closed, and should be allowed to exhale naturally.

In case of small children and infants, both the nose and mouth should be covered by the volunteer's mouth. The same procedure of blowing air into the vic-

tim's lungs should be followed. But it should be done more gently than with adults, 12 to 15 times a minute. For infants, only small puffs 20 to 30 times a minute are needed. In all cases, speed is most important in saving a life.

Of course, Project Opportunity is also a convenient method for area employers to interview qualified college seniors".

career fields listed by Project Opportunity are hydraulics, finance, teaching, secretarial, investment analysis, data processing and library work.

TIPS from the LAB

By Dr. Herbert R. Ulrich, Director
Monroe County Health Department Laboratories

Chemistry sets are generally safe and instructive if youngsters follow the prescribed experiments and safety precautions.

However, parents should be aware that children very often will try to purchase other chemicals, particularly the kinds that will enable them to make explosives.

If parents are in doubt about allowing their youngsters to purchase certain additional chemicals, they should consult with school authorities. Or they may call me at the Monroe County Public Safety Laboratory, 454-3438.

**How To Treat Frostbite
Prescribed By Red Cross**

Snow, ice, and bitterly cold winds may soon bring us another of winter's painful and sometimes dangerous "tricks"—frostbite.

Al Justus, director of Safety Services for the local Red Cross Chapter, says frostbite can occur, unnoticed, to hands, feet, ears, or nose of anyone outdoors in the bitter weather.

"It occurs to the extremities of the body, where there is limited blood circulation," explained Justus. Frostbite is recognizable and painful, but unless it's a severe case it can be treated effectively at home.

He said mild frostbite causes the skin to become reddened (later changing to white or grayish-yellow), numb, and cold. The best treatment is to cover the area with a loosely wrapped wool scarf or sweater and get indoors.

"Don't stay outside, or rub the area or press snow against it," warned Justus. He said rubbing can injure the skin and tear the underlying tissue. Once indoors, Justus said, the frozen area will thaw and begin to ache.

should be covered by earmuffs (even under a hood), particularly the ears of young children. The popular knitted ski caps cover the entire head and have small openings for the eyes and mouth.

"Don't stay outdoors too long, particularly if you are damp or if there's a wind. On a cold day, wind speeds the freezing and you can be frostbitten before you realize it," said Justus.

**I-A Women Plan
Christmas Party**

The Italian American Women's Sports Club will hold its annual Christmas party Dec. 2, at 7 p.m. at Amalfi's Restaurant. An innovation this year is that husbands will be invited to the festivities.

The regular monthly meeting will be held Dec. 8 at 8 p.m. at the Sports Club. This year, instead of the annual gift exchange between members, each member will be asked to give \$1.00 which in turn will be donated to St. Joseph's Villa for Christmas fruit baskets. Also, the winner of the T.V. set will be announced at that time.

"You can warm it by placing your hand over the frostbitten spot," said Justus. Mildly frostbitten hands or feet may be immersed in water of 90-100 degrees, but no hotter.

If, after thawing, the pain worsens and persists, then medical attention should be sought.

Severe frostbite, the Red Cross official noted, demands the immediate care of a doctor. Severe frostbite turns the skin red and then white or grayish-yellow. Blisters may appear. The frostbitten area will be numb, very cold, and become rigid.

"Get this person to a doctor, right away," says Justus. "Don't use water; just wrap a scarf loosely around the area."

He said frostbite can be prevented by wearing warm, woolen clothing when going outdoors. Wool mittens are suggested instead of gloves, and wool socks. Ears

**Comedy Hit Next
At Auditorium**

The Rochester Broadway Theatre League, a non-profit community organization, will present the wildly funny comedy hit about lovingly impossible teenagers, "The Impossible Years". This laugh-filled comedy will be presented at the Auditorium Theatre for two evening performances, at 8:30 p.m. Friday, Dec. 15 and Saturday, Dec. 16, and for a matinee performance at 2:30 p.m. on Dec. 16.

"The Impossible Years" is the jocular play that ran for two full seasons on Broadway. It portrays American family life of our time which is gleefully recognized and enjoyed by both parents and progeny. It is the story of a psychiatrist who is tape-recording the first draft of a book on how to cope with teen-agers, and discovers he can't cope with his own daughters.

Mail orders are being accepted now. For information call 473-3671. The box office at the Auditorium Theatre, 875 E. Main St. opens Dec. 11 from 11 a.m. till 6 p.m. The box office number is 454-7743.

Wood Supports Seneca Pk. Plan

The hope that there will be sufficient city-county cooperation to make possible development of Seneca Park Zoo as a family recreation center was expressed this week by Robert F. Wood, city councilman.

Wood sent a letter to County Manager Gordon A. Howe praising the county's plan in which he also said:

"If the zoo is moved and not expanded on its present site, I believe that your plans to establish picnic areas, athletic fields, hiking and bicycle trails and facilities for passive recreation, as well as the construction of an olympic size swimming pool would be of great benefit to city residents in all age groups," wrote Wood.

"It goes without saying that there is a need for expanded recreational facilities within the city, and these proposed plans would certainly enhance the future recreational opportunities of all city residents.

"I certainly hope that there will be sufficient city-county cooperation to make this recreation plan become a reality."

Hitch In Plans For Judgeship?

The possibility of an upset in the plans of local Republicans to have John A. Mastrella appointed a judge arose last week and word from Albany is being eagerly awaited.

Lloyd Hurst, a prominent Negro attorney, who was among those regarded as qualified by the county Bar Association, has been given the backing of Jackie Robinson, one of Governor Nelson Rockefeller's aides. Stories in the local dailies are to the effect that local support is also being given Hurst despite the fact that the Republican executive committeemen voted by a large majority for Mastrella and this action was made known to the governor.

The post open is that of County Judge, replacement for the late Judge Harry Rosenthal. The appointed man will serve for a year, running for a ten year term next November.

Most Precious Blood Church Activities

The Sacred Heart League of Most Precious Blood Church will have its Christmas party on Wednesday, Dec. 13 at 8 p.m. in the school hall.

TIPS from the LAB

By Dr. Herbert R. Ulrich, Director
Monroe County Health Department
Laboratories

A Merry Christmas can turn into a tragic one when unsafe toys are given to children. So use care when buying toys. Be on the lookout for features that make them unsafe. Make sure that toys are free of lead paint. Look on the box or carton for a statement that paint is lead-free. Small children often chew on toys, and if lead paint is eaten, it can be very harmful. Avoid items which might be flammable, such as play clothes, costumes and the like. Look on the package for a statement that nonflammable material was used. Watch out for toys that have small, removable parts. A young child is prone to putting things into his mouth, and he could easily swallow and choke on a small toy part.

Use caution in giving small children toys that shoot projectiles, such as bows and arrows, play guns and missiles. Be certain that these kinds of toys are given only to youngsters old enough to use them safely.

And finally, in buying toys for the very young, be wary of playthings that have sharp edges and corners.

A WORD OF THANKS - - -

To express my gratitude and appreciation to the residents of the Northwest District for their support of my candidacy for the high office of City Councilman.....

To all the residents of the district, I pledge that I will do my best, regardless of race, color, creed or political party. I consider this to be a very important position, and I am hopeful that my efforts will be beneficial not only to the Northwest District, but to the City of Rochester as a whole. The other two candidates for this office must be commended for the fine type of campaign which they waged.

Officials Urged To Halt Deterioration

Reminders that "halting deterioration in our city" was one of the issues of the last election campaign have been sent to two of the successful candidates by a Birr St. couple.

Mr. and Mrs. Raymond Shea, 364 Birr St., have addressed themselves to John Romano, 28th District Legislator, and to Councilman-elect Andrew Celli, asking them to help halt deterioration in Dewey Ave., "especially in the business area".

The Sheas say they would like to see removal of old tree stumps, new and larger trees planted, more disposal baskets and better enforcement of parking infractions.

"While these suggestions may not seem large, or perhaps important, yet they do affect the whole picture", they state. "One cannot walk down what was once a beautiful, well cared for street and have any doubts about its deteriorating condition".

EDITORIAL

We're At The Crossroads

The enormous increase voted by Congress and effective next Jan. 7 in third class postoffice rates is unprecedented in history, but it reflects the mood of Washington. The U.S.A. is on an inflation "kick" with no end in sight.

Any doubt as to how this trend affects the small business man has long since been dispelled. Big business does not necessarily endorse inflation, but it can contend with it--and even profit by it by simply raising prices. The little fellow closes his doors and goes looking for a job.

Neighborhood newspapers such as The Vicinity Post and Tenth Ward Courier, the smallest units in the publishing field, face a real challenge in the 25% increase next month for third class mail and in the further escalation to 40% in 1969.

Delivery has been the biggest item in our budget ever since we went to the mails. Believe it or not, it costs more to mail this paper to you, our readers, than it does to compose and print it. We have unfortunately been forced to stay in third class because for 40 years we have delivered the Post and Courier to you FREE OF CHARGE. If you were all paid subscribers, we could qualify for second class and thereby would be subsidized by the government to the tune of thousands of dollars ANNUALLY. Second class rates are extended to Time, Life, Saturday Evening Post and other national magazines, as well as to suburban and small town weeklies. They pay only a small fraction of the amount we pay in third class.

Congress refuses to recognize that neighborhood newspapers merit some classification other than "junk mail". Despite sympathetic consideration by such men as Congressmen Barber Conable and Frank Horton, the final decision has been made and we must live with it. So HERE IS WHAT WE PROPOSE TO DO:

Effective in January we will raise our advertising rate by approximately 10%. Incidentally this will be our first over-all increase in over three years.

ON PAGE 11 WE ARE announcing a Voluntary Subscription plan, similar to one which has helped to save many neighborhood newspapers in other cities from closing their doors. This plan will enable our readers to pay a nominal \$2.00 per year to help meet the postage increase.

We feel that our newspapers have a needed service to perform. Our thriving Northwest area, gradually awakening to the problems of the times and doing something to preserve its heritage, needs a voice. And our small business man also needs a voice to save him from complete extinction.

We have tried to be this voice since 1927 and we hope to continue for many years to come. We need your support.

City Planners and Maplewood Assn. To Conduct Neighborhood Survey

The City Planning Bureau is currently conducting a pilot neighborhood study in the Maplewood Neighborhood Association area. The study area includes about 900 acres with boundaries being Ridge Road West, the Genesee River, Lexington Ave. and the railroad. Time estimated to complete the study is six months to a year.

During this time the city planners have expressed a desire to keep strong neighborhood contact and expect to have a meeting between the City Planning Committee and the Maplewood Association on a bi-monthly basis.

City planners have divided this study into seven basic categories:

1. goal formation.
2. complete land use survey.
3. structural survey.
4. population.
5. economics.
6. community facilities.
7. traffic and transportation.

Data from these seven categories will be analyzed by city planners and ultimately utilized as guides in future planning of four major areas:

1. land use.
2. programs for deteriorated areas.
3. public facilities and services.
4. transportation and traffic.

At a meeting of city planners with Maplewood Association members held Dec. 5, Richard Gladstone, senior planner, and Miss Carol Riccardi, assistant planner, stressed the population stability of the area, noting a high concentration of young families in residence and the relatively high median income of these families. Also, city planners requested active participation of Maplewood Association members in the collection of data for use as an historical background to be incorporated into the study.

As part of the general study, an attitude survey is scheduled for some time in December. Accompanying Mr. Gladstone and Miss Riccardi in collecting data for the attitude survey will be Craig

White, junior planner, Maplewood Neighborhood Association President John Saxe requests cooperation of area residents with city planners in facilitating the door to door collection of data for the survey.

"Family Night" At School 34

All parents of No. 34 School and all others interested are invited to the "Family Night" being sponsored at the school on Monday, Dec. 18, by the PTA. The program will be held in the school gym from 7:30 to 9 p.m.

Selections by the fifth and sixth grade choir under the direction of Miss Joanne Bingham will open the program followed by a Christmas play, "The Santa Claus Express" given by third and fourth graders led by Miss May Ellen Brenna and Mrs. Diana Boucher. Group singing will conclude the program. Assisting the PTA will be girls from various Scout troops.

Following the entertainment refreshments will be served in Room 106 where displays set up by the second grade classes will be on view.

**Holy Family Junior Theatre Staging
Two Plays Saturday and Sunday**

The first presentation of the newly formed Holy Family Junior Theater will be staged on Saturday, Dec. 16, and Sunday, Dec. 17, with performances at 2 p.m. and 8 p.m. on both days.

Joe O'Connor, president of the sponsoring adult theater group, the Holy Family Theater, relates, "It all started last spring when Monsignor Cocuzzi speaking at a theater banquet suggested that the group form a junior theater consisting of students from the upper classes of Holy Family grammar school."

Plans were made and in October tryouts were held with 74 students responding. The response was so overwhelming that two casts were formed for both of the one act

plays. At present there are over 40 boys and girls rehearsing, and another 25 working behind the scenes. All properties, stage work, and even posters are being handled by the students, with Holy Family Theatre personnel providing the know-how.

The two one act plays to be staged are "Frosty", directed by Inez Ringholz, and "Tidings of Joy", directed by Jean Meekin.

Mothers of the participating students are working on the costumes. Tickets for the productions are being sold in school, and at Pat Grassi's Dry Goods Store on Ames St., or at the door.

"Needless to say, we were flabbergasted by the turnout", said Mr. O'Connor, "and as far as we know, we are the only non-professional organization to tackle a junior group."

Final Xmas Mail Service Dec. 23

Postmaster John Bittner states that special delivery service will be given on Sundays and Christmas Day, but the last regular mail deliveries before Christmas will be made on Saturday, Dec. 23. This is one of those years when because of how the dates fall, that there will be no regular deliveries on Dec. 24. Everyone should remember then it is one day much shorter, Bittner said, to get the mailings made and delivered without danger of disappointment.

Provisions of Medicare Explained

Joseph M. Tomaino, District Manager of Social Security in Rochester, reports, "Many older people are asking these days: 'Now that I've been given another chance to sign up for the doctor bill insurance part of Medicare, will somebody tell me whether this is a good buy?'"

Tomaino explained that those persons who were 65 or older in 1965 could have enrolled for the voluntary medical insurance part of the program in any of the last three months of 1965 or the first five months of 1966. Those who reached 65 after 1965 have the three months before the month they were 65, that month, and the three months thereafter to get this protection for themselves.

Now, as provided by law, those who originally turned it down have an opportunity to reconsider their earlier decision. Then, if they decide to sign up, they may do so at any time in the last three months of 1967 and the first three months of 1968.

Medical insurance helps pay doctor bills and other medical services not covered under the hospital insurance part of Medicare. Services of doctors are covered no matter where received—in their offices, the home, or in a hospital. Up to 100 home health visits a year by nurses and other health workers are also covered, as are laboratory tests and various other medical services and goods, he explained.

"As to whether it is a 'good buy,' I can only point out that

the older person pays only half of the premium costs, with the Government paying the other half. This has been \$3 monthly for each since the program started, and will continue in this amount, at least through March 1968. As provided by law, studies are going on as to whether the present rate will have to be increased, and by how much," he said. The premium rate for 1968 and 1969 will be announced before January, he noted.

Finally, Tomaino issued the reminder that the Rochester Social Security Office at 107 Clinton Ave., North, is open every Thursday evening until 9 o'clock. This is to accommodate those who cannot get to the office during the regular hours - 9 A. M. to 5 P. M. every day, Monday through Friday.

ALBANY REPORT

*
By Senator
James E. Powers

POWERS PROPOSES INCREASED PENALTIES

The increasing crime rate, particularly those crimes which involve violence and bodily harm, cannot be ignored. Many theories exist to explain this social phenomenon: reaction against authority, frustrations over world problems, disintegrating home life, and so forth. We must attack the root of this problem from a long range standpoint, but certain actions must be taken immediately: criminals who commit crimes with the

aid of firearms must be given more severe penalties.

Frequently a robber who carries a gun does not plan to use it, but in the excitement of a robbery and fear of apprehension, he becomes "trigger happy", resulting in the death of his victim.

I have pre-filed a bill for the coming legislative session which adds penalties for any crime where the criminal is armed. The key sections are:

1. MANDATORY PUNISHMENT. Whoever during the commission of any robbery, rape, burglary, kidnaping, murder, or voluntary manslaughter, uses, carries, or is armed with any firearm, is guilty of a felony, and shall, in addition to the punishment provided for the crime, be sentenced to undergo imprisonment for - -
 - a) first conviction, not more than five years,
 - b) second conviction, not more than ten years,
 - c) third conviction, not more than fifteen years,
 - d) fourth or subsequent conviction, an additional period of not more than twenty five years.
2. ADDED PENALTIES. This section shall increase but not decrease any penalty provided by law for committing any of said crimes while armed with a firearm.

Dinner and Open House Mark Charles House Anniversary

The 50th anniversary celebration of Charles Settlement House ended Dec. 5 with an open house. Guests viewed projects in the making by representatives of the various groups which meet there. The Mother's Club members were hostesses.

The golden anniversary Mass, dinner and dance which took place Nov. 30 at Holy Family had a capacity crowd of 400 in attendance.

Bishop Kearney celebrated the Mass and received a standing ovation when he said a few words at the dinner. Msgr. George Cocuzzi, who was the principal speaker, praised Miss Eileen McCarthy, the director, for her many years of service and reminisced about the years he attended Charles House. The toastmaster was Frank Scarfone.

A standing ovation was given in honor of the late Bertha Martens, who for many years was the direct contact between Charles House and the neighborhood families. A tri-

bute to her was read by Rose Tantalo.

Many prominent Rochesterians some of whom were members of Charles House in their youth, were present. These included Councilman-elect Andrew G. Celli, Legislator John Romano, Constable Lou Romano, Councilman Stephen May and Joe Cady.

Rev. Theodore Schrader, pastor of Trinity Lutheran Church, gave the invocation and Rev. Joseph D'Aurizio, director of the Catholic Family Service, Elmira, N. Y. pronounced the benediction. Dr. Robert Lawrence, board president, gave the welcome. Rt. Rev. Msgr. Donald J. Mulcahy, Director of Catholic Charities of the Diocese of Rochester thanked and welcomed all who came to help make this a very special occasion.

The committee in charge of the dinner was headed by Robert Edelman and included Mrs. Emil Belli, Dr. Mary Bush, Rev. William Charbonneau, Louis Maggioli, George Mazzeo, Therese O'Brien, Louis Romano, Frank Scarfone, Mrs. Robert Slavin, Miss Esther Strollo and Miss Rose Tantalo.

Lutheran Redeemer

The third candle for the third Sunday in Advent will be lighted next Sunday. The reading of the prophecy is fulfilled in scripture and the theme of the services will anticipate Christmas at both the 9 and 10:45 a.m. services.

Church envelopes and calendars and devotional booklets will all be available to the people, arranged on tables, to take home after the services.

VOLUNTARY PAID SUBSCRIPTION PLAN

For Tenth Ward Courier and The Vicinity Post

Your neighborhood newspapers--delivered free to your home for the past 40 years--are faced with a postal increase that will add thousands of dollars to the annual cost of delivery.

The advertisers have footed the entire bill through the years and are willing to continue their support. But costs are getting out of line and the day of the free community newspaper appears to be doomed.

Our advertisers will be paying a higher rate as of Jan. 1, 1968. But they are small neighborhood business men faced with mounting costs and very stiff competition from the shopping centers and chain stores. They can absorb only a small percentage increase--and if too much is demanded of them they will be forced to say "no".

However, with nominal support from those of our readers who feel they can afford it--to the extent of \$2.00 per year--The Tenth Ward Courier and The Vicinity Post will be able to continue as news media, as well as carriers of advertising.

Sign up now. The subscription form below may be filled out and submitted at our office, 495 Emerson St., corner of Santee. You will receive a Voluntary Paid Subscriber certificate.

ALSO--We plan to run names of all subscribers in our columns from time to time. Persons who do not wish their names included in the newspaper, however, have the option of requesting that their names not be published.

**Powers Pleased
By Cooperation**

The attempt of State Senator James E. Powers to get city-county cooperation on bills affecting this area to be presented in the next Legislative session at Albany apparently is succeeding. In a statement issued to this newspaper, Powers said:

"I am delighted to report that officials of the City of Rochester and the County of Monroe have responded affirmatively to my request that they meet with State Senators and State Assemblymen representing our area to present their legislative programs for 1968.

"This kind of cooperation augurs well for the future of the metropolitan area. I hope this will result in co-sponsorship of City and County programs by legislators of both parties in the Senate and Assembly.

"Bipartisan sponsorship of bills will do much toward assuring that proposals in the Senate and Assembly will be judged on their merits and not on their political ramifications."

LETTER

TO THE EDITOR:

As an associate member of the Charles Settlement House Area Neighborhood Council, UNITE wishes to extend sincere congratulations to the Charles Settlement House on completing 50 years of service to the neighborhood.

UNITE specifically is indebted to those at Charles House because it was through its staff that UNITE came into existence -- Unification of Neighbors To Improve Their Environment.

UNITE is one of four such associations instituted by Charles House. All were founded with the ultimate goal of a better neighborhood through good cooperation with city officials and with compliance with city ordinances. By working shoulder to shoulder with our neighbors, problems pertinent to our area, which seem insurmountable, can be solved with determination and the knowledge that we are all striving for the same goal.

Charles Settlement House, like a concerned parent, yet standing in the background has guided us through the proper channels, opened many doors to city government and introduced us to proper procedure.

Charles Settlement House has encouraged all concerned to maintain our perspective of a residential neighborhood, a good clean and safe area, a part of town to be proud about and to continue along the road of better living regardless of the many obstacles of deterioration, negligence and apathy.

As neighborhood groups, we stand UNITED with sincere best wishes for the future to the staff at Charles Settlement House and its board of directors. Our future seems secure with the knowledge that there are those who know our problems and will offer solutions and guide us in our efforts."

Thank you sincerely,
MRS. JOHN (PHYLLIS)
BURRUTO

CARD OF THANKS

In grateful acknowledgement of expressions of sympathy and kindnesses extended by our neighbors during our recent bereavement, we extend our thanks.

TIPS from the LAB
By Dr. Herbert R. Ulrich, Director
Monroe County Health Department
Laboratories

Some types of Christmas decorations, such as simulated snow, are made of glass fibers, which are extremely fine.

Care should be used in handling these "glass wool" materials because of the broken edges of the fine glass fibers can enter the skin and produce irritation and ultimately infection.

At this time of year, it is well to again make sure that strings of Christmas tree lights are electrically well insulated, and are free of breaks that could cause short circuits and fires.

TO THE EDITOR:

TO THE EDITOR:

The DRIVE Neighborhood Association would like to publicly acknowledge and commend the Anoma Cooling and Heating Company of 395 Maple St. for the recent improvement to their building and property.

If all places of business and residents of the neighborhood would be more concerned about their property, then they would be truly interested in DRIVE (developing responsibility in vitalizing the environment).

On behalf of the Association, thank you for your assistance in bringing this commendation to the attention of your readers.

Very truly yours,
ROBERT M. CARROLL
President, Drive Neighborhood Association

We wish you good luck. We enjoy the paper as we are an old couple and don't get out to hear the news. We are glad to get it by mail. Enclosed is \$2 per year for your paper.

We look forward to each issue of the Vicinity Post and sure don't want to stop receiving it. It gives us a feeling of connection with our neighborhood. Also the ads help us to find the answers in our own neighborhood which can be quite handy many times.

Thank you for this fine publication.

SERVICE NEWS
SGT. ROBERT W. JOHNSON, son of Mr. and Mrs. Clyde Johnson of Clay Ave., has completed his tour of duty, including a year in Vietnam, and is home with his wife and family following an honorable discharge. He expects to go back to his work at DuPont.
SGT. ROBERT J. EDDY, son of Mr. and Mrs. Ralph C. Eddy of 34 Rand St. is on duty at Cam Ranh Bay AB, Vietnam. Sergeant Eddy, a jet engine mechanic, is a member of the Pacific Air Forces. Before his arrival in Southeast Asia, he was assigned at Dover AFB, Del. The airman is a 1963 graduate of John Marshall High School.

Gift Suggestion
A battery radio is a good gift for the family who doesn't own one, suggests Mrs. Martha K. Papp, extension home economist for Monroe County.
If electric service should stop during an emergency, a battery radio would still work. When the power went off in the big black-out of 1965, battery radios were the main link to the outside world.
For the person who already owns a battery radio, a new set of batteries may be an inexpensive, but useful gift. It is always well to have extra batteries on hand, Mrs. Papp points out. When present batteries fade, the reserve batteries can be used, and a new set purchased for the shelf.
Batteries shouldn't be stored indefinitely; the average battery is guaranteed by the manufacturer to have a shelf life of six months. For this reason, Mrs. Papp suggests buying at stores with a high rate of stock turnover to be sure of getting fresh batteries.

Your
Assemblyman
Reports

By **FRANK A. CARROLL**
Assemblyman, 133rd District

Much of the foundations for the 1968 New York State Legislative session is now being formed.

In regard to this, many of us who serve in the State Legislature have again been dividing our time during these last weeks between our home districts and Albany. This is necessary as you perhaps know, because filing proposed laws in advance better insures the careful deliberation they deserve.

Prior to this pre-filing process, study and consultation is of course a prerequisite, both here and in Albany.

During one of these recent visits with legislative officials, I was

gratified to find that again this year I will be serving on the State Assembly's Agriculture Committee. The surprisingly broad category of legislative matters under this group's jurisdiction makes this a truly challenging assignment.

Gone are the days when matters specifically rural and agrarian in scope are the only concern of this committee. In a variety of ways we attempt to oversee the affairs of most of the consumers in the State of New York. For example, I have recently devoted considerable attention to some of the questions raised by housewives relative to ethical standards and quality standards among food distributors.

Topics such as meat inspection, weights and measurements, pure food and drug practices, the processing of many foods, the grading of fruit, and ultimately the labeling and marketing of most foods are responsibilities for this committee to oversee.

Needless to say, these matters are of such direct concern to the people of our State that my work in this legislative area has been most gratifying.

Too, my other Assembly committee assignments have proven similarly challenging. These include serving on the Labor & Industry, the General Law, and the Churches and Social Welfare Committees.

At a future time I will explain some of the responsibilities these assignments entail.

Community Assets At All Time High

Extensive gains in Community Savings Bank's year-end figures of December 1 marked the bank's most vigorous year according to John E. Schubert, president.

Total assets rose to a new high of \$330,607,435 reflecting an increase of \$29 million for the best asset gain ever shown.

Savings deposits mounted to \$298,386,498 up \$28 million which outstripped all previous deposit gains. Schubert credited the record gain to the public's increased awareness of savings as a substantial investment.

Dividends paid on savings in the twelve months netted depositors \$13,972,352. This is an increase of \$2,036,432 over dividends paid last year.

HOLIDAY WINES & SPIRITS

The Henner Wine & Spirits Co. of 544-554 CHILI AVE. AT THURSTON RD., stocks every national brand in the book. They have two large rooms devoted to wine alone. They also have a gift shop and a double store devoted to liquor and cordials.

In Upstate N.Y., Henner's is 1st in size, 1st in variety and 1st in consumer values. They specialize in private labels in all categories of alcoholic beverages. PAY much less for Henner's private brands than national brands of comparable quality. Built-in costs of advertising, promotion and distribution are eliminated by direct quantity purchases. Henner buys right off the bottling line.

In blends and bourbons Henner features 8, 10, and 12 YR. OLDS. These items are produced by the nation's top distillers and there is not enough for national distribution and is used only for custom bottling. Henner's LIGHT Canadian Whiskey (6 YR. old, 86 Proof) IS AS FINE AS ANY CANADIAN WHISKEY MADE.

Get in the habit of reading BACK LABELS. THIS IS THE TECHNICAL GUIDE TO YOUR PURCHASE. You can't improve a poor whiskey with age, but any basically good whiskey improves with age. During our 27 years in business we can't think of a distillery that has not obtained more money for their older whiskeys. The most important single test is in the taste. Why be satisfied with a 4 or 5 yr. old whiskey when you can obtain an 8, 10 or 12 yr. old for less. Why pay more for less? We invite your inquiry.

Henner's theory is to sell just a good product for less and not to just sell a name. That is why Henner, after several expansions, is now five times original size. The State Liquor Authority recently approved another expansion to start around the 1st of the year.

Teen Dance Set

The "Tyrants" have been engaged to play for the teen age dance which is scheduled Friday, Dec. 23, at Maplewood Recreation Center. Dancing will be from 7:30 to 10:30. Admission is 75 cents.

Miracles happen every day. The greatest miracle of all is men's love of life. No man is an island! Just think, if we were all to extend this love to each other, our kids would be home, perhaps we'd all have less, but then it would really be much, much more.

A loving season.
