Signing Petitions On School Issue

As a follow-up to the appeal made last week by parents of No. 43 School children at the Board of Education meeting at West High, a petition is being widely circulated in the 24th Ward area. It asks the school board, regardless of its ultimate decision to be sure to give due consideration to the community or neighborhood concept of schools.

The petition, which also pleads for quality education, does not specify any of the three options which the board is said to be considering. Its aim is to convince the school commissioners that the

parents are genuinely concerned about children being assigned to schools far from their home areas.

Several speakers from No. 43 and Jefferson High were given an opportunity to present their case at the West High meeting, but the Board of Education has not taken any action.

AWARDED SCHOLARSHIP

ANITA PEDANO, an eighth grade pupil at Holy Apostles School and daughter of Mr. and Mrs. John C. Pedano of McNaughton St., has been awarded a full four-year scholarship at Our Lady of Mercy High School based on a competitive examination.

County Problems Due For Airing

An informational meeting will be held next Wednesday, April 9 at the Avery Bowling Center, starting at 8 p.m.

Kermit Hill, assistant County Manager, will be the guest speaker and will present slides and flip-charts to outline the functions of county government.

"It is hoped that this meeting will explain many of the problems that face us today", says County Legislator Joseph Esposito, who

will act as moderator. "It will be a most informative session for all those attending. A question period will follow the presentation and Mr. Hill will endeavor to give the people answers."

The meeting is being sponsored by the 24th Ward Republican organization, with both the women's and men's clubs participating.

This is an open meeting for the entire area, and everyone is invited, emphasizes Esposito.

Schools Subject Here Tonight

John Marshall High's auditorium will be the scene tonight (Wednesday) of a meeting between school parents and city school department heads. The subject will be the proposals for changes in the school setup as related to junior and senior high concepts.

The John Marshall Community Association and PTA groups from Schools 7, 34, 40 and 41 are participating in the meeting which starts at 8 o'clock. The public is invited.

Many questions which have been raised about the various options being considered by the Board of

Education will be discussed. Representing the schools will be Eugene Conant, assistant superintendent of schools; Herbert Norton, administrative director of secondary schools and Dr. George J. Rentsch, assistant superintendent for instruction, who will present the facts.

They have expressed a desire that "concerned citizens be in on the ground floor level of planning" and will welcome any and all suggestions and ideas.

The Prettygirl Look is the newest trend in dresses for Easter, Communion, parties: easy-care voiles and airy lenos, sweetened with ruffles, lace, embroidery, sashes—in pastels, white and flower prints. For all fashion-wise girls—both Jr. High and the 7 to 14 set—we have a great collection of Prettygirl dresses, the enchanting new hit of spring.

Young Fashionables are the most ardent fans of "something new" for Easter, and a fashion they really love is THE ENSEMBLE. Mothers love the idea, too: in one purchase, there's a new spring coat and a new dress, to wear together—or each on its own. The ensemble scene at Sears is full of fashion news in smart plaids and checks, pastels and navy, and that important belted look.

Beware Of Free Florida Trips

The Rochester Better Business Bureau advised residents today to be wary of promotions for certificates that promise a "free vacation," usually in Florida.

A typical promotion, it was explained by Bureau Manager Robert C. Hildreth, notifies a recipient "Congratulations! You've won a second prize..."

To obtain the prize, which is a certificate providing a "free vacation," the winner must pay \$12 to \$15.

The BBB says that payment of a fee takes the vacation out of the free category. Further, the certificate does not provide the usual features of a vacation, such as the cost of transportation, meals, beverages, tips, outside entertainment, telephones and other incidentals.

According to the Bureau, the certificate is limited to the use of a hotel or motel room for a brief stay and the establishment's facilities.

The promoter's method of operation is to set up a booth in a retail store, shopping center, sport show or home show and invite the public to register to win a prize.

Sometimes, said Hildreth, an actual vacation is awarded to one or two registrants. But the vast majority of the others are notified they have won second prize. He said that in one recent Rochester promotion of this type the grand-prize winner was required to pay \$15 to get the use of a hotel in Florida for 7 days.

Besides the certificate fee, a number of terms and conditions must be met by the user before the hotel or motel will validate it.

When a promotion of this type is tied in with a Florida real estate developer, as a number of them are, certificate users must attend promotional activities aimed at selling lots. This kind of requirement seldom is stated in the advertising or promotional literature.

Other certificates do not require participation in real estate promotion, but the holders of certificates usually are invited on more than one occasion to take part.

Several certificate companies state they give "winners" a book of "vacation dollars." However, according to the BBB, they are not spendable as dollars but only as small discounts on paid admissions to attractions or on the purchase of certain goods and services.

The Better Business Bureau advises recipients of certificate offers to read all the fine print and make sure they understand the many terms, conditions and qualifications.

WINS FELLOWSHIP

Thomas B. Farrell (above) son of Mr. and Mrs. Thomas B. Farrell of 511 Magee Ave., a senior at the University of Wisconsin, at Madison, has recently been awarded a Woodrow Wilson fellowship. He was one of 100 American students to receive this honor. The fellowship, which is awarded to students for excellence in academic achievement and intellectual interest, will provide a financial stipend to assist in graduate study. Farrell, a major in Communications and Public Address, looks to a graduate career in Communication and Government Studies.

Red Cross Seeks High School Girls

The Rochester-Monroe County Chapter, American Red Cross will offer training to high school girls, 16 years of age and over, who would like to serve as Red Cross volunteer nurses' aides in local hospitals during the summer months.

Classes will be trained at Genesee and Highland Hospitals after the closing of school in June. The course will consist of 20 hours of basic nursing skills followed by 20 hours of hospital ward practice in giving patient care under supervision.

Applicants must be willing and able to give, upon completion of the course, volunteer service on the hospital floors three mornings a week during the summer in any one of the local hospitals. As a result of this experience, it is said, many girls have been able to determine if they would like a career in nursing.

Interviews will be held at the Red Cross Chapter House during Easter vacation, Monday, April 7 through Friday April 11. Appointments should be made immediately by calling the Red Cross Nursing Service at 254-9800.

NEWS BRIEFS

THE EGG Hunt held by 24th Ward Republicans on Palm Sunday turned out to be the most successful and the best attended in the several years it has been held. Despite cold and blustery weather, the children turned out in record numbers Sunday morning and scrambled happily for the widely scattered eggs. All were rewarded with lollipops and jelly beans and several took home special prizes.

SEYMOUR MARGOLIS, more familiarly known as "Sy" to his customers and friends, has been elected a director of Rochester Drug Cooperatives, the buying organization for local independent pharmacies. He is owner of Sy's Drug Store in Dewey Ave.

ASSEMBLYMAN CHARLES F. STOCKMEISTER made the headlines all over the state last week when he jumped party lines and sided with Republicans in voting for Governor Rockefeller's one cent increase in the sales tax. Although he could not be reached for confirmation, it is reported that Stockmeister will accept appointment by the governor as the Democratic member of the State Civil Service Commission which would also entail his resignation as assemblyman for this district.

Social Security Information

Residents of the Rochester area who are receiving social security checks are reminded by Joseph Tomalno, Social Security District Manager, to report directly to the Rochester office any change of address or other events affecting the continued receipt of their checks. Reports may be made by mail, phone, or in person. Appropriate report forms may be obtained at the local Social Security office.

Tomalno said this reporting method enables the local Social Security office to take advantage of the increased capacity of its high speed communications circuits to transmit information to record centers. Until recently, social security beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events by mailing pre-addressed postcard forms to a record center.

Events that affect receipt of monthly social security checks, in addition to address changes, are those such as starting or stopping work (employment), marriage or remarriage in some instances, divorce and death.

The Social Security office in Rochester is located at 107 Clinton Ave., N. The telephone number is 325-6640. The office is open Monday through Friday, from 9 a.m. to 5 p.m., and until 9 on Thursday evenings.

ALBANY REPORT

By Senator

James E. Powers

CLEAR THE COURT ROOMS

As society becomes more complex a review of procedures is always necessary. Let us look at traffic infractions and court action. It seems absurd that our court calendars should be jammed simply to take care of "run-of-the-mill" traffic infractions. Let me also add that as more and more cars crowd our highways we will see more and more tickets or traffic citations issued. Our judges must be free to give sufficient time to the many serious offenses which our rising crime rate has produced.

The Governor has wisely suggested that standard parking and moving violation tickets be taken out of our courts and transferred to the Motor Vehicle Department. A driver who received a ticket could either plead guilty by mail or plead innocent and have a referee appointed by the Motor Vehicle Department review his arguments.

Serious vehicular offenses, such as drunken driving, reckless driving or "hit and run" among others would remain within the jurisdiction of the criminal courts.

I would also suggest that any offense which could result in a loss of license should stay within the court system.

If we are to meet the needs of our times we must be willing to experiment with new systems. No business organization could continue to exist profitably using the same methods as in decades past. We in government must recognize the same urgency for change if we are to provide the top level service our citizens deserve.

What They Wore...by PHYLLIS JOYCE

COSTUME IN THE THEATER

FOR CENTURIES THE THEATER HAS HAD A PROFOUND EFFECT ON FASHION. LILY LANGTRY, A FAMOUS ACTRESS OF THE LATE 19TH CENTURY, CAUSED WOMEN EVERYWHERE TO WEAR CLOSE-FITTING JERSEY BODICES.

WHEN SARAH BERNHARDT CARRIED A JAPANESE PAPER PARASOL IN "LA DAME AUX CAMELIAS" IT CAUGHT THE PUBLIC FANCY SO THAT FOR THE NEXT 10 YEARS EVERY WOMAN CARRIED A REPLICATED AND DECORATED HER SITTING-ROOM FIRE-PLACE WITH ONE AS WELL.

AS EARLY AS 1920 BALLET COSTUMES MADE A RADICAL DEPARTURE FROM THE TUTU AND TIGHTS. MANY OF THE AVANT GARDE DESIGNS INFLUENCE THE DESIGNERS OF FASHION TODAY.

TODAY... WHEN BUYING WOMEN'S OR CHILDREN'S APPAREL LOOK FOR THIS LABEL - THE SYMBOL OF DECENCY, FAIR LABOR STANDARDS AND THE AMERICAN WAY OF LIFE.

Selective Service Changes The Rules

The Army maynow enlist a man under the 120 day Delayed Entry Program even though he may be in receipt of an induction order, according to the Director of Selective Service System, Washington, D. C.

The purpose of the 120 Day Delayed Entry Program (DEP) is to enlist men for active duty in the armed forces.

These men are enlisted in the Army with a delay of up to 120 days in reporting for active duty.

For example if a person received an induction order on Feb. 20, 1969 he may be enlisted in the DEP Feb. 21, 1969 and need not report for duty until June 20, 1969. However, a person must enlist in the DEP, on or before his actual date set for induction.

When a person is accepted for the DEP he must request the State Director of Selective Service to cancel his induction order.

To make the offer more attractive the Army will guarantee an option in writing before enlistment and enlistees may choose their training from more than 107 vocational schools.

For additional information concerning this offer, interested applicants should contact Donald R. Carey, U.S. Army Recruiting Service, Federal Building, Rochester, N. Y. 14614. Telephone 546-4900.

TO THE EDITOR:

In the past few weeks much has been in the papers about the new Junior-Senior high school plans; but I wonder if the parents of this community fully realize the seriousness of these first options. Any child who is in #43 School would be required to attend a high school completely out of the district. Basically, it means after the sixth grade a child would be required to ride the city bus system for the next six years to obtain an education. It would also require the removal of the 9th, 10th, 11th and 12th grade levels out of Jefferson High School to another school district. In all a total of close to 900 children moving out of our community each morning.

Can we as parents accept this great change or do you feel it is wrong? What becomes of our handicap program at Jefferson? Will the new ideas of the Superintendent do more harm than good?

The new scope of education requires 4 school levels: K-3; 4-6; 7-8; 9-12. If we accept this proposed plan now can we accept the moving out of our children at the end of 3rd grade for a total of 9 years riding the buses? No benefit of education is taught in the moving of children each morning and night on a bus. This will be your decision to make.

We, the #43 School - Jefferson Junior - Senior High committee, feel a stand must be made on this problem. If you would like to help circulate petitions so that the people of this community will be heard at the next Board of Education meeting, please call Raymond Guentner at 458-1640 after 6 p.m. and give us your name. We believe now is the time to become involved as these are your children or your neighbor's children. Will you help?

RAYMOND GUENTNER
Chairman,
#43 School - Jefferson
Junior - Senior High
Committee.

PIANO NEEDED

Operation Morale Arts Fair Here Next Wednesday

Judy Benham was caught in the act of composing a letter when this picture was snapped. She was writing a "Big Brother" letter to a soldier in Vietnam as her contribution to "Operation Morale".

Judy happens to be only 6, but she has "adopted" Cpl. Richard Pickett of Lake Rd., Brockport, and they correspond regularly. The corporal, incidentally, is 20 years old and is stationed at Cu-Chi, a base camp northwest of Saigon.

Judy is the youngest of three daughters of Mr. and Mrs. Dave Benham, 98 Campbell Pk. and is a first grader at Holy Family School. Her mother is chairman of "Operation Morale" at Holy Family. She became interested in writing a "Big Brother" letter when Mrs. Benham's Brownie Troop sent similar letters. She is not old enough for Brownies and her mother composed a letter for her, similar to a form letter used by the Scouts.

Cpl. Pickett has been writing to Judy since November. He is due home in August and has promised Judy he will come to visit her. "Operation Morale" is an organization which sends packages cards and letters to soldiers in Vietnam. Packages are sent three times a year, Christmas, Easter and Fourth of July.

Persons desiring to help by donating or packing, sending birthday cards is advised to contact Mrs. A. D'Ettore, Sunshine chairman of Operation Morale at 254-1798. Names of service men will be furnished; also those who have been wounded or are ill and in need of a message of cheer.

Dewey Ave. Cooperative Nursery School, an extension of the Christian Education Department of Dewey Ave. Presbyterian Church, is sponsoring a Creative Arts Fair for all children 3-8 years of age. The fair will be held on Wednesday, April 9, 9:30 - 11:30 and 1:00 to 3:00, in the church's fellowship hall. The church is located at the corner of Dewey and Magee Ave.

Four different areas of activity will provide an opportunity for all children and their mothers to experience working with collage materials, easel painting, cookie icing and musical games. A fee of 25¢ per family will be charged to help defray expenses.

Working to help make the fair a success are Mrs. Sebastian Benivegna, Mrs. Charles Durling, Mrs. Lawrence Wood, Mrs. Allen Nehr, and Mrs. Harry Dahl. Other mothers with children enrolled in the nursery school are serving on committees and will work the day of the fair to keep things running smoothly.

'Y' Indian Guides Enroll 7 Tribes

The Maplewood Branch YMCA has just completed a mid-winter Indian Guide promotion program with the enrollment of seven new Indian Guide tribes. Each tribe is composed of approximately 10-12 fathers and sons. This brings the total Maplewood Indian enrollment to over 275.

The program is essentially designed to help foster the relationship between a father and his son and the "Y" is interested in sharing in this program with all interested fathers whose sons are 5 to 8 years of age.

Boys from the "Y" are presently engaged in a YMCA mint sale to help them earn money towards the YMCA summer program. The sale continues through April 5.

"Equalize Water Rates"-Neilon

Robert P. Neilon, majority leader of the Monroe County Legislature and Gordon Anderson, Republican Legislator of the 21st District, in a joint statement, have stated "it is time for the City of Rochester to face up to its responsibility in equalizing the water rates for those residents of the City of Rochester who are customers of the Monroe County Water Authority".

The explanation that the water rates of the Monroe County Water Authority customers of the city are the fault of the Water Authority is completely unjustified", says Neilon, who continues: "The rates could be equalized between City

and Authority customers in the City of Rochester if the city would only cooperate with the Authority in working out a logical system of billing.

The Republican legislators representing city districts will conduct a series of meetings with both the directors of the Monroe County Water Authority and the city manager and will enlist the aid of the Republican City Councilmen to accomplish this result, says Neilon.

Residents Get Consulting Role In Lake Avenue Re-Zoning

The City Planning Commission, in an unusual gesture, has agreed to give neighborhood people a voice in any plan for the future of Lake Ave. The agreement came out of a hearing held on March 26 and will be further implemented in about two weeks when another meeting will be held.

The Maplewood and Edgerton Associations and the Northwest Housing Task Force each will have eight delegates on a committee which will work with the Planning Commission to pass on plans for building on Lake Ave., between Driving Park and Clay Ave., in their "initial stages." This refers to both sides of Lake Ave.

William Green, chairman of the Planning Commission, commended the neighborhood groups for their concern with the housing crisis and their desire to make better use of available space.

There has been talk about high rise apartments for this area and it appears to be generally agreed that this is a logical use. A proposal for a ten story apartment at Lake Ave. and Birr St. is one of the first seeking approval. A zoning change is involved, shifting the present R2 to R4 or R5, the same as on East Ave. Greater off-street parking requirements, as sought by the neighborhood people, also is a possible consideration; also some landscaping "guarantees". This is a long-range program designed to provide rules for the next 20 or 25 years.

Councilman William J. Malley, who is chairman of the Urban Planning and Zoning Committee says that "the increasing number of conversions along Lake Ave. and concern about deterioration that haphazard changes of land usage can cause has prompted this Planning Bureau study of the Maplewood area. We hope to develop a plan which will guide future development in an area that has always been a stable and desirable section of the city", he also stressed the value of working closely with neighborhood groups.

3 CHURCHES JOIN IN ECUMENICAL SERVICE

The congregations of Lake Ave. Baptist, St. Anthony's, and Christ Presbyterian Churches will gather to symbolize their unity in Christ on Sunday, April 13, at 4 p.m. in the sanctuary of Lake Ave. Baptist. Ralph Lane will be conducting the Lake Ave. Baptist Choir and Penfield Orchestra with Richard Stewart. Also participating will be the pastors of the three congregations - Dr. George Hill, Father Charles Bennett, and Rev. Robert Booher.

PRESENTING DRAMA

The Crucifixion, a drama, will be presented this weekend at Grace United Methodist Church, 121 Driving Park Ave., by a visiting group of United Methodist Youth Fellowship from Conneaut Lake, Pa.

Sunday, the drama will be presented to the congregation during the worship service at 11 a.m.

TO DISCUSS HOUSING

Rochester Better Living will give a presentation of the city's housing crisis and its specific program geared toward the solution of inadequate housing at Sacred Heart Cathedral next Sunday at 8 p.m.

Purpose of the group is to find means to aid marginal income people heretofore excluded from owning their homes to purchase their first house. "It provides financial and management assistance by persons living in the area willing to stick with the families through the first years of their new venture", says Rev. Robert Booher. The total community is welcome.

Some Relief Due In Sewer Backup

The chronic problem of sewer back-up was aired at a meeting held recently by the Edgerton Neighborhood Association in combination with the West Glendale Block Club. The permanent remedy involves new and larger sewers, it develops, and is several years in the future, but temporary relief in the form of periodic cleaning of the system was promised.

Attending the meeting were Manfred Berger, DPW engineer, Councilman Stephen May and Charles Maloy, former Democratic county chairman, Edward G. Hall, 207 Glenwood Ave., acted as chairman.

West Glendale Block Club members reported that particularly following heavy rainfalls they suffer sewer back-ups of surface water and raw sewage into their basements and even kitchens. Keith W. Young of 122 Glendale Pk. presented a list of nearly 50 homes on Dewey Ave., Finch St., Glendale Pk., Glenwood Ave. and Oriole St. which have reported repeated problems.

In a subsequent letter to City Manager Seymour Scher, Councilman May said he knew of "no

section of the city where there are so many homes in a concentrated area suffering from such serious sewer problems". Therefore, May added, the "plea of these residents for help and assistance deserves prompt, special attention".

The Councilman said that until new sewers are installed as a long-term solution, "it is incumbent on the city government to provide constant vigilance, immediate response to appeals for help and improved maintenance" of the sewers. He proposed more frequent and thorough flushing in the area and better cleaning of catch-basins as a means of relief.

When did you last have your eyes examined?

You know, of course, that your eyes change. Sometimes rapidly . . . sometimes so gradually you are not conscious of the difference. A yearly professional examination is the only way to make sure your eyes are properly protected. Competent eye care is more than a hurried fitting and ordinary glasses. Your vision is much to precious to entrust to any but experts at the highest professional level . . . or to take a chance on any but the best in ophthalmic materials.

A representative from the Josephite Community will receive his vows at a concelebrated Mass beginning at five o'clock in Holy Rosary Church. Rev. Grant J. In July 1964 he made his first profession and was assigned to Xavier University in Louisiana where he matriculated for a degree in history. His next assignment was to Epiphany College in Newburgh, N. Y., for a year of special training in his field. He is presently assigned to St. Joseph's Industrial School in Clayton, Delaware as a history teacher and head of the math department.

The Josephite Fathers and Brothers work among the colored people in the United States and the Bahamas.

A reception for his family and friends will be held in Holy Rosary School hall following the Mass and profession ceremony. An invitation is extended to all parishioners and classmates to attend the ceremony and reception.

Best Calorie Buys

There's a strange paradox about dieting—it often costs more to eat less because the nation's food processors, quick to sense the trend toward a Slim Society, have stocked supermarket shelves with specially prepared low-calorie items at high-calorie

prices! For the wise weight-watcher who wants to lose in the waist, but not in the wallet, here are ten reasonable foods, each under 100 calories: a one-egg omelet, a medium size banana, two whole tomatoes, 1/2 cup of yogurt, 11 green olives, half of a cantaloupe, 5 large shrimps, 2 cups of spinach.

Now, of course, two cups of spinach aren't going to make dieting easy, especially when the rest of the family is munching lasagna with relish. But the trick for the weight watcher is making tasty low-calorie combinations that will keep you on the straight and narrow, yet let you feel satisfied.

For breakfast, consider the delicious possibilities of tender, ripe chunks of Chiquita brand banana topped with several spoonfuls of yogurt. A half a melon for lunch filled with sliced banana rounds is both fine—and filling. And you can feast (not famish) scrumptiously at night on a crisply broiled chicken, with tasty broiled banana which has been liberally brushed with lemon or lime juice. In each case the addition of the nutritionally high but calorically low (a mere 85 calories) Chiquita Banana means the difference between dull diet food and gourmet fare.

The lazy dieter who lets others do the counting of calories for him and opts for the specially prepared, premium-priced diet items is getting thin at his own expense. With so many good fresh foods available, it's the wise weight-watcher who eats inexpensively!

By Jean Kingsley, Women's Consultant, The Travelers Companies

Galloping Inflation

No husband will ever admit it—when his wife shows him the bills—but we live in an age when money is around in rather astonishing amounts. The New York Stock Exchange estimates that thirteen percent of the U.S. Population now owns stock. Or, about 26 million Americans are "having a flutter."

There are actually ninety-seven million hundred dollar bills in circulation!

So, why do you find yourself on the short end of the Affluent Society?

A mean little genie called inflation.

Economists muddle and huddle over the dollar see-saw—like so many surgeons pouring over the X-rays. And it's all just about as confusing to the man in the street. (And the woman in the super market.) The cold facts are that in 1939, the dollar bought one hundred cents worth of commodities. And at the present level, you take home forty cents worth of anything you purchase.

Despite the fact that products are bringing top prices... worker drawing top salaries... and there's a full roster of employment—the up, up, UP spiral can be dangerous.

When it comes to discretionary income (the money left over, after the monthly bills are settled)—discretion can be the key! If you aren't sure just which channels your future planning should take, don't hesitate to turn up an expert and learn.

The Travelers Companies have scores of intensively schooled qualified Financial Planners Whose advice is yours for a phone call.

So, the next time you feel like fingering all those inflated dollars to the winds—don't! Give a little thought to all the tomorrows. For you and those you love the best!

Party To Benefit School Of The Holy Childhood

By Mrs. John Noble

The time of year is at hand to find out, "What is the School of the Holy Childhood? It's a story of Love, of Patience, and a Need at our doorstep."

What is the purpose of the school? "To provide that Special Education that is needed by the slow learning child. Since he is a child of God, he must be prepared for his eternal destiny. Since he is a member of society, he must be given those special helps that are necessary for him to become socially and economically a good citizen."

Many types of special training are offered -- 4 R's, social activities, general maintenance work, cooking and typing. Boys are offered metal crafts and woodworking, auto mechanics, home repairs, etc. Girls learn sewing, grooming, home nursing, laundering, etc.

Time and space does not allow us to relate all that Sister Seraphine and her wonderful staff accomplish -- one may visit the school or call and volunteer your help.

For the present we may all help by attending the Sacred Heart Rosary Guild's annual card party, Friday, April 25th, at 8 p.m. in the rectory hall. Donation is \$1.00. Committees include Mrs. Maurice Culhane, honorary chairman; Mrs. Leonard Metzger, chairman; Mrs. John Zarembo, tickets; Mrs. George Koss and Mrs. Anthony Zinone, prizes; Mrs. Frederick Schlitzer, decorations; Mrs. Charles McBride, tables and chairs; Mrs. Frank Maslyn, reception; Mrs. Frank Monna, refreshments.

Everything has been provided to make an enjoyable evening. Surprises are being arranged, so please one and all "to join the hundreds of persons who are assisting the School of the Holy Childhood to meet its ever increasing expenses."

Dr. Whelan Wins Army Promotion

After three years in private practice, where his home and office are located, at 1376 Howard Rd., Gates, he entered military service in August 1967. He was assigned to the U. S. Army Hospital at Redstone Arsenal, Huntsville, Ala., after attending Medical Field Service School at Fort San Houston, Texas.

Dr. Whelan is the son of Mr. and Mrs. F. J. Whelan of Olean, N. Y. and his wife is the former Diane Kolb, daughter of Mr. and Mrs. Andrew Kolb of Dove St. Dr. and Mrs. Whelan and their four children Susan, John and twins Stephen and Daniel temporarily reside at 58 Bomford Dr., Huntsville, Ala., until his return to private practice on Howard Rd. on Aug. 1st of this year.

Wood To Speak To 15th GOP

City Councilman Robert F. Wood will address the April meeting of the 15th Ward Women's Republican organization which will meet at the corner of Broad and Smith Sts., at 8 p.m. on Monday, April 21. Councilman Wood will speak on the subject of the urban crisis and violence in our society. The public is invited.

LAST CALL FOR BALL PLAYERS!

Saturday is the final day for boys to sign up if they want to play baseball this summer with two of the local leagues. (One parent must accompany each boy). The 40 and 1 League will be registering boys 7 thru 15 on Saturday from 11 a.m. to 3 p.m. at the Dewey - Ridgeway Service Station. The Northwest Youth Association is holding its final registration also on Saturday from 1 to 4 p.m. at Most Precious Blood Hall.

Subway Cleanup Asked By Wood

Councilman Robert F. Wood asked City Manager Seymour Scher to make immediate plans for policing and cleaning up the old subway bed. "Now that the spring of the year is upon us", said Wood "it is going to be more imperative than ever that immediate attempts be made to police and clean up the old subway bed which runs parallel to Dewey Ave. Many residents and merchants who live along Dewey and near the subway bed have considerable problems with vandalism, crime and rats as a result of the condition of the railroad bed."

JONES-BEISWENGER

Mrs. Ronald Beiswenger

The wedding service uniting in marriage Bonnie Lou Jones and Ronald Beiswenger took place at Messiah Lutheran Church on April 12 with the Rev. Thomas Mugavero officiating.

The bride is the daughter of Mr. and Mrs. Ralph Jones of 427 Newbury St. and the bridegroom is the son of Mr. and Mrs. Warren Beiswenger of 611 Lill St.

The bride was attired in a gown and train of Peau de Ange trimmed with Guipere lace. Her floral headpiece was trimmed with white satin ribbons and held a three tiered illusion veil. Her bouquet was a cascade of white roses and stephanotis encircling her white bridal bible in the center.

Matron of honor was her mother, Mrs. Ralph Jones, who wore a full length gown in hot pink trimmed with light pink crystal. Bridesmaids were Mrs. Carl Gielow, Mrs. Myron Smith and Miss Susan Schmid. They wore full length silk gowns with chiffon trains in a

rainbow display of mint green, light aqua and lavender. The flower girl, Mary Ellen Beiswenger, wore the same dress in pale pink. They all carried nosegays of pink carnations and roses with ribbons matching the shade of their dress.

Best man to the bridegroom was his brother Roger Beiswenger. Ushers were Emil Doell, Scott Beiswenger, and Scott Empey.

The bride is a graduate of Monroe Community College, and is now employed in the Engineering Division at Kodak Park. The bridegroom is a co-op engineering student at the Rochester Institute of Technology. He is presently cooping at Eastman Kodak Co. and will graduate this August.

50TH ANNIVERSARY**

They met and married in their native Germany in 1919. John came to the United States in 1923 and a year later wife Sofi came with son John Jr. It was in the Glide St. home that their daughter, Mrs. Lore Fischpera of Maltby St., was born.

John worked for many years for the Hayden Company and also Hopeman Company, both makers of fine furniture, where he practiced his skills as a cabinet maker.

They have both been very active in the German-American circles in Rochester. John was a director of the Rochester German club which is now owned by his nephew Ludwig, and also a past president of the Rochester Schwaben-Verein.

**Improvement Due
At Playground?**

Temporary arrangements may be made to provide equipment and an improved program at the School 41 playground, Councilman Stephen May has informed concerned parents. He said City Manager Seymour Scher, responding to appeals for upgraded recreation activities on the large field, told him that the city hopes to build a better summer program at the location this year.

May said the city manager informed him he felt "it would not be wise at this time to commit city funds to a permanent development as we do not know what the future of the school will be". However, May noted, Scher did say "there is a possibility of using some portable equipment" on a section of the field.

The councilman said he was disappointed that permanent equipment could not be provided for the hundreds of youngsters who use the play area. However, he added, the installation of temporary equipment and an upgraded summer program would at least be steps in the right direction.

The drive for playground equipment has been led by School 41 PTA President, Mrs. Carol Hoskins of 45 Needham St. Mrs. Charles Burger, Jr. of 50 Fillingham Dr., Mrs. Gerald Murphy of 40 Winchester St. and School Principal Robert Santangelo.

**Retired Club
Activities**

The Retired Club of Dewey Ave. Presbyterian Church meets Tuesday, April 22, for lunch at 12 noon. Each will bring a sandwich and dessert and coffee will be provided by the committee appointed for that meeting.

A business meeting will be the order of the day with the main subject being plans for a trip to the Planetarium. For this trip in May other members of the church will be able to attend this showing at the same price as those attending from the Retired Club. It will be at 2 p.m. Tuesday, May 26, and the cost will be \$1.25.

As an additional feature for next Tuesday the film "Alaskan Trails" will be shown.

Cards and shuffleboard will also follow the movie. All retired members of the church are invited.

RGE 5-Year Program To Cost 185 Million

Response to the rapid growth of communities in and around Rochester will require expenditures by Rochester Gas and Electric Corporation of \$185 million for the five year period ending in 1973. With the exception of the amount required for the completion of the Ginna Nuclear Power Plant, this reflects the increased plant required to meet the growing demands of this community. These figures were disclosed in the company's annual report for 1968, mailed last week to its 27,000 shareholders.

Revenues for 1968 amounted to \$123 million, a rise of seven percent above those of 1967. Unit sales of electricity increased 9.6 percent over the preceding year, and 6,000 new customers were added to the RG&E lines. Unit gas sales increased 6.2 percent. Substantial gains in both residential and industrial space heating accounted for much of the increase this past year with over 6,000 new gas heating units installed in 1968. Earning per share of common stock were \$2.37.

At the close of the year the com-

pany's investment in utility plant was \$480 million. This is approximately \$57 million more than the previous year and nearly twice the capital investment of ten years ago. Local, state and other taxes paid by the RG&E amounted to \$16 million, an increase of \$2.4 million over 1967. More than \$80,000 of this increase in 1968 was the result of a 30 percent increase in gross revenue tax rates imposed by the State Legislature.

NEWS BRIEFS

COUNTY LEGISLATOR John Romano's name was inadvertently omitted in the item in last week's Courier with regard to sewer relief for the Dewey-Glendale area. Mr. Romano was at the meeting held by property owners and has requested immediate temporary relief as well as a permanent solution to the sewer backup.

A GARAGE SALE next Saturday from 9 a.m. to 4 p.m. will benefit the Guaranty Fund of Cardinal Mooney High. It will be held in a garage at 800 Maiden Lane.

A PANCAKE and sausage supper is open to the public tomorrow (Thursday) night at Red Men's Hall, 1001 Lexington Ave., sponsored by Leota Council No. 54. Tickets are adults \$1.25, children 75 cents.

EDWIN O. BEARD, 27 Wolf St., who is assistant district commissioner for Blackhawk Division, will be one of the leader for the Boy Scout expedition to Philmont Ranch in New Mexico this summer.

Haney To Head 9th Democrats

PAUL E. HANEY

The Ninth Ward Democratic Committee last night unanimously elected Paul E. Haney as its leader and Executive Committeeman. The special election followed the resignation earlier this month of Frank J. Gutberlet.

Haney, a certified public accountant employed by Peat, Marwich, Mitchell & Co., is a graduate of Holy Rosary School, Aquinas Institute, St. John Fisher College and holds a master's degree in Business Administration from Syracuse University. He is 28 years old and resides at 3 Tacoma St., where his parents, who have been active in the Democratic Party in the Ninth and Tenth Wards for over 30 years, have resided for 42 years.

In accepting the position, Haney noted that his unanimous election was a clear indication that the party was now fully unified and prepared to launch an aggressive campaign. He announced his intention of appointing section captains to lead the campaign in the various areas of the ward, and also that former ward leader Thomas Connolly of 265 Driving Park Ave. had agreed to accept appointment as general co-ordinator of the 1969 campaign.

The People Take An Interest

The small, but select group of people in our community who are willing to get involved in public affairs is growing and that makes it one of the few hopeful signs in the seemingly confused state of this changing world. A case in point:

Three neighborhood groups met here last Thursday night in a planning session and came up with a suggested list of 50 or more gripes, possible improvements, changes, etc. that evidenced a real concern for the future of our section of town.

And, what is more important--they intend to do something about it.

The Maplewood and Edgerton Neighborhood groups, with the Northwest Housing Task Force cooperating, are concerned at the moment with Lake Ave. and its future, in the area between Emerson St. and Flower City Pk. They are appointing a committee and are taking up the City Planning Commission's offer to give local residents a voice in zone changing and other aspects of Lake Avenue's future. A meeting with the commission is set for two weeks from now.

In addition to zoning, these dedicated people have listed local problems in other fields such as traffic, recreation, neighborhood preservation and beautification, housing, public eyesores and safety hazards, and control of air pollution and litter. Specifications are spelled out on numerous situations, not just generalities.

It is admittedly a very ambitious program and if only a few of the ideas are carried out, it could be a real advancement for our community.

9TH REPUBLICANS MEET THURSDAY

Ninth Ward Republican organization will meet tomorrow (Thursday) evening at 8 in Wesley Methodist Church hall, Dewey Ave. at Christian.

The plaque campaign will be reviewed and programs discussed. Several candidates will appear to state their positions on current issues.

All members of the committee and inspectors are urged to attend. George Esse, executive committeeman, will announce some changes in staff officers.

BAKED FOOD SALE AT NO. 40 THURSDAY

Baking mothers of John Warrant Castleman School No. 40 promise "an April shower of goodies" tomorrow (Thursday) at the school. A baked food sale will be held during school hours at 9 and 11 a.m. and 1 and 2:30 p.m. under sponsorship of the PTA who have enlisted baking talents of the mothers. Patronage of the general public is encouraged.

Bloodmobile Gets 114 Pints Here

The Bloodmobile made its semi-annual visit to the old Tenth Ward area last Thursday and left with 114 pints of blood. The committee from the First, Ninth and Tenth Ward Units was pleased with the turnout of 135 volunteers, only 21 of whom had to be rejected.

LAST REGISTRATION DAY FOR 40 & 1 LEAGUE

Registrations will be accepted Saturday of this week for the 40 and 1 baseball program. Boys from 7 to 15 are eligible, but must sign up Saturday morning from 11 to 12 at the Dewey-Ridgeway Service Station or evenings at 441 Electric Ave. Registrations also will be taken Saturday afternoon at the No. 40 School ball field in Hollywood St. from 1 to 2. John R. Foggett is head of the league.

COMPLETE SHOE REPAIR service now at Amico's Shoe Store, 1775 Dewey Ave.-Adv.

Service Stations To Get Attention Of Neighborhood Associations

The citywide effort to improve the appearance of certain service stations and garages as well as to eliminate some that are vacant and undesirable may extend to this area.

A program was advanced for improving local conditions at a joint meeting of neighborhood groups last Thursday at Christ Presbyterian Church and it cited at least four illegally maintained local gasoline stations. An auto junk yard and a poorly maintained garage were also mentioned.

Maplewood Neighborhood Association has encouraged the protest petition circulated in the Dewey and Electric section this week involving a service station. The petition, signed by many neighborhood residents, has been forwarded to Harold Fuhrman, director of the city's new Property Conservation Committee, complaining that unlicensed cars are stored on the premises, in at least one instance blocking the sidewalk, and that illegal "doll up" services are being performed there.

Last Thursday's meeting, re-

ferred to as a planning session for the Maplewood and Edgerton Neighborhood Associations in combination with the Northwest Housing Task Force, came up with numerous other upgrading proposals for possible future action. The ambitious program would involve inquiry into real estate assessment practices, traffic conditions, recreation facilities, business community cleanup and housing problems with particular reference to Eastman Kodak's demolition of nearly 200 homes and possibly more for parking lots. Elimination of specified eyesores and safety hazards and control of air pollution and litter were also mentioned.

A 24-man committee is being named to confer with the City Planning Commission on suggested regulations in the matter of rezoning Lake Ave. for high rise apartments.

When did you last have your eyes examined?

You know, of course, that your eyes change. Sometimes rapidly . . . sometimes so gradually you are not conscious of the difference. A yearly professional examination is the only way to make sure your eyes are properly protected. Competent eye care is more than a hurried fitting and ordinary glasses. Your vision is much too precious to entrust to any but experts at the highest professional level . . . or to take a chance on any but the best in ophthalmic materials.

Ken even tied the well known cord pending the appearance of the ambulance attendant. He and Mrs. Mertz, who live in Newbury St., also have another daughter, 18 months old.

**Plan Improvement
For Local Parks**

Improvements scheduled at Edgerton and Maplewood Parks were announced this week by Councilman William J. Malley. It is part of the city's beautification program and will involve \$150,000 expenditure at Edgerton and \$25,000 at Maplewood. Landscaping, planting and other improvements to increase use of the park facilities is planned.
Among the first changes at Edgerton, said Malley, will be the promised removal of the city's auto pound to another site soon.

While many young men continue to protest the Vietnam war, at least one continues to return to that war-torn nation to serve with the U. S. forces.

A sure way to stay healthy is to eat what you don't want, drink what you don't like, and do what you'd rather not, in any case a happy home is a healthy home so send your house to the Chiropractor at least once a year.

City's Landfill To Be Closed, Ending Years of Pestilence

Councilman William J. Malley has asked the City to close down the Mt. Read - Emerson landfill and to eliminate the westside incinerator as well as the central and east side incinerators. He has introduced a bill which is expected to get favorable action and the longtime pestilence of a city dump at the backdoor of the old Tenth Ward is expected to be ended forever and the landfill that has resulted will be utilized eventually for industrial purposes.

The Malley proposal authorizes hiring consulting engineers to design a large refuse transfer station to be located at the Department of Public Works site near the West Side Incinerator.

"This will be the beginning of the implementation of a comprehensive refuse study currently being carried out by the City and County in cooperation with the State", says Malley.

"The City's landfill at Mt. Read-Emerson is approaching exhaustion and has been a source of irritation for neighboring residents for years. We will be closing it down at the earliest possible date to permit development of a modern industrial park.

"We are actively seeking new landfill sites, both within and outside the County and we are continuing our discussions with the County government on the possibility of a joint venture.

"Effective Jan. 1, 1970, new and stringent State air pollution regulations go into effect. None of the City's incinerators can be operated in compliance with the regulations. The cost of plant modification to permit operation in compliance with the State code would be prohibitive.

TEEN DANCE SUNDAY

Women To See Fire Films

The Tenth Ward Women's Republican Club is holding its regular meeting tomorrow (Thursday) at 7:30 p.m. at Wesley Methodist Church.

Following the business meeting at 9, Capt. John Hanna will present film and slides of disastrous fires in the Rochester area. All members are urged to attend and the public is invited. Refreshments will be served.

20th Democrats Party May 15

The 20th Ward Women's Club announces its annual card party at the Rochester Portuguese Club, 163 Lincoln Ave., on May 15, at 8 p.m.

Tickets at \$1.00 may be purchased at the door or by calling the chairman, Mrs. George Stockmeister, 436-3861; co-chairman, Mrs. William Scheib, 235-4223; or Mrs. Albert Schneider, 235-5199.

MAKE HONOR SOCIETY AT ST. JOHN FISHER

Among the five seniors and eight juniors elected to Upsilon Chapter of Pi Gamma Mu, national social science honor society at St. John Fisher College are two from this area. They are:

Robert F. Marsh, 20, son of Mr. and Mrs. Frederick B. Marsh of 391 Clay Ave., a junior majoring in economics; and Thomas L. VanAllen, 23, son of Mr. and Mrs. Harry VanAllen of 59 Lorenzo St., a senior majoring in history.

Car Pound Due For Removal

The Edgerton Park car pound will be removed by the middle of May, city officials have assured Councilman Stephen May. Responding to questions posed by the Councilman at the City Council meeting of Apr. 22, City Manager Seymour Scher said work on the project will begin a few days before and should be completed by May 15.

"The sooner the better" May commented, in transmitting the latest target date to members of the Edgerton Area Neighborhood Association with whom he has been working to expedite removal of the eyesore.

"Removal of the car pound, plus the installation of new equipment and facilities geared to the wishes of neighborhood residents, will go a long way toward making Edgerton Park the first-class recreational complex it ought to be", May said. He added that he looks forward to cooperating with area residents to make certain that their views are fully considered in formulating and executing plans for the "new" Edgerton Park.

Marshall Plans Open House

John Marshall is holding open house for parents of 7th, 8th and 9th grade students entering in September 1969 on Monday, May 19, at 7:30 p.m. Parents are asked to bring their son or daughter.

The purpose will be to explore the transition to high school. Afterwards, the parents will be taken on a tour of the school building.

Members of the administrative and counseling staff will be available to answer questions regarding the student's first year at John Marshall.

Boys Win Praise For Fire Cleanup

Some neighborhood boys in the 8 to 11 year old category came in for warm praise this week from a distressed property owner whose double house at 176-78 Clay Ave. was gutted by fire on April 1. The boys, apparently from Clay Ave., pitched in and cleaned up the yard and the debris from the fire, says Mrs. Clarence (Whitey) Wheater, and deserve credit for their good deed. The nearby neighbors and the firemen were also "wonderful", in her opinion. The

firemen, she said, "did a terrific job and saved us so much".

Mrs. Wheater and her husband have owned the house and lived there for eight years. They are living with relatives until repairs are completed in about two months. The tenants in the other half of the double, a woman and three small children, lost everything and had no insurance. They are also living with relatives and are seeking living quarters of their own.

Legislators Win Endorsement

Endorsement of two county legislators was voted at the meeting of 15th Ward Republicans held last week at the GOP headquarters of the ward located at Smith and Broad Sts. Joseph Ferrari and Joseph Esposito, representing the 26th and 27th districts, respectively, have the support of the 15th, states Dominick DeGuarde, executive committeeman.

MAX, The FLORIST, 23 Pullman Ave., Dial 254-9100 for the finest selection of Mother's Day flowers and gift novelties. - Adv.

Also endorsed for constable of the 15th Ward was Sande Macaluso.

Speakers at the meeting were Councilmen Stephen May and Robert Woods, who are running for re-election this fall. They discussed city problems as did several other candidates including Dorothy Phillips, school commissioner, who spoke of the difficulties confronting the Board of Education.

Every one of us can. James Spencer, an experienced practitioner of Christian Science, says that we can follow the example of Christ Jesus who through his understanding of God healed those sick in body and those just plain sick of life. Jesus himself said he expected those who followed him to do as he did. How? You and your friends are invited to hear Mr. Spencer's explanation, which includes some interesting firsthand experiences.

JAMES SPENCER
Christian Science Lecturer

Despite today's technological explosion, it is still the kind of thinking we do that determines the course of our lives and the welfare of the world.

This is the premise of a free lecture on Christian Science to be given by James Spencer, C.S., of Miami, Florida, a former Marine and now a member of the Christian Science Board of Lectureship. The title of his lecture is "We Can Change Our World".

Presented as a community service, the lecture is sponsored by Second Church of Christ, Scientist. It will be held Saturday, May 3, at 11 a.m. in the Stutson Theatre, Stutson Bridge Plaza.

Mr. Spencer served as a lieutenant in the Marine Corps during the Korean War. He has been a chaplain in the United States Army and also has worked as a Christian Science Minister for the armed services. He has been active in the public healing ministry of Christian Science since 1953.

Magee Ave. Boy First Y Camper

To a boy the first breath of spring means the first breath of summer vacation can't be far behind. At least that is the way Steven Riggs, age 11 sees it.

He is the first camper from this area of Rochester to sign up for Camp Cory for the 1969 season. Son of Mr. and Mrs. Robert H. Riggs of 64 Magee Ave., he will attend the camp on Lake Keuka at Penn Yan from July 26 through Aug. 8.

Camp Cory, a resident camp for boys 8 1/2 - 14, is operated by the YMCA of Rochester and Monroe County, with camp offices at 100 Gibbs St. This is the 77th year that the local Y has conducted an organized camp for boys.

COMPLETES STUDIES FOR DOCTORATE

JOSEPH PASCALE

Joseph R. Pascale, dean of students at Oneonta State University College, has completed requirements for a doctor of education degree from the State University in Albany.

Dr. Pascale, who lives in Oneonta, N.Y. with his wife and four children, will receive the degree during June 7 commencement exercises at Albany.

Dr. Pascale, son of Mr. and Mrs. Ralph Pascale of Glenwood Ave., has a bachelor's degree from State University College at Brockport, and a master's from the State University in Albany. He is also a graduate of John Marshall High.

FUN PROGRAM STARTS AT MAPLEWOOD CENTER

After school Fun Time starts May 5 at middle Maplewood Park, near the tennis courts. The program will run from 3 to 5:30 and will include group games, boxing archery, ceramics, arts-crafts, trampoline, soft ball and other events, sponsored by the City Recreation Bureau. Further information is available at 254-9723.

Lower City Tax Possible, Romano

The City of Rochester can and must reduce city taxes, says John Romano, county legislator.

"The functions transferred to the county have saved the city 2 1/2 million dollars", claims Romano, "Furthermore the city received more than 4 1/2 million from its share of the county tax".

"I've always felt and advocated" he continued, "that a fair share of government where services have been used by all residents of the county should be paid by all of the county residents, rather than just the city taxpayers. But I also feel that in so doing the city should reduce city taxes. That is why I feel that by just holding taxes as they are is not fair. They should be reduced".

Y Tennis Club Season Starts

A season of tennis fun begins this week at the Maplewood Branch YMCA. The six all-weather cork turf courts are available for adult play Monday through Friday from 5:30 p.m. to dark and Saturday from 9 a.m. to dark. The courts will be open on Sunday, beginning June 1, at 1 p.m.

Members of the Tennis Club have the use of the lobby, locker, shower rooms, and swimming pool. Personal tennis instruction is also available.

Women's Tennis

Maplewood Branch Y M C A announces a coed spring tennis clinic to be held on Tuesday and Thursday evenings, beginning May 6 and ending May 22. Three half hour classes will be offered at 6:30, 7 and 7:30 p.m.

The clinic is set up to aid the beginning tennis player, but class sizes are limited. Liz Derry will again be instructing. Registration is to be made at the branch, 25 Driving Park Ave, or call 254-5250 for further information.

Neighborhood Associations

Charles House Area

The Charles House Area Neighborhood Associations, ACTION, DRIVE, FRIEND, and UNITE, are well into the new program of combined meetings alternated with individual meetings and report that the result is "more than satisfactory".

At the latest combined meeting, it was suggested that the four associations form an area planning committee to compile ideas of what the people want in the way of future planning in the area. This committee would act as a liaison to meet with city government leaders and start action to implement the ideas desired for the neighborhood.

Within the past few weeks, to contact all the residents and to inform them of the happenings in the associations, a monthly newsletter "The Neighborhood Forum" has been distributed to all the families in the Charles House area. The staff of this newsletter consists of members from the four associations, plus the representatives from the #17 School P.T.A. This information sheet supplements meeting discussions.

The four associations, as part of the Charles House Area Neighborhood Council, will schedule a major "Clean-Up" drive on Saturday, May 17 from 7 a.m. to noon. The areas to be covered extend from Maple St. to Lyell Ave. and from Child St. to Broad St. The Westside Refuse and Collection Dept. will have pick-up trucks in the area and ask that people cooperate by putting out the debris by the curb the night before (Friday, May 16). Whatever is to be picked up should be in boxes, tied in bundles, or piled neatly.

Edgerton Area

The Edgerton Area Neighborhood Association is moving on several issues presently, according to Al Brumber, president. All block clubs are now discussing the Educational Crisis, also the junior

senior high school split, busing, and sex education.

These issues will be brought to a vote at a public meeting slated for next month, says Brumber. The Association urges residents of the neighborhood to attend the Educational Crisis Series being held for six successive weeks at Lake Ave. Baptist Church on Sunday evenings.

The Edgerton Neighborhood Association is moving ahead on investigation into the trash collection methods of the area. Members are being asked to photograph and comment on the trash collections in their streets. Following the investigation, E.A.N.A. will negotiate with City for improved methods.

Housing is again a thrust for the Association. Over the last nine months, 300 housing units have been reported as being in violation; 75 have now been brought to full compliance; 150 are in process, and 50 have received no action. The Association is now compiling a new list and is seeking action by the Building Bureau for full compliance by the beginning of summer, said the president, Al Brumber.

Neilon Declines(?) To Run Again

Although no confirmation is forthcoming from Republican headquarters, the withdrawal of Robert P. Neilon from the county legislature contest this fall is believed to have been agreed upon and will probably be announced shortly. He is being offered an "Albany situation", according to word from an unofficial source, possibly the nomination for assemblyman.

Neilon has been representing the 29th district which includes the northern half of the old Tenth Ward for two terms and previously had been Ninth Ward Supervisor. He is also presently majority leader of the county legislature.

Possible Republican candidates from the 29th county district are Jerry Clifford, once supervisor of the Tenth Ward, and William Steinfeldt, former 23rd Ward Supervisor. Clifford is said to be the probable choice.

Sex Education Bill On Governor's Desk

Legislation which would delay any compulsory sex education courses until September 1971 has been passed by both branches of the state legislature and awaits the signature of Governor Rockefeller, according to Sen. James E. Powers who reports that he supported the bill.

"I believe that a proper sex education course in our schools would have many advantages", says Powers. "Unfortunately, too many of our parents are either unwilling or do not have the knowledge to undertake the sexual training of their children in their own

home. This absence of parental attention usually means that a child's sex education is received from gutter-minded people accompanied by filthy pornographic literature which inundates our newstands and bookstores".

The bill passed by the legislature stipulates that after September 1971 any school district that desires to initiate a sex education course must hold a public hearing where parents and guardians of children in attendance at the school would be given full knowledge of the nature of the course, says Powers.

Lake Ave. Plans Due For Review

A planning session for delegates of Edgerton Area Neighborhood Association, Maplewood Neighborhood Association, and the Northwest Housing Task Force will be held tonight (Wednesday) at 8 in Ascension Episcopal Church.

"The purpose of this meeting is to receive from the Bureau of Planning all available data on the redevelopment of Lake Ave. and to review the existing conditions of the Northwest area in order to

make projections for specific development of our area", says an announcement from the sponsors: Al Brumber, Edgerton Area Neighborhood Association; John Saxe, Maplewood Neighborhood Association and Tom Shea, Northwest Housing Task Force.

GARDENERS WARNED

With the advent of spring gardening, Dr. Wallace Font, Deputy Director of the Monroe County Department of Health warns homeowners to use extreme caution in the handling of insecti-

cides and fertilizer chemicals. "Read the labels and follow instructions to prevent any possibility of skin contact or inhalation," Dr. Font advised. "Also be careful to keep these agents out of the reach of children and pets."

Dr. Font said improper handling of garden chemicals can cause severe poisoning. He cited the death in December of a 69-year-old Monroe County man, who died of chronic arsenic poisoning through improper handling of a garden product containing arsenic.

**Campaign Manager
Named By Wood**

City Councilman Robert F. Wood has announced that Alan R. Ziegler, 626 Corwin Rd., will act as campaign chairman and coordinator for Wood's re-election campaign this year. Mr. Ziegler is agent supervisor for the Heming Insurance Agency of the Connecticut Mutual Life Insurance Company.

Ziegler attended Dartmouth College and the University of Rochester. He has been active in the Dartmouth Club of Rochester, Boy Scouts and the Community Chest.

LETTERS

TO THE EDITOR:

I wish to comment on an article written by County Legislator John Romano and published in your issue of April 30, wherein he states the City must reduce taxes.

I heartily agree that taxes should and must be reduced at all levels of governing bodies. The escalation of taxes is becoming an unbearable imposition.

May I ask, what was Mr. Romano's line of reasoning when he voted for the onerous increase in the County tax?

Prior to this vote I personally phoned Mr. Romano and pleaded that he consider the plight of the unfortunate, long suffering property owners and all taxpayers. His vote straight down the Republican line for the increase was the answer. It would appear to me that Mr. Romano operates on the adage, "Don't do as I do, do as I say".

Would this belated concern best be explained by the fact that Mr. Romano is running for re-election this coming November?

Record Corrected By Sen. Powers

State Sen. James E. Powers has asked for a correction in his news release printed in last week's Tenth Ward Courier concerning a bill on compulsory sex education in the schools. The measure, passed by the State Senate and Assembly and awaiting action by the Governor, is an amendment to the Speno Bill and not the Jerebeck Bill which is still in committee.

The original Speno Bill, passed a few years ago, mandated State regulation of nutrition, mental and emotional health, family living, disease prevention and control among other things. The State

Education Department had interpreted the bill to also cover sex education and the amendment deletes the section from which this inference was drawn.

However, even if the Governor signs the bill, according to Powers, the State Education Department is free to promote a course in sex education, but it would not be compulsory for any school district.

The Jerebeck Bill would delay compulsory sex education courses until September 1971 and then only after a public hearing. It was not passed by the current legislature.

Wilkin To Run For Legislator

Republicans have named candidates for three of the four county legislative districts in the Northwest area and Democrats now have named two.

Latest nomination is that of Harold (Jeff) Wilkin, who has previously served as Tenth Ward Supervisor, by the Democrats to oppose John Romano, present Republican incumbent in the 28th District.

William Terra, Democratic leader of the 24th Ward, will run against Joseph Esposito, Republican incumbent in the 27th District.

Joseph Ferrara (R) has been named for re-election, with no opponent as yet, in the 26th. In the 29th, although it has not been made official, County Legislator Robert Neilon (R) is not expected to run and the Democrats have yet to make an announcement.

Your Assemblyman Reports

By **FRANK A. CARROLL**
Assemblyman, 133rd District

DEAR FRIENDS AND NEIGHBORS:
We shall not abuse our children nor shall we permit their abuse by society or the violent in our society.

That principle was reinforced by the current New York State Assembly which adopted a unique bill strengthening our legal protections for the abused child.

Essentially, we in the Assembly have said in a strong voice that our society must protect the lives of innocent children from injury and possible death and that we in the Assembly stand ever ready to change the laws of society to assure that protection.

All New Yorkers recoiled in horror at the recent newspaper stories about a young girl who was

brutally beaten after society, in the form of a family court, released that child.

This new legislation permits any physician treating an already abused child to keep that child in detention, under his custody, to protect that child from further abuse by parents or guardians.

We are requiring social service workers and school officials to report any instances of suspected child abuse so that the legal apparatus of society can be brought into action to prevent further abuse.

We have changed the operations of family courts to provide for special proceedings for child abuse cases - - and we have charged the family courts with responsibility for the child's protection.

We have provided for legal representation for this child and made other provisions which bring our law enforcement agencies and officers into the effort to protect this child from abuse.

Our bill, finally, permits the law to remove an abused child from a home upon finding sufficient evidence of the abuse and danger of repeated abuse. This bill further permits the courts to temporarily remove a child from a home in which a parent or guardian is a drug addict.

In sum, this bill marshalls all of the available resources of society into our effort to protect children from abuse, injury and death. And, we have served notice that we are prepared to adopt stronger measures if necessary. I am proud to have been associated with this legislative effort and to have voted for its passage.

Junior-Senior High Subject At Madison

Madison Junior - Senior High School will hold a secondary school redistricting meeting next Monday, at 7:30 p.m. in the school auditorium. All parents and teachers of schools 2, 3, 4, 17, 21, 29, 44, and Madison are invited and urged to attend and learn how redistricting will effect them and their students. This is similar to a presentation made to all other parents and teachers previously by City School District administrators.

Parents, teachers, and administrators of parochial schools in the Madison area, and all area churches, are invited to attend and participate. All area churches, schools, and community organizations are encouraged to extend this invitation through their own advance flyers and other communications.

Madison students and adult residents of the area are also invited.

Those who attend the meeting will have an additional opportunity to participate in an opinion poll provided by Madison's PTSA/CC. The committee will tabulate the polled information and use it to "voice your opinion officially" to the City School District and Board of Education.

This public service informational meeting is being arranged -- in cooperation with the City School District -- by Madison administrators, the PTSA/CC committee, and area PTAs and parents' groups.

JEFFERSON DELAYS POLL RESULT NEWS

Announcement of Jefferson High's opinion poll results were delayed until after the city's budget hearing. It is being presented to the City School District's superintendent and the Board of Education this week. Results will appear, for the benefit of participants, in the next issue of this community newspaper.

MAPLEWOOD Y HONORS OUTSTANDING YOUTH

County Legislature Candidates Listed

Nomination by the Democrats of William F. Petrella and Jeremiah Clifford by the Republicans as opponents in the 29th District has completed the slates for the county legislature in this area. Previously it had been announced that John Romano (R) and Harold (Jeff) Wilkin (D) would fight it out in the 28th; and that Joseph Esposito (R) and William Terra (D) would oppose each other in the 27th.

Romano, who is running for reelection, has also won a place on the Conservative ticket, according to Leo Kesselring, county Conservative chairman.

Clifford, former Tenth Ward supervisor, ran for City Council last year. He replaces Robert P. Neillon, the incumbent from the 29th district who has declined renomination. Neillon has opened a new law office and will devote all his time to his law practice. He is also serving as majority leader of the county legislature during his term of office.

Petrella, running for office for the first time, is a 23rd Warder but has a business in the Ninth Ward. He is president of the Keystone Window Company, 619 Lake Ave. He is vice chairman of the 23rd Ward and County Committee and resides at 4489 Lake Ave.

Children's Work To Be Displayed

John Warrant Castleman School No. 40, in LaGrange Ave, is presenting its second annual festival of the arts tonight. Exhibits in the school foyers at 7 to 7:30 p.m. will include a display of children's work done throughout the year in the field of creativity.

Children accompanied by their parents should be in their seats by 7:30 in the school auditorium for an operetta "New Dimension in Music", a fashion show and the children's choir in a medley of tunes by Hans Christian Anderson.

Next Post-Courier To Appear Monday

The issue of the Post-Courier due next week will be mailed to reach the homes on Monday, instead of the customary Wednesday. This is due to the Memorial Day holiday which falls on Friday. All copy must be in our office no later than tomorrow (Thursday).

Festival Poster Contest Winners

First prize in the Holy Rosary June Festival poster contest went to Frank Barber, an eighth grader; second to Jeannie Powderly, sixth grader; third to Barbara Joseph, eighth grader.

Father Meng has asked Father Hickey to lead the Holy Rosary parishioners in an all out effort to make this year's event the best yet. The ticket committee, headed by Ed Carroll and Jack Perrotti, is working steadily toward the closing dates of June 6 and 7.

The general committee headed by Augie Placito and his co-chairman Clem Salber have appointed all of the captains for the various booths. These are Bill Blake, John Izzo, Mrs. Dan Magee, Bill Dady, Joe Flynn, Manny Vella, Tony Lucigna, Mrs. John Perrotti, Joe Attinasi, Mr. and Mrs. W. Merkle, Tony Masorti, Patty Vella, Kathy King, C. Cornish, Ed King, Mrs. W. Mykins, and a famous chef named Vito.

A few past chairmen like Paul Georger, John DiNolfo and Ben Camelio will be drifting around the grounds helping out anywhere and anyone they can. That young grey-haired fellow, always in the center booth with all the information, will once again be Frank Davis.

Because of the ever-increasing cost of keeping the parish and school alive and up-to-date, the workers unanimously voted to forego any party. Like last year, all the money realized from this event, will be completely turned over to the Church fund.

Pentecost Event At Grace Church

Several hundred youth and adults of the neighborhood will gather next Sunday at Grace United Methodist Church for a celebration of Pentecost. It is planned as a combination of old and new forms of celebrations and it will be lively, say its sponsors.

Bat McGrath and Don Poetter, two locally well-known folk singers at The Alley, will be featured in this hour-long gathering. In addition, a large folk group from Aquinas Institute will lead singing and the Sisters of Nazareth Academy Convent are preparing a "surprise". Local youth are now assembling a printed collection of their writings to be distributed, others are making collages and some are preparing their own movies for presentation.

Sponsor is the Area Youth Ministry and the churches of the Northwest through their ecumenical ministries board, NEM. Adults are especially encouraged to join the youth in this event. Grace United Methodist at 121 Driving Park Ave. will be the scene, beginning at 7:30 p.m. Dress is informal.

RETIRED CLUB TO VISIT PLANETARIUM TUESDAY

The Retired Club of Dewey Ave. Presbyterian Church meets next Tuesday, May 27. Each one brings his own sandwich. Dessert and coffee are served by the committee. Lunch will be at 12 o'clock noon so that the members can leave at 1:30 p.m. for the Planetarium.

The show which will be seen by the Retired Club is new this month and will be the same until July. It is expected that rides will be available to the Planetarium from the church. All members of the church are also welcome to attend.

PLAYS SCHEDULED AT DEWEY CHURCH

A dramatic presentation by the Laymen's Theater is scheduled Saturday and Sunday nights, May 24 and 25, at Dewey Ave. Presbyterian Church. Curtain is at 8 p.m.

"The Apple Bit" by Norman Dietz and three short plays from "Exodus and Easter" by Robert Hock and Fred Silver will be staged. Admission is \$1.00 for adults and 75 cents for students.

Churches Holding Arts Festival

The public is invited to take part in an arts festival at Christ Presbyterian Church on Sunday, June 8. It is heralded as "a sharing of creative expression."

Sponsors are Christ Presbyterian, St. Anthony's and Lake Ave. Baptist.

Everything from painting and sculpturing to handiwork and baking will be on display and people in the neighborhood of all denominations are welcome to submit displays and to take part.

As one of the unique features of the festival neighborhood wine makers will be offered an opportunity to have their homemade wine tasted and tested and to compete for a "reward". Professional testers from Eber Bros. and Widner Wines will be present at 4 p.m. on June 8 to be the judges.

The committee working on the festival will offer assistance to those who need it. Two workshops will be set up, one on May 24 from 1 to 3 p.m. and the other on June 7 from 1 to 5 p.m., at the church. Further information is available from Judy

White, 458-2620 or Jan Hopkins, 458-3321.

A resources staff has been set up consisting of Mrs. White in charge of art; Mrs. Hopkins, drama; Mrs. Jane Booher, music; Mrs. Gail Magro, dance; Frank Valenza, photography; Mrs. Gert Botsford, handiwork; Mrs. Evelyn Dingwall, workshops; Ken Hopkins and Alex Watkins, woodcraft.

Seeks Consultant For Neighborhoods

City Councilman Robert F. Wood said this week that a greater effort must be made by city government to improve communications between neighborhood associations and City Hall and thereby enable government to be more responsive to the needs of neighborhoods.

"A position of neighborhood relations consultant should be created in City Hall", he said, "The function of which would be to meet on a regular basis with neighborhood associations, to make City Hall more accessible to neighborhood representatives and to bring government closer to all neighborhoods in the City of Rochester."

"Such a neighborhood relations consultant should attend all zoning hearings and other meetings of administrative bodies of government in order to keep neighborhood associations informed of zoning board decisions and to further assist such associations with their problems."

Edgerton Pound Is Eliminated

Councilman Andrew G. Celli announces that the new city auto pound behind the Main Street Armory is completed and cars towed from city streets by police order are being taken there instead of to Edgerton Park.

Celli said the Police Bureau and the purchasing agent plan to auction cars at Edgerton Park to reduce the inventory before that pound is closed and eliminated.

Meanwhile, legislation was sub-

mitted to the city council to provide the first improvement in Edgerton Park under an administration-sponsored development program. A bond ordinance providing \$325,000 for construction of a new bureau of recreation maintenance building was introduced.

The new maintenance building ultimately will be screened and so constructed as to be an asset to the area, states Celli, and the pound will be eliminated.

GLASSES FOUND

A pair of men's glasses with gunmetal gray frames in a black carrying case was found last week in Lapham St. The owner may claim them from Mrs. Robert J. Brophy, 157 Lapham St., phone 254-6131.

ALMOST 70,000 motor vehicles were involved in fatal highway crashes in 1968. Of these, more than 55,200 were private passenger cars, according to The Travelers Insurance Companies annual statistics.

City Promises Aid To Northwest Area

A meeting of city officials and neighborhood groups, said to be the first of its kind but an indication of more to come, was held last Monday in the Flagship Hotel.

All city department heads including City Manager Seymour Scher attended the gathering which was to consider problems in the Northwest area of the city. The meeting was organized by Councilman William J. Malley.

Three local groups were represented by about 30 people and all expressed their satisfaction at the reception and sympathetic treatment by city officials. One of the things that pleased them was the presentation of a detailed study of this area prepared by the city and given out at the meeting.

The Maplewood and the Edgerton Neighborhood Associations were represented as well as the Northwest Housing Task Force. Most of the city department heads spoke briefly and the neighborhood spokesmen were John Saxe, Ken Hopkins, Rev. Robert Booher and Rev. Charles Taylor.

One result of the meeting is the formation of five special purpose committees locally to consider traffic, housing, public safety, recreation and beautification.

Maplewood and Northwest Housing delegates are meeting again Wednesday night at the home of Ray Kicklighter, 59 Park View, to take up the offer of the city on cooperation, to go over it point by point and get the committees appointed and active.

"LATIN AMERICA" THEME OF FESTIVAL

"Latin-America" is the theme of the 1969 Holy Apostles' Summer Festival which will be held on Friday and Saturday, July 11 and 12 on the school grounds at Lyell and Austin.

Planning this event are Fred Stadtmiller, general chairman assisted by Gerald Johnston, co-chairman; Charles LaVerde, ticket chairman; David Billings, co-chairman; and Father Eugene Weis, moderator.

A MESSAGE FROM THE PUBLISHER

Third Class Postal Rates Going Up Again - July 1st

Your neighborhood newspapers find themselves confronted with another increase in mailing cost--a regular occurrence during the past few years.

We have appealed to Congress, through Rep. Barber Conable, Jr., for relief, but he informs us that there probably will be no exceptions to the third class increase--EVEN THOUGH ONE MERITS IT.

We have established the fact that it costs considerably less to handle our papers than the general run of third class mail, to no avail.

Our only alternative is to seek more Voluntary Subscribers. A large proportion of those who subscribed last year have renewed for 1969--and there have been some new ones. But we will need at least 1000 more to help pay for the increased mailing cost.

We will continue sending our newspapers to all the homes, regardless of payment of the \$2.00 or not, as long as we can.

Names and addresses of all who subscribe will be printed in our news columns as our way of saying thanks.

Scher Answers On Housing Complaint

Lack of concern by the city in matters of housing and too much political bickering, charged by the Northwest Housing Task Force has brought a strong reply from City Manager Seymour Scher.

"I share your concern over the obvious need for more low- and moderate-rent housing, both in the city of Rochester and in the towns of Monroe County", wrote Scher to Thomas G. Shea, Northwest Housing Task Force chairman. "I do not agree with your description of this administration's record in the field of housing. We both agree

that we need more, but you must not be led astray by politicians or others who carelessly have labeled our progress since 1962 as 'miserable'. That is simply not so".

Scher went on to cite specific examples of what the city has done in cooperation with many groups. He cited an analysis of the Rochester situation by U. S. Housing and Urban Development Secretary George Romney with a total of 11 projects and 1,199 units under financial assistance contracts executed with the Rochester Housing Authority.

**Films To Feature
No. 41 PTA Event**

At its final PTA meeting of the year, Kodak Park School No. 41 parents, teachers and children will get together in the school auditorium to present their film festival on June 3 at 7:30 p.m.

Over the past several months, No. 41 PTA, teachers and pupils, Eastman Kodak and the General Electric Co. have combined their efforts in an experiment to prove an old Chinese proverb - "one picture is worth a thousand words."

The film program, featuring pictures taken by No. 41 School children, was planned to give children a chance to show parents and teachers a small part of a child's world.

According to the PTA program chairman, Mrs. Paul Pierce, "Our thought was - suppose we put cameras into the hands of our children? If they could show us a little of the world as they see it, instead of telling us about it, could we not become a little more familiar with them - and possibly with each other in the process? Would it bring us closer to an understanding of our mutual problems, and give us a better chance to solve them?"

Along with the children's snapshots and slides, there will be a few candid camera shots of PTA in action and various school functions throughout the year.

The new slate of officers for 1969-70 will also be installed at this meeting. Refreshments will be served.

Cleanup Rated Big Success

The spring cleanup in the Charles House area last week was pronounced a "big success" with householders really "piling it up". Then last Saturday, young people of the neighborhood, 10 years old and up put on the finishing touches by going through the area cleaning up lawns, carting away litter and putting a considerably better face on the community. The grownups were praised for their efforts and the kids were treated to pizza and pop at the Charles House in Jay St.

Legislators Happy About Capitol Trip

All four county legislators in the Northwest area and a fifth man who is a candidate were enthusiastic about the recent bus trip to Washington, D. C. which county officials made in the interest of "Operation Tax Cut", as they labeled it.

Despite some criticism from Democrats, the legislators, all Republicans, feel that an impression was made on the powers-that-be in the nation's capitol. Their principal purpose was to petition forcefully for legislation and a change in policy which will return to New York State a fair share of federal tax monies, in the words of County Republican chairman Richard M. Rosenbaum, who led the bus-lead of legislators on their two-day journey. "Everyone with whom we conferred was interested in what we had to say, and in my opinion was impressed with our petition for a better break in behalf of the residential real estate taxpayers of Monroe County", says Rosenbaum.

Local legislators who made the trip at their own expense were: Robert Neilon, John Romano, Joseph Esposito and Joseph Ferrari and Jeremiah Clifford who will be running for Neilon's 29th District seat this fall. They all reported sympathetic and cordial treatment. They met and talked with at least 14 top-ranking government officials, including L. Story Zartman, and Herbert Klein, assistants to the president; Daniel P. Moynihan, President Nixon's advisor on urban affairs; and Robert Finch, U.S. secretary of health, education and welfare.

It is the contention of the local Republicans that the federal government, operating under a depression-era formula, returns only five cents of every dollar sent to Washington each year. "If Washington would return ten cents on the dollar, we could eliminate property taxes throughout the state", according to Rosenbaum.

Holy Rosary Festival Friday and Saturday

The Holy Rosary Church parking lot in Lexington Ave. will be a busy scene Friday and Saturday nights (June 6 and 7) when several thousand men, women and children are expected for the annual parish June Festival. Only fair weather is needed to guarantee a fun-packed weekend for those who attend and a profitable fund-raiser for the church's program.

The usual carnival atmosphere will prevail with some 25 booths offering attractions ranging from dolls, cake and candy to a kiddie-land complete with fish pond and pitch games. Men of the parish will be there as promoters for each of the concessions.

The food and refreshment stands, always a highlight, will be well stocked with such goodies as pizza, hots, ice cream and cake and you name it. A famous chef, Vito, will be in charge of this department, assuring complete customer satisfaction.

The festival grounds will be open both nights from early in the

evening until dark and there will be no charge for admission.

A large committee has been working for weeks to make the festival a success under the chairmanship of Augie Placito and his co-chairman, Clem Salber.

Praises Teachers At Precious Blood

School Commissioner Dorothy Phillips praised the job being done by principal, Sister Anna Maura, and the staff at Most Precious Blood School following her visit to the school on May 27. Closing of the school was threatened last year because classes were organized as mixed grades. Sister Anna Maura spent a summer session in Hilton studying techniques which resulted in the present operation of the school.

Mrs. Phillips stated that the imagination and creativity shown by the staff at Most Precious Blood School could serve as a model of techniques which might prove helpful in the public schools. The utilization of staff, team teaching, and independent study demonstrated at this school answer many needs of all schools today.

**Swimming Pool Precautions
Outlined By Red Cross**

Families who count a swimming pool as part of home are given tips by the American Red Cross on how to make the private pool a place of pleasure and not a place of discomfort or even tragedy.

"This is the time when you will want to clean winter debris out of your pool, have your purification system put in working order, and make sure that there are safety times at the poolside", said Al Justus, local director of the Red Cross safety programs.

These precautions, Justus said, will help keep the home pool a safe and enjoyable place for the family and friends:

1. Consult your local health department about pool sanitation. Know how to test for purity of water and how to maintain good chemical balance.
2. Be sure that the pooldeck is as slip-proof as possible. Rough cement or small tiles make a safer surface.
3. Clearly mark the shallow and deep parts of the pool with buoy lines.
4. Allow no one to swim alone.
5. Provide supervision for youngsters at all times.
6. Fence the pool and include a gate which can be locked when the pool is not in use.
7. Make provisions for shade so that the pool users can get respite from the sun.
8. Install a home pool safety post with a ring buoy, reaching pole, and a list of emergency phone numbers. Your Red Cross Chapter can provide a poster which gives the specifications for setting up the post.
9. Keep a First Aid Kit on hand.

10. Be sure that some member of the family knows how to administer first aid; especially artificial respiration. Your Red Cross chapter can tell you when its next first aid course is scheduled.

11. Do not allow running or horseplay around the pool.

12. Do not allow bottles or glassware around the pool.

13. A diving board can be a hazard. Caution swimmers to stay away from the area directly in front of the board.

14. Free swimming instruction is available through your Red Cross chapter. It also can provide you with the illustrated booklet, "Teaching Johnny to Swim", which will give step-by-step information for teaching very young children to swim.

**BI-MONTHLY READINGS
FOR R.G.&E. BILLS**

Starting in July, Rochester Gas & Electric will read residential gas and electric meters every other month. All customers however, receive a regular monthly bill. In the months when meters are not read, customers will receive a calculated interim bill based on actual usage.

Francis E. Drake, RG&E chief executive officer, stated that bi-monthly readings will be a convenience to customers and will help RG&E combat the rising cost of doing business in New York State. He cited as an example the \$2,000,000 increase in RG&E's state and local taxes in the past 12 months. Drake further stated that, along with other economies, he hopes the new procedure will help hold the line on present rates.

YMCA Announces Summer Program

The staff of Maplewood branch YMCA announces its summer youth programs for 1969, designed to provide a fun-filled experience for boys and girls. Camping, tennis swim instruction, family swim, outdoor gym classes, teen canteen and a special program for high school graduates who plan to attend college in the fall are on the program.

There are three camping opportunities: Frontier Valley Day Camp, Camp Cory (Keuka Lake), and Camp Gorham (Dart Lake).

The junior and teen tennis programs offer tennis instruction, play, tournament competition and tennis team in addition to swimming and other outdoor activities. YMCA swimming instruction is provided in several categories: Boys 8 and up; small fry (boys 6 and 7 and girls 6 through 12); tiny tots (boys and girls 4 and 5). There is also a family swim four evenings per week for YMCA members and their families.

Outdoor gym classes are held each Saturday morning starting at 9 a.m. and are followed by a dip in the pool.

The teen dance program will be

held regularly the first and third Wednesdays of July and August. Local bands will be on deck to provide swinging summer evening entertainment.

A special program offering will be the "How To Study in College" course sponsored by the Maplewood branch YMCA and taught by Purdue University. The course will be taught Aug. 18 - 22 from 7 to 9 p.m. and is designed "to assist college bound high school senior in making the transition from high school to college a positive rather than a negative experience". The course will deal approximately 80% with study skills and 20% with adjustment to college.

"Adequate and well-trained leadership is a pre-requisite for YMCA program", says Orlan Wilber, Youth Director at Maplewood. Stop in and sign up now. Further information regarding summer program may be obtained by calling 254-5250.

Cenacle Offering Prayer Weekends

The Cenacle Retreat House will sponsor a prayer weekend, June 6 to 8, entitled "The Contemporary Woman's Encounter with God", the weekend is referred to as "an experience in prayer" - including films, discussions and time for private prayer and silence.

Small prayer groups, meditation and participation in the liturgical hours will be part of the program. The weekend will also involve some discussion groups on the theme "Finding God and praying to Him in the Market Place". Further information is available from Sister Clara Lill at the Retreat House, 693 East Ave., or at 271-8755.

"Y" Day Camp Now Enrolling

Frontier Valley Day Camp, for boys 7 through 13, was founded in 1947. Operated by the YMCA, it serves youngsters living in Rochester and Monroe County towns located west of the Genesee River. The camp, covering 103 acres with boating on Black Creek and swimming in a large L-shaped pool, is on Route 19 in Bergen. Campers may enroll at Maplewood or any other YMCA branch. Director of the camp is Donald M. Clark of Brockport, a school teacher.

Arrival of Twins Surprises Chafers

Twin girls came as an unexpected surprise on May 6 to Mr. and Mrs. Richard Chafer of 143 Rand St. The twins, who weighed 3 1/2 and 4 lbs at birth, were named Susan Leanne and Sharon Lynn. They are presently in the premature nursery at Northside Hospital but are hopefully expected to be home this week.

The Chafers have one other daughter, Kimberly Ann, who celebrated her first birthday just 11 days after her tiny sisters were born. Mr. Chafer is employed by the Rochester Gas and Electric Corp. and Mrs. Chafer is a former nurse at Northside.

GRAND SLAM FOR BASEBALL MOTHERS!

As "Play Ball!" signals the beginning of a new baseball season, millions of Little Leaguers are pulling out bats, mitts, and uniforms and rushing off to answer the call. To millions of mothers, however, "Play ball!" means a new series of battles with grass stains, mud and dirt, perspiration and grime. Junior may be the hitting star of his team, but his uniform strikes out in the laundry!

To smart mothers, however, who are making the modern enzyme pre-soak a permanent part of their laundry routine, baseball uniforms and practice clothes now pose no threat. Laboratories have developed the modern enzyme pre-soak to attack stubborn grass stains and ground-in dirt and grime so that they simply wash out afterwards in the regular laundry.

The Axion laboratories report also that because enzymes work on stains and not on the fabric, pre-soaking is as safe and as effective for Dad's best shirts and mother's delicate washable blouses as it is for that baseball uniform. And the Axion "brighteners" work during the pre-soak period to get whites whiter and to bring out new brightness in colors.

So while Junior is breaking .500 on the ball field, Mother doesn't have to strike out in the laundry. Today's 30-minute enzyme pre-soak will guarantee a grand slam every washday!

CROSSING BETWEEN intersections was responsible for 40 percent of the pedestrian deaths in 1968, according to annual figures compiled by The Travelers Insurance Companies. More than 9,600 pedestrians were blamed for their own deaths last year.

Outdoor Dining Popular Pastime in New York

If you're planning a visit to New York this summer, join the natives in their new summer pastime—dining out-of-doors.

Three outdoor restaurants are especially popular.

Rockefeller Center's famed

ice skating pond has been transformed into a delightful summertime restaurant—the Promenade Cafe. Superb cuisine is featured and an orchestra entertains for lunch and through late supper.

The Fountain Cafe in Central Park is located by the

beautiful Bethesda Fountain on the lake. The versatile menu offers a wide variety of hot and cold dishes, cooling drinks and dessert specialties. Music here is courtesy of the birds.

The Tavern-on-the-Green, also in Central Park, is right

next to the bridle path. Here you can enjoy gracious dining, followed by dancing under the stars. Many diners arrive by bicycle and even horse-drawn carriages!

For a free folder on New York's many summertime attractions, write to Roger Martin, Restaurant Associates, 1540 Broadway, New York, New York 10036.

Services For Elderly At St. Ann's

Day Services, the newest program at St. Ann's, started on Nov. 4, 1968 and has proved to be meaningful for the ten elderly men and women who spend every Tuesday and Thursday at the Home. Although these people live in their own homes alone or with married children and wish to remain there, they enjoy the companionship of other older persons and some of the activities they do not or cannot have at home.

A typical "Day Service Day" starts around 10 a.m. with a coffee hour and a lively discussion on many topics of interest to the group. The day's activities are planned by the members themselves who have a choice of visiting, recreational activities, arts and crafts, or religious services. Counseling is available for those who need it. Most of the morning is spent talking together. After a hot lunch in the Home's dining room, some are eager to start a euchre or pinnole game, two or three hurry to the occupational therapy department to make something like an ashtray, a dog or cat

of yarn or a scarf, one may go to visit a friend who resides in the Home's infirmary and another just sits smoking his cigar enjoying the activity around him. Once in a while there is a travelogue, a lecture, a band concert or some other entertainment provided by an outside group. The day ends around 4 p.m.

although for some both arrival and departure times vary considerably depending on transportation arrangements which are the responsibility of the participant or his family.

Permanent resident of the Home assist with the program by acting as hosts and hostesses and by filling in a foursome for cards. They are welcome to join the day residents for most of their programs and have become a real part of the day's activities.

It is expected that this program will grow because there are many elderly persons living in the community who want and need meaningful activity and companionship and at this pleasant time of year no longer have to battle inclement weather. Anyone interested is asked to contact the Social Service Department (342-1700) for an appointment to discuss the program in greater detail and make formal application if this seems indicated.

Library To Show Children's Films

Dewey Avenue Library will have a showing of films for older children (grades 5-8) on Wednesday, June 11. The theme will be art, with one serious film, "This is Ben Shahn", and two funny films, "Day of the Painter" and "Why Do You Smile, Mona Lisa?" making up the program.

The program will begin at 3:30 p.m. and run for about one hour. Any adults who wish to attend are welcome.

On Friday, June 27, there will be a film showing for younger school age children. The program will be "The Red Balloon" and will begin at 2:30 p.m. No preschoolers will be admitted.

MEN'S SWIM CLASSES STARTING AT "Y"

A ten week men's beginner swim course is being offered at the Central Branch YMCA, 100 Gibbs St. on Tuesdays, starting June 24 and ending Aug. 26. An afternoon class will be scheduled from 2 to 3 and an evening class will be scheduled from 8 to 9. Skills taught will include front glide, bobbing crawl stroke with breathing, survival swimming and other skills.

No. 41 Picnic Next Monday

John Warrant Castleman School No. 40 is having its family picnic rain or shine, on Monday, June 9, at 5:30 p.m. at Seneca Park, Shelters 2 and 3 (by the pond on the road past the zoo). Each family is asked to bring a dish. All children should be accompanied by an adult.

This event is sponsored by PTA who hope that each family can turn out "to join old friends, make new ones, and have a wonderful time".

Social Security Information

A record \$8 1/2 million in social security benefits was being paid monthly to residents of the Rochester area at the end of December 1968, an increase of 16 percent above the amount payable at the end of December 1967, according to Joseph Tomaino, District Manager for Social Security.

"Throughout the country, monthly benefits payable at the end of 1968 amounted to nearly \$2.1 billion, some \$350 million higher than at the end of 1967," Tomaino continued. "Approximately three-quarters of the increased monthly amount resulted from higher benefit rates authorized by the 1967 Amendments to the Social Security Act. The remainder of the increase was simply due to a greater number of beneficiaries." By the end of May 1969, Social Security will be paying monthly benefits to more than 25 million people-1 out of every 8 Americans. Although retired workers comprise the largest group of beneficiaries, nationally, almost one-fourth of all people receiving benefits are under 60. There are currently more than 3.8 million children and 5 million young widowed mothers receiving payments. Yet the public continues to think of Social Security as a program for old people.

In the Rochester area, of the 87,496 people receiving benefits in December 1968, 14,573 were under age 60. That figure breaks down into 7,555 under 18, 1,574 between ages 18 to 21, and 5,444 between ages 22 to 59.

Some students would have been unable to continue their education were it not for the 1965 Amendments to the Social Security Act which extended survivors' and dependents' insurance benefits to students until their 22nd birthdays. In 1968, that provision resulted in continuing benefits for 470,000 students.

Monthly payments to the family of a worker who dies leaving a widow and two or more children range from \$82.50 to \$434.40 a month, depending on the worker's average earnings under Social Security. Payments to the young family of a worker who dies at an early age could total as much as \$85,000 to \$100,000.

Tomaino also pointed out that at the end of 1968, approximately 90 percent of Americans 65 and over were either receiving cash benefits or would have been eligible for such benefits if they or their spouses had not been working.

In terms of Medicare, almost all people in the country 65 or over are eligible for hospital insurance benefits. Likewise, 95 percent of all older persons in the country have elected coverage under the voluntary supplementary medical insurance plan, which pays physicians' fees.

**Councilman Proposes More Notice
On Hearings For Zone Changes**

Councilman Stephen May introduced at last week's City Council meeting legislation to require that notices of Council public hearings on proposed zoning changes be sent to all nearby property owners.

He said present procedures are unsatisfactory because almost no one sees the required legal notice in the newspapers and informal notices sent as a courtesy by the City Clerk go to only a few people and are often received only a day or two before the hearing.

May's proposals were offered in two alternative forms.

One would bring notification requirements for zoning change hearings before City Council in line with those required for Zoning

Board of Appeals hearings or zoning variances and special exceptions. This would require that notices be mailed 10 days in advance to all property owners within 200 feet of the property.

May said he personally favors a second approach which would require that notices be sent 20 days in advance to all property owners within 500 feet of the property scheduled for a Council hearing. He said this amendment, which is similar to his earlier proposal for more liberal Zoning Board notification, would give residents a better chance to prepare their views and would involve all people really affected by proposed zoning changes.

Both proposals, May pointed out, contain a "saving clause" stating that if the City Clerk erred and failed to notify every required property owner, it would not affect the legality of the Council's decision.

"Zoning changes involve much more serious and far-reaching decisions than those which come before the Zoning Board", May said. "We must make certain that all citizens who may be directly affected know about the public hearings in plenty of time to marshal their arguments and plan an appearance before the City Council to express their opinions."

Junior High Plan Loses In Poll

More than half the people of the Jefferson High School area registered opposition to the junior high concept in an opinion poll on the re-districting and re-structuring of public secondary schools. The survey was conducted by the Jefferson PTSA/CC committee, following a meeting attended by about 500 parents, teachers and students.

Those who filled out the questionnaire registered 117 opposed; 16 in favor and 80 with no opinion. On the question of continuing Jefferson as a junior-senior high, 128 said yes, 50 said no and 35 had no opinion. On the proposal to enlarge Jefferson to provide a new junior high building on adjacent property there were also 128 votes in the affirmative, 40 opposed, 44 no opinion.

The PTSA/CC will convene next in the latter part of September.

LETTER

TO THE EDITOR:

The #43 School and Jefferson Junior Senior High School Committee wishes to thank all the concerned parents and citizens of the community who signed our petitions which were presented to the Board of Education. A total of 2148 signatures strongly urged the Board of Education to maintain the community status in our schools, to improve the quality of education and deplored the mass movement of a great number of our children to intended schools as presented in the options by the Superintendent.

The Committee also expressed to the School Board that as area residents we feel that we cannot accept and will not accept the removal of our children out of this

Marshall Awards 3 Scholarships

Matthew Hoffman, principal of John Marshall High School, announced today the names of the first three winners of the new Marshall scholarship awards - three present seniors: They are Susan Bliss, Stephanie Celento and Cynthia Wiegale.

They are chosen by a committee, consisting of the principal, faculty members and representatives of community groups, including the Northwest Kiwanis.

Funds for these awards have been collected over the past few years from many sources, including gifts and bequests from friends and alumni.

Special thanks are due to Mr. and Mrs. Anthony D'Amada for their generous support in memory of their late daughter, Christine, a member of the class of 1969, says Mr. Hoffman.

Sue expects to attend Brigham Young University in Utah, Stephanie will study at Monticello College in Illinois, Cynthia will enter the nursing program at Monroe Community College.

It is the hope that over the years the scholarship fund will continue

to grow so that more worthy students may be helped to further their education. All interested persons, including parents, relatives, faculty members, alumni and friends of John Marshall High School are encouraged by the committee to remember this fund when considering gifts or bequests.

WEIGHT CLASS STARTS AT HOLY ROSARY

"Losing pounds gradually and sensibly by means of using gourmet recipes" is the claim of Diet Workshop which is starting a class in weight reduction at Holy Rosary School Hall next Wednesday, June 18. The first night will be open house, free to the public and starts at 8 p.m. There will be no fee for those who do not wish to join.

The Rosary Guild is sponsoring the workshop for men, women and teen agers. An experienced group leader conducts the meetings, but no medical advise is given and no group therapy is attempted. Recipes are given out for such delicacies as pizza and frappes, but these go "hand in hand" with the diets given out each week.

Further information is available at 473-1555.

The Board was also told that as parents we are willing to discuss plans which will benefit our children. If the board feels that we do not have the right to be part of the planning on where our children attend school, then we are prepared to take further steps to keep these children in schools which are part of the neighborhood in which we live as community residents.

Folk Mass At Ascension

A Folk Mass will replace the traditional Eucharist setting at the Episcopal Church of the Ascension on Sunday, June 22, at the 10 a.m. service. Mrs. Gerald Gibson, choir director and organist, will direct the music of the Mass which was composed by the Rev. Bruce Lederhouse, Curate at St. Luke's Church, in collaboration with Herbert Draesel.

One of the stated purposes of performing this 20th Century service is to help integrate the young people and the adults of the parish, both of whom will have active parts in the service. The Senior Choir will sing assisted by the following instrumentalists: Richard and David Scudder (father and son) on the folk guitar; William White on the banjo; and Richard and William Frear on the electric guitar. The congregation will be encouraged to participate also.

County Providing Swim Facilities

Swimming pools at John Marshall High and at Charlotte High will be open to the public during July and August under County sponsorship. County Legislator John J. Romano, who introduced the necessary resolution, says he is happy that children as well as adults of this neighborhood will have these swimming facilities available to them in lieu of Lake Ontario beaches which are closed due to pollution.

"The County is renting the two pools from the City at a cost of \$5,040 and is supplying the necessary lifeguards", says Romano. "I thought this would provide a much-needed recreational facility for the people during the hot summer months."

Tentative hours, starting July 1, will be Mondays thru Fridays 9 to 4, evenings 6 to 9, Saturdays 1 to 4.

GARAGE SALE

Primrose TOPS is holding a combined garage sale and a baked food sale on Sunday, June 22 at 273 Emerson St. from 10 to 5. All types of household articles and clothing for the whole family will be available.

Park Fee Increase Irks 2 Candidates

Harold "Jeff" Wilkin and William Petrella, Democratic candidates for the County Legislature in the 28th and 29th legislative districts, characterized as "frightening" the increased park's fees adopted by the Monroe County Legislature. In a joint statement, they said that "The necessity to increase fees charged to users of our county parks less than six months after a county real estate tax increase which exceeded 50% is cause for serious concern regarding the financial condition and spending habits of our county government".

Fees for cabins were increased by between 100% and 150%, and picnic shelters which were increased by 100%, they pointed out. "While not opposed to the concept of user charges for such facilities, we were seriously concerned about the fact that even a 50% tax increase had not been sufficient to satisfy the spending habits of the present county administration".

Petrella and Wilkin condemned the fact that park users were going to be taxed to finance other county functions. They added that "What is really frightening is the prospect of the kind of tax increase we will be facing in the new county budget which will be announced after election day, if this kind of 'tax' increase is needed less than six months after the last 50% tax increase".

Picnic June 24 For Retired Club

The Retired Club of Dewey Ave. Presbyterian Church will hold its annual picnic on Tuesday, June 24, at Powder Mills Park.

The picnic will be held rain or shine. Powder Horn Cabin has been reserved for the day and it is furnished with an electric stove and fireplace so it will be ample no matter what the weather.

The lunch, consisting of hamburgers and hots, potato salad, baked beans, other salads, coffee, tea and cake will be served at 12 o'clock noon.

This event will be an outstanding affair as some surprises will be in store for those attending, promises the committee.

Those needing rides will meet at the church at 10:30 a.m. to be picked up there. For those driving, although Expressway 490 is in a state of repair it still is the easiest way to reach the park. Advise is "when entering the park follow Park Road along past the fish hatchery and office and Powder Horn Cabin to a new cabin on the right at the bridge crossing the creek."

NASA Spacemobile To Visit School 30

The Rochester Recreation Bureau will host a special lecture and spacemobile display by the National Aeronautics and Space Agency on Friday afternoon, June 20, at No. 30 school center, 36 Otis St. from 3 to 5.

Films, spacesuits, authentic scale models of space launch vehicles will be shown. Questions

and interesting information regarding the Apollo (July) moon-shot, and training of astronauts will be highlighted by William Fay, faculty member of the University of New Hampshire and on loan to the Space Agency.

Children and adults alike are invited to attend the most interesting session. Admission is free.

Humanize Buildings Urges Councilman

Delegates to a national conference of building officials were urged recently by City Councilman Stephen May to take the lead in "humanizing" building codes and buildings to increase accessibility to the handicapped. Most codes and structures are designed for the so-called "average person" May noted, and fail to take into account the one out of seven Americans who have disabilities limiting their mobility.

Addressing a meeting of the Building Officials Conference of America at the Sheraton Hotel, May said architectural barriers to the handicapped can be lowered through legislation and by persuading government and business leaders to adapt existing buildings. A key to progress, he continued, is educating an "apathetic, oblivious public" to the fact that the 15% of the population who rely on wheelchairs, crutches and canes to get around are denied mobility and independence because of man-made barriers in many structures.

He cited Miss Joanne Keyser of 575 Augustine St. as an example of an extremely courageous and talented person who utilizes a wheelchair and is thus denied access to many buildings in the Rochester area.

Council Meetings In Neighborhoods?

City Councilman Robert F. Wood has renewed his plea for additional City Council meetings to be held in neighborhoods and throughout the summer for the purpose of affording people the opportunity to speak to the City Council, ask questions and to become better informed as to what is being done in and about their neighborhoods. Wood introduced a resolution at the June 10 council meeting which calling on the Mayor to schedule additional informational City Council meetings to be held in various neighborhoods throughout the City, and in addition calling upon the City Council to meet on July 22, 1969 and Aug. 26, 1969 in the council chambers for the same purpose. The City Council only meets once a month during the months of July and August.

Wood said, "The report of the National Advisory Commission on civil disorders recommended some time ago that local government and City Councils, in particular, should make themselves more accessible to all people, to listen to their problems and to help people find solutions. I do not believe that the City Council of the City of Rochester is doing enough in this regard, and a greater effort should be made to make local government more accessible to people. There is no substitute for increased and improved communications between government and people."

Diet Workshop Meets Tonight

A new weight reducing method will be introduced to local men and women tonight (Wednesday) at Holy Rosary Church when the Diet Workshop holds its first session. This meeting, starting at 8 in the school hall, will be free to the public, but there will be a fee for those who continue in the program.

The new method claims to accomplish weight reduction by "sensible gourmet recipes". The group being organized will meet regularly each week under direction of a trained leader.

Postoffice Seeks New Quarters

The Post Office Department is seeking an improved building for operations of the Dewey Station of the Post Office, Postmaster General Winton M. Blount announced this week.

"President Nixon wants the American people to have the best postal service in the world," Mr. Blount said. "We can't provide that kind of service with outgrown or outmoded buildings.

"This project is but one facet of the Nixon Administration's program to completely modernize the

postal service. The new building will, in the long run, save money for American taxpayers because it will enable us to operate more efficiently."

A building of approximately 4, 137 square feet of interior space is sought for the operation. It should be in the general area of Driving Park Ave., between Finch and Straub Sts., Dewey Ave, between Driving Pk, and Glenwood Aves.

The Department is seeking bidders who have a suitable building and agree to improve it or who will provide a new building. The building is to be improved or built according to postal specifications and then leased to the Department for a basic period of ten years with four five-year renewal options.

The Department's capital investment will be limited substantially to postal equipment. Because the building and land will remain under private ownership, local real estate taxes will continue to be paid.

Bidding documents may be obtained from Roger D. Finley, The Regional Real Estate Officer, P. O. Box 1075, Federal Building, Room 266, Syracuse, New York 13201. The Real Estate Officer will supply bidding forms, specifications, lease provisions and other information. Bids must be submitted to the Real Estate Officer by June 20, 1969.

ALBANY REPORT

By Senator
James E. Powers

POWERS PROPOSES LEGISLATION TO AFFECT DRUNKEN DRIVERS

"New York State must allow police officers to make road block tests for intoxicated drivers if we are to reduce carnage on our high-ways," charged State Senator Powers today. The Senator, while addressing the Highland Hospital graduating class, stated that "Under present law a New York State driver is not obliged to take the breath-analyzer test unless he is first put under arrest. As a result almost all charges of drunken driving are related to some other infraction; for example; reckless driving, speeding, failure to stop at a red light, etc.

It is indefensible to have present road block checks to determine mechanical defects in cars when such defects are a miniscule cause of accidents and not check for intoxication which is a probable cause of 1/3 of our highway deaths.

If we allowed road block intox-ication checks, the following advan-tages would be realized:

1. no arrest would have to take place prior to the test so the non-intoxicated driver would have no "record of arrest" to marr his reputation.

2. the intoxicated driver would be removed from the road before bodily harm and property damage has taken place.
3. A year's revocation of driv-ing privileges would act as a major deterrent to driving while excessively drinking.

England passed similar legisla-tion in 1967 with the following re-sults:

1. road accidents have dropped 10%.
 2. road deaths have decreased by 15%.
 3. money lost as a result of ac-cidents by over \$40 million.
- New York State must protect the innocent from the escalating bodily harm and property damage.

It's Camp To Camp

High camp or low camp, you have to keep house even on the road. To keep you camping more than cleaning, here are a few suggestions; furnishings and equipment should be kept to a minimum. Use neatness props wherever possible—drawstring bags for toiletries, net bags for laundry, plastic bags for just about everything, and hang these up for order and safety's sake. For cleaning gear use a tote-able soft-drink carton and keep the contents as simple and general-purpose as possible: sponges, lots of paper towels, a scrub brush and a triple-duty pine oil cleaner-disinfectant to clean, disinfect and deodorize all at once. So whether you take the high road or the low road, don't let house-keeping keep you from camping.

Whether they're mini or maxi, grills need de-griming. Treat yourself to a new barbecue brush that cleans three ways. The notched spurs clean wire grills and crevices, the wire bristles dislodge baked-on particles and the metal scraper cleans flat surfaces. Here's one trick that could be called a disappearing act: dump the grills into a laundry tub and soak them in a high concentration pine oil cleaner and water. Combined with this sturdy brush, the treatments should do the grease in with ease. Have a happy, carefree cook-out!

Before a dress-up summer party, be sure outdoor furniture and tables are fresh and clean. In tune with summertime, take little time for the job by using an all-purpose cleaner and water. Rinse furniture by hosing it down, sun dry—and your guests will sit pretty at your party.

SPACE TUNNEL OPENS AGAIN

The Space Tunnel at the Strasenburgh Planetarium is now open to visitors.

It has been rebuilt and repaired following its destruction by vandals last April.

The wonders of outer space and the innermost mystery of the night sky become a whole new world of wonderment for the visitor as he walks through the Space Tunnel.

There are 13 stations in the tunnel starting with the Sun, our near-star. Others include Earth in Orbit, Mars and its Two Moons, Saturn from one of its Moons, The Solar System, Alpha Centauri Star System, the Crab Nebula, the Lagoon Nebula, our Milky Way Galaxy, A Globular cluster of over 10,000 stars, the Andromeda Galaxy, a Cluster of Galaxies and the Quasar, a quasi-stellar radio source.

Each display is specially illuminated and completely described in easy-to-read labels.

Your Meter Man won't be calling as often as he used to

Not that the monthly visit of the RG&E meter man was a big social event... but we thought you might wonder what happened if he didn't show up on schedule.

Starting next month, all RG&E gas and electric meters will be read every two months. We are making this change as part of our continuing effort to hold operating costs (and our rates) down.

In the months when your meters are not read, you will receive an interim or calculated bill. Today, with the aid of computers which can refer to each customer's past record, these interim bills will be calculated close to actual usage. The next meter reading will then automatically bring your bill exactly up to date.

This move is not going to make any change in the yearly amount you pay for gas or electricity, but it will help in our effort to reduce our costs and hold the line of our present rates.

(We will continue to read electric meters on a bi-monthly basis in the areas we serve outside Monroe County. However, all RG&E customers will now receive monthly bills.)

Officials Tour School No. 34

City Councilman Stephen May and School Commissioner Dorothy B. Phillips were recent visitors to School No. 34 on Lexington Ave. Guided by School Principal Robert H. Boorman, they visited classrooms, talked with teachers and students about all aspects of the school's program and facilities, and asked numerous questions about the performance of students in such vital subjects as reading.

"We had a most interesting and informative visit", Councilman May and Mrs. Phillips reported. "This kind of firsthand information is essential to us in fulfilling our responsibilities to the school-children, parents and taxpayers of Rochester."

They expressed thanks to Mr. Boorman and all others who made their visit an enjoyable and educational experience.

Seek Items For GI Gift Bags

For the fourth year the local Red Cross Chapter will participate in the American National Red Cross Project, "Shop Early," for the American servicemen in Viet Nam. This year the local Red Cross has accepted a quota of providing 1800 Christmas gift bags for servicemen.

The bags have been cut and are now in the process of being sewn. Now, the Red Cross invites all people who wish to participate

in the project to provide articles which will make up the bags' contents. The following items are needed:

NEW decks of playing cards, NEW ballpoint pens, pocket size puzzles and packages of self-seal envelopes, approximately four by six inches. Mrs. Raymond F. Elliott and Mrs. John Deikerle, Red Cross volunteers who are heading up the "Shop Early" project, explain that these particular items were selected because they were popular with the servicemen and also to insure uniformity in content.

Persons who wish to contribute any of these articles, should bring them to the Red Cross headquarters, 50 Prince St. as soon as possible.

MOST PRECIOUS BLOOD SCHOOL was presented with a new flag last week. The flag, originally flown over the capitol at Washington, D.C. was secured for the school by Rep. Barber Conable, Jr. Making the presentation on behalf of the Congressman was County Legislator Joseph Esposito, above. Debra Casaceli, a June graduate of the school who was credited with the idea of getting the flag, received it from Esposito and is presenting it in turn to Father Sebastian Contegiacomo, pastor of the church.

Plan Relocation For Stop Sign

A shift in the location of stop signs designed to protect area residents from speeding cars is due soon at the intersection of Birr St. and Raines Pk. Councilman Stephen May revealed this week. He said City Hall has informed him that the existing stop control will be transferred from Birr to Raines, thereby requiring Raines Pk. traffic to halt at Birr St.

May was contacted in April by parents concerned about the dangers posed to the many children and senior citizens in the area by speeding cars, especially in mid-afternoon. At his request, City Traffic Engineering officials investigated sight distance, block spacing and classification of the

streets, and decided on relocation of the stop signs.

May said residents at the intersection will also be notified about trimming shrubbery for better visibility. Relocation of the stop signs will be carried out as soon as crews can schedule the work, City Hall informed the councilman.

Seek Applicants For Service Academies

Representative Barber B. Conable, Jr. (37th Dist., N.Y.) announced that he is receiving applications for candidates seeking appointment to the U.S. service academies in the class beginning July, 1970. Nominations will be made by the Congressman later this year to the Air Force Academy, the Military Academy, Naval Academy and the Merchant Marine Academy. Representative Conable said applicants for appointment must be able to meet the following requirements: Be at least 17 years of age, but not over 22 on July 1, 1970; be a citizen, unmarried, in good physical condition and of good moral character; and reside in the 37th Congressional District. Each candidate is asked to furnish a copy of his school records, take a physical examination at a military post and a mental exam administered by the Civil Service Commission. The Congressman said his selections of nominees will be based on the results of the two exams, scholastic records and character references. Interested young men should write for applications to Representative Barber B. Conable, Jr., at 105 Federal Building, Rochester, or at the House of Representatives, Washington, D.C., 20515.

New Bleachers For Edgerton?

Councilman William J. Malley has asked the City Council to approve an ordinance authorizing the issuance of bonds to pay for new steel bleachers in Edgerton Park at an estimated cost of \$25,000. "These bleachers will replace those old ones which were so deteriorated that our engineers declared them to be unsafe", said Malley. "It would have been too expensive to attempt to repair them. "This is part of our planned program of improvements to our largest neighborhood park and continues our commitment to the people of the Edgerton area. This

RG&E WINS AWARD FOR ANNUAL REPORT

Rochester Gas and Electric Corporation was a winner in the Reddy Kilowatt annual report competition. The honor was bestowed at the Edison Electric Institute Annual Convention in Portland, Oregon. RG&E's annual report to its shareholders for the year 1968 was in competition with annual reports of many investor-owned utility companies across the U.S. and in other countries.

Dewitt Pike, president of RG&E, accepted the award from Ashton B. Collins, Chairman of Reddy Kilowatt, Inc. Mr. Collins commended RG&E for its exceptionally outstanding report. He stated that it dramatically and graphically reflects a dynamic, well-managed organization. Mr. Collins noted the many changes in utility annual reports since the contest's inception thirty years ago. The awards were established to encourage companies to simplify, dramatize and humanize their annual reports.

**City's Cleanup
Campaign Opens**

Variations on the campaign theme, "Take Pride In Rochester" will be used to help remind citizens of their responsibility in keeping Rochester clean and beautiful. For the past several weeks, the campaign song reminding citizens that "This Is Your City Too" and urging everyone to obey rubbish and refuse regulations has been heard over local radio stations. Mayor Frank T. Lamb heads the campaign committee. Other campaign materials include billboards which say "Take Pride In Rochester, Pick Up A Little Litter", window posters and bus cards which say "Take Pride In Rochester, Clean Up, Beautify, Don't Litter", bumper stickers which say "We Take Pride In Rochester", buttons which say "I Take Pride In Rochester" and balloons which say "Kids Take Pride In Rochester".

Campaign goals are: proper rubbish removal; rubbish regulations obeyed; improved containers; decreased littering and ending blight.

Hospital Seeking Homes For Patients
Rochester State Hospital has asked area residents for help in providing homes for male and female patients who have been approved to leave the hospital. These patients are able to care for themselves, but need an interested person or family to live with. This program has been in operation 30 years and has proved successful in helping mental patients adjust to community living. Patients are well behaved and thoroughly evaluated by the hospital before placement, officials have said. The hospital will take care of any medical, dental or psychiatric problems. Interested people would provide room and board and the state would pay \$150 per month for room and board for each patient in the home. Anyone interested in learning more about family care may contact: George Farragut, Social Service Department, Rochester State Hospital, phone: 473-3230, Ext. 468.

Summer Hours At Redeemer
The Lutheran Church of the Redeemer changes to a summer schedule on Sunday, June 29 as follows: 9 a.m. Church Service, Sunday Church School, infants cared for; 10:30 a.m. Church Service, NO Sunday Church School, pre-school children cared for. This change was made because it was felt that people like the opportunity for an earlier church service during the summer. The two Sunday Church Schools are combined into one, making larger classes and more available teachers. Couples Sunday will be observed on Sunday at both morning services. The sermon will deal with Christian marriage.

Your Meter Man won't be calling as often as he used to

Not that the monthly visit of the RG&E meter man was a big social event... but we thought you might wonder what happened if he didn't show up on schedule.

Starting next month, all RG&E gas and electric meters will be read every two months. We are making this change as part of our continuing effort to hold operating costs (and our rates) down.

In the months when your meters are not read, you will receive an interim or calculated bill. Today, with the aid of computers which can refer to each customer's past record, these interim bills will be calculated close to actual usage. The next meter reading will then automatically bring your bill exactly up to date.

This move is not going to make any change in the yearly amount you pay for gas or electricity, but it will help in our effort to reduce our costs and hold the line of our present rates.

(We will continue to read electric meters on a bi-monthly basis in the areas we serve outside Monroe County. However, all RG&E customers will now receive monthly bills.)

Student Disorders

"In order to deal with the possibility of student unrest in Rochester high schools", says Republican school board commissioner Dorothy Phillips, "as indeed has occurred in the recent past and I feel we should be prepared for any eventuality in the fall. Therefore, students should be encouraged to express their opinions in a responsible manner. However, the right of free speech must not be interpreted as license to slander and vilify.

"Destructive tactics on the part of students and other activists must be dealt with swiftly, but judiciously with educational procedures and goals in mind. Educational policy and civil law should be applied as appropriate by school administrators. If necessary,

Bank Celebrates With Drawings

"Win a bike in time for summer fun" is what the announcement said, and that is exactly what eight lucky youngsters did. Holding a drawing for boys' and girls' bicycles was Community Savings Bank's way of celebrating the 30th anniversary of their Savings Bank Life Insurance Department. Community introduced Savings Bank Life Insurance to upper New York State in 1939.

Drawings were held at four of Community's neighborhood offices Dewey - Ridge, Waring Road, Brighton and Pittsford. The winners at Dewey - Ridge were Jacquelyn Lezo, age 5, daughter of Mr. and Mrs. Robert Lezo, 65 Laredo Dr., and ten year old Mark Kerns, son of Mr. and Mrs. Jack Kerns, 107 Churchill Dr., Greece.

The drawing was made by Mrs. Francis Cramer, member of the bank's branch advisory committee.

REGISTRATION SET VACATION SCHOOL

Registration for neighborhood children for Vacation Church School at the Lutheran Church of the Redeemer, 1549 Dewey Ave., will take place July 2 from 1 to 3 p.m. The date for the school is July 7 - 18 from 9 to 11:30 a.m. with classes for ages 3 to 14.

Pleased as punch with their new bikes are ten-year-old Mark Kerns, and five-year-old Jacqueline Lezo. The bikes were prizes in a drawing held by Community Savings Bank to mark the 30th anniversary of the Life Insurance Department. Presenting the bikes, above, at the Dewey-Ridge office, is branch manager Donald Stickles.

Studley St. Zone Change Opposed

City Councilman Robert F. Wood says he will oppose the application for a zone change on Studley St. which has been made by a contractor and which would, if granted, change the zone from R-1 to R-2.

"The residents on Studley St. and Bennington Dr. are concerned, and rightfully so, about the downgrading of their neighborhood", said Woods. "This proposed zone change would definitely downgrade the neighborhood and I will not support it. The City Council should make every effort to upgrade instead of downgrade".

Wood also requested that the city manager inform the residents on Studley and Bennington of the time when the city manager plans to place this zone change on the city council agenda.

Pat McGlory, Conservative Party candidate for the City School Board has strongly attacked School Commissioner Dorothy Philips prediction that "there will be dis-

order in the high schools in the coming year."

"I do not see how Mrs. Philips can accept future disorder in the high schools as common fact", says McGlory. "She is unfairly prejudging our youth. As a school board commissioner she should be seeking solutions to overcome the problems that exist and not accept what's been said in Washington as fact.

"As a future school board commissioner I would promote a program to stop sparing the rod and spoiling the child, I would restore moral support to the administration to make disciplinary action firm, fair and consistent and, in turn, for the principal to support the teacher, where the guidance must begin, I would accept no nonsense. Respect for rules and regulations is a prelude to respect for law and order".

RG&E WINS AWARD FOR ANNUAL REPORT

Rochester Gas and Electric Corporation was a winner in the Reddy Kilowatt annual report competition. The honor was bestowed at the Edison Electric Institute Annual Convention in Portland, Ore. RG&E annual report to its shareholders for the year 1968 was in competition with annual reports of many investor-owned utility companies across the U.S. and in other countries.

Dewitt Pike, president of RG&E accepted the award from Ashton B. Collins, Chairman of Reddy Kilowatt, Inc. Mr. Collins commended RG&E for its exceptionally outstanding report. He stated that it dramatically and graphically reflects a dynamic, well-managed organization. Mr. Collins noted the many changes in utility annual reports since the contest's inception thirty years ago. The awards were established to encourage companies to simplify, dramatize and humanize their annual reports.

SERVICE NEWS

DAYTON, OHIO - - Richard A. Vitale, (above) son of Mr. and Mrs. Armand L. Vitale, 133 Northampton St. is participant in a U. S. Air Force Reserve Officers Training Corps (AFROTC) field training encampment at Wright-Patterson AFB, Ohio.

During the encampment, cadets become familiar with the life and activities on Air Force bases and can examine career opportunities in which they might wish to serve as officers.

Other highlights include survival training, aircraft and aircrew indoctrination, small arms training and visits to other Air Force bases.

Cadet Vitale, a 1966 graduate of Aquinas Institute, is a member of the AFROTC unit at Butler University, Indianapolis.

SHIPFITTER 3/c Robert Rightmyer is back in the country after about seven months in the Vietnam area aboard the USS Newport News. His wife, the former Ellen Gutman of Harvest Dr., flew to San Francisco to meet him and is coming back to Rochester to pick up her two sons and mother-in-law, Mrs. Emmabelle Rightmyer of Driving Park Ave., for another reunion on July 3 with Shipfitter Rightmyer at Norfolk, Va., where he is to be stationed. He will complete his service obligation next February.

Red Cross Suggests Water Rules

The 100 million Americans who will take to the water for recreation this summer were warned by the American Red Cross today to "expect the unexpected" and not take their safety for granted. "Basically, this means taking extra care to avoid the accidents which result in drownings that could have been prevented nationally - some 6,800 last year", Webster H. Francis III local chairman of the Red Cross Water Safety said. "Because more than 4,500 of these drownings occurred in unsupervised areas", he added, "our first caution to all swimmers, regardless of their ability, is not to swim alone or in areas where there are no lifeguards."

"We urge non-swimmers to learn to swim and persons who can swim a little to learn to swim better. In most communities, the Red Cross Chapter offers free swimming courses."

Francis gave these suggestions for helping oneself in a water emergency: First, don't panic; second, think; third, save your strength.

1. Swim only in areas supervised by a lifeguard.
2. Never swim alone.
3. Check with a lifeguard about beach and surf conditions before swimming.
4. Report any unsafe beach condition you find to the Lifeguard.
5. Call or wave for help if unable to swim out of a strong current.
6. Never fake trouble or calls for help.
7. Never depend on floating devices as substitutes for swimming ability.
8. Do not use breakable objects on the beach, and if you find any, dispose of them for your own protection and the safety of others.
9. Do not dive into unknown water or into shallow breaking waves.
10. Do not over-estimate your ability by attempting long distance swims. Swimming parallel to shore is safer and just as much exercise.

11. Maintain close supervision of children at all times, even when lifeguards are present.
12. Do not swim too close to piers or pilings.
13. Avoid sand throwing or other forms of horseplay.
14. Do not engage lifeguard in unnecessary conversation.
15. Observe applicable personal safety rules, such as not swimming immediately after eating, when overheated, or during an electrical storm.
16. Respect the judgement and the experience of the trained lifeguards, follow their advice, and do not interfere with the performance of their duty.

CRAMPS

Stomach cramps are not common, but may occur. An abdominal cramp need not be fatal or even serious - as was formally believed - if the swimmer does not panic but relaxes, stretches, and changes his body position. He should be able to keep afloat until the cramp is relieved.

Eyebank Expands Services To Include All Body Parts

The Rochester Eye-Bank and Research Society, Inc., is expanding its services to include all body parts.

John N. Dimlich, the president, announced today that the society has changed its name to the Rochester Eye and Human Parts Bank, Inc. He said the Human Parts Bank will offer the following services:

1. Soliciting donations of eyes, tissues, organs and human parts by pledges to be redeemed after death and to be used for transplantation, therapy, research or medical education;
2. Maintaining a central registry of such pledges;
3. Acting as a "middleman" between donor's next-of-kin and a transplant team to complete the gift upon death of the donor;
4. Serving as a medical transplant information center through distribution of standard donation forms, literature and other pertinent data.

Dimlich said the Human Parts Bank, believed to be one of the first in the nation, will continue to function as an eye-bank. This service includes the collection, preservation and distribution of eyes and eye tissue, as well as research into blinding disease.

The new program was authorized by the Community Chest, which has supported the Eye-Bank for years.

Report From The County Manager

By GORDON A. HOWE

Concerning the Economy Task Force which I have appointed in order to reduce the cost of County government in the current year, it is my hope that it will make a thorough examination of all County government departments and agencies and then relate continuing recommendations which can be implemented to realize savings.

I have designated Assistant County Manager Kermit E. Hill, chairman of the Task Force, Hill will be aided by Fred A. Herman, director of civil service personnel; Gordon H. Johnson, controller; and Donald J. Mack, deputy budget director. I have asked the team to report as soon as possible with effective steps which can be taken, beginning July 1, 1969, enabling your County to accomplish savings for half a year under the present budget. I have also indicated to the Assistant County Manager that he will be expected to make continuing reports for savings not only for this year, but cutbacks which can be incorporated into the 1970 budget to enable the County to hold the tax line or reduce the tax rate next year.

It is my hope that we will be able to reduce the number of County positions by at least 200 and come up with substantial savings through innovative ideas and actions blueprinted by this Task Force. The means we will use to accomplish our goals include immediate programming to achieve cost-savings through reorganizations and postponement of ex-

penses. Major economies must be realized in every possible County operation in the second half of 1969, if we are to live within our extremely tight budget.

Immediately following my initial meeting with the members of the Task Force, I contacted all department heads and urged them to develop cost-cutting programs of their own which would be in line with the Task Force's operations.

Some of the actions which we must take will be painful to departments and agencies of County government. However, we cannot tolerate operating at a deficit. You, the people we serve, expect us to economize. That is exactly what we intend to do.

Woods Ask For Ombudsman

City Councilman, Robert F. Wood called for creation of an ombudsman in a speech last week. "Government must make every effort to be more responsive to the needs and complaints of people, and people must be allowed to have immediate access to government in a manner that they know is sincere and effective," he said.

"The creation of a post of ombudsman, a politically independent civil servant, who would hear and investigate complaints of citizens, either against government or the officials themselves, would go a long way towards easing tensions in our community and restoring faith and confidence in government itself and public servants.

"Demands for municipal action are unrelenting in America today. More and more services are sought and more regulation is sought. At a moment when further services are being urged, the general attitude toward public servants in American communities tends to be suspicious and hostile, and many times rightfully so.

"Wherever an ombudsman has functioned, the citizenry's confidence in public servants has mounted. The ombudsman's existence has encouraged belief that grievances will be objectively explored and not callously ignored. The ombudsman has also served an important role in many communities by developing a true review within administrative agencies in government. Such a service would go a long way to streamline government and make it more economical as well as useful."
