EAST HIGH SCHOOL
ROCHESTER, NEW YORK

111

F O R E W O R D

THIS CLASS BOOK OF JANUARY, 1932, IS A REVERSION TO THE OLD TYPE OF YEAR-BOOK WHICH WAS DISCONTINUED IN 1927. UP TO THAT TIME, EACH CLASS PUBLISHED ITS OWN CLASS BOOK, TWO BEING PRINTED EACH YEAR. THEN, IN 1927, THE JANUARY AND JUNE CLASSES COMBINED TO PRODUCE A MORE ELABORATE ANNUAL AND THE PRECEDENT WAS FOLLOWED BY SUCCEEDING CLASSES. THIS TERM, IN ACCORDANCE WITH AN AGREEMENT AMONG THE HIGH SCHOOL PRINCIPALS TO REDUCE THE EXPENSE OF THESE PUBLICATIONS, THE JANUARY CLASS IS PUBLISHING ITS OWN BOOK AND THE JUNE CLASS WILL DO THE SAME.

DEDICATION

FLETCHER H. CARPENTER

We, the Class of January, 1932, deeply appreciate the willing cooperation of Fletcher H. Carpenter in all our enterprises, and his kindly advice to this class and all former classes. He has always taken interest in assisting the students in any way he was able. He never begrudged the time and effort devoted to the activities of the school. To this energetic and tireless worker, we dedicate this book.

Janua 1932 Staff

Confronted with the problem of producing a class book of a smaller and less expensive type than had been previously published and making it every bit as magnificent as the old editions, the Editors of this publication determined to produce a book that would be entirely different and still live up to the enviable reputation established by former year-book editors.

With no adequate experience to fall back on, and examples of an inferior nature on which to base their efforts, the Editors of the January '32 Class Book resorted to their ingenuity and good sense to edit a book which they hope will be of such a nature that successive classes will regard it as a noteworthy example on which to found their work as long as the present small type edition exists.

A word should be granted to the business staff under the supervision of Roy E. Davey for its remarkable success in soliciting and securing ads from hard headed business men in the face of the present economic catastrophe.

Drama

KATHERINE BURNS

The triumphal season is over for the dramatic artists of the Class of January, Nineteen Hundred and Thirty-two. That is to say, over so far as presenting any additional plays for the enjoyment of the East High School student body. The season, however, is not over, or rather should not be over, for the actors themselves. With their own natural ability and those many technicalities taught them by Miss Burns these people can go far in the field of dramatic entertainment.

"Commencement Days" by Virginia Frame and Margaret Mayo ushered in the glamorous season. The pupils of the class, unaware of their innate ability were at first a bit reticent in regard to reporting for tryouts.

When Miss Burns showed them the advantages of such tryouts and subsequent rehearsals, however, the results were extremely gratifying. Despite the fact that the cast of this farce had been drilled for only a relatively short time, it presented a play of the first water. "Commencement Days" is a story depicting the adventures of a group of young girls at college. Although their experiences at times are rather exciting, the members of the cast are made to adhere closely to the humorous.

The second performance, "The Rear Car," by Edward E. Rose, balanced perfectly the first play, being a baffling mystery with a very unique plot. This play required considerably more acting ability than the first but the cast was more than equal to the situation.

Although in its senior year, the Class of January, 1932, was reaping the results of a disastrous economic depression, the cast and managers with the able direction of Miss Burns, are to be congratulated in giving to the school two excellent plays.

The entire class, and especially the casts of these two performances, express their sincere appreciation of her untiring efforts and infinite patience and hope to see her back again training students in the art of successful acting.

Music

CLARENCE F. SAUER

Orchestral music has maintained its usual high standard in East High School this year under the direction of Clarence Sauer. His work is especially difficult because of the lack of experience of the boys and girls. One of the most difficult things in the world is to live up to an unusually successful predecessor, yet Mr. Sauer has done it successfully. The band and orchestra have both been heard in assembly programs and received laudatory criticisms. The members of the band and orchestra have worked hard and enthusiastically to make their organizations successful. When East High School lost many of its ablest musicians to Franklin High School, there was much talk and discussion as to how our band and orchestra would get along; but Mr. Sauer and the boys and girls have shown that they are fully capable of keeping up the high standard of music set by Mr. VanHoesen.

Mr. Mook has had a busy season with his Choral Club. He also has had to live up to the traditions established by his predecessor, Marlowe Smith, but he has shown by his work last year and this, that he is very successful. The *A Capella* choir is constantly approaching perfection and setting a high standard for other choirs to live up to. Mr. Mook, an enthusiastic and willing worker, inspires the pupils to do their best to keep high the standard of music in East High School. The Choral Club is also doing the same high grade of work. The type of music they sing is excellent, and hardly to be expected of high school students.

This year, a greater number of students have been enabled to participate in the musical activities of the school because of the two sections of the Glee Club in place of the one period formerly offered.

Coaches

JAMES FOWLE

ROBERT B. MCKAY

Schools and colleges have gained their reputation by their athletic abilities, and so is it with East High. A great deal should be attributed to our zealous coaches, James "Doc" Fowle and Robert "Pete" McKay. Both these coaches have aided in making a name for East High in every part of the country.

"Pete," a versatile coach, reputed as being the best high school baseball coach, has been able to gain ten baseball championships out of fourteen, a feat that is very difficult to perform.

For eight years "Pete" has coached the wrestling team; although he has been able to win only two championships, he has taught the boys things which will always aid them in their daily life. He has taught them to always play fair, to think fast, to play hard, and never to be discouraged no matter how far they are behind.

In Soccer he has been able to run up a string of victories which will probably never be duplicated. Through his uncanny tactics he was able to push his boys, within a period of two and a half years, to eighteen consecutive wins without a single loss in that period.

"Doc," who came from Bridgeport, Connecticut, compiled a marvelous athletic record at the U. of R. He starred in football by making many long runs which aided in defeating the opposing team. In track, as a pole vaulter, high jumper, and a shot putter, he established many new records. In basketball he aided materially in the U. of R. triumph.

It was fortunate that East High obtained such a great athlete to coach the boys. His experience aided him materially in developing strong basketball teams by which he not only made a name for himself, but also for the school. Within a period of twenty-two years that he has been associated with East High he has been able to snatch victories. From the beginning of his coaching career, he has devoted most of time to basketball, although he has coached football, baseball, and soccer, and from his thoughtful and scientific study he has been able to teach the boys the fine points of the game, which enable them to enter and win many state tournaments.

It is a rare occasion when the sporting spirit laxes in East High, but one could invariably look forward to "Doc" Fowle to bring forward a winning team and bring back the fading school spirit. Aren't these coaches, that any school would like to have?

WEINSTEIN, WRIGHT, PICKERING, SANDSTROM, PILITERRE
COHEN, GOLDBERG, CAPARCO, JONES, PERONA, CULROSS
McKAY, CLAUS, LIEBERT, POPPINK, OLIVERI, BELLINGHAM, PAPEGAAY

Soccer

To some it's just another soccer season ended with East High finishing third; but to the boys on the team it was a glorious and profitable feat since they put everything they had into the game. The playing of soccer has aided the boys both physically and mentally and taught them clean sport.

One cannot attribute a great amount of glory to any one individual player, since the success or downfall of the team is through the cooperation of every individual player. This year's team or any other team that has come under the tutelage of Coach Pete McKay has lived up to this high standard.

With a handful of veterans back, Coach "Pete" McKay started out with another promising team, but bad breaks and an inaccurate decision made it difficult for the boys to take the berth in the upper.

Under the management of Papegaay, East went through the season in a blaze of glory. The team was a success, financially and in season record.

The backfield composed of Poppink as goalie, Sandstrom and Liebert at fullbacks; Wright, Pickering and Bellingham at the halfback position was a high light in the success of the team. Although not brilliant it functioned well and contributed much to the success of the team. On the line, composed of Pilitterre, Cohen, Claus, Caparco, Mutch, Perona, and Culross, added a fighting punch that was hard to beat. It appeared that the line would be weak at the wings but "Pete" developed a fine player out of Jimmy Perona, who is only a Soph. With the return of Mutch to the line the team brightened up considerably at the close of the season.

Two of East High's players were honored by being placed on the "All-Scholastic Team"—Co-Captain Claude Wright and Arnold Cohen. These two players rightly deserved "All-Scholastic" honors, time and again putting the game in bag for East.

RENSSELAER POLYTECHNIC INSTITUTE

TROY, NEW YORK

A School of Engineering and Science

THE Rensselaer Polytechnic Institute was established at Troy, New York, in 1824, and is the oldest school of engineering and science in the United States. Students have come to it from all of the states and territories of the Union and from thirty-nine foreign countries. At the present time, there are more than 1600 students enrolled at the school.

Four year courses leading to degrees are offered, in CIVIL, MECHANICAL, ELECTRICAL, and CHEMICAL ENGINEERING, in ARCHITECTURE, and in BUSINESS ADMINISTRATION, PHYSICS, CHEMISTRY, and BIOLOGY. Graduates of the engineering courses are prepared to take up work in any branch of engineering. Graduates of the course in Architecture are prepared to practice their profession in any of its branches. Graduates of the course in Business Administration are prepared for careers in business or for the study of law. Graduates of the courses in Physics and Chemistry are fitted for research and teaching in these fields, as well as for practice in many branches of applied science. The course in Biology prepares for research and teaching, for work in sanitary engineering and public health, and for the study of medicine and dentistry.

Graduates of any of the above courses may continue their work in the Graduate School of the Institute. The Master's Degree is conferred upon the satisfactory completion of one year's work and the Doctor's Degree for three year's work.

The method of instruction is unique and very thorough, and in all departments the laboratory equipment is unusually complete.

An interesting pamphlet entitled "Life at Rensselaer," also catalogue and other illustrated bulletins may be obtained by applying to the Registrar, Room 008, Pittsburgh Building.

When planning your Annual . . .

AS each new Staff undertakes the planning of a Year Book it is confronted with the same old problems which have perplexed the workers of previous years.

And yet, to each new Staff these planning and production problems are all new and ordinarily must be solved without the benefit of the experience of those who have solved the same problems in the past.

Much of this grief is avoided when the Staff works with The Du Bois Press. Out of our wealth of experience in building Year Books we have formulated certain well defined standards of procedure for the guidance of each new Staff.

To enjoy the full benefit of our Creative Service we recommend a preliminary conference between the members of the Staff and the Manager of our Year Book Department. This preliminary conference should be arranged at as early a date as possible and does not incur any obligation. . . . Our "idea" or planning department has created many out-standing and prize-winning Year Books. . . . May we be of service to you?
