The big project that has been undertaken by the cabinet this year has been to obtain Wilson Park as an athletic field. With Howard Peterson, our president, as leader, the Cabinet took charge of the distribution of petitions to arouse public interest in the drive. With the help of the entire school, our president was able to turn over 17,000 names to the Board of Education, who unanimously voted to support our school to the fullest extent. The final decision rests with the City Council, where both sides of the issue are being carefully weighed. The Cabinet is keeping up public interest in this drive.

Another accomplishment of this year's Cabinet has been a revision of our Constitution. Nominations and elections of the school officers will be held in April and May. The method of electing the nominating committee has been revised, and the date of the installation of the officers has been changed to the first week after the opening of school in September.

# NATIONAL HONOR SOCIETY

" 'tis the measure of a man;

Service  
Character  
Scholarship  
Leadership

In order to be of greater service to Madison, the members of the National Honor Society have given up their study halls and have taken complete charge of the office messenger service. They have also taken the responsibility for acquainting the outside world with the activities here in Madison. However, their service has not been confined to our school. At the annual transfer of flags in the Eastman Theater, the members served as ushers and staged a successful mob scene in the play that was presented.

Their programs, under the direction of the advisers, Miss Snyder, Mrs. Friel, and Mr. Newhall, have been very interesting. Mr. Kasimir, of the Rochester Business Institute, spoke on the problems of youth throughout the world; Miss Clancy, of our faculty, described her trip to England; and Mrs. Friel told about her visit to Toronto, Canada, where she witnessed the graduation exercises of the Toronto Vocational High School. The various places in Rochester that have been visited include a trip around the University of Rochester campus, and a tour through the Memorial Art Gallery.

## DELTA OPTIMATES . . . "ad astra per aspera."

The Delta Chapter of Optimates, the Latin Honor Society, was organized at Madison to further a deeper interest in and a greater appreciation for the classics. Membership is based on scholarship and citizenship. A Madisonian who has a B grade or better in Latin above the ninth year is inducted into the society and is a member as long as that grade is maintained. The monthly meetings offer opportunity for the initiative and cooperation of its members, thus developing a stronger feeling of comradeship.

The name Les Babillards means "The Chatterers." The society, a national organization, was formed to provide an opportunity for honor students to become more fluent in spoken French. Members enjoy skits, games, songs, and even parliamentary law practice, all in French. The high spots of each year are the spring inter-high banquet, and the Christmas project, in which for seven years members of Les Babillards have played Santa Claus to 125 of Monroe County's neediest children.

Madison's German Club, Edelweiss, is an organization composed of boys and girls from the second and third year German classes. At the meetings, which are held twice a month, varied programs with a German background are presented. At Christmas time the club had a party with games, a Santa Claus, and German refreshments. The year will end with a picnic.

The purpose of the Commercial Honor Society, which was organized in Madison High School a few years ago, is to give recognition in commercial subjects, to those pupils whose excellence is evidenced by their scholarship. At present, the membership consists of twenty-three pupils from the eleventh and twelfth grades, eleven of whom were recently chosen and inducted at a tea on March 1. In the few years this society has been in existence, it has become a goal towards which the commercial pupils work.

The soccer team for nineteen hundred and thirty-eight was not the best in Madison's history, but in spite of that it is not to be felt that the team was lacking in any of the fighting spirit which is characteristic of all Madison teams. If Madison was not to win her opponents were not to win without playing a tremendous game.

Madison's basketball team for nineteen hundred thirty-eight and thirty-nine was rated one of the strongest teams in the Interscholastic League in spite of the fact that they won only five of their nine league games. At the start it was necessary for Mr. Murray to build a whole new team around Louis Natale. But whenever he seemed to have a winning combination injuries would creep in and lessen the team's chances. Natale received an All-Scholastic rating, with Thygesen taking second team honors.

The 1938 edition of the purple baseball team, despite being composed of the most part of green players, gave a good account of itself against more experienced clubs, winning 4 games while dropping 5. Miscues played havoc with the final outcome of most of the games, but rarely did the nine fail to please Madison rooters. Ken Falbo and "Howie" Foland were the outstanding players of this club, while several ace performers were discovered for 1939.

Cross County is one of the most unexciting of sports to the commonplace person who knows nothing of the enjoyment the runners get. The hurriers, the hill-and-dale boys, find that running has a thrill that few other sports have. A runner who wins, wins on his own ability and not on a team mate's assistance. There is little interest in 2½ mile runs except to the runners and congratulations are due to those who have courage to stick through the long grinds.

## A YEAR IN GIRLS' SPORTS

### OCTOBER

There was an unusual turn out this month when the girls' athletic clubs were again begun. The long awaited Badminton rackets finally arrived and the girls can hardly wait to join the new Badminton Clubs.

Dorothy Dubert has just been chosen the new chairman of the Athletic Council and everything seems to have started off with a "bang."

### NOVEMBER

Volley Ball season is now at an end, but—the basketball season is upon us. A new leader's club has been formed this year, the members of which must participate in at least one other basketball group, acting as referees or umpires.

Everyone is busy planning our Volley Ball Play Day, which is to take place next month.

### DECEMBER

Madison girls have at last had their opportunity to act as hostesses to our friends from East, Marshall, Franklin, Washington, Jefferson, Charlotte and Monroe. Both gyms were in use during the meet with six games going on at one time. However, there was no interscholastic competition as the teams consisted of one girl from each school. After the meet, refreshments were served in our lunchroom.

### JANUARY

With exams slowly coming nearer and nearer, there has not been any too much time to devote to after-school clubs, but the Table Tennis groups have been quite successful up to the present time and they are now beginning weekly tournaments to be continued for some time.

# HONOR BASKETBALL TEAM

Front Row: Marion Horn, Helene Marino, Antionette Di Mambo, Beatrice Cassine, Back Row: Fanny Stuhler, Betty Ryan, Inez Greenlea, Muriel Bullinger, Mary Fortin.

## FEBRUARY

Basketball is progressing nicely and the Advanced Club will soon be voting for the team.

A great deal of interest has been shown in the newly started riding club. It is open to both boys and girls and there is a large membership.

## MARCH

After much discussion and voting, the honor team has finally been chosen. The selected group of nine are Greenlea, Stuhler, Di Mambro, Cassine, Horn, Marino, Ryan, Ferraro and Bullinger.

At its last meeting the Athletic Committee decided to have a Track Meet in preference to a Swimming Meet. The plans for this event will soon be under way.

## APRIL

After a grand Easter vacation we're back at school again, and the Athletic Council has plunged into the work of planning the yearly spring banquet, which is to be held May eleventh, for all Madison girls who are interested in the various fields of athletics.

## MAY

The day of the banquet at last arrived. The Honor Team again challenged the Alumnae to the annual basketball game. After dinner had been served, the evening was climaxed by the awarding of school letters and special awards.

We graduates hope that in the years to come, you will enjoy yourselves at Madison as we have.

### Advertising Staff

The success of any yearbook depends to a large extent upon the efficiency of the advertising staff. Obtaining ads entails considerable expenditure of time and effort. This work must be done by a careful, well organized body. The members of this year's staff, under the supervision of Mr. O'Connell and the management of Anna Di Gennaro, of the 1939 class, and Betty Ryan, of the 1940 class, are to be complimented on the excellent results of their work. Their individual records are:

Helen Traico	6	Warren Grabb	5
Betty Ryan	} 6	Douglas Justin	3
Antonina Yacono		Evelyn Laufer	} 3
