Foreword The play is almost over. . . . All the characters have passed before the curtain: the students, sometimes serious and self-important, sometimes mischievous and irresponsible; the teachers, occasionally impatient, more often kindly and understanding. All the incidents have unfolded: the cheering at the last soccer game; the thrill of the senior play; the hilarity of a faculty masquerade. . . . The play is almost over. It was a good play. As you look through your souvenir program, may you see it all over again.

THEODORE A. ZORNOW

It would seem most fitting that we, the seniors of 1940, should dedicate this record of our lives here at Madison to Mr. Zornow. . . . Not only for his career of able, loyal, and energetic public service do we honor him, but for the inspiration he has given to us, as individuals, by his broadminded, clear-visioned, idealistic love of humanity. . . . We dedicate this book to you, Mr. Zornow, with keen realization of our great debt to you.

ADVISERS

ADELAIDE BIESENBACH

The class of 1940 feel that they have been particularly fortunate in having Miss Adelaide Biesenbach as one of their advisers. In all of the many activities of the senior year, Miss Biesenbach has given unstintingly of time and energy that our last year at Madison might be a happy, successful finale to our school days. For her untiring efforts in our behalf, for her never-failing willingness to work with us and for us, for her excellent guidance and advice, and for her quiet patient friendliness and good humor we owe Miss Biesenbach a real debt of gratitude.

JEROME DAVIS

Long after the wide and hospitable doors of Madison have closed softly behind us, we, the senior class of 1940, will remember the happiness and success of this, our last year here. With sincere gratitude and appreciation we will think of Mr. Jerome Davis in connection with that success. Whatever we may have achieved was possible largely because of his skillful supervision of our various activities.

Asking for no credit, he remained sufficiently in the background to give us the upper hand in our plans, but when we needed advice he was ready to give it.

Interested in us not only as a class, but as individuals, he sympathetically and with understanding helped us to settle our personal problems. For this we are grateful.

Mr. Davis, the seniors of 1940 salute you!

STARS OF 1940 . . .

CORA PAVONE — VIOLA

Beautiful Cora filled with sensitive youth,
How can we help but love you and admire
The charm, the grace, the perfect sympathy
Which you, like Shakespeare's Viola, possess!

PRISCILLA ALBER — PORTIA

Gifted is she with features of a queen,
Melodious tongue for sweet or grave oration.
Strong, yet feminine, beautiful of mind,
Priscilla, Portia of 1940's class.

JOHN DAVIS — HAMLET

John Davis' eyes are flashing with the thought
That sets him off from all the rest of us;
But when they fall upon his Muriel's face
They soften with the glow of summer dawn.

AMO PICCOLI — JULIUS CAESAR

How can a man more honored be
Than to have name linked with Rome's great Caesar?
Ambitious, intrepid Amo is such—
Pioneer in searching, leader of men.

ALFRED GINKEL — BRUTUS

Al Ginkel turns his open countenance
In tolerance upon bewildered hearts.
His weakness, strength—his strength beyond compare—
Enshrines a humble soul that trusts itself.

Central Library of Rochester and Monroe County · Yearbook Collection

DAN CANNAN — ROMEO

Oh, who could miss the Romeo of our class?
Dan's gracious face reveals his magnetism.
His eyes and smile meet in such friendly glance
That each girl feels herself a Juliet.

JEAN ALLEN — JULIET

Jean Allen's eyes are deep, dark pools of thought;
Her heart is strong and noble, loyal, true
As Juliet's who in the golden days
Laid down her life to be with love forever.

HARRY COLE

The mischief in his smiling, flashing eyes
Transfers itself to humorous response.
This Puck of Madison is Harry Cole.
Most impish stutterer of *Growing Pains*. — PUCK

FIRST TEAM

BASKETBALL

Graduation this year means the loss of some fine basketball talent in this school. Although no champions were crowned, the Wilson Parkers gave an exhibition of truly fine basketball in the 39-40 season. The story of Madison's perfect passing, speedy footwork, and accurate shooting is not told in the score book. Handicapped from the start by the loss of Thygesen, Pulver, and Lyons from the all-scholastic ranks, the team displayed unexpected power. Though not champions, the Madison Cagers defeated teams considered much stronger. The scintillating efforts of Bird, Vetromile, and Carpenter gave the team the strength required to fulfill its difficult schedule.

CROSS COUNTRY

Madison's Cross Country team completed the 1939 season in grand style. They showed their heels to any and all competitors up to the last contest. A record of a perfect season was marred only by the loss of the final meet.

Every member of the team performed yeoman service, as the scores will show. The purple and gold broke the tape throughout the season.

Jim Murphy, with Dave Barber and Hugh Irwin close behind, gave the other teams in the circuit some keen competition and it will be a long time before our worthy opponents recover from the burning pace set by Madison's 39 cross country team.

GIRLS' SENIOR LIFE SAVING

Swimming is a sport in which the greatest number can participate at one time. All are not perfect swimmers; some are just novices, who need some one to watch them and help them in case they get into difficulty. At the public beaches and at supervised camps Life Guards are stationed to watch these people.

Madison's Life Saving Club is always well attended by girls who want to become Life Guards or who want Life Saving training as a precaution against drowning accidents to themselves or to others.

When these girls succeed in passing their tests, they have not only the honor of being able to save lives, but they also have accepted the responsibility which is embodied in the emblem they wear on their suits. Anyone who has passed the examination in Life Saving has accepted a duty to do to the best of her ability the task of saving the lives of others who are in danger, when called upon to do so.

The requirments of the Red Cross life saving course are the same all over the country so that the Red Cross emblem is recognized nationally as a sign that its owner has all the qualifications needed to acquire the coveted Life Saving certificate and emblem.

The present Life Saving class has received its required instruction in the following manner: on Monday, after school, the girls meet for theory; the rest of the afternoon, until 4:30, is spent in the pool putting the theory into actual practice.

In theory, the students learn what to do in case they are called upon to rescue someone. They practice the various "carries" and "breaks" which they would employ if they were rescuing a downing person. These drills are called "land drills" and are later practiced in the pool.

Two girls work on each other, alternating as victim and rescuer, until they do everything automatically. It is absolutely essential that all their actions do become automatic, because it stands to reason that a drowning person will not say, "Now, watch out! I'm going to apply a 'double-wrist hold,' " and then get hold of the wrist with both hands. If a drowning person does manage to get hold of the potential rescuer's wrist, immediate action is necessary to avoid a double drowning. The girls in our Life Saving Club are being trained diligently so that they will not be involved in such a tragedy.

The Girls' Athletic Council is a standing committee made up of at least one girl from each grade level and the managers of the various clubs, who are chosen by the physical education teachers on the basis of interest in sports. This group plans play days, track meets, the banquet, and other athletic activities.

HONOR BASKETBALL

To become a member of the Girls' Honor Basketball Team is the ambition of every girl entering into basketball. When a girl joins a basketball club she not only learns how to play basketball but develops good sportsmanship, cooperation, initiative, and the ability to make friends. As the season reaches its close, the faculty members of the gym department and the members of the advanced basketball club meet and vote for the nine girls who are to comprise the Girls' Honor Basketball Team.

SCIENCE CLUB

October 1938 marked the founding of the Madison Science Club, which under the guidance of Miss Joan MacMullen and Mr. George Currice has grown to be one of the city's leading science organizations.

Because of the wide variety of interests, the membership was divided into two branches, biological and chemical. This division brought about groups working in microscopy, plant study, fresh water biology, micro-criminology, hydrophonics, and genetics.

Since its organization, permanent slides of professional quality and workmanship have been made; a variety of protozoa have been studied, isolated, and identified; plants have been grown without soil; an eight inch reflecting telescope has been constructed; and experiments in titration, urine, and blood analysis have been conducted.

As a result of the guidance of the club counsellors and the work accomplished by the members, several students were invited to do special work at the University of Rochester under the direction of Dr. Sandholtzer of the Department of Bacteriology, and a number of other students participated in weekly study classes at the University. This year the club has had the opportunity to display its work at the Science Fair which was held at Monroe High School in April.

Although the Science Club is comparatively new among Madison's extra-curricular activities, the progress made in the past two years is an assurance of even greater results in the future.

SENIOR ANNUAL ISSUE

Co-Editors-in-Chief
Jean Fitzgerald Alfred Ginkel

STUDENTS WRITE VARIETY OF FEATURE COLUMNS

Spread throughout each issue of the *Madison Mirror*, are the feature columns, written by Madison students. The collection of feature columns, in addition to columns by staff members, is larger and more varied than in former years.

Old favorites and new specialties sparkle in this year's list of columns. The historically famous adviser, *Aunt Jenny*, was continued by its former authors, Nancy Lawler and Marianne Rohde. For the second year, Anna DiLillo and Amo Piccoli gave humorous incidents in *Round About Madison*. Replacing his brother Bob as joke-maker, Benny Kaplow produced *Gloom Chasers*, and Mary Scotland took over the informative *Manners for Madisonians*. *Alumni News* was handled by alumnus Jack Fornerook.

New columns include *It's Your School, Mister*, by Paul Baxter and Wilbur Flesch, and Ruth Lindsay's ingenious invention, *Little Fly on the Wall*. Corky Pavone and Rocky Tarantello give the students' opinions in *We—The Students—Speak*. *Orchids and Onions* are tossed by Janice Auburn and Jack Dixon. Newest columns are *Feature Films* and *Things You Should Know*, by Lorraine Schroback.

Madison Mirror Success Result of Cooperation

Behind the scenes of each *Madison Mirror* news story has been a small, but efficient news staff. Each member has cooperated with the editors in their efforts to make each issue a success. Also very important, is the cooperation that the faculty, and student body gave the staff.

Directly assisting the staff are three faculty members: Miss Alice Donnelly, proof reader; Lester Wager, financial manager; and Charlton Bolles, adviser.

The editors-in-chief, Jean Fitzgerald and Alfred Ginkel, who have the responsibility of assuring the paper's publication, were greatly assisted by veterans Jean Foyles and Shirley Mitchell. This year the editors were fortunate in being able to publish comic cartoons, donated by a western publisher, and three times they gave eight page issues for the same price.

A newcomer to the staff, Muriel Carpenter proved very apt at writing inspiring editorials and shared this important work with Ray Williamson. Nita Jean Pittard and Ray Brasch always capably handled the sport news. The business staff, under Malcolm Barrett, should be lauded for being dependable.
