Echoes

We are the wavering echoes
That hastily shiver over vast spaces,
Our thoughts
Are but tones in a rebound.
A rush of sound—
A silence.
Quivering—slowly floating the notes return.
Suddenly a golden harmony
Spreads and spreads,
Until its shimmering beauty blinds us.
One by one they faintly recur,
Fragile, exquisite and spent,
To sound again
Their one perfect note.
We are the echoes
Ready to speed over vast spaces,
Our thoughts
Are but tones in a great harmony.

Sylvia Brooks,
June, 1922.

CLASS HISTORY

HOUR years ago, we, the class of June, 1922, began a history new to us but predestined to the faculty of West High. Fully a year before, warnings had come to them of the unusual class about to enter their spacious halls. They were prepared, but we were inexperienced and new. Fearful yet brave, proud yet humble, we made our way forward. What to do? How to conduct ourselves? We soon learned.

Almost immediately we were in the midst of a whirl of excitement. The class was organized, presidents and vice-presidents were elected, and preparations for parties began. This gave us our bearings and we immediately began to grow, in stature as well as otherwise. A party was attempted by the girls and turned out so successfully that it was a foundation and motto for all that were to come.

Soon we became sophomores. How big we felt! for never again were we to be called insignificant frosh. It was during this year that one of the most memorable class parties in the history of West High was held. Boys and girls united to celebrate Hallowe'en. Even our advisers and Mr. Bennett himself, were overwhelmed. Indeed, he deemed us worthy to be congratulated on our tremendous success.

Thus the second year merged into the third. Juniors and upper classmen we were. We had made a beginning worthy of the name of June, 1922, but the future, the bright and golden future, lay before us. Our first celebration of this fact was in a sausage roast held at Florine Reynolds'. Everyone remembers that good old time when the sausages sizzled on the fire, only waiting to be eaten by the ravenously hungry class. After the roast, we danced in the garage, ending the evening with a snappy Virginia Reel. During this year, it was our misfortune to lose our beloved adviser, Mr. Jenner, who left us to take up work in another school. Thus the last

part of our school career was spent under the guardianship of Miss Manchester and Mr. Hulek, who have carried us faithfully through the remaining years. Still we could not forget our former adviser, and so one cold, wintry day, we hiked over to Number 17 school, and surprised him. Thus our happy Junior year ended.

Seniors at last! How proud we were of that name! The two parties in our last year were a dance and Valentine party, both brilliant and successful affairs. It was at these parties that the co-operation and spirit which has made our last year a glorious one, were finest.

The class has done many things for West High. The Junior Dance and the Junior Play were presented with great success, and can proudly hold a place in West High's history.

Next, came the senior activities. What achievements they were! For the senior play, Mrs. Ellis picked out a masterpiece, "Disraeli," which, when presented, won the admiration of all. The Senior Dance brings back memories of evergreen, Christmas trees with gay colored lights, and the much loved refreshments, ice cream and punch. All this was mingled with soft strains of music, the crowning success of the evening.

Besides these attainments, we must not forget athletics. Indeed, our class has taken an active part in soccer, baseball, basketball and track. It was with the help of this class that many of West High's most brilliant victories were made possible. Finally, when looking back over our four happy years, this thought comes to our mind, "What would the school have done without us?" Is it true? Ask the school.

Now we pass out of the life of dear old West High. Behind us lie four happy years; before us the paths which lead to the mystic future. We love and honor our Alma Mater and in return for what she has done for us, may we always make her proud of the class of June, 1922!

JEAN LOBBETT.

Band and Orchestra

INSTRUMENTAL music has, within the last year, assumed a greater part in school life than ever before. Work in the Band and Orchestra is an endeavor that is now recognized as being of great worth, both to the student and the community at large.

Under the direction of Mr. Sherman A. Clute, wonderful results have been accomplished. To prove this and give the public an idea of the work that was being carried on, the combined talent of the Band and Orchestra gave a concert on April 7th. The event was unusually well attended and much favorable comment was forthcoming. The West High Orchestra in conjunction with that of East High School, has been in constant demand for special events taking place in Rochester. The orchestras were called upon to play for both the Rotary and Easter Arts and Crafts Conventions which were held in the "Musical City" some while ago. The selections given were very well received by these bodies and the members from various parts of the country expressed themselves as being quite surprised at the quality of the playing.

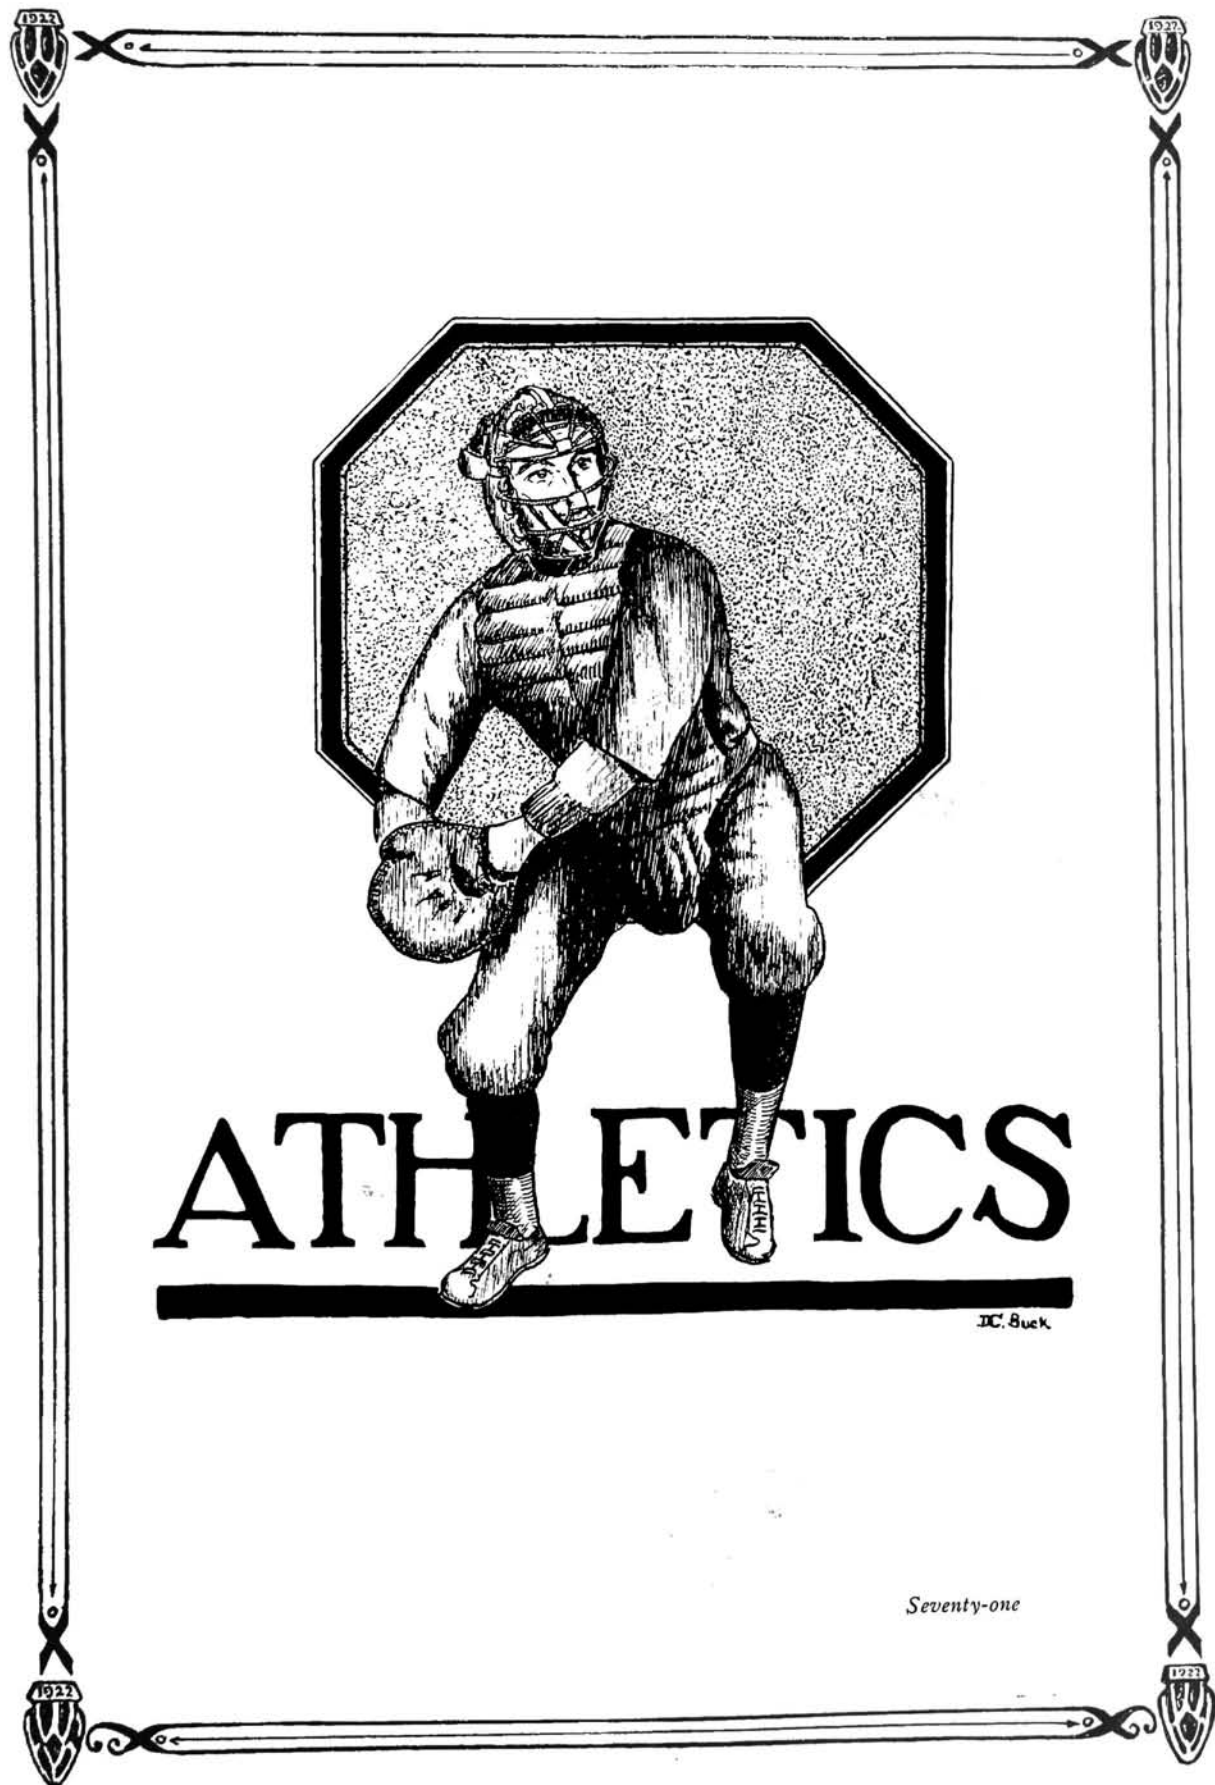

The Band is out in force at most all of the athletic events and greatly helps to enliven the school spirit as well as providing an interesting part of the program. In assemblies on Friday mornings either the Band or Orchestra is in evidence and tries to make the "week-end feature" interesting. The members of the Band aimed to create an organization that would be a factor of no small part in school life and one that would possess a spirit of loyalty and co-operation toward the school at large. How well they have done this, we leave to the judgment of the student body. Mr. Sherman Clute is the conductor of both organizations and the officers are as follows:

President—Reginald Westbrook
Vice-president—Francis Swift
Secretary-Treasurer—Lionel Moore

The first game this year played at East High School on April 5th, the score was 26 to 23 in favor of the West High School. The second game was played at West High School on May 8th, the score being 24 to 21, again in favor of the West High School. Both games were fast and well played as the close scores show. The team play this year was excellent. Instead of one or two star players in a group of six, it was necessary to choose ten players because they were all so well matched.

Jill—“What were you doing after the accident?”

Jack—“Scraping up an acquaintance.”

“How can I leave thee?” grimly muttered the convict as he gnashed his teeth and beat his head against the bars.

Jealous Wife—“Who is this Violet Ray I've been hearing so much about?”

“At last we have come to an understanding,” said the young man to his girl friend as they ran under an awning when it began to rain.

AN UNUSUAL INSTITUTE

Do you realize that it would be difficult to find in this broad land of ours another school, of its type, which combines the advantages of so many and varied courses as are offered by Mechanics Institute.

It is an unusual Institute; the courses are practical and thorough, and graduates are in constant demand as teachers and in industry.

Each year more and more young men and women come to this city from localities to enter its classes. West High students ought to realize that here is a modern technical school, where they may equip themselves for their life's work and should investigate its possibilities.

If you are not fully decided on your plans for the future, come in and talk with us. Perhaps we can be of service in suggesting a suitable program.

There Is No Excuse for Buying the Wrong Vacuum Cleaner

When you stop to consider that you can have a free demonstration in your home of any vacuum cleaner on the market, there would seem to be absolutely no excuse for buying anything but the best.

THE HOOVER doesn't fear competitive demonstrations—it welcomes them. Don't buy a cleaner until you've tried the Hoover and if you try another cleaner at the same time, Oh, Boy, so much the better.

THE HOOVER can be had on terms which mean no more than 21 cents per day. So it isn't a question of easy terms—it's a question of merit and that's where THE HOOVER "SHINES."

Let us give you a free demonstration in your home at any time to suit your convenience.

A TOAST

Here's to the man who wears his
hat
And wears his hat alone.
For many a man wears another
man's hat
And says he is wearing his own.

Jack—"What do you think of the
Darwinean theory?"

Jill—"Very feasible as far as I
can see."
