MEMOIRS

*Here, gathered from all places and all time,
The waifs of wisdom and of folly meet.
High thoughts that awe and lilting words that chime
Like Sabbath bells heard in far valleys sweet;
Quaint fancies, musical with dainty rhyme
Like the soft patter of an infant's feet;
And laughter radiant as summer skies,
The genial sunshine of the happy heart;
And giant hopes looking out from human eyes
With thrilling hymns that make the quick tears start,
Are here, in garlands of strange fantasy,
To catch the careless passer's casual look,
And show, within the limits of a book,
Unto him his life's own large epitome.*

ALMA MATER

*Proudly waves old West High's emblem
Black and Orange fair,
Floats triumphant in the breezes
No dishonor there.*

*Student days have fondest memories,
Comrades here we stand,
As our troth to Alma Mater
Pledge we band in band.*

*From thy halls dear Alma Mater
We at length must part,
But thy memory shall not perish
From one student's heart.
Far away on life's broad highway
All must fortune try;
Still our loving hearts shall cherish
Thoughts of thee, West High.*

The Little Teacher

Directed by MRS. CHARLES ELLIS

The junior play, a rollicking comedy portraying country life in 1917 was a big success. A thread of romance running through the plot made the play most interesting and exciting. It was presented on May 6, 1927.

Service Corps

This term marks the first full school year that the Service Corps has been in existence, and their anniversary was celebrated with a banquet during the spring term.

The purpose of this organization is not to police students, but to influence the student body in every way possible. Members are picked by a committee of faculty and students, and these honored ones are giving their best in a quiet way, for their Alma Mater. Each class has a number of representatives in the Corps, Mr. Spinning and Miss Manchester being advisers of these representatives.

The Service Corps has done a lot in its infancy, and so we can expect much more from it in the future.

Our Policy

Contained in this our Annual is the summing up of the high school careers of over three hundred students.

Impartial justice has been our aim. We have striven to mete out the sense of good fellowship which has pervaded our class since its origin. Our policy has been to embody this spirit in the everyday language of the students themselves.

Note of Appreciation

In the making of an Annual countless circumstances arise in which the advice and help of older minds solves many a problem. The "W" Board expresses its appreciation to the following in particular:

The advisers for their many valuable hours, which we have absorbed, in all fields of work.

Mrs. Charles Ellis for the *in memoriam* to Herbert Pike.

Mr. Kenyon for financial advice.

Mr. and Mrs. Nelson for their broad interpretation in their photographic capacity.

The Du Bois Press for their tactful advice and aid in the building of the "W."

The Quill

A comparatively new venture in the Occident policy has succeeded beyond the fondest expectations of the founders. The Quill has a small but gleaming past and a large and dazzling future. It represents a means to the prospective journalist of seeing his "stuff" in print.

Talks upon various subjects keep the members keyed up. Perhaps a more alluring phase of the Quill is the opportunity it offers to stepping into an Occident staff position. We suggest to the bashful Freshman that if he or she sneaked some "write ups" into the Occident box (when no one is looking) it might be good enough to-----go in the-----Occident.

The Band

The picture opposite does not represent a Palm Beach picnic nor a Junior High class recitation. It is the West High Band in the uniform of labor. This is the pose in which they are the least often seen, but the most often are. The picture represents the hours of practice and patient correcting which players and instructor go through when there is no cheering crowd to spur them on.

The rostrum is as follows:

WILBUR BACHLE	MARK HALL	DONALD PHILLIPS
CHRISTE BARKER	GORDAN HAMMON	JANE PORTER
CHARLES BERGENER	WINIFRED HARBER	HOWARD SCHUSTERBAUER
MARJORY CORP	JOSEPH KIRCHMAIER	HARLAND SMITH

The Orchestra

The same holds true for the Orchestra that is true for the Band. True appreciation of the assembly music is seldom voiced by the grateful audience. In the case of the Orchestra the players are denied the glamor and credit of playing at the games which in some ways lightens the burden of the Band.

Soccer

The West High Soccer Team, under the leadership of Capt. Leinen battled its way through Manager Smith's tough schedule to the Rochester and Vicinity League Championship. This team may be considered one of the greatest that ever represented our school on the soccer field, inasmuch as it was not beaten or tied.

The wonderful work of Capt. Leinen and Black in the fullback positions kept the ball well out of our territory. Don Williams goalic extraordinary very often saved the game by his quick action.

The halfback positions found Bradford, Atterbury, and Rohrer well able to take care of the wild rushes of the opponent's forwards.

The forward line was filled to a high degree of perfection by Schantz, Millanetti, D'Andrea, McConnell and Niermeyer.

R. Williams, Hartman, Serenati and Shepard were also in the line-up.

Reserve Soccer

The reserve aggregation struggled through the season winning a greater majority of their five scheduled games. Although defeating Tech, Monroe and tying with Charlotte, the team fell to defeat 5-2 at the hands of our East Side rivals.

Many of the players are back this year and are anxiously waiting for fall so that they may secure revenge.

Swimming

The West High Swimming Team passed through another successful season with seven victories and two defeats. In addition to winning the Scholastic and Sectional Championship, the team won the City Championship by a large margin in competition with older and more experienced teams.

Coach Benson was handicapped by the ineligibility of several swimmers, but some of his proteges were crowned City Champions. To wit: William Tennant, backstroke; Karl Smith, 100 yard free style; Howard Moore, 200 yard free style; and the crack relay team of Mirguet, Don Smith, Karl Smith, and Moore.

Manager Frank Sanford proved himself a success in both the breast stroke event and the managerial position. Bob Littell was his hard working team-mate in the breast stroke.

Bill Tennant and Mark Wagner held down the hard back-stroke event, and won consistently. Two of the greatest point-getters were Karl Smith and Joe Mirguet, who swam the 50, 100, and relay in fast time.

Randall Parsons proved himself the greatest scholastic diver in this section. His record includes victories over some of the best divers in Western New York. Capt. Howie Moore had things quite his own way in the 200 yard grind and won seven out of nine starts in addition to working well with the relay team.

The team took a trip to Syracuse, where the Orange Frosh drubbed them 46-17, and journeyed to Buffalo to beat Nichols Prep 38-12. A close victory over the strong Syracuse Boy's Club, two wins over Monroe, a close defeat by Hutchinson of Buffalo and winner in all three local championships complete the season.

To West High's trophy case the relay team added a cup won in the City Championships.

Basketball

This season has proved to be rather disastrous to West High, according to the records. The team played fifteen games, of which, they won six and lost nine.

Every one of the players has given his best efforts during the season, but the "breaks" have been against the team, as the scores indicate, as well as the ineligibility of Brownlee and Holyer in mid-season.

The regular line up included Captain Goettel and Milanetti, guards; Fowler, center; Niermeyer and Clark, forwards. This team has been backed up by the able substitutes, Townsend, Rohrer, Williams, McConnell, and Howland.

Niermeyer has been the scoring ace of the team, while Milanetti and Goettel have played brilliant defensive games.

The scores of the games during the season:

Reserve Basketball

The losing of the city league reserve team championship by one point in their last game, marred the record of a very successful reserve team. During the season this team has showed plenty of fight and they deserve much credit for their good showing.

The regular squad was composed of Townsend, and Stanton, forwards; Everitt, center; Serenati and Captain McConnell, guards. Tanger, Nichols, Johnndrew and Warren also saw service during the season.

Their record is as follows:

West Reserves	24	Tech. Reserves	22

The G.A.A.

The Girl's Athletic Association has filled a position of increased importance in the past year. The lack of an interscholastic league this year forced the girls to seek competition among themselves inside the school walls. At the time of going to press the interclass tournament had not been completed and we hesitate to do the picking.

OUR LAST MUTTERINGS

We, the classes of 1928 of West High School, being defunct, abashed and of languid memory do make, publish, and declare this our last Will and Testament in manner following, that is to say:

First: We direct that all library fees and other unjust debts be paid.

Second: To the Freshmen, we leave the lunch-room silverware (?) for teething.

Third: To the Sophomores, we dedicate our seats in eighth period.

Fourth: To the Juniors, we leave the finger-marks on the old piano.

Fifth: To the class of January, 1929, we give and bequeath a few of our number who will save their class from being a total failure.

Sixth: To the classes of 1931, we leave an assorted collection of pillows and foot-stools so that the children can fit the class room seats.

Seventh: To Mr. Bennett, we bequeath a complete outfit including a siren, stop light, four wheel brakes, and bumpers so that he may journey through the corridors in safety.

Eighth: To Mr. Spinning, we formally demise an extension ladder, which will help him to reach his highest ideals.

Ninth: To all would-be heroes, we leave the memory of the famous men of the class.

Tenth: To the faculty, as a whole, we leave grey hairs and hand carved wrinkles.

Eleventh: To Miss Weber, we leave the class advisers, broken in heart and inclined to be violent.

Twelfth: To all the following classes, we bequeath this "W" as a perfect specimen of what a year book *should* be.

Given and sealed on this thirtieth day of February, one thousand nine-hundred and twenty-eight.

THE CLASSES OF 1928.

AN EDUCATION is something that must last a lifetime. Few persons can afford to spend the necessary time and money a second time because a wrong first choice of a school has resulted in an inadequate training.

The Rochester Business Institute provides the kind of business training that brings success to its students; it provides the assurance of advancement for those who complete its comprehensive, thoroughly practical courses. Its record of more than sixty-four years of continuous growth and usefulness to the large community it serves, and the rapid rise to positions of leadership by so many of its 44,000 alumni, are convincing reasons why the

Rochester Business Institute should be the choice of young men and women
who are seeking desirable and key positions in
the business world.

WHAT OTHERS ARE SAYING

THE following editorial taken from the Cambridge, N. Y. "Post" of December 30th presents a common sense reaction to the propaganda being carried on by advocates of public ownership of industry.

"Advocates of public ownership of industry are active in our country and are attacking private electric power development. They claim there should be a Congressional investigation of power companies. There is no reason why Congress should not carry on such an investigation if it deems it in the public interest. On the other hand, there is every reason why agitators should not be permitted, unchallenged to use Congress to bulldoze and bludgeon private industry for their own special ends and as a camouflage designed to encourage the establishment of socialistic policies in a free and independent country.

"The power companies have been criticized for combining openly to fight the program now under way to put the government into the power business. Why shouldn't any business or industry fight a political attack which would exterminate it? Why should agitation be encouraged to cripple private enterprise in America? Would not private enterprise in the United States be cowardly and failing in its duty to its stockholders, if it did not fight attacks which place in jeopardy the savings of millions of investors?

"Power companies have stated they have no objection to federal or state investigations of their business, but that they wish such investigations conducted in a fair and unbiased manner and by persons not 'politically interested' in the findings. Such an investigation can only result in good to the industry and the public."

DU BOIS BUILT COLLEGE ANNUALS

IT would be easy to build Annuals, were we only obliged to accept manuscript and print. The result would be mechanical typesetting, presswork, paper and binding . . . all that a great many Annuals are . . . a jumbled mass of text and illustrations.

A DuBois Press Annual, however, means typography, presswork, paper and binding . . . *plus*.

Plus a treatment which unifies the literary features; consistent art work and typography; pleasing color combinations; suitable papers for end leaves, opening section, division pages and text; and finally covers that are not only durable and attractive but suggestive of the theme, whenever possible.

WE ARE BUILDING *this season the Year Books of the
United States Naval and Military Academies,
Cornell University . . . and many others.*
